CLERK OF ASSEMBLY IS ILL

After an illness of nearly two weeks, John R. Cowell, clerk of the legislative assembly, has left for Victoria, B.C., accompanied by Mrs. Cowell, who has also been in poor health for some time. Mr. Cowell had hoped to be able to carry on his duties until the end of the session, but was unable to do this, and on the advice of medical men he returned to the coast as soon as he was able to stand the journey.

In the absence of Mr. Cowell, the work in the legislature has been carried on by Assistant Clerk, Robert Anderson. Mr. Anderson has been assistant clerk for some years and his complete grasp of the duties of the office, and of parliamentary procedure in general has been of invaluable benefit to the house since illness necessitated the departure of Mr. Cowell.

INTERNATIONAL COAL STRIKE THREATENS

The United States and Canada face an international coal strike to begin on April 1. The announcement comes as a result of the breaking up of the peace conference between the miners and operators, and each side seems determined that nothing can be done to prevent the labor war. Here are shown typical coal miners leaving mine after day's work.

DAME RUMOR SAYS SHE'LL HEAD SOCIETY

Representation of a painting of Mrs. Charles B. Alexander, of New York, by Louis Mark. It is rumored that Mrs. Alexander will occupy the long vacant post of dictator in the social world. Mrs. Alexander says the gossip-world would make an ideal "dictator" of society and a worthy successor of the late leaders—Mrs. Stuyvesant Fish and Mrs. Ogden Mills. Not since the death of Mrs. Fish has there been anyone sufficiently popular to gather up the reins, and if Mrs. Alexander does assume the role of ruler the affairs of the social world will be directed once again along definite lines and in accordance with the time honored—but lately forgotten—ritual of position and pedigree.

COLUMBIA CREWS GET FIRST OUTDOOR PRACTICE

When the college crews take off the winter wraps of their shells and polish their oars, spring can truly be listed as "among those present." The vernal season was ushered in on the Harlem River by the Columbia crews in a stiff breeze and real chilly weather, but Couch Rice cut through a strenuous workout so the weather was really an aid.

MR. RICE-JONES ADDRESSES U. G. G. MEETING AT FORT

The meeting of the U. G. G. held in the Memorial Hall on April 3rd, was fairly well attended, there being about one hundred representative farmers present, also a number of business men and citizens of the town.

Mr. R. B. Bon Accord, U. G. A. U. U. rector for East Edmonton. Mr. W. J. Jackson of Brommer, U. G. A. Director for Strathcona, and Mr. F. C. Smith of Lament, rector for the Live Stock Shipping Association, were present and took part in the discussion of several of the questions raised.

The meeting was called to order about 2:30 with Mr. Meyer in the chair.

Mr. Rice Jones, General Manager of the Company, was the first speaker and divided his address under three heads:

- (1) The Wheat Board.
- (2) The Financial Situation.
- (3) What the U. G. G. is doing, past, present and future.

With regard to the Wheat Board Mr. Rice Jones gave a resume of the work done by the committee appointed to interview the Government and stated that the prospects for a wheat board were good. Some doubt having been expressed as to the power of the Government to appoint a compulsory wheat board, the Government was asked to refer a test case to the Supreme Court of Canada for a ruling at the earliest possible date so that there would be no trouble on that score next fall.

In regard to the financial situation, Mr. Rice Jones stated that although the total profit for the company for the last two years was small, still the company is financially sound though there may not be a dividend next fall. He also stated that although the U. G. G. is not going to stock machinery for the present, there will always be a stock of repairs for the machinery previously sold.

In regard to what the U. G. G. is doing he said that the Co-operative Export Cattle Pool was fairly successful and the pool was prepared to handle all business offered. He also advocated the advisability of organizing a western cattle pool where the different cars of mixed cattle would be pooled and graded to suit the various markets; this work is now being done by the buyers and they make a considerable premium by sorting and grading, which might as well be obtained by the producer.

There was considerable discussion regarding the shipping of grain by the western route via Vancouver. Mr. Rice Jones said that although about 5,000,000 bushels had been exported west this year, the company did not consider it advisable to expend any money on building terminal elevators at the coast until the trade became more developed and a steady business assured, but that the management was keeping a close watch on the situation and that as soon as results warranted the expenditure, that they would take action.

Mr. McIlroy, Divisional Manager for Alberta, discussed several questions of local nature and stated that the manure did not claim to be infallible and would welcome any criticism of a constructive nature.

On the whole the meeting was very successful and resulted in clearing up a number of local difficulties and in refuting a lot of the adverse criticism of the opponents of the company.

CLOSE OF THE BILLIARD TOURNAMENT AT MEMORIAL HALL

The first billiard tournament held at the Memorial Hall came to an end last Thursday evening. A great deal of interest has been manifested throughout the series of games both by players and spectators, on much on that occasion and requests for another tournament to be put on were made long before this one was finished. Considering the insufficient amount of information available, the handicappers are to be congratulated upon the rare judgment displayed in the handicapping of the players, proof of which is given by the fact that a large majority of the games were won by a very small margin. Naturally there were some freak games. The games season-long most surprising were the ones in which Nathaniel West Turner, Orley beat G. Cook by a wide margin, and was then ignominiously beaten by Dr. Henry in the next round better not only to a standstill but gasping for breath. Dr. Henry's exhibition in this game was particularly pretty. He opened with a break of 57, followed shortly by a 44, the largest number yet attained in one break on these tables up to the present time, which he received married applause from the spectators, and finally wound up the game with an 18 (unfined).

By his succession of victories Dr. Henry will become the proud possessor of a handsome cup; and F. A. Walker, who won the second prize, owns a sweet little case (at least it was sweet when he got it) with which he is "fixed to death."

A second tournament is now in progress with a greater number of entries than the first one.

Old Timer Passes

The funeral took place on Thursday, March 30th, at Good Hope of Mr. John Riey Breton. The funeral service was held in the Holiness church in charge of Rev. A. H. Rowe assisted by Rev. Mr. Best. Some beautiful floral offerings were made by the family and a very large gathering of people attended.

Mr. Breton went to the fall to his fruit farm near Elks, B.C., and it was there that his death took place. The cause of death was heart trouble aggravated by acute indigestion. Feeling unwell he had gone for a couple of days to stay with neighbors and after apparently recovering, he suddenly and peacefully departed this life. He leaves besides his widow, a son and daughter at Good Hope, a son in Edmonton and a daughter at Cadomin.

Mr. Breton was one of a pioneer type that has nearly disappeared. He came into this district from his Kentucky home in 1870 at the age of sixteen years and spent a long period in pioneering. He was a man of remarkable vigor and activity. His body was laid away in the little cemetery at Good Hope.

The family of the late Mr. Breton wish to thank all the many friends who helped them in any way during the days of bereavement.

The Fort Amador Dramatic Society presented their latest offering "What Happened to Jones" at Nassau on March 24th, and at Lament April 3rd. Both performances were well attended.

FORT SASKATCHEWAN, ALBERTA, WEDNESDAY, APRIL 26th, 1922

Within one week of the demise of The Conservator we present for your perusal the first copy of the new-born Record, and sincerely trust that it will meet with your approval. We have been somewhat pressed for time to get out this, our first issue, as final arrangements for the taking over of the plant were not completed until Monday of this week, and the setting of the type by hand is a much slower and more laborious proceeding than with the linotype machine. After our long rest too, we required a little time to accustom ourselves to the "atmosphere" of a newspaper office.

We commence this undertaking with our Record in front of us; (we are not ashamed of the one behind us, either) a new name, under new management and a change in appearance. We aim to have a bright, newsy paper; one that will be at least equal any that preceded us. If that appears to you to be a low-lying start to hitch our wagon to, let us hasten to assure you that it will be still higher ones we will aspire to as time goes on.

In the meantime, the staff, although reduced to a minimum, still requires a certain amount of money to compensate them for their labors, (we put little faith in the efficacy of a vote of thanks) and editors, thanks to the tremendous upheavals which have taken place in recent years to obtain freedom and equal rights for all, have almost reached the plane where they may have the same privileges as their fellow men. They also require a little sustenance now and again. Joking aside, we earnestly solicit the support of advertisers and subscribers in this our endeavor to place before you, week by week, a record of what ensues in our town and district, thereby assisting in a much more important way than most people suspect in keeping the Fort "on the map."

In introducing the pictorial addition to our weekly paper, we firmly believe we have hit upon an idea which will appeal to you. The innovation, however, means extra expense and to partially cover this we are forced to add fifty cents to the subscription price making it \$1.50 per year.

Mr. Wilson of Tuleburg spent the past week in this district visiting his daughter, Mrs. H. Milap, and other relatives returning home on Sunday.

Mrs. Fisher-Smith visited with Mrs. Keene last Monday.

The social committee of the L. M. U. P. A. and U. P. W. A. met at the home of Mr. and Mrs. U. Johnston last Wednesday night and arranged for a shadow on the social and entertainment to be held in the Creekford School Friday night, April 27th.

Mr. L. A. McLaughery visited at the home of Mr. and Mrs. L. Hicks Wednesday evening.

We are sorry to report the serious illness of little Arthur McLaughery, who is suffering from a severe cold. On Friday his nose commenced to bleed causing him to become so weak that medical assistance had to be obtained to stop the bleeding.

We are pleased to report that little Grace Anderson is recovering very nicely. (That sure was some kick, Grace!)

What might have proved to be a serious accident occurred last Thursday night ended with a broken set of harness and a smashed buggy torso. When Les Gaulther and Willie McLachlan were driving to Lamont one of their buggy wheels caught in a defective culvert pit, swinging the buggy to one side and causing the smash-up before the horses could be stopped. Luckily the occupants were not hurt. The boys finished the journey in a borrowed buggy—saw the girls—and felt amply repaid for their trouble.

The church practice on Friday evening was held at the home of Mr. and Mrs. R. Milap. Our other practices are well attended.

Again on Friday afternoon Mrs. Walker was hostess at a book contest and tea when Mrs. Morgan was successful in winning the prize. A very pleasant afternoon was enjoyed in for a couple of hours.

PAUL - FISH

A very pretty wedding took place on Wednesday evening, March 22nd, at the home of the bride's father on 5th Ave. North, when Miss Nuraal Fish, the eldest daughter of Mr. and Mrs. H. R. Fish of Grande Prairie, was united in marriage to Mr. Thomas Paul, the youngest son of Mr. and Mrs. John Paul of Fort Saskatchewan. The bride was attired in the usual wedding dress with flowing veil and in her hand a bouquet of rich carnations. Her little sister attended at her side and the groom was supported by Mr. John McAulley. After the ceremony, which was conducted by Rev. Dr. Forbes, over twenty guests sat down to a splendid wedding feast. Great credit is due to Mr. and Mrs. Paul for their care and consideration in carrying through the arrangements. Everything was done on their part that could be done for the comfort of their guests and the impressiveness of the event. It was very gratifying to see Mr. and Mrs. Paul who had travelled all the way from Fort Saskatchewan, to be present at the ceremony. Dr. Forbes in a few words complimented the parents and proposed the toast for the bride and bridegroom, to which the latter made reply in suitable terms. Other speeches were made by Mr. L. Nelson, Mr. Fish and Mr. H. R. Fish, subsequently the bride rose and in a very graceful manner tendered thanks to her father and mother for doing as much for her as Mr. and Mrs. Fisher their interest and their coming so far to attend the ceremony; to the clergyman who officiated and to all for graciously being present with their presence. Tom is one of the old boys and a general favorite with everyone who knows him. The bride was the recipient of many handsome and useful presents. We wish the young couple every joy and happiness through life. —Grande Prairie Herald.

McADIE - BERG

A wedding of much interest in the Fort and district was that of Mrs. Barbara Berg and Mr. William McAdie, which took place last Wednesday evening at the home of the bride's sister, Mrs. E. Kelly, in Edmonton. Dr. D. G. McQueen was the officiating clergyman.

The bride was daintily dressed in a navy blue suit with blouse and hat to match, and carried a bouquet of opelia roses. The matron of honor, Mrs. E. Kelly, was very charming in a frock of rose-colored blue satin trimmed with jet. Mr. Giffith, a friend of the bridegroom, acted as best man, with B. Berg and E. Kelly also in attendance. After the ceremony a dainty wedding supper was served. The table was decorated with roses and flags, the latter in honor of the bridegroom who is a war veteran.

Mr. and Mrs. McAdie later motored to their home at Fort Saskatchewan.

The whist and fold drive given by the Girl's A.A.A. last Thursday evening in the Memorial hall was a success both socially and financially. The proceeds will be utilized for further furnishing of the hall. The prizes in fold for highest scores were won by Mrs. John Adamson and Mr. A. M. Sutherland, the consolation going to Mrs. James Graham, and Mr. Harry Galloway. Prizes in whist for highest scores were given to Miss Redmond and Mr. C. A. McDougall, the consolation going to Mrs. Kerran and Roy Stuckey. Refreshments were served after the cards and dancing then indulged in for a couple of hours.

LETTERS TO THE EDITOR

The Editor does not take any responsibility for the opinions expressed in these editorial columns.

Editor of the Record.

Fort Saskatchewan, Alta.
Dear Sir:—A letter published in the issue of your paper of March 22nd, cannot be read by any person of ordinary intelligence without a feeling of repulsion at the gross superstition contained therein. It is not my intention to bring a religious controversy in the columns of your paper. (I do not even flatter myself that you will even publish this) but in the interests of truth and reason I believe that something should be done to counteract the evil influence of such superstition on a credulous public.

In the expectation that you will find place for this in the columns of your paper I will endeavor to show how contradictory are several of the statements made in that article.

Isiah, 53:4, "Surely he hath been our griefs and carried our sorrows."

On every side we find sickness, suffering, sorrow, disease, war, famine, pestilence; how can we, the followers of such facts, quote the above scripture as a consolation for suffering disease-stricken humanity.

Nineteen hundred years have elapsed since the advent of Christ. Through all these years and the unnumbered thousands that preceded that mythical event, humanity has suffered. Untold millions have perished through disease and sickness. If Christ "carried our sorrows" are they any the lighter? Evidently there is something wrong with Christ as a disease carrier, or there is something wrong with the writer of that article; and not being certain that the former ever existed I am inclined to blame the latter. The writer goes on describing God as evicting man with the ability to do right or wrong and through this God-given weakness incurring suffering in every possible form. He gives a long-winded account of these innumerable miseries and ends it all by saying "God is love" such unfathomable love that no man knoweth its depth or breadth. Just follow the leadings of the Spirit." If that is the love God has for humanity, surely it is unfathomable; and can we wonder that with such teachings of ignorance and superstition many men do "Follow the leadings of the Spirit." In fact one is inclined to believe that Isiah must have caught up with the "Spirit" when he wrote such nonsense.

MURESCO WALL COATING

ONCE AGAIN we take great pleasure in recommending MURESCO as the finest powdered wall coating known. It is only two years since we started to handle this superior "kalsomine" and yet it is fast becoming the best seller. To use MURESCO once is to use it always, for there is no other wall coating like it.

MURESCO positively will kill section, will not show laps and will make a perfect, smooth, velvet-like finish that will not rub off, crack or peel. It flows evenly and smoothly like paint and is, therefore, cleaner and easier to work with. It will pay you to make inquiries regarding MURESCO before spring cleaning.

MENNONITES START LONG TREK TO MEXICO

The greatest religious migration, since the days of Moses—the exodus from Canada of 30,000 Mennonites, has started. The Mennonites endured jail and death during the world war rather than take up weapons and recently on the question of taxes the Order came to legal blows with the government. Leading in the courts, the leaders of the Order issued a peremptory command to their followers to quit Canada, and as a result the Mennonite farmers have disposed of their property and have started for Mexico to take up homesteads there. As each special train of from 25 to 30 cars, bearing sections of the caravan, leaves the border of the Dominion in its wake, the authorities breathe a sigh of relief. Canada never has understood the Mennonites and the Mennonites never have taken kindly to the laws of their adopted land. Mexico has made concessions to bring them to that country. The photo shows Abraham Wolf, the leader of the caravan, his three daughters and son.

The Easter Message

What is the message of Easter to us among whom there is today such a confusion of sacred memories and spring fashions? How shall we approach to practical and vital truth?

There is one authoritative voice and testimony. It proceeds from Him of whom His followers said that Death could not defeat Him. "It was not possible that He should be hidden of it."

Jesus approaches the problem of immortality from the side of experience, not from anticipation. He is not filled with guesses about the future but with the present acquisition of the deathless life. He invited us to practice the presence of immortality. "This is life eternal that they might know thee, the only true God and Jesus Christ whom thou hast sent." "Lay hold on eternal life."

And we have had experience with those whose life is too valuable to die, people of faith, devotion and godliness. We have loved our own, whether in guileless charm of childhood, or courageous battle of maturity, or serenity of old age, whose companionship impressed us with Eternity.

We must seek the Life which is worth while. Immortality merely as duration is not appealing to tired and tired mortals, but as opportunity—something to be attained—it is different. And that immortality is revealed in and by Jesus. Death is not victor for Jesus is risen. This is the Easter message.

"CRANBERRY CORNERS" AT SIMMONS' HALL

Before a fairly good audience the Lamont Dramatic Society, under the auspices of the True Blue Club of Fort St. Lawrence, presented their 4 act drama entitled "Cranberry Corners" on Tuesday evening. It was originally entitled "The Last of the Mohicans" but as this performance should take place at the Community hall, but as it was destroyed by fire other arrangements had to be made and Simmons' hall at the Fort was engaged. Great histrionic ability was displayed by the cast and Lamont to be congratulated upon the talent which these occasions bring forth. The performance was very much enjoyed by the audience and they were not backward in showing their appreciation. The members of the cast are as follows: Mesdames V. E. Menzies, W. M. Brown, W. H. Swan, P. Hackett, J. McColman and Theodore Yerey; Dr. Leve, Mesdames Claude Hew and Russell Stewart, A. E. Yerey, A. L. Cowie and M. Pearce.

AMATEUR DRAMATIC SOCIETY BANQUETTED

The Dramatic Club was banquetted on Monday evening in the Methodist Hall by the Ladies' Aid of the Church, and it can be said truly that no better or more sumptuous feast could have been spread. There were two abundant tables of food and drink, and the latter being at a funeral at Lamont. The occasion was one of joyous hilarity for the members of the club have developed a camaraderie that is delightful. After the feast a number of speeches were made and Mr. Latimer favored with one of his minable readings. The president, Mr. McLean, gave a witty speech, emphasizing especially the business aspect of the society. The secretary, Mr. Buryan, spoke well on the advantages derived by the players in forensic experience. Mr. Ross made a tribute to the secretary as well as all the local members of the cast. The treasurer, Miss Spence, made an informal statement of accounts. The full report will show over \$300 paid to the Building Fund of the church and \$100 in other good objects.

FORT SASKATCHEWAN, ALBERTA, WEDNESDAY, APRIL 12th, 1922

From all quarters congratulations have been tendered us upon our first issue of the Record. So many have told us to our face that they are delighted with the little paper that our stock of blushes is almost exhausted. Almost, but not entirely. Our natural modesty, and we hope, level-headedness, would not allow us to sit back and consider the job finished. There is work to be done, and lots of it, for the small number of hands to it. A little encouragement will not turn our head, but will add to the doggedness and the stick at it innoce necessary to cope with the weekly grind, and inspire us to higher aims and objects. We thank you, madam, and sir, we thank you.

Speaking of encouragement, there is one form which is within your reach and one which would be much appreciated by us. That is, a subscription from you for the Record. It will provide you with 52 copies, one each week for a whole year. Think of what a small amount as that will bring you as the result of thought, energy and talent, so combined as to lay before you for your easy assimilation the news of the world as it is going on around you, and then try to imagine what it would be like were there no newspaper. We leave it to your intelligence to imagine what a calamity to the community such a state of affairs would be, and to realize that your subscription is necessary to the existence of the paper. "Many thanks make a market!" Subscribe yourself, then get your neighbor interested, induce him to subscribe also.

Bruderheim

Baseball season has set in and the boys of the Walter school are in hard training for the coming season.

P. K. Thomas' poolroom has been opened by the government inspector and it is now closed while carpenters are repairing it.

Mr. R. Stoinbrener and Miss Koling were united in marriage on March 30. The happy couple are now residing here. A lively group of young folks called upon Mr. and Mrs. Stoinbrener and put on the customary charivari.

Jeff. Weeks of Edmonton was here for two days last week on business connected with some property which he owns here. He is one of Bruderheim's oldest residents and has lived here about sixteen years ago.

Mr. Clement Langhauser, one of the oldest residents of the district, died of injuries received at the fire which destroyed his property. The funeral took place at the family church at Lamouroux. He leaves to mourn his loss two brothers and one sister.

The whist drive under the auspices of the Tennis club was one of the best of its kind ever held in Bruderheim.

There were about eleven tables and the prizes, which were donated by the merchants, were won by the following: Ladies' first prize, Mrs. Kousman; second, Mrs. Smolod; third, Mrs. Ditcher; Men's first, Mr. Tarow; second, Mr. Moore; third, Mr. Krause.

The consolation prizes were won by Mrs. Mann and Mr. Field. A beautiful hand made work basket was raffled. G. Manz being the winner.

Boy Scout News

On Tuesday evening, April 4th, the Scouts held their first meeting in the new hall, in the Kimball building, where the nucleus of their long promised gymnasium has been placed. The boys seemed very pleased with their new quarters. The Cubs were also present at the opening. Dr. Mooney called in to chat with the boys. A. Dennis, R. E. Turner and Mr. Becker were visitors. Superintendent Lamouroux had the pleasure of initiating a new recruit, H. Lloyd, into the Scouts. Later, refreshments were served by the Ladies' committee.

Wednesday, April 5th, Dr. Mooney instructed the boys in first aid work. The Dr. will be as disappointed as the boys, if the Journal should find out that he was the first to do this.

Thursday, 6th, the Cubs, after first rejecting the Scouts, held their weekly meeting. Squad drill and sign making was the order of the evening. Fred Kernen made a short speech and did it very well. Mr. Adamson and Mr. Stevenson paid them a visit. The Scoutsmaster and the boys were all very gratified at their kindly outgo and would be glad if more fathers and friends would call in.

Mademoiselle

It will interest a good many of our readers to know that Mademoiselle, the champion high jumper competing at the Edmonton Spring Horse Show this week, was once in the possession of Mr. Mooney of the City. He purchased her from Capt. Bryan of the Alberta Provisional Police. In these days it was not known that she could jump but when she cleared a six foot fence to return to her stable it was decided to train her, with the result that to everyone's surprise she took first in the high jump at the horse show in March 1912. She continued to show improvement and at the spring horse show which was held in Calgary in 1914 she again won the famous Stakes. She was owned by Mr. Fred Lowes of real estate fame. Her record is significant indeed and she takes it with almost but not intelligence, without hesitation or complaint. Before she learned to jump she was a dark dapple grey and now she is quite a light grey. She is also an excellent ladies saddle and driving mare and the doctor states that Dr. Mooney and the children used to drive her and made a real pet of her. A colt of hers was used as a mount by Capt. Mooney at Sarcee camp.

Wednesday, April 12th.—The high jump was won at the opening night of the Edmonton Horse Show by Mademoiselle. She cleared six feet.

Between Ourselves

SO THERE!

Referring to the picture of the monk which appeared in The Record last week an uncouth person made a comment last Saturday upon the "bull on the front page." We did not catch his further remarks but suppose we missed nothing. We would like this ignorant fellow to understand that this is a family paper and not a prize list for a cattle show.

From Atlantic City comes the information that it is now quite the fashion for ladies to have their name embroidered on their hosiery just above the ankle. By way of sticks in their stockings they used to tell the time; now they tell their name. The darlings are forever "telling the world" something.

Yesterday's mail contained, addressed to us, a circular advertising corsets and displaying pictures of several ladies built on the Clyde plans and specifications. We wish to emphatically state that we don't wear "em." That the figures for which we are universally admired is entirely without supports, nor is there any immediate possibility of acquiring a bay window requiring any bracing.

Social and Personal

Mrs. J. Mathews of Edmonton, is vi-
siting at the home of her brother, Jot
Carwarden.

The Mason White and Mr. McMill-
ruddy, Edmonton, spent Sunday in town
with Mr. and Mrs. C. R. W. Hager

Mrs. Augustine entertained the la-
dies of the Presbyterian choir on Tues-
day evening of last week

The choir of the Presbyterian church
will be the guests of Mr. and Mrs. F.
J. Stanley this evening (Wednesday).

Miss Alsworth of Lamont spent the
week end in the Fort, the guest of
Miss Jean K. McMillan.

Last Thursday evening Mrs. John
Adamson was the charming hostess of
a four-table bridge. Dainty prizes were
given for highest and lowest scores.
Supper was served after midnight.

Mrs. F. S. Truby returned home
on Monday after undergoing an operation
at the Lamont hospital, at which insti-
tution she stayed three weeks. We
are glad to say that Mrs. Truby is well
on the road to recovery.

The ladies of the Catholic church had
very successful tea and sale of home
cooking on Saturday last. A nice sub-
stantial sum was turned into the Mem-
orial Hall Trustees fund. They wish to
thank all those who took part in mak-
ing the tea a success. The net proceeds
were about \$40.

On Tuesday, Mrs. Ayles entertained
a company of young people from the
Fort. The occasion was Miss Patricia's
birthday party, a little belated, but
none the less enjoyable. The first part
of the evening was spent in playing 500
when prizes were given for highest and
lowest scores. After cards a most de-
lectable supper was served. The table
was gaily decorated in character with
the day, whilst dainty 81. Patrick
favours were distributed amongst the
guests. The happy evening was brought
to a close with a jolly little dance.

On Thursday evening last, in the buf-
fet room of the Memorial Hall, Mrs. P.
A. Walker, Honorary President of the
Girl's A.A.A., entertained the members
of the club and their friends at a very
delightful party. There were about
sixty present and a most enjoyable
evening was spent in cards, games and
a contest, after which dainty refresh-
ments were served. In what the prize
winners were Miss Grace Spence and
Mr. E. Tennant, with the consolation
going to Miss R. Redmond and Donald
Blythe. In the contest, Miss Gloria
Kingsley and Mr. R. A. Bunyan carried
off the prizes. Mrs. Walker was as-

LETTERS TO THE EDITOR LOCAL NEWS

The Editor does not take any responsibility for the opinions expressed in these columns.

To the Editor:

I am highly honored by being the subject of Mr. Bourrier's vituperation. Of course, ignorance and superstition are the bane of the Christian only, but there is a proverb accepted amongst men of education that a man can only speak or write what he is and when I am putting off the coat of ignorance and superstition I do not expect that Mr. Bourrier would be putting it on.

If Mr. Bourrier wants to know whether or not Christ ever lived, he should consult Cassell's Universal History, or his own Gods, Demons and Vultures, who assert that he lived and was a good man but not divine. It is not clear to me what Mr. Bourrier means by saying that Isaiah must have caught up with the spirit. It would appear that he was chasing it like a dog would a rabbit or a school teacher catching up with his work. Also in English we do not spell the same fish but Isaiah which has a meaning.

It is of little concern to me whether or not Jesus is a historical figure, but it is the most important thing in life to me that he lives now and is ever ready to succor in the time of trouble, trial and distress.

NOTICE

Will the party or parties who took the windows from T. M. White's house on the Lawrence farm kindly return them and save further trouble.

J. Southern, Edmonton, was a week end visitor in town.

Norman McMillan of Calgary, visited this week end at the home of his parents.

T. J. Carcadden took up all hand of purchased Short horns to the Edmonton Spring Show.

Antonio Bianchetto was yesterday fined \$5 and costs for operating a motor car without a license for the current year. The case was tried before Police Magistrate John Paul.

On St. George's Day the W. A. is serving tea in Barrow's store. Sale of home cooking. Plants and needle work stall. Remember the date, Saturday, April 22nd. Everyone cordially invited.

The fourteenth annual summer auction sale and show of purchased cattle sold by the Alberta Cattle Breeders' Association will take place at the Exhibition Grounds, Calgary, May 31st and 1922.

Rev. M. S. Kerr and Rev. Thos. Corbett attended a special meeting of the Edmonton Presbytery last Tuesday. Representatives from Stargisville were present and presented a petition to the Presbytery in regard to the rearrangement of work north of the river.

Scholarships for the St. John's Day memorial service are going on apace and the massed choir is rapidly being brought to a high state of perfection under the leadership of Mr. Stanley. Captain The Rev. Conyns Ching of Edmonton has kindly consented to address the audience which will assemble at the Memorial hall, Sunday, April 16th.

In answer to our double-barrelled enquiry we were told that Mr. H. E. Graham, who you will remember acted the chief role in the "Village Cat" at Lamont a short time ago, has seen a copy of last week's Record and is improving in health very rapidly. That accounts for it! It is expected he will be able to leave the hospital and be home for Easter.

Special services will be held on Easter Day at the Presbyterian Church. At the forenoon service, Communion will be celebrated and sixteen new members received into the church. At the evening service the choir will render special music appropriate to the occasion. The church session earnestly requests that every member be present at this Easter Communion, and all friends are cordially invited to both services. A pre-communion service will be held in the church on the evening of Good Friday at 8 p.m.

Last week while passing the Memorial hall about 10 p.m. we were startled and alarmed at loud noises of howling, growling and growling proceeding therefrom. In burning haste we swiftly hurried on what manner we had, banging round loose and timidly peeped in at the door, finding to our relief that the noise was the result of a group of prominent men of the town practicing some mad and choruses for a minstrel troupe. Last night, we heard them practicing again and found that a great improvement had been made in the short time elapsing. The gentlemen seemed as if they had a good time and, enjoying themselves immensely, as well as the audience whose time comes for this troupe to give their show.

MURESCO WALL COATING

ONCE AGAIN we take great pleasure in recommending MURESCO as the finest powdered wall coating known. It is only two years since we started to handle this superior "kalsomine" and yet it is fast becoming the best seller. To use MURESCO once is to use it always, for there is no other wall coating like it.

MURESCO positively will kill auction, will not show lops and will make a perfect, smooth, velvet-like finish that will not rub off, crack or peel. It flows evenly and smoothly like paint and is, therefore, cleaner and easier to work with. It will pay you to make inquiries regarding MURESCO before spring cleaning.

EDMONTON HORSE SHOW HONORS COME TO FORT

Little Ellen Truby is to be congratulated upon her success at the Edmonton Horse Show last week, where she not only brought home to herself but to little-edged glory to the dear old Fort. It is possible that some girls would have their heads turned by being the winner in so many events, but in the case of Ellen we think there is little doubt of that happening, though there would be a good reason for it considering the long list of victories, viz: First in Harness and Hitching competition, best girl rider under 16 years of age, the very 16th consecutive time she has won this honor, second prize, saddle pony under 11.2, second prize, harness pony under 11.2, third in Children's turnout. In addition to these she successfully rode points of other events, among which was reserve championship for best pony.

Another local victory was that of Joe Allan's black Fuchsborn stallion "Grant" which was first in its class and championship.

Between Ourselves

We were informed last week that another addition has been made to the ranch (apoll it with the x, please, the x is silent) situated in the north-east part of the town. Naturally it is of the equine persuasion, but what breed, race, nationality, family or whatever term is employed in these cases, our informant was at a loss to state. He said it was too difficult a matter for an ordinary person to say off-hand, but its head resembled that of a horse in a cage, indefinite way and it had a leg on each of its four corners. This valuable discovery will make the local ranches (don't forget the x, Ernie) the most unique of its kind in Alberta.

GRITTIUS SOCIETY HONORS MR. PERCY E. CORBETT

The Grittius Society has just issued No. 1 in a series of text books on International Relations from its press in London. This text book is a translation from Erasmus' "Institutio Principis Christiani" translated with an introduction by Percy Edward Corbett, Fellow of All Souls College, Oxford. Mr. Corbett is, as is well known, a son of Rev. Thos. Corbett of this town. The introduction traces in an interesting and scholarly way the efforts made by Erasmus and his predecessors in the interests of peace. "The reason," says Mr. Corbett, "which justify the great efforts for peace being made in the world today are broadly the same as those urged by Erasmus four centuries ago, and there is much in the 'Institutio Principis' that is neither trite nor of merely historical interest. Modern peace movements take the direction of international organization, but there is still much to be said for the thesis, which formed the basis for Erasmus' work on the subject, that war can only be finally eliminated by the reform of human nature."

The book is a tribute to the scholarship of the translator and his many friends share with his family the pride that must be their's in this latest recognition that the Grittius Society has just given him.

G.W.V.A. EASTER DANCE

The G.W.V.A. held another of their popular dances at the Memorial Hall Easter Monday. A fairly large number attended and had, to quote one of the fair dancers, a perfectly swell time. The crowd was of a size to comfortably fill the hall without overcrowding. Grittius' orchestra was there with the real goods and the refreshments were beyond reproach, in fact, everything was just right.

Mr. F. A. Walker, president of the G.W.V.A., announced that May 1st was the date set for the Calico Ball. All gentlemen are requested to wear calico on the lapel of their coat at this dance.

Great interest is being taken in the memorial service on St. John's Day at the Memorial Hall. Carl the Rev. Conyn Chief of Edmonton will give an address. The massed choir is having its first rehearsal this evening (Wednesday) and everything augurs well for the occasion. Mr. J. Marle will be the soloist and Mrs. A. H. Rowe the pianist. Turn out and celebrate the great victory. Collection in aid of the relief fund of the G.W.V.A.

FORT SASKATCHEWAN, ALBERTA, WEDNESDAY APRIL 19th 1922

About twelve years ago we remember a demonstration of wireless telephony taking place in a store on 11th Avenue, Calgary, and invitations being thrown out to the general public to attend in some company or other interested in its development. We do not believe that much enthusiasm was kindled in the minds of the investing public. Everybody at that time thought and talked of real estate and wireless telephony in an experimental stage appeared a very unobtainable and risky investment compared with the solid and safe—were the mark—building lot. Now, overnight, as it were, the radiophone has come into its own. Although much has still to be learned about the art, or science, and like electricity some of its mysteries may always remain mysterious, a very wide knowledge of the subject has been attained through experiments of an ever-increasing number of enthusiasts in every walk of life. In less than six months approximately 50,000 radio receiver sets have been sold in the United States, making in all 750,000 sets actively in use in that country. Rapid developments will naturally ensue.

The Edmonton Journal has announced its willingness to be the pioneer in the development of the radiophone in this part of the world and its directors are to be commended for their courage and initiative. While there will be many who will take advantage of this opportunity to share in the world's latest novelty, it will soon be discovered that it will not be every person's privilege to do so, that is, if they wish to have an outfit guaranteed to give the satisfaction they would expect upon purchasing a gramophone or player-piano. There is an initial outfit to be made in the first place for a receiving set, prices of which range from \$10 to \$50 (United States), there are replacements of necessary equipment from time to time, and although the Journal may for a while be willing to maintain a free broadcasting station for the notoriety it will gain thereby, it cannot be supposed that it will do so indefinitely. The question has arisen elsewhere as to the possibility of the broadcasting stations (others may follow the Journal's lead) imposing a fee, toll, subscription or whatever they may term it for services rendered. This may or may not take place, but in any case the chance is worth considering.

It is not our desire to discourage anyone from following any inclination to profit by this new opportunity, but rather to point out that it is not likely they will reap all benefits without cost to themselves. Either a determination must be made to make an out-and-out purchase of a good set and provide for maintenance or to spend a good deal of time and patience in making one, experimenting with and improving it, and there is no doubt existing in our mind as to which will get the most fun out of it. Go to it, boys!

ROBERT WARWICK, IN "THE FOURTEENTH MAN," A PARAMOUNT ARTIST PICTURE

The Josephburg U.F.W.A. held a dance in the Pleasant View Community Hall on Easter Monday.

The Pleasant View Dramatic Society presented their play "Mr. Bob" on Monday evening, April 10, to a large audience. In fact there was scarcely any standing room left. Considering the short time in which it was being prepared, it was a remarkable success.

Each of the players performed his or her part so well that it is impossible to emphasize anyone in particular. The following is the cast: Miss Rebecca (Mrs. Robinson), an old maid who wishes to establish a home for destitute cats; Jenkins (H. Glenn), a butler, who strongly objects to serving cats and who is madly in love with Patty (Mrs. Walker), a maid, who is very fond of dancing and dramatic art; Philip (C. Thorne), a nephew, who is studying medicine and is much interested in the health of his cousin's admirer; Kitty (K. Thorne), Philip's cousin, who has a girl friend, Bob, whom Philip takes to be a man; Marion (Mrs. Miller), Kitty's friend, who wins the yacht race and is proposed to by Philip; Mr. Brown (C. Magee), who has come down from the law firm with important papers. He is first mistaken for Philip, then for Philip's friend, Mr. Stender's, then for Mr. Bob and finally for Mr. Brown, the architect. It is not until the climax that he is given a chance to explain who he is. Between acts, recitations were given by Etelle Breckenridge and Helen Moore, a vocal solo by Mrs. Ed. Walker and an instrumental selection by Miss G. Kingley.

Creekford

Mrs. L. Butterfield and daughter Arlet of Edmonton are visiting with her parents, Mr. and Mrs. J. Hull.

All roads led to the schoolhouse on Friday evening, April 14, when the Social Committee of the Lamont branch of the T.F.A. and U.F.W.A. inaugurated a shadow pie social. The school was crowded, in fact packed like sardines in a box. An excellent program of songs, readings, recitations and dialogue was rendered by local talent from Lamont and Creekford. An address by Mr. Matheson, M.L.A. for Vegreville that dealt with the U.F.W.A. work, from the individual farmer to the Government of Alberta, was very instructive and greatly appreciated by those present. Mr. J. Hull of Lamont,

president of the Lamont U.F.A., acted as chairman of the evening. He also conducted the auction sale of the shadow pies. The contest for the best shadow pie by the senior ladies was won by Miss Rankin of Chapman and Eliza-Johnson was the junior prize.

The receipts for the evening totalled \$11.11. The U.F.A. and U.F.W.A. thank the public for their loyal support.

BAD SHOOTING ACCIDENT

A bad accident occurred at the home of Rev. John Best of Good Hope on the morning of Wednesday, 18th inst. It appears from evidence given at the coroner's inquest, held Thursday afternoon, that Mr. Best had been out shooting gophers with a .32 and, seeing a gopher go into a hole, waited for the rifle to fall back for it to re-appear. This it failed to do, so he returned homeward, about mindfully neglecting to attend to the rifle. On stepping through the door the rifle was in some unknown manner discharged and it did not till then be aware that the three children were in a group at his left, and the same gopher conveyed to him that Amos, a baby of about two years of age, had been hit. Mrs. Best had been looking out of a window with her back to the door he entered and did not turn until she heard the report.

The bullet pierced the child's head a little above the ear and death must have been instantaneous. The verdict arrived at by the coroner's jury was "Accidental death by gun held in father's hand." Coroner, Dr. Mooney; Jurors: Jot Caracenden, foreman; C. LePage, C. Delley, E. K. Armstrong, H. Lamb, H. Dudge.

Partridge Hill

The U.F.W.A. held an interesting meeting at the home of Mrs. H. Eze on Tuesday, 11th. Roll call was responded to with helpful hints on spring cleaning. Mrs. Joe Smith read a paper on Current Events. This was followed by a "Four Back Contest" when each member brought an article made from four sacks. Great skill and taste were brought into play in the fashioning of these as the articles shown testified. Mrs. Gus Ezy was awarded first prize (in class cap and sweater) for a handsome laundry bag. In the absence of Mrs. Geo. Cranston and Miss Minnie Simmons, who were unable to be present, Miss Monaghan kindly and efficiently acted as judge. At the close of the meeting the hostess served a dainty supper.

Partridge Hill was well represented at the Fort the other night to see "Cranberry Corners." It is a matter for regret that there were not more out from the town. The company of players were well balanced throughout and the parts carefully chosen and well portrayed. In short, the members of the Lamont Dramatic Society have reason to be proud of themselves in this drama as there were very few, if any, marks of the amateur in this presentation of rural New England life.

Miss McKinnon, Miss Huff and Miss West left on Friday to spend the Easter holidays in Edmonton.

Mr. and Mrs. McAllister have sold their residence and are sailing for Scotland on the a.s. Tuisan on May 20.

Mr. and Mrs. Robt. Paage of Chipman visited Mrs. Paage's parents, Mr. and Mrs. Wilmshurst, early in the week.

Edith and Marion Kingley are spending the Easter holidays in Edmonton, guests of Mr. and Mrs. P. Humphrey.

Mrs. Wittke has purchased Mr. Foster's house on Railway Ave. and will be moving in from the farm about the last of May.

Mrs. A. W. Wilson attended the training school of the Sisters of St. Clare, which was held three days last week at the Macdonald hotel, Edmonton.

Mrs. A. M. Suberwind was a guest on Wednesday last in honor of Mrs. Adamson Sr. when a most pleasurable afternoon was spent.

Miss Elna Wallis and Miss Florence Pollard have been home for Easter. They are now attending the convention of Alberta school teachers at Calgary.

Miss McClellan, Miss Redmond and Mr. Rosburgh left Monday for Calgary to attend the Alberta Teachers' convention started for Tuesday, Wednesday and Thursday.

Mrs. McCombs paid a brief visit to Mrs. H. W. Dodge Tuesday. Mrs. McCombs was on her return home to Red Deer after visiting her father, Major Fane, who has been very ill in the Leamington hospital.

Mr. and Mrs. W. M. Corbett returned from Seaford, Ont., last Wednesday. Mr. Corbett has been visiting her people there for three months; Mr. Corbett made the trip a little while ago and returned as stated above.

Mrs. James Graham entertained last Thursday evening with a seven table five hundred, when Miss Mary McLean and Mr. Logan O'Brien carried off the honors. Supper was served about midnight, after which dancing was indulged in until a late hour.

Quite a number of the members of the Mission Band of the Methodist Church under the leadership of Mrs. E. Plim and Miss Moore attended the Mission Band rally in Wesley Methodist Church, Edmonton, on Good Friday afternoon. There was a fine attendance, a good program and a musical rally for all who attended.

Mrs. Arthur Adamson entertained on Monday afternoon with a contest when several ladies were obliged to make a draw for the honors. Mrs. Fane was successful and received a dainty piece of wood carving, done in a most decorative manner by an Edmonton carver. Delicious refreshments were served.

Miss M. Roth was a week-end visitor with her mother, Mrs. George Driver who was officiating yesterday. Mr. and Mrs. Parry will be guests at the Macdonald for a few days before going to their home.

A wedding of much interest in the Fort and district was that of Miss Olga Berg and Mr. Harold Wittke, which took place in First Church, Edmonton, on Easter Sunday, in the afternoon. Rev. Dr. McQueen was the officiating clergyman, the guests being relatives and intimate friends of the family. Mr. and Mrs. Wittke motored back to the Fort the same evening, the wedding party being entertained at the home of the bride's mother, Mrs. M. Adie, a few miles out of town. The young couple have the very best wishes of their friends in and about the Fort for their future happiness and prosperity.

Easter Monday was a day of much satisfaction to sundry Boy Scouts, who in full uniform, drums and banners, assembled on the market square, Edmonton intent on a parade. Unfortunately the day being so adverse climatically, the meeting could not be held, and after assembling the boys were dismissed. These not financially embarrassed visited the picture show, while the balance proceeded to amuse themselves according to the manner of their kind. Picture was caught by the Illustrated News photographer before dismissal.

**WOMEN'S INSTITUTE
HOLD CARD PARTY**

A most successful and enjoyable card party and dance was held in the Memorial hall on Monday by the Women's Institute. There were 23 tables occupied by card players, some playing whist, others 600. The winners of prizes in 500 were: Ladies' 1st, Mrs. Winter; consolation, Mrs. Allen; gent's 1st, 1st, James McDougall; consolation, Mr. McDougall. Winners at whist were: Ladies' 1st, Mrs. Rhymer; consolation, Mrs. F. A. Walker; gent's 1st, Mr. D. Simmonds; consolation, Mr. J. McLean. Some fun was derived from the consolation prizes, they apparently transporting their winners back to the "old days" spoken of as "them waa the day."

Refreshments were served after the cards and dancing commenced later to the strains of Grittnr's orchestra. The net proceeds mounted to \$50

The charge of generosity of the store known as the Barbours Fruit Store leads us to ponder for a while on the happy days of his childhood. He was born in 1890, taking over the business of his father's store after his death. In his own description, Two more suitable young men could not have been found to search for ideals. They were born and raised in this town and have always been a credit to it. Of the two, the younger, and although he is modest about it, his war record is one to be proud of. Here a hint and there a word will tell you something of his activities. Enlisting with the 61st Battalion, he went over in 1915 and was attached to the 7th Bn., serving in France until the end of the war. Sergeant for two years and at the battle of Hamel took his company into action against all other troops in the world. He was decorated by the British Government. On another occasion he and another were the sole survivors of a raid, bringing in with them several prisoners and a large quantity of the post of "romans," which was one of the most arduous and dangerous in our driving line. We have neither time nor space to do more than say that if we knew of them, but at moments like these they have to be named in the British Army, he has the following decorations: Distinguished Service Order, Croix de Guerre, also mentioned in dispatches. Personally speaking, we are proud that he be the fellow-townsman of the author of the book "The Road to Rome" in the narrative with his brother "Billy," who, though perhaps not having had the opportunity to see service in the trenches, is no doubt, just as estimable a character.

FORT SASKATCHEWAN, ALBERTA, WEDNESDAY, APRIL 26th, 1923

Creekford

Our community wishes to express its deep heartfelt sympathy to Mr. and Mrs. Norman Johnston of Lamont, in the loss through death of their daughter.

Mr. J. McLean, a former resident of this district, has again taken up his residence here, on the J. Keene farm.

Work has again been resumed on the land, after being dormant during the winter months, which is keeping the prairie-families busy, and the ladies are cleaning up the yards, etc., while the men are busy with a stock of new catalogues.

Easter has arrived with the usual crop of new dresses and millinery. Among the Easter visitors are: Mr. L. Butterick of Edmonton, who has joined his family at the home of Mr. and Mrs. J. Hall; Miss Jessie McLachlan of Edmonton at the home of her parents, Mr. and Mrs. J. McLachlan; Miss Eva Wilson of Edmonton, Miss Mary Wilson of Pelly and Mr. and Mrs. Dave Hall of Lamont, at the home of Mr. and Mrs. Dan Wilson; Mr. and Mrs. K. Johnston of Lamont at the home of Mr. and Mrs. D. Johnston; Miss Hazel Anderson of Innisfail and Mr. Roy Anderson of Alberta College, Edmonton South, at the home of their parents, Mr. and Mrs. Sam Anderson. We also hear that Frank Dougo is spending the week end at the same place.

Mr. R. L. Harrison of Lamont visited in this district Easter Sunday.

Mr. Ephraim Pipe of Chipman spent Sunday with his sister, Mrs. S. Anderson on Easter Sunday.

Miss Mitchell of Alberta College, Edmonton South, also visited with Mrs. Anderson on Easter Sunday.

The Easter services were well attended, the minister taking for his theme "The Resurrection." Spending the day was a quartette "Silent Night" by Misses Mervia Wilson, Vera and Hazel Anderson and Mr. Roy Anderson and a choral anthem "Is Arose." Chalmaster L. Hicks is certainly getting some splendid talent around him.

Lester A. McCaughy left this week to attend the convention of Alberta Educational Association.

Mr. F. Heisecher and L. A. McCaughy were visitors at the home of Mr. and Mrs. Wilson on, last Wednesday evening.

New, Mr. Editor, I ought to tell you of a few remarks I heard about the first two issues of The Record, but on second thoughts I will keep them to myself or you will have to go to a little extra expense for a new hat, on account of having an enlarged bump on the top of your shoulders.

On Friday evening last, the young people of the community gathered at the home of Mr. and Mrs. Archie Johnston to organize a basketball club for the young men and a basketball club for the young ladies. The officers elected for the ensuing year were: Crawford Basketball Club—Hon. President, Mr. L. E. Hicks; President, Mr.

LETTERS TO THE EDITOR

Dear Editor: I am not taking any responsibility for the 'speculations' I found in your columns.

April 18th, 1922

To the Editor
I read Mr. Dalgetty has condemned to answer me with a tribute to his broad-mindedness in matter of religion. Apparently he has misinterpreted many of my statements that I made in my last letter.

I have not the honor of being acquainted with Mr. Dalgetty, hence it is far from my intention, to make him the subject of my 'speculations' by my way, referring to Webster's Dictionary, I find that 'speculate' means 'to gamble'." I will not send Mr. Dalgetty again.

I am not pleased if Mr. Dalgetty should regard my statements. I make no being directed towards him, personally, but at his principles. Personally he has a right to his opinion, to be free and freedom to express them when and where he will, but the public has a right to see both sides of the question. While he persists in inflicting the public with his injurious principles, I will do my best to counteract them.

Regarding Mr. Dalgetty's coat, I haven't the faintest notion what he did with it. I'm sure I didn't take it; however, I am enclosing a coat of Renan, the coat of which, are lined with 'Common Sense' that he may be protected from the cold blast of Biblical superstition.

Whether or not Christ ever lived has always been, and still is, among the world's greatest thinkers and historians a matter of dispute, and the subject has been proven conclusively, regardless of what Renan, Voltaire or Cassel's History may say to the contrary.

Unlike nominal Christians, I do not make every two-legged creature I meet objects of worship. In my letter I do not remember ever mentioning Renan or Voltaire, much less making pole of them. However the man Voltaire would make just as suitable object of

worship as the man Christ, the carpenter's son buried in the failure and superstitions of the misty past. Voltaire is at least modern enough that I may be certain he existed, though he has not yet severed fables about his name.

I am sorry Mr. Dalgetty misused my pointing regarding "lanah" and the "speculation". Webster defines "speculation" as a diluted alcoholic liquor." In pre-prohibition days a certain "alcoholic liquor" was very abundant and that in an age of superstition and idolatry, is enough to make a prophet of anyone, let alone making one see "visions".

I note that Mr. Dalgetty has taken the trouble to determine my profession and I may add that a letter published in the last issue of your paper mentions very much like an angry man smashing furniture.

I thank Mr. Dalgetty for the correction he made in my spelling. However I might have continued to leave out that "a". Incidentally, I am sure he will pardon me if by way of returning the compliment, I call his attention to the fact that there should have been a comma after "rabbi". It is difficult to determine whether the coat should be the rabbit or the teacher or simply the rabbit. I might add that "belongings" is spelt in the plural without an "s", there should be a comma after superstition, these are the main mistakes. There are a few other minor mistakes in punctuation and rhetoric.

Since Christ is not divine, and since it does not matter whether he is or not a historical figure, why does Mr. Dalgetty say that he lives now?

When a severe Christian finds himself in trouble, trial or disease he doesn't run to Christ but goes for the undertaker, policeman or doctor which shows that his religion is all very well on Sundays but doesn't work the rest of the time.

To sum up, Mr. Dalgetty has failed to prove any of the statements wrong. If he confound his arguments to religion and left orthodoxy alone, he might be more successful. Until he can show that his teachings are reliable I will do my utmost to counteract the degenerating influence of his religious letters.

The U.F.W.A. met at the home of Mrs. Wm. Wolfe on Wednesday last. Arrangements were made to make an asparagus quilt to be raffled at a later date. After all business had been transacted a delicious lunch was served. The next meeting will be held at Mrs. Ed Walker's on May 17.

The meeting for re-organizing the S.S. was postponed until May 7, on account of so many wishing to attend the St. Julien service in the Fort.

Harry Geaf has purchased a five Clyde size which will be kept on his farm throughout the season. It should prove of interest to the farmers of this district to know that there is a five Clyde size in the district.

A meeting was held on Friday even-

ing to organize a baseball team. There will be ball practice every Wednesday evening.

Martin Luddy was called to Edmonton on business for two days during the past week.

Mr. Shaver of Ulyde visited at A. Thorne's over the week end.

Mr. and Mrs. Mason and family of the Fort visited at Mr. and Mrs. Melville's over Sunday.

Mrs. Kelly of Edmonton visited her sister, Mrs. Breckenridge, over Sunday.

Signmond, Gordon and Aylmer Burns, P. White and Mr. Speller of Edmonton, spent Sunday with Clifford Magee.

Creechford

Rev. Mr. Allan conducted the usual services on Sunday, taking for the text "And Knech Waited With God." Miss Eva Anderson sang "Zion's King Shall Reign Victorious."

Mr. J. Hull and son, William, paid a business visit in the city last Monday, returning Tuesday.

Mrs. Dan Wilson spent the week in Edmonton.

Mrs. L. E. Hicks and family spent Sunday at the home of Mr. and Mrs. W. G. Alton, Paradise Hill.

Mrs. J. McLeachan left on Saturday for a visit to Edmonton over the week end.

Mrs. W. Wilson left on Saturday for Carleton on an extended visit with her brother, Mr. John Harmer, who, Mr. Wilson has not got a divorce, but considers himself a grass widower.

We are sorry to hear that Mr. B. Misset is suffering with inflammation of the eye.

Mrs. E. A. Fisher-Smith is a victim of the gripple.

By the way, next time you go away, Luther, leave a packet of bird seeds handy in case of emergency.

Amongst the visitors to the community on Sunday were included Mr. D. Bolt and Mr. and Mrs. Art Harrison and family, all of Lamont, and Miss Kopley of Chipman.

MUNICIPAL DISTRICT OF CLOVER BAR No. 517

The Council of the Municipal District of Clover Bar, No. 517, held its second meeting of the year on Saturday, 31st April, with Reeve Hickman in the chair.

A great deal of business was transacted, including the fixing of the rate for the current year at four mills on the assessed valuation of the District.

The rate of pay for labor on the roads was set at thirty cents an hour for men and twenty cents for women and four boys.

The rate of pay for contractors was left over until the next meeting.

A grant of one hundred and twenty-five dollars was given to the Fort Saskatchewan Branch of the Great War Veterans Association.

A delegation from Police and Fire requested the Council to open up the roadway proceeding west from the North Clover Bar School House to the Saskatchewan River.

The Council promised them consideration of the request, and the Reeve and Mr. Houston were delegated to view the road in question to ascertain the cost of the work.

An application for a grant to the Fort Saskatchewan Fair Association was made by a delegation representing that body. Owing to the fact that an application for a grant to this Association had been unanimously voted down at the annual meeting in 1921 and to the lack of interest taken by the residents of the District in the Fair, the application was refused.

A request was made to the Minister of Public Works for a number of new bridges and repairs to several bridges in the District.

The contract for a car of plank was let to the Hunter Lumber Co., Ltd., they submitting the lowest tender.

The Secretary was instructed to lodge an appeal with the Department of Municipal Affairs against the assessment set on the District by the Equalization Board.

The Council decided to pay two cents for every gopher tail turned in to the councilors; also to distribute gopher poison free among the residents. Packages of poison may be had on application to the Secretary.

On the passing of payrolls and accounts amounting to \$375.00 the meeting adjourned until Saturday, 6th May.

\$10 INVESTED TODAY

Should mean \$1000 or more to you on completion of our plans---Read

We are running this advertisement as an invitation to you to join our \$10.00 Get Acquainted Club, so read what we have to say.

We have two wells in and have our third well started. Our stock today is worth \$3.00 per share, brokers are listing it at \$1.50 to \$2.35.

We are offering for new stockholders to join us and then investigate. Ten shares NOW for \$10.00, not more than twenty shares to any one person or more than one hundred shares to any one family at this \$1.00 per share price.

Join us in this small way, then investigate our standing, our plans, etc., then, if you are satisfied, you can buy more stock at the prevailing price at that time. IF YOU ARE NOT SATISFIED we will return your ten dollars on demand, if you make demand within thirty days from the time you send us the \$10.00.

IS THAT NOT FAIR ENOUGH? COULD YOU ASK FOR MORE?

Our plans are to drill Ten Wells just as quick as money, labor and material can be assembled, and we honestly expect our stock to sell from \$100.00 to \$1000.00 a share as soon as these plans are carried out.

We are not a one well syndicate, but a thoroughly organized and going company, and expect to not only drill hundreds of wells as has been done by the Standard Oil Company, Sinclair Oil Company and others, but we expect to build our own pipe lines, and our own refineries and establish our own Gasoline filling stations all over the country.

With these plans carried out your \$10 invested today should be worth a THOUSAND DOLLARS, or more to you.

Start right, in a small way, then satisfy yourself that you are in the right company, then increase your holdings, or get out if you are not satisfied.

\$10 starts you on the road to success and wealth with us if you start now, today, at once. 10 shares, \$10; 50 shares, \$50; 100 shares, \$100.

Inquiries invited.

Social and Personal

Mrs. von Iffand attended the funeral of her husband, Mrs. Elliot, at Edmonton last Saturday.

Attending to the marriage of Miss Berg, Miss Johnston is now semi-operator at the telephone exchange.

Mr. and Mrs. Riech Sheppard and daughter of Edmonton were week-end guests of Mr. and Mrs. James Graham, Leducville.

The Women's Auxiliary of the Methodist Church held their annual meeting on Tuesday, April 28, and elected the following officers for the ensuing year: President, Mrs. Riech; Vice-president, Mrs. Moore; Secretary, Mrs. Plinto; Treasurer, Mrs. Harris; Visiting Secretary, Mrs. Kingsley; Secretary of Literature, Stewardship, Mrs. Walker; Superintendent of Misses Boxes, Mrs. Harbott; Superintendent of Mission Bank, Mrs. Plinto and Miss Moore.

On Tuesday afternoon about thirty ladies of the congregation of St. George's Church assembled at the rectory, the occasion being a presentation to Miss Lillie Caracaden in view of her approaching marriage. Rev. J. H. Atkinson made the presentation, which consisted of a silken purse of gold, bound by satin ribbon grasped by the hands of a cherub. On the ribbon was printed the names of individual members of the congregation who had donated. In a few remarks Rev. Atkinson commented upon the untiring and faithful work of Miss Caracaden in her capacity as organist. Miss Caracaden replied in a fitting manner, but was interrupted before closing by the ladies striking up with "For She's a Jolly Good Fellow". Dainty refreshments were afterwards served.

Occasions of this kind have been very much in vogue during the week. Friends have been trying their utmost to show their esteem for the popular bride-to-be.

ST. GEORGE'S TENNIS CLUB

The annual meeting of the above club was held in the Memorial Hall on April 13 when the following officers for the current year were elected:

Honorary President - Rev. Atkinson, President - Dr. T. W. E. Hively, Vice-president - Mrs. W. G. Taylor, Sec'y-treas. - Mr. G. W. Cook, Executive Committee - Dr. Henry, Mrs. Taylor, Mr. Cook, Mr. W. D. Clarke, Mr. Dodge, Mr. Gibson, Mrs. Reid.

As the club is having the court re-laid the opening day has unavoidably had to be delayed and will be announced later.

Any new players are cordially invited to join.

By-Law No. 268

A By Law authorizing the Municipality of the Town of Fort Saskatchewan to enter into an agreement with the Government of the Province of Alberta for the purchase of Electric Current from the said Government, and for the submission of this By-Law to the Burgesses of the said Municipality for ratification.

WHEREAS the Municipality of the Town of Fort Saskatchewan proposes to enter into an agreement with the Department of Public Works of the Government of the Province of Alberta whereby the said Department shall supply to the said Municipality from a special Electric Light Plant to be situated on the premises of the Provincial Golf at Fort Saskatchewan, in the Province of Alberta, electric current for a period not exceeding FIVE YEARS the maximum amount of current to be consumed by the said Municipality in each year during the term of said Agreement to be in use and the said current to be taken by the said Municipality from a meter to be supplied by the said Municipality;

AND WHEREAS it is necessary and expedient that this By-Law shall be submitted to the Burgesses of the said Municipality for the approval and ratification by ballot of the said Burgesses;

NOW THEREFORE the Council of the Town of Fort Saskatchewan was duly assembled enact as follows:

1. That the Mayor with the Secretary Treasurer of the said Municipality of the Town of Fort Saskatchewan be and they are hereby authorized under the seal of the said Municipality to execute an Agreement with the Government of the Province of Alberta to supply electric light, heat and power by way of current to the said Municipality in accordance with the terms herein before recited, but subject to the ratification thereof by the Burgesses of the said Municipality as required by law.

2. That this By-Law shall be submitted to the Burgesses of the said Municipality for ratification by ballot thereon as soon as conveniently may be.

This By-Law No. 268 was passed in open Council and given under the Corporate seal of the said Municipality and the hands of the Mayor and Secretary-Treasurer, this day of April, 1922, A.D.

R. E. STAPLES,

Mayor.

Dr. Hubert M. Brown wishes to announce that he has taken over the dental practice of Dr. Davis in the Williams block.

We were pleased to see Mayor Dugan of Edmonton a visitor to our service at the Memorial hall last Sunday afternoon.

Sunflowers everywhere have proven so easy to grow and so extremely hardy that a crop failure is practically unknown.

Was it a coincidence that the programs for services to celebration of St. John's Day were printed on "Gonos bond" paper?

The W.A. of St. George's Church held a successful tea and sale of work and home cooking at Graham Bros. store last Saturday.

Don't forget that Monday next is Clean-up Day, and you, my dear, are expected to turn out and do your bit towards cleaning up the H.I. old town.

Come one, come all, to the Celtic Ball at the Memorial Hall on Clean-up Day, Monday, May 1. Gritter's orchestra. Admission \$1.50, extra lady \$50.

Mr. Herb Diamond, manager of the St. Paul Star, and for a number of years manager of the Fort Saskatchewan was Conservator, spent the week and with relatives in town.

Plant sunflowers this year and if later on you do not see your way clear to build a silo, dig a trench side at labor cost only, and prove to your own satisfaction that slugs is a money maker.

Mr. J. E. Bachman, proprietor of the dead and gone Conservator, has moved with his family to St. Paul de Hecla. He is proprietor of the St. Paul Star of that place.—Edmonton Journal.

Dr. H. M. Brown arrived in town this morning to take over the practice of Dr. Davis. Dr. Brown is a graduate of Toronto university and for the last two years has been associated with Dr. Gibson of LeClairville.

From one of the two weekly news papers of an important town in Alberta we have a letter congratulating us upon our pictorial service, to which is added a query as to its cost and a check that it might be more than they could afford.

The billiard tournament at the Memorial hall would make better progress if the opponents to the various rounds would arrange with each other to play off at the earliest opportunity. This office is dragging and it is too much to expect the committee to page each player.

Good Hope

The regular meeting of the Women's Committee of the U.P.W.A. will meet at Mrs. Ashton's on Wednesday, instead of at Mrs. Meyer's. It is expected that they will be addressed by representatives of the Red Cross.

The next regular meeting of the U.P.A. will be on Monday, May 1, at the schoolhouse. A full turnout is asked as there is some important business to talk over.

A meeting was held in the schoolhouse on Saturday, April 22, for the purpose of appointing a board of trustees to look after the necessary repairs and alterations to the cemetery. The board appointed were A. E. Meyer, I. E. Penney and H. J. Brenton.

Mr. Brenton wishes it made known that the last week's announcement of the Red Cross for the collection from Good Hope is slightly misleading in that he is mentioned as the only collector. He did not been for the good work of Mr. Meyer in that line. Good Hope would not have made so good a showing. Also there are Mr. Penney and Mr. McDonald to bear from yet.

Now that the snow has gone, has anybody seen that brown coat, size 6 1/2, last seen leaving the school window on the night of Jan. 30?

Not all the "bells" are perpetrated by the little country weekly. The Edmonton Journal was in last Saturday's issue guilty of the following mistake. By the printer with a compassionate understanding of how simply it could be done they can be easily overlooked, but to the ordinary reader they convey peculiar information. The first was under the heading "Our Nearest Citizens," and the second, was from Minburn correspondence.

"The old gentleman, Jack Robison, was taken to the isolation hospital last week. Friends are trying to find his relatives in the States. The Reverend Mr. Slater, pastor of the Emmanuel home offered him for the care of the A. M. E. church, has three splendid elderly lady and grand-daughter, of Poroka."

"There have been a great many through the cemetery who have been through the country who have been laid up with the flu. The advent of warmer weather should help cure any cases left."

May find, at 2 o'clock in the afternoon. The Association has accepted the kind invitation of the Rev. Mr. Hoffman to meet in the German Reformed Church, Josephburg. A paper will be read by the Rev. J. H. Atholson.

Mr. B. M. Ray is now driving a Ford touring car. It has quite a nifty appearance and is equipped with self starter, which though at times faltered to be bulky, may with kindness and not be made to run again. Its bulkiness served to good purpose last Saturday as it gave the town constable time to draw all traffic to the sidewalk and leave Mr. Ray a clear right-of-way.

MEMORIAL TO REAR ADMIRAL ROBERT E. PEARY

Memorial to the late Rear Admiral Robert E. Peary, fashioned from a design of his own suggestion, unveiled at Arlington National Cemetery, April 8th, thirtieth anniversary of Peary's discovery of the North Pole. The President of the United States, the Secretary of the Navy, other high officials of the government, and distinguished scientists and explorers took part in the ceremonies which were under the auspices of the National Geographic Society. The monument is unique. It consists of a high obelisk of granite, in proportion and in position like the earth, and it rests on a massive base. On the surface of the granite globe are borne the outlines of the land and water masses of the earth's surface; of the North Pole, tilted toward the earth, which is in the direction of Arlington's beautiful amphitheatre, is a bronze star, symbol of the achievement by which Peary's name will ever be remembered. On one side of the supporting granite base, upon which rests the earth-shaped mass, is the Latin motto: "Invenerim Viam Ant Pacem" ("I will find a way or make one"), which was a favorite quotation of the explorer and now seems a fitting epitome of his notable career. The other side, respectfully, bear the legend:

Robert Edein Peary, Discoverer of North Pole, April 8th, 1909.
Rear Admiral U.S.N., Civil Engineer, Explorer, Scientist, 1856-1920.
His Beloved Wife, Josephine Diehl Peary, 1853-

SOUNDING "TAPS" FOR THE LAST DEAD

Sounding the last call for those who gave up their lives in France. The flower covered biers were impressive and touching sights, and moved to tears many who watched the memorial service held at the Brooklyn, N.Y., army base. First the flower-decked, flag-draped coffins marked veterans of three wars while thousands looked on. Titled officials of army and civil life took part in the ceremonies. All of the American dead have now been brought from overseas.

CLEAN-UP ACTIVITIES
GIVE GOOD RESULTS

On Monday, May 1st, we demonstrated the fact that to effect a good Town Clean-up, nothing could compete with a bunch of enthusiasts. Not for years has the town shown such a general tidiness and absence of the ever-present tin can. The Scouts, under the efficient leadership of Scoutmaster Oscar Lammertsen, together with the Tenth Boys, under leadership of the Rev. Mr. Rowe, provided strong support to those public-spirited citizens who, forsaking the lure of tennis and beautiful femininity, gave the greater part of the day to cleaning up the home town.

A noteworthy departure from the usual course of events, was the following up of the suggestion made by our worthy mayor, Mr. H. E. Staples. He suggested that the boys should meet at the Memorial Hall for lunch as guests of their fellow adult workers. This arrangement worked out to perfection. Thirty hungry sons of toil and other people, sat down with a like number of peripatetic but smiling fathers, both real and in embryo (two future members of The Record), to a good meal provided by Smith's restaurant. A menu of roast beef, corn, peas, potatoes, apple pie and lemon wash was washed down by good tea and coffee. As soon of the inner man was satisfied, the Mayor, who had in his cigarette, called upon Mr. R. Gordon Fraser to address those present on Fire Insurance. This Mr. Fraser did, handling his subject with his usual ability and clarity of enunciation. He caused considerable amusement when he referred to an old spirituous friend of his who came from the Orkney and Shetland Islands. This gentleman (so we understood it) had his only pair of brooks through not insuring in the Iron Life Insurance Co., the rival company getting there, to the islands we presume, first. Mr. Rowe followed with a pleasing address, causing some laughter by his jovial references to past experiences. The Mayor, having finished his cigarette, then suggested a resumption of labor, the field for the afternoon being that portion of ground between the railroad track and the agricultural grounds, generally well littered with paper. At 3:30 the boys paraded in front of the fire hall, and were paid off for the day. For the next half hour nothing was visible on the streets but collections of rakes, pitchforks and shovels outside the establishments of the well, the various vendors of the succulent orange and ice cream.

L.O.O.F. CHURCH PARADE

Last Sunday Fort Lodge No. 14, Independent Order of Oddfellows held their annual church parade to St. George's church. There was a full turn out of members and their numbers filled practically one half of the seating capacity of the edifice. There were in addition several visiting members from Lamont. Prior to his sermon Rev. J. H. Atkinson extended a hearty welcome to the Order, then, concluding, preached a sterling sermon on friendship and brotherly love. Several favorite hymns were wholeheartedly sung by the congregation and special music by the Josephburg quartette and Miss Fraser made the service very bright and cheerful.

THE CALICO BALL
A FIZZY SUCCESS

Monday night arrived in due season, as Monday nights have a habit of doing. This one, however, was a little different. The ladies attended the Calico Ball in full force and in all their glory. The dresses worn by them were very pretty and unexpectedly dissimilar with respect to pattern, color and design. The scenery around the hall was, to say the least, charming, and were we a girl instead of a mere man, we would put our faith in the gingham instead of silk. Chic, but not bizarre! Is that the expression, girls?

A further touch of color was added by some of the gentlemen wearing on the lapel of their coat a piece of the same material as their partners' dresses were made of.

There were several absences of the gentlemen habitués, but we doubt the clean-up efforts during part of the day had been so strenuous for some of them that it left very little desire for further exertion. Although the gross receipts of the dance were not quite as large as the average, the net receipts made quite a substantial sum, \$8.00, with the exception of the drummer, who came from Edmontan, the orchestra gave their services free and all edibles were given by the G.W.G. and their friends, they also contributing in other ways.

PROFITABLE EQUIPMENT
AT DEMONSTRATION FARM

High price for a car load of steers this spring was paid Friday by the P. Burns Co. for a load that was fed at the government demonstration farm at Athabasca. The steers were bought at the stockyards last December, fed since then on ensilage, and sold Friday at \$7.55. The sixteen steers averaged 1550 as they were sold.

An interesting part of this feeding experiment was that half of them were fed outside during the winter and the other half inside, and the ones that fed outside gained over two hundred pounds more than the ones that were given shelter. Of course the last winter was a particularly mild one for outside feeding.

Last fall the department of agriculture decided to try out a trench silo at the Athabasca farm, and apart from the cost of digging out the hole, the only construction necessary was the covering with poles and straw. The ensilage came out in nice shape all winter, and not a bit of it was frozen. Corn and sunflowers grown on the Athabasca farm were mixed for the silage and this apparently proved good fodder for the steers made splendid gains. The total cost of the construction of the trench silo was \$100. A few head of baby beef in the shipment sold for \$7.00 and \$8.00.

\$10 INVESTED TODAY

Should mean \$1000 or more to you on completion of our plans---Read

We are running this advertisement as an invitation to you to join our \$10.00 Get Acquainted Club, so read what we have to say.

We have two wells in and have our third well started. Our stock today is worth \$3.00 per share, brokers are listing it at \$1.50 to \$2.35.

We are offering for new stockholders to join us and then investigate. Ten shares NOW for \$10.00, not more than twenty shares to any one person or more than one hundred shares to any one family at this \$1.00 per share price.

Join us in this small way, then investigate our standing, our plans, etc., then, if you are satisfied, you can buy more stock at the prevailing price at that time. IF YOU ARE NOT SATISFIED we will return your ten dollars on demand, if you make demand within thirty days from the time you send us the \$10.00.

IS THAT NOT FAIR ENOUGH? COULD YOU ASK FOR MORE?

Our plans are to drill Ten Wells just as quick as money, labor and material can be assembled, and we honestly expect our stock to sell from \$100.00 to \$1000.00 a share as soon as these plans are carried out.

We are not a one well syndicate, but a thoroughly organized and going company, and expect to not only drill hundreds of wells, as has been done by the Standard Oil Company, Sinclair Oil Company and others, but we expect to build our own pipe lines, and our own refineries and establish our own Gasoline filling stations all over the country.

With these plans carried out your \$10 invested today should be worth a THOUSAND DOLLARS, or more to you.

Start right, in a small way, then satisfy yourself that you are in the right company, then increase your holdings, or get out if you are not satisfied.

\$10 starts you on the road to success and wealth with us if you start now, today, at once. 10 shares, \$10; 50 shares, \$50; 100 shares, \$100.

Inquiries invited.

Misses Agnes and Jennie Corbett, of the staff of the University of Alberta, Edmonton, spent the week end with their parents, Rev. and Mrs. Thomas Corbett.

A most enjoyable tennis tournament was staged on May 1st at the Union Tennis Club courts. After a long struggle, semi-finals were played between Miss Fairman and W. H. Stand and Miss West and E. Chabot; Miss Mc Clellan and Rev. A. H. Rowe and Miss McLean and W. T. Lane. Miss West and E. Chabot and Miss McLean and W. T. Lane succeeded in reaching the finals, the resulting score of their game being 7-5 in favor of Miss West and E. Chabot.

A very fine meeting of the Mission Circle of the Methodist Church was held at the home of the Leader, Miss Mc Clellan, on Monday evening, May 1. The subject for the month, "Children," was dealt with in an interesting paper by Miss Moore and the following most musical numbers were rendered: Piano duet, vocal duet, vocal solo and piano solo. The officers acting during the past season were re-elected, viz: Leader, Miss Mc Clellan; President, Miss Kingsley; Vice-president, Miss Moore; Secretary, Miss Violet Buchanan; Treasurer, Miss Hazel Walker; Honorary President, Mrs. Rowe.

Following the business of the evening musical refreshments were served by Mrs. Mc Clellan and an exceedingly pleasant evening was thus terminated.

ARMENIAN RELIEF

On Tuesday of last week Capt. E. C. Duncan of Edmonton was in town organizing for the Armenian relief. He had organized the centres from Lloydminster to this point and was about to effect an organization here with the following members on the executive (with power to add): Mayor Staples, L. W. Kidner, S. O. Jones, M. R. Kerr, J. H. Atkinson (Pres.), A. H. Rowe (Sec.). These men, while recognizing the number of calls being made, yet expressed themselves as willing to do their utmost to relieve the starving

RUSSIAN FAMINE RELIEF

Some American statements about the peak of the acute famine period being passed seem liable to be misunderstood in Canada. The American relief organization, supported by the financial resources of the nation to the extent of \$20,000,000, is undoubtedly helping to save the situation. But it should be clearly understood that some of the worst provinces are still being cared for by British funds, including Canada's growing contribution through the Canadian Committee of the Save the Children Fund.

American corn is being shipped into all the famine stricken provinces. Temporarily, to allow the American shipments all possible facilities for inland transportation, the British relief organizations - the Save the Children Fund and the Society of Friends have waived their claim on Russian railway service. It is especially urgent that seed should be distributed within the next few weeks to stem off another famine next autumn. But, when the immediate rush of American supplies is over, the British relief workers will still have to continue operating food kitchens, especially to feed the children, until the end of August.

Mr. Benjamin Robertson, the British authority on Indian famine relief, after visiting Russia in January and February of this year, with the approval of the British government, submitted the present claims about the peak of the famine period being overcome, due to the arrival of American corn and food. He expressed the hope that the optimism of the American relief associations might be correct. But, in any case, Mr. Robertson added, it did not relieve the British organization from the task they have undertaken, to feed the famished people in certain provinces, until next harvest.

A balanced ration is necessary for the children. When they are brought in to the rescue stations, they seem to be in such a condition physically that the greatest care has to be taken in feeding them. They need something more than corn. The consignments of food from Canada, in accordance with the system established by the British Save the Children Fund, allow the children to be given one nourishing meal a day, consisting possibly of corn, bread and bean soup, varied with milk and rice. Under the efficient British administration, the cost of feeding a child is only 25 cents a week, including all overhead charges. Four dollars is sufficient to feed one child till the middle of August, and the George Brown, the venerable treasurer of the Canadian Committee, is gladdened by the arrival, in almost every mail, of substantial contributions to the fund.

children of helpless Armenia. The Armenian Relief Fund Association sends relief only to children, and girls. No male child over nine years old is being helped. 130,000 children are being cared for in homes and orphanages. 100,000 other children receive food when it can be secured for them. \$1 a month saves a life. The plan for securing help was left for a subsequent meeting of the executive. All the expenses of the Armenian Relief Association are paid by Cleveland H. Dodge of the Dodge Motors Co. and every cent of contribution goes direct to needy children.

KID SOLDIER SHOT THROUGH HEART BY LITTLE BOY

Gordon Hill, an ex-soldier resident of the Battenburg district, has since northwest of Port Saskatchewan district, was accidentally shot through the heart Sunday by the full discharge of a rifle in the hands of a neighbor's little boy. He died almost instantly, according to information received at headquarters here Monday morning.

While helping the neighbor, with whom he was staying, to put up a bit-stone stove the lad was noticed to be standing near with a rifle in his hands, and when Hill caught sight of it, he shouted to him to put it down, which the lad proceeded to do, and it was while the rifle was being lowered in the ground that the shot went off, lodging in Hill's heart.

The unfortunate man had come to stay with the neighbor last week, having lost his home and all its contents by fire a few days previously. He was visiting the neighbor whose name is not given in the first reports to the police.

Constable Hader of Port Saskatchewan detachment of the A.P.F. force, visited the scene of the tragedy on its formation being received from Mr. McLean of Battenburg, and on viewing the body was of the opinion that an inquest would not be necessary, and gave it as his opinion that the fatal shot was accidentally fired—Edmonton Bulletin.

The demand for gasoline is growing day by day and economists are always prophesying that the world's supply will soon become inadequate," says Mr. C. H. Colton, editor of the County Agent and Farm Bureau.

"Science has already taught us, however, that almost every growing plant contains alcohol which can be distilled at a very low price per gallon, and which in many respects is superior in power to gasoline.

"There is enough waste on every farm to furnish its heat, light and power. The machinery is all available, and it is time that we should give this matter the most careful consideration. The principal difficulty of this plan will be to accumulate enough farm refuse to make the project profitable. Therefore it would be wise to have the outfit owned by some farmers or landowners which will first encourage all farmers to supply a proportionate share in order that there may be sufficient material to make the plan economical."

FORT SASKATCHEWAN, ALBERTA, WEDNESDAY, MAY 16th, 1932

We cannot tell what your experiences have been, but from our point of view Edmonton is a most unsatisfactory place to do any shopping in. One never can tell whether a store will be open for business or not after you have found your way to it, and the present muddle between storekeepers and the city council does not simplify matters by any means. A chart showing days or half-days, as the case may be, when such and such a store closes and between what hours on remaining days it keeps open, would be handy. One cannot be blamed for imagining the stores open in order that the clerks may experience the joy of closing. If you manage to be lucky enough to get inside the doors of the larger stores, you can see dozens of clerks with apparently nothing to do but serve you. We may be over-sensitive, but those clerks have such an air of slooffness and superiority that we have to take our courage in both hands, so to speak, before we dare deign to address them. Such is not the case in Fort Saskatchewan. Here you are a personality. Whether or not you are a customer you are treated with respect by merchants and clerks alike. If you wish to make a purchase you are not chilled by the reception given you, your order is appreciated, be it small or great. Every merchant who advertises in this paper invites your custom, and as you surely appreciate an invitation, (most everyone does) shop where you are invited to shop. The stores are open for as long as anyone can be reasonably expected to keep them open and the hours for business are pretty generally known to everyone. There is no hit or miss about the local merchant.

CROP RETURNS 1931

Returns of crop yields for 1931, have now been compiled by the agricultural department from reports given from 3214 threshing rigs in the province. While this includes about only three fourths of the threshing rigs in the province, the averages compiled from these returns give a good general indication of the average yields over the whole province for 1931. The returns from the 3214 machines give a total yield of all grains of 55,447,972 bushels. A com-

parison of the average yields of various grains for 1931 with the average yield for the 10 years previous is interesting.

By-Law No. 268

A By-Law authorizing the Municipality of the Town of Port Saskatchewan to enter into an agreement with the Government of the Province of Alberta for the purchase of Electric Current from the said Government, and for the submission of this By-Law to the Burgesses of the said Municipality for ratification.

WHEREAS the Municipality of the Town of Port Saskatchewan proposes to enter into an agreement with the Department of Public Works of the Government of the Province of Alberta whereby the said Department shall supply to the said Municipality from an aerial Electric Light Plant to be situated on the premises of the Provincial (Gas at Port Saskatchewan, in the Province of Alberta, electric current for a period not exceeding FIVE YEARS, the minimum amount of current to be consumed by the said Municipality in each year during the term of said Agreement to be 40 000 kilowatts and the said current to be taken by the said Municipality from a meter to be supplied by the said Municipality.

AND WHEREAS it is necessary and expedient that this By-Law shall be submitted to the Burgesses of the said Municipality for the approval and ratification by ballot of the said Burgesses.

NOW THEREFORE the Council of the Town of Port Saskatchewan duly assembled enact as follows:

1. That the Mayor with the Secretary Treasurer of the said Municipality of the Town of Port Saskatchewan be and they are hereby authorized under the seal of the said Municipality to execute an Agreement with the Government of the Province of Alberta to supply electric light, heat and power by way of current to the said Municipality in accordance with the terms herein before recited, but subject to the ratification thereof by the Burgesses as required by law.
2. That this By-Law shall be submitted to the Burgesses of the said Municipality for ratification by ballot thereon so soon as conveniently may be.

This By-Law No. 268 was passed in open Council and given under the Corporate seal of the said Municipality at the hands of the Mayor and Secretary Treasurer, this day of April, 1923, A.D.

REDUCTION FAIR PRIZE LISTS

Following a decision by the executive of the Alberta Fair Association, a special committee of the executive has just completed work on a standard prize list for all fairs in the C. D. and E. classes, which will reduce to certain extent, by eliminations of duplications, the amount of prize money paid at all fairs. This standard prize list has been used by the superintendent of fairs in pamphlet form and sets out the conditions under which it will be administered. Maximums are fixed as follows:
C class maximum for horses and cattle, first prize \$15; for sheep and swine, first prize \$5.
E class maximum for horses and cattle, first prize \$10; for sheep and swine, first prize \$5.
E class maximum for horses and cattle, first prize \$8; for sheep and swine, first prize \$4.
In addition to the elimination of many duplications regulations have also been approved which provide that no grant shall be paid for poultry exhibits at summer fairs where winter poultry shows are also held; that no prizes should be offered for dressed grain at summer fairs. Sheep grain only should be recognized. Grants may be forfeited in case of fairs permitting gambling, objectionable games or immoral exhibitions on the grounds during fairs.

PRIZES MUST FACE
ORIENTAL PROBLEM
Ottawa, May 9.—In accordance the resolution in the house of commons, yesterday to exclude all Oriental immigrants, which was defeated, W. T. Lucas (Progressive), Victoria, Alberta, said the time was coming when the prairie provinces would be actively faced with competition from the Orientals. One of the reasons why they were not now engaged in agriculture on the prairie was because they were too busy to enter an industry which was soiling money. When agriculture again became prosperous, the climate would prevent them from settling on the prairie. The Orientals could not be assimilated and to one was wanted in Canada as could not be assimilated. It gave Mr. Lucas great pleasure to record the motion.—Edmonton Journal.

"Do you remember the old stories about the boy who went to the great city and came back home just in time to pay the mortgage off the farm?"
"It's different now. When a boy leaves the farm the home folks find he is loathsome in readiness to go to town and help him out with his rent and his grocery bill!"—Washington Evening Star.

HARVEY CARR'S ADDEN

At 4 o'clock Saturday, May 6, St. George's Church was the scene of a very pretty wedding, when Miss Lillie Murel, youngest daughter of Mr. and Mrs. T. J. Carver, Port Saskatchewan, was united in marriage to Mr. Douglas Harpoy by Rev. Mr. Addison, rector of the church.

The bride, who was given in marriage by her father, entered the altar by the arm of the groom. She was becomingly attired in a wedding dress of navy blue tulle, with smart navy blue hat and train. She carried a bouquet of tropical roses, carnations and maidenhair fern.

The church, which was beautifully decorated for the occasion by the ladies of the congregation, was filled with friends of the bride and groom. A guard of honor of Boy Scouts was also present. During the signing of the register the choir sang "O Perfect Love."

Following the wedding, the bridal party, repaired to the home of the bride's parents where a tempting buffet supper was served. The table was centered with the bride's cake and decorated with carnations and white streamers.

Later, the happy couple left amid showers of confetti and good wishes for Edmonton. After a brief honeymoon spent in the "Old Country" during which time a tour of the battlefields of France will be made, they will reside in Port Saskatchewan, where the groom is a partner in the law firm of Corbett & Harpoy.

The bride was the recipient of many beautiful gifts, including a large egg from the congregation of St. George's church. A very happy honeymoon is anticipated for the young couple.

Inspector Field of the R.C.M.P., Edmonton, and Mrs. Field spent the week end at the home of Mr. and Mrs. F. R. H. of the Fort.

Mrs. A. H. Rogers of Fort Saskatchewan, is in the city making plans with Miss McMillan, superintendent of Women's Institutes, for the annual W.I. convention which takes place in June. Edmonton Bulletin.

J. S. Phillips placed an ad in the Record last week with instructions to let it stay in three or four weeks. It was to the effect that he had a typewriter for sale. On Friday he cancelled the ad. The typewriter was sold. One insertion in the Record was enough. Does it pay to advertise?

"C" CLASS FAIRS PRO-TESTING REGULATION
Delegates from Vermilion and Veggieville interviewing Hon. George Hoodley.

Vermilion, Alta., May 5.—William Steel, director, and W. B. Sutton, secretary, of the Vermilion Agricultural Society, are in Edmonton today protesting to the department of agriculture the holding of local fairs. It is also a delegation from Veggieville in connection with the same matter.

As things stand now under this new department it is questionable if any of the "C" fairs, so called, will be held this year at all. The department has ruled that first prizes must be limited to fifteen dollars, whereas formerly the limit was twenty-five dollars. Farmers will not like to see their stock on the lot.

The department practically governs the fairs and leaves very little by way of initiative to the local direct.

The regulations prohibit exhibits other than fairs or taken over from previous years. The grant allowed by the government is based on new regulations which will make this form of assistance of very little value when the prizes are lowered. The regulations, in the opinion of the directors, emphasize the "B" circuit with its grandstands and also rule that in this class the amount of the individual prizes is twenty-five dollars for first honours, and other concessions are granted which tend to make this form of fairs more favored by the government than those desiring their own circuit entirely to exhibition purposes.

The protest is very emphatic and has led to all sorts of theories as to why these forms of fairs have not been strongly favored. The delegates will have it out with Minister Hoodley today, and upon the result of the interview will depend whether Vermilion and Veggieville will have fairs this year or not. In the event of their dropping out, they cannot get back. If they give any kind of a fair held within twenty miles, and it takes but little to keep a fair alive.—Edmonton Journal.

LETTERS TO THE EDITOR

The Editor does not take any responsibility for the opinions expressed in the letters communicated.

Fort Saskatchewan, Alta.
May 6th, 1922.

To the Editor:

In his letter of May 3rd, I note that Mr. Delagety frankly admits that his beliefs are not founded on reason but on blind faith which is synonymous to superstition.

I thank Mr. Delagety for his invitation. This would not, however, be a new experience for me. Not only am I familiar with the interior of a "Presbyterian" church but of nearly every other denomination on the North American continent. Whenever opportunity affords I always attend religious services, not, however, with the intention of receiving any comfort therefrom but to increase my knowledge of their superstitions. One and all, from African fetishism to Presbyterianism are remnants of the caravans in all of us.

Since Mr. Delagety does not intend to pursue the subject any longer, I feel that I have accomplished my purpose: that being the aim of all my letters.

I cannot but regret that Mr. Delagety can overlook such an opportunity to make a convert; and I cannot but feel that if he had the courage of his convictions he would not have a stray soul to perish for want of a few moments of that "good plain preaching of the Gospel."

A. V. BOURCIER.

P.S.—Having accomplished my purpose, this will be my last letter on the subject unless Mr. Delagety makes it necessary that I do otherwise.

GIVEN CARE TUBERCULOSIS MAY BE AVOIDED

Over 150,000 people in United States die of tuberculosis every year. This is one of the startling facts contained in a pamphlet recently issued by the National Tuberculosis Association of New York, and its very significance is the reason why the Alberta division Canadian Red Cross society has undertaken to distribute a number of these tracts in this province.

The pamphlet does not set out to alarm but to warn, and perhaps its most sage advice is contained in one of the concluding paragraphs, which reads:

"Tuberculosis can be cured. There are about a million active cases of tuberculosis in this country (the United States), right now. If these folks had taken care in time they could have all become well, but for some it is now too late. There are certain symptoms that are danger signals which all of us should know about, so that we can be on our guard when the first germs attack us. Be warned in time. What are these signals? They are: Loss of weight, loss of appetite, continued tired feeling, cough or cold lasting longer than two weeks and night sweats. If you have any of these, go today to the best doctor you know or the nearest clinic or health centre."

There were two figures in the wheat field. One stood stolidly, motionless. The other moved here and there. One was the blind man, the other a scarecrow. The reason the scarecrow moved so much was that he couldn't stand still in the wind like the blind man!

LOCAL NEWS

The editor made a business trip to Lamont Saturday.

Say it with—sunflowers. Plant your seeds now.

Ben Polard, Jr. is now employed as a steward at the provincial guest.

Ed Graham is confined to the house with a severe attack of tonsillitis.

Best Rodd has entered the office of Corbett & Harper as a law student.

Would you take a chance on a sure thing? Just rain—It's—sunflowers.

"The Three Musketeers" will be shown at the Star theatre on the 15th and 30th May.

A. H. Gibson was out of town all last week conducting cases at St. Paul and Vermilion.

May 24th St. George's W.A. will hold a garden party in the Church grounds. Remember the date.

The Star Theatre will show O'Malley of the Mounted, featuring William S. Hart, on Empire Day, May 24th.

Sunflowers have been proven a success in Western Canada, and are the most economical and profitable green feed for winter use.

A party of about fifteen of the local lodge of the L.O.O.F. went to Lamont Sunday and attended divine service with the Lamont lodge.

A number of small boys had a great time last Saturday giving advance notice of the allurement of the minstrel show. Driving round town in a rig with faces blackened they looked extremely comical.

Enslage—a green, juicy and succulent fodder for wintering stock; you can get the maximum quantity of milk and have your fat stock ready for market, while others are waiting for grain.

A sale of purchased cattle (best breeds) will take place at the Exhibition Grounds, Calgary, on May 25th. Catalogue of sale may be had on application to E. L. Richardson, Secretary, Exhibition Grounds, Calgary.

Under the personal supervision of Mr. H. A. Briggs a row of trees were planted Arbor Day on Government land in front of the Provincial Guest. Guests of the institution kindly lent their services towards this end.

J. E. Graham returned Sunday after spending two months at his old home near Ottawa. It is over thirty years since he was last there. He is pleased to be back again and says he has no desire to make another visit.

On our trip to Lamont last Saturday we noticed several up-to-date farmers finishing up their seedling operations in appropriate style by sowing land markers. We also noted several patches where the wheat was up as high as 3 inches.

The Ladies' Aid of the Presbyterian church will serve a silver tea in the class rooms of the church on Saturday afternoon, May 26th, from 3.30 to 6 o'clock. Home baking will be on sale, also numerous articles on the "White Elephant Table."

Last week J. H. Phillips sold two carloads of lumber for a new hotel to be erected in Wetaskiwin. Building will commence June 1st. It will be a four-story room structure and will be modern in every respect. It is being built for Mr. H. E. Almond of Edmonton.

MEMORIAL TO NEGRO EDUCATOR

This memorial to Dr. Booker T. Washington shows him lifting the veil of ignorance and darkness from his less fortunate brother. The statue is the work of Charles Keck, of New York, and was unveiled on April 30 at Tuskegee, Ark., where the negro educator founded a university—the now famous Tuskegee Institute, in 1881. The memorial, a heroic bronze, is the gift of some hundred thousand grateful negroes throughout the country in the memory of this man of genius and perseverance, whose neither bigotry nor hostility could stop in his work for his down-trodden race.

ANOTHER ROYAL WEDDING

The date for the wedding of King Alexander of Yugoslavia and Princess Marie of Romania, has been set for June 4th.

With Sam has one of the most powerful radio broadcasting stations in the world. It is a powerful New York Harbor, just a few miles from the Statue of Liberty. The station, the regular signal consists of 1000 watts, but in the transmission of emergency messages it radiates 10,000. In the evening, however, the amateur radio service of which J. J. McVicar is secretary, cooperates with the army in transmitting by radiophone programs of entertainment and instruction. While the service is of great interest to transmitting enthusiasts, it is also a source of great interest and value to radiophony enthusiasts in general. It is devoted to music, monologues, addresses on topics of wide interest and the like. The station is located in radio circles as station WVP and operates on 1150 meter.

MINSTREL SHOW

MUNICIPAL DISTRICT

OF CLOVER BAR NO. 517

Last Wednesday the long continued practice and rehearsal of the minstrel troupe in a cinema, and a glorious climax at that. Great interest had been aroused by these rehearsals and the advance notices in The Record, so much so, that the reserved seats were practically all taken during the first day they were on sale. This fact, in the opinion of the committee, necessitated a second performance, and it was decided to repeat on the following evening. The committee is to be congratulated upon their judgment; there was a crowded house both Wednesday and Thursday, and a good many people would have been disappointed if one performance had been deemed sufficient.

From the moment the curtain went up to the last number the audience had the time of their lives; at one time roaring with laughter at the merry quips and jests, at another, listening appreciatively to the well rendered songs and choruses. The soloists were: Dr. Money—Who Built the Ark; P. S. Truby—Good Bye, Miss Jane; A. W. Thompson—All Aboard for Dixie; J. W. E. Markle—Friend-o'-Mine, evince His Night; M. Sutherland—Swim, Swim, Swim; H. Thomas—Down Where the Swanee River Flows; E. Barnett—The Sturgeon View; F. J. Stanley—The Mac-o' Warrent, merrily King Darryl K. Nichol—Swanee Shore; R. E. Staples—Nobody—supported by quartette accompaniment under direction of J. Money; Rev. Hoffman—When the Midnight Choo chos Leaves for Alabama; B. Corcoran sang contrabasso a soft shoe dance in good style.

Mr. S. O. Jones was the interlocutor and the remainder of the minstrel consisted of Messrs. Black, Cook, Kidney, McClellan, Dalgetty, M. Barnett, O'Brien, Earl Graham, Wright, Walton, Mager, Ray, Rogers and Dawson. Dr. Grunert was accompanist and his work throughout was deserving of the highest praise.

At the first performance the olio proved to be of too long duration, and two items, which were really very good and well worthy of a place at any minstrel performance, had to be discarded on Thursday evening. The olio consisted of a female improvisation at stage dancing by M. Barnett; quartette Messrs. Markle, Sutherland, Stanley and Staples; discourse by colored gentleman, Rev. Hoffman; an exhibition of mind reading and magic by J. D. MacLean; Monkey quartette, Messrs. M. Barnett, P. S. Truby, E. M. Ray and E. Barnett; Sextette from the musical comedy "Florodora" (burlesque) consisting, Dr. Money, George Cook, H. Hinet; bucka, A. M. Sutherland, J. W. E. Markle, K. Nichol. The last mentioned item was especially praiseworthy and was personally rehearsed by Mrs. Grunert.

Mr. F. J. Stanley was musical director and producer. The unqualified success of the troupe must have been a matter of gratification to his palate and his fitting reward for his patience and ability.

The costumes were by the end men of the minstrel troupe. A number of distinguished citizens of Edmontone came down for the show on Wednesday. They started there at 7:30, two or three cars having to turn back, finding it impossible to continue on account of the roads. Among those

The Council of the Municipal District of Clover Bar, No. 517, held their third meeting of the year on Saturday, May 26th, with all the members in attendance.

A communication was read from the Deputy Minister of Public Works, in which he intimated that the Department would take care of the maintenance of the Clover Bar Road through the Beaver Hills District.

Mr. Graham, Engineer, attended and explained how the Department proposed spending the money allotted to a constituency for road building purposes. He stated that the resident engineers of the Province had worked out a scheme dividing the amount allotted to a constituency among the various municipalities in its area. Mr. Graham is the engineer in which the Municipality is situated.

Messrs. Lonsa, Plintoff and Jolliffe attended the meeting to support a resolution sent in by the residents of Partridge Hill, petitioning the Council to purchase the portion of land in the Partridge Hill district for a recreation ground and site for a community hall. The matter was left over until the next meeting for further discussion.

Messrs. Kinnaird & Henderson, Edmonton, were appointed auditors for the District for 1922.

The levy placed on the District by the Workmen's Compensation Board was again the matter of much discussion. Finally it was left over until the next meeting in order that information could be ascertained as to what action other districts had taken in meeting this obligation.

A request was made by the Council by a resident of the District for permission to purchase a number of lots in the Crescent View subdivision, acquired by the District through tax recovery proceedings.

Each division was voted fifteen hundred dollars for labor for the current year.

On the passing of pay sheets totalling \$360.00, the meeting adjourned until Saturday, 2nd June.

Owing to the unsettled state of the weather the garden party arranged by the W.A. of St. George's Church will be postponed till a later date.

Who did succeed in getting here were included Mr. Hopburn and Mr. Clayt. Adams, and men of the Rotarian minstrel. Mr. Allen of the Allen Playmen, and Mr. Winstler, part owner of the Eskimo baseball Club.

On Thursday evening more of Edmontone's elite took in the performance amongst these were Ald. Jos. Adair, Ald. E. A. Blatchford and Mr. Joe Clarke, ex-mayor of Edmontone, with their families, several other prominent Elks, Rev. Canon Ingram-Johnston, Mr. D. G. Markle, brother of J. W. E. Markle, with several ladies. After the performance these visitors were entertained to lunch at the Memorial hall.

A number of distinguished citizens of Edmontone came down for the show on Wednesday. They started there at 7:30, two or three cars having to turn back, finding it impossible to continue on account of the roads. Among those

We shipped one car of hogs and one car of cattle to Edmonton Stock Yards last week. The cattle market has been improving each week and looks like a steady market this summer.

The farmers that have been feeding the right kind of stock through the past winter, and shipped it co-operatively, were well pleased and well paid for their labor and work.

Make plans now to feed a bunch of steers next winter. If you haven't got them we can get them for you, and the kind that will make you money.

Mrs. Glover is visiting at the home of her mother at Sanguin.

Mr. and Mrs. C. H. W. Mager spent the week end in Edmonton.

Misses Minnie and Dor. Bowden of Battleford, Sask., are spending a few days at the Queen's Hotel.

Mr. and Mrs. Geo. Wilson are contemplating leaving shortly for an extended visit to their relatives in Ulster, Ireland.

Having severed her connection with the Harry Rumble general store, Miss Ruth Norhol of the Fort is enjoying a holiday with her sister, Mrs. Grant, of Sanguin.

Rev. Gerald McComa, B.A., who it will be remembered was at one time rector of St. George's church, Fort Saskatchewan, was recently inducted rector of St. Luke's church at Red Deer by the Lord Bishop of Calgary.

The meeting of the Women's Institute was held in the Memorial Hall on May 11. A large number of the members were in attendance. Mrs. Lane gave an interesting demonstration of summer dishes and also gave recipes for same. The table was prettily decorated with samples and members were invited to test them. After the usual business all adjourned to the buffet room where a farewell treat was given in honor of the retiring treasurer, Mrs. H. Rumble, whom all were very sorry to lose after three years acting as treasurer. The members joined in singing "For She's a Jolly Good Fellow" and "Auld Lang Syne". After a very pleasant afternoon the meeting then closed.

NOTORIOUS FISHERMAN HOOKED

Swallowing bait, brook, line and everything, Arthur Cook was landed by another renowned angler last week. The bait placed before him was a fine Overland touring car and its excellencies were extolled so highly by Alex. B. Smith, who is some raconteur himself, that Arthur bit and is now the proud possessor of said car. He will from now on be one of the busiest men in town and it is just as well he is not a member of any trade union, for he will be putting in some long days this summer. To the relief of his friends and future audiences seat and variety will be added to his list of short stories of long fish. He will now be able to intersperse them with the number of hills his car can climb on high, the time he tarried such and such a corner on two wheels, etc., etc. There is no doubt but what Arthur will get full value out of his purchase.

Many of the farmers in this district have finished seeding and before end of present week all the wheat, oats and barley will have been sown. Wheat is almost all instances, is now above ground, and showing a height of between four to eight inches. The late snowfalls, combined with the one continuous night and day's rain of a week ago put the growth in excellent condition. The soil has now enough moisture to last for a considerable time and if the weather turned a little warmer the grain would undoubtedly mount upwards at a tremendous rate. Though grain prices have advanced a few points during past week, little or no hauling to elevators is being done.

The teacher just now is having a grand old time. At the beginning of May, nine children who had just reached school age put in an appearance. Not a single one of the number could speak a word of English, and, as first lessons are generally productive of a good deal of fun, the bigger pupils were more or less highly amused during the first few days when the nine were up for lessons. This is all over now and these same youngsters understand the teacher and what he says to such an extent that their short lessons move along smoothly, quietly and fairly intelligently. It is too bad that more English is not spoken in those homes where the parents and grown up boys and girls know enough of the language to carry on a conversation. It would greatly aid the children in their school work and help to lessen the teacher's difficulties. In many cases, in fact in most, not a word of English is spoken from the time the child leaves school in the evening until he or she appears on the play ground next morning.

Andrew Baskley was in Chipman on business on Saturday, and Luke Witell, his neighbor and brother-in-law, stayed in the home afterwards.

Mr. Harry Beaupre, John Foden and a few other farmers nearby brought logs to the Chipman market on Friday and disposed of them to John Wardenburg.

Congratulations to Mr. and Mrs. Andrew Baskley on the birth of a daughter, April 28. Mother and baby are doing so well that they were out visiting on Sunday, May 11.

A meeting of the trustees of Huron S.D. 1497 was held a week ago and notice is set for a special meeting of trustees and ratepayers at which meeting the attendance at the school of non-resident children will be discussed.

Talk of hard times and little money. No one seems to be in distress in this particular part of country. Rather the reverse. The Swetick brothers bought a car in Edmonton a couple of weeks ago and the Chazewuk brothers purchased a new one in Lacombe last week.

The roads around here are not too good for sailing. The surface is very rough and uneven, and until more traffic has passed over it and levelled it somewhat, motoring will be none too pleasant. There are, however, no mud holes to hold one up. The main roads have had the drag over them and they are in fairly good shape.

Harry Chumick, our local postmaster, has sent in his resignation. May have already expressed their regret at his having done so, but Harry's new firm, three miles northwest, is just a trifle too far distant to be convenient as a post office for Krakow people. Harry is not going far away but he will be sadly missed in post office work and by those people also for whom he was always ready and willing to do odd and end jobs in town on his Saturday mail-day trip.

"12" car, proved an unlucky number to the passengers who left on the C.P.R. train Number 6, Edmonton, May 12th, when the engine, tender and baggage car were back smashed as a result of leaving the track, caused, it is presumed, by a split rail. The first two figures of the tender number were 12, the combined number (1227) made 13 and the accident happened on the 12th of the month. Fortunately no passenger or member of the crew was injured. The total delay caused was two hours and twenty minutes. The train was due to leave the city at 8:30, and it finally was cleared at 10:50. The accident occurred near 116th Avenue. Pictures show debris being cleared away.

EDMONTON JOURNAL'S RADIO CONCERT

An invasion of the town occurred on Tuesday morning when the representatives of the Edmonton Journal's radio staff, Mr. Webb and Mr. Green, stepped off the train and immediately proceeded to get busy. They had bills printed at The Record office in record time, found means of communicating with the people in the country, interviewed the mayor, and attended to the hundred and one details necessary to attain their object, which was to give a radio concert in the town in the evening.

A committee of five was nominated to assist them, the committee consisting of Mayor R. E. Staples, Dr. McCreary, F. A. Walker, S. O. Jones and D. Roberts.

Simmons' Hall was well filled at 8 o'clock and following a real of moving pictures, Mr. Webb informed the audience that it was owing to the generosity of the Edmonton Journal that the demonstration was made possible. The Edmonton Journal had the honor of installing the first broadcasting station west of Winnipeg and by means of these concerts were making it possible for everyone in the surrounding country to have a taste of the pleasures which are now within their reach. Mr. Green briefly explained the principles of radio, the latest science to be used by man for the widening of his knowledge and for his edification. The "juice" was then turned on and for the first time for the majority of the audience the program broadcast was heard. There were in addition several comments which travelled through the ether which were complimentary to some of our institutions and fellow citizens, but unfortunately they could not be heard very distinctly, nor could the musical numbers be said to be excellent. The reason for this was later discovered to be a faulty battery. A wonderful improvement was evident when a new battery, kindly supplied by Ed. Barrett of the McLaughlin garage, was connected up. It's a pity, this being the first opportunity most of the audience had had to attend a demonstration of this kind, that it was not heard at its best, but enough was heard to make most marvel, and to wonder to what possibilities it would eventually lead.

At the conclusion of the radio concert, the film "O'Halley of the Movies" was shown and much enjoyed.

About noon on Monday a dinner was served on the premises of E. O. Williams, three miles north of Gibbons Station. The house, a pretty one of bungalow design, was completely destroyed. Most of the household goods and effects were destroyed. There is some insurance.

The town is going to a great deal of trouble and expense in order to beautify the streets by planting and watering young trees. Any tree, young or old, caught destroying or injuring them should be severely dealt with.

A very small crowd attended Smith's dance Wednesday night. The attendance was no doubt affected by the heat prevailing during the day and the fact that most people had been enjoying themselves and were tired when evening came. Giltner's orchestra played in their usual good form and the lunch was all that could be desired.

James Graham has closed out his blacksmith business owing to his not being able to give it his personal attention. The shop will still be operated and he feels sure that all former customers' requirements will be well taken care of by the present occupant, H. E. Barclay.

Mr. Ford of Clyde, Mr. Shaver and his nephew, Paul Smith of Clévé, are visiting at Mrs. A. Thorne's.

Mr. and Mrs. McCoy and Misses Bennett of Edmonton spent Sunday at M. Ledy's.

ART EXHIBIT AT FORT SASK. SCHOOL

The third annual exhibit of art subjects was held at the Fort Saskatchewan public school on Tuesday afternoon. Exhibits from every grade were on view and ranged from the crude but promising efforts of the youngest scholars to the intricate masterpieces of the higher grades. From the mat weaving, stick prints and crayon drawings of still life the infant classes to the ambitious and beautifully executed sketches, designs, lettering and illustrative work of the older scholars in every art, and in an object lesson to the beholder. In imagination one can realize the intervening years of effort on the part of the scholar and the painstaking care and patience of the teacher. Mr. Kenbrough and his very able staff of teachers are to be complimented upon this exhibit. If every subject studied shows such excellent results, and we have every reason to believe they do, the teaching staff of the Fort Saskatchewan school is accomplishing wonders.

Pleasant View

A joint U.F.W.A. meeting was held at the home of Mrs. E. Walker on Wednesday last. The following locals were represented: Victoria, Partridge Hill, Fort Saskatchewan and Pleasant View. There were 6 ladies, besides children and men, present. The president of each local gave an interesting account of the work accomplished during the past year in her district. A musical program was given by the following: Miss Hennig, instrumental; Mrs. S. Wilson, the instrumental; Mrs. Day, Right; Mrs. S. Thorne and Miss Katie Thorne. After the business had all been transacted a dainty lunch was served. Mrs. Walker ably performed her duty as hostess as well as being the president of the meeting.

A Thorne is engaged these days in erecting a basement for a new house, to be erected in the future.

G. Horton, formerly of this district, has purchased a farm, stock, equipment and a Chevrolet touring car. This looks promising.

H. Gaus and family and Mrs. J. W. E. Magee motored to Edmonton during the past week through the U.F.A.

We are pleased to report that Mrs. A. Whitson is improving rapidly and it is expected that she will soon be able to leave the hospital.

G. Kelly and family are at present confined to their homes with an attack of measles.

H. Osley, Editor and Publisher

FORT SASKATCHEWAN, ALBERTA, WEDNESDAY, MAY 19, 1922

There is so much encouragement to be derived from a perusal of this extract from the Monthly Commercial Letter issued by the Canadian Bank of Commerce, Toronto, Canada, that we feel that we should share it with our readers. "Normal weather and the satisfactory condition of the soil have enabled more seeding to be completed than has been usual on this date in recent years. Farmers are encouraged in their renewed spring sowing because of the prevalence of wheat, which indicates heavy delivery of country points. The probability now is that the reduced receipts of wheat produced last year will exceed the official estimate of production. The attitude of the farmers as well as of the commercial bodies in Western Canada is decidedly more hopeful at present than it has been for some months."

"During the past few weeks a steadily increasing number of reports from industrial centres indicate that orders are satisfactory, manufacturing operations on a larger scale. At the same time in all the provinces there has been a revival of retail trade. This improvement is seasonal to a large extent, but it is accompanied by a degree of optimism and confidence that has not been in evidence since the farmers which they abandoned in discouragement at the heavy fall in the price of farm products and the exceptionally unfavorable weather conditions. Still, it is not the position of the farmer towards the end of last year, it was not more difficult than the position of those engaged in many other lines of business. It would appear from the evident determination to maintain the acreage under crop and levels of live stock at the level of past years, and to cultivate the soil more sources of new revenues, that altogether a more hopeful view of the future is now held. An official statement indicates that the average prepared for this season in Manitoba has actually increased, and unofficial reports indicate that there has been no decrease in other Western provinces. It is noteworthy, however, that purchases are, as a rule, still confined to necessities, and that the volume of the latter, and of the credit required to provide for them, continues to increase during periods of adversity."

"Although commercial pessimism throughout Canada, and particularly in the prairie provinces, are still far from being unduly exaggerated, the demand on the part of farmers for short-term credit and mortgage loans is not as insistent as at the close of last year, and the requests for seed-grain loans from the government or the municipalities are much less numerous than anticipated. The improvement is due to the rise in prices of farm products; for instance, No. 1 Northern Wheat (Fort William basis) sold on April 15 at \$1.65 per bushel as compared with \$1.07 in January last. The advance is substantial, and the expectation of lower freight rates, lower prices for the articles the farmer must buy in order to carry on his operations, and lower wages, forms the basis of the new optimism in the West."

"Since the beginning of the current year the prices of hogs have risen relatively higher than that of other live stock, and in consequence shipments to the principal markets have increased largely, while those of other live stock have in many cases decreased."

By PAUL WEST

This world's a diamond, with the bases laid,
And on its life's great game of ball is played.
The teams are Human Beings versus Fate,
And Time's the umpire watching by the plate.
We're at the bat. Our purpose o'er and o'er
To wield Andie's club and try to score.
To try to solve the curve the pitcher throws,
And him the Sphere where not a felder goes.
Some of us seem to bat with skill tomorrow,
Ere long long homers o'er the deep field fence,
Others butt heads into bats wildly rare,
And beat the ball down to the primal base,
Still others, though they strive their best, no doubt,
Fan wildly at the air, and then—strike out;
Then seek the bench, downcast, with vengeful dreams,
Confession, shamefaced, hiss, confusion goes!
Or rag the umpire, growling like a bear:
"You robber! That decision wasn't fair!"

That's not the game! Be not a growler or a grouch!
What though your bat is straight? Still better!
You've got another chance. Stand to the plate,
Grab tight your bat, get broad and calmly wait
Wait for a good one. Let the others rip,
And when it comes—swish!—Lance it! Swish! and nip!
It's got to go! And so must you, old man!
Like for the base. Keep going—yes, you can!
Second! Second! Good! Now, swing—not too gay!
There! Up! A hit! A hit! Now you're away!
Keep on! Don't stop! Don't lose that dandy stride!
You've got to beat the man—Slit! Swish! Swish!
Hurrah! You did it! Score! Of course you scored!
You're there—your tally marked up on the board!
And now you'll win the game—no doubt at all!
You just can't lose, old man, if you'll PLAY BALL!

We shipped one car of hogs and one car of cattle to Edmonton and Calgary last week. The cattle market has been improving each week and looks like a steady market this summer.
The farmers that have been feeding the right kind of stock through the past winter, and shipped it to us—especially, were well pleased and well paid for their labor and work.
Make plans now to feed a bunch of steers next winter. If you haven't got them we can get them for you, and the kind that will make you money.

MEETING OF RATEPAYERS

Last Friday evening a meeting of ratepayers was held at the town hall to discuss the new agreement for the supply of electric light to the town by the government. The mayor gave a brief review of the proposed agreement. It would appear that the plan which is at present supplying the needs of the town is overvalued and in order to supply a satisfactory amount of electricity at a lower rate, it is necessary that the municipal council should be prepared to make the necessary outlay for more machinery, providing the town is willing to sign a contract for five years at 10¢ per kilowatt for the balance of present contract year and 12¢ per k.w. for the ensuing period. This increased price is the lowest the town can be supplied at without the government operating at a loss. A vote of the burgesses was taken on Monday, 22nd inst., the result of the poll being 99 in favor of the agreement and two against.

WHY THE PRINTER LOST A GOOD JOB

One in Missouri a farmer gave a printing office an order for sale bills. The job was promised for June 30th. The date being just before the prolonged drought started, the printer decided to take a few party drinks. He took several. Then he happened to remember the bills that were promised for delivery that day and staggered to the office to get out the job. The farmer asked for them, took them home and the next day started to put them up. This was what he read when he came down to the list of articles for sale:

35 cows broke to work; 11 head of cutters coming in down; 10 head of shovelling beans with crops by side; 8 piano mares; 120 rods of canvas better than new; De Laval cow with ice cream attachment; McCormick binder in feed; Poland China boobyard due to farrow in April; 14 head of chickens with grass seed attachments in good working order; 2 1/2 Case heifers good as new; spraying outfit can be ridden by children; 15 belly goats; 70 bushels cabbages; many other articles too numerous to mention, which I expect to get at night between now and sale.

Long Suffering.

How's Business?

Advertising, backed up by the right spirit, the right goods and the right service, can rescue a sinking business and will make a prosperous business more masterful in its own community.

When John Wanamaker, the Prince of Merchants, began business, he resolved to force matters. He was not content to WAIT to be found out—he DETERMINED TO BE found out. In short, he advertised. He threw on his business, small as it was, the light of publicity, and the public of Philadelphia entered the shop on which the light shone.

In this community the public is entering those shops on which the light of advertising is falling.

A WORD TO THE PUBLIC

Be sure of this: those who are using our columns week after week do not give you poorer goods or service, or have higher prices.

Shops which are illumined by advertising court your favor with full confidence.

SHOP WHERE YOU ARE INVITED TO SHOP

I take this opportunity of announcing to the residents of Fort Saskatchewan and District that I have bought the business lately conducted by Mr. Harry Rumble and hope by

Good Service and Quality to earn a share of your patronage.

Social and Personal

Mr. and Mrs. Nader and Miss Fairman spent the holiday at Vegreville.

Mr. Bantz held a four table bridge party Tuesday evening.

Mr. J. Thompson of Lloydminster is visiting at the home of Mrs. Libbey.

Misses White, Mr. White and Mr. McGillivuddy, Edmonton, were visitors at the home of Mr. and Mrs. C. R. W. Mager.

Mr. J. R. Grant of Winnipeg, who is on route from Los Angeles, Cal., where he spent the winter, visited with Mr. and Mrs. Augustine this week. Mrs. Augustine is a niece of Mr. Grant's.

Mr. and Mrs. Mager visited the farm of Mr. Lind Wednesday. Mr. Lind is having his house renovated in preparation of the arrival of his mother and five sisters, who sail from England on June 19.

A series of tennis tournaments are in progress at the Union tennis grounds. Mixed doubles, ladies' doubles, ladies' singles, men's doubles and men's singles are all part of the program, and the process of elimination is going on apace.

ARMENIAN ORPHAN RELIEF

A canvasser of the town of Fort Saskatchewan on behalf of the starving children of Armenia will be carried out on Monday, June 5. A large committee of the men of the town will make the canvass. Included in the committee are a score of the business and professional men.

Almost everybody who reads is familiar with many facts of the Armenian situation. A Christian nation has been practically annihilated as far as men are concerned and now one quarter of a million children under nine years of age are being fed by the gifts of North American people. This feeding must continue for at least two years for we must "Save the Kiddies". Relief is being given only to children under nine years of age.

Every cent contributed is invested for food for the starving as Cleveland B. Dodge of Dodge Bros. Motors pays all expenses of administration.

There have been many appeals to you but don't turn this one aside—"Inasmuch as you have done it unto one of the least of these, ye have done it unto Me."

See literature in the show window of Messrs. Jones, Graham and O'Brien.

A demonstration of radio receiving sets was given by Mr. Dobry at the day evening. Mr. Dobry is the representative of the Hiram Electric of Edmonton. The receiving sets are very handsome in appearance and were especially designed by the Marconi Co. Besides being a thing of beauty the set used in the demonstration was three with the goods. The Edmonton Journal concert could be heard clearly and distinctly. Hundreds visited the hotel to hear and observe for themselves. They were entirely satisfied with the results obtained.

Adroosan

Our much needed moisture came this past week in the form of a rain-storm. Everything is beginning to look green and coming right along.

Mr. Adams of Fort Saskatchewan, has taken charge of Col. Newcomen's farm.

Mr. and Mrs. Judge have taken a honeymoon at Plover, Alta., and moved there this week.

Mr. Moore of Good Hope, has leased the Asperden farm and intends to pasture cattle this summer.

The U.F.W.A. picnic will be held on May 24th at Adroosan with baseball and sports of every kind. The Organized men's dance will be held at night.

John M. Imrie, managing director of the Edmonton Journal, was in town Tuesday evening.

Football players of all ages have been kicking the ball around during the last two weeks. There is some promising talent in this town and with a little encouragement and organization a team could be raised which would make any team outside of Edmonton step out.

Last Wednesday, a Port school boy, "Kelly" Walker, picked up the Edmonton Journal concert with a home-made radio receiver made by himself, connecting to the devotions in the Edmonton Journal. Some one was also picked up with this amateur portable last night, but was being transmitted too fast for the boy to read.

Major Dwyer of Calgary, Inspector of Childs, inspected the Port Blacksmiths Cadet Corps, No. 118, last Friday. After the inspection he addressed the boys on the value of physical training. He was pleased with the conduct and appearance of the boys. The boys are very much disappointed there is to be no camp this year, but the powers that be have decreed that it cannot be done at the present time.

Quite a number of people from this district availed themselves of the opportunity to see and hear the Home Guards band last Saturday. They were well rewarded for making the journey to Edmonton. The band is one of the best in the world, in part of one of the best regiments in the British army and their magnificent uniforms in a touch of the mother land we rarely have the opportunity to enjoy.

SCOTS GUARDS BAND VISITS EDMONTON

On Saturday, May 26th, the long-looked-forward-to visit of the famous Scots Guard Band became an actual fact. More than 10,000 people took advantage of the opportunity afforded them to hear England's premier regimental band. Between the afternoon and evening concerts the officers of the local regiments entertained Lieut. Woods, the Musical Director, and Dr. Harrison, to a mass dinner at the Prince of Wales Armouries. Above group shows the officers in attendance. Lieut. Woods will be seen in the center, while Dr. Harrison is fourth from right, next to Col. Weaver, both in civilian clothes.

FORT MINSTRELS DARKEN
BRUDERHEIM ATMOSPHERE

In all ten cars loaded with members of the Fort Minstrels and their adherents, set out for Bruderheim on Monday evening. Everybody was in high spirits and the road to their destination soon opened up.

The minstrel performance took place in the hall of the Walker school, where accommodations had been made ready by F. A. Walker and his assistants. With the aid of a sloping floor, the temporary stage and seating accommodation were all that could be desired, the only weakness being the matter of ingress and egress to the stage, which difficulty could not be overcome.

The boys were in good form and notwithstanding the fact that the acoustics of the room were not very good, not over the songs, choruses and jokes in good style, apparently undisturbed by the absence of such high-faluting things as good acoustics. The large audience greatly appreciated the performance as a whole, many members of it being exceedingly complimentary in their comments. The jokes on the well-known members of the community were well received and now that the cat is out of the bag and the fact so well advertised, there is no doubt but what the game of "Pigs in clover" will have many more players than formerly.

Whether out of gratitude at learning for the first time who was responsible for the building of the art or whether out of sheer good fellowship we are not able to say, but a very kind invitation was received by the troupe and their friends to adjourn to the home of Henry Machmeyer, a well-known old-timer of the district, for refreshment before leaving for the Fort.

Needless to state the offer was accepted and the boys, black, white and 'all-and 'alf, filled three large rooms with their presence. Appropriate refreshment was served and heartily enjoyed. Dr. Grimmer, formerly of the district, and his family found his way to the piano and sang and chorused for some time made the within ring, whatever that means. At any rate, repairs to the roof were found necessary next morning. The session ended with "For He's a Jolly Good Fellow" and three choruses and two cigars for mine host, whose last question, so it is reported, was, "who built the art?"

Good Hope

Mrs. Davidson of Ross Creek is a visitor at her daughter's, Mrs. Tom Mager.

Mrs. Banner of Codrington, was a visitor last week at her mother's, Mrs. Breton.

Fishing seems to be fairly good this spring at Ross Creek. Quite a number of Good Hoppers are being taken. Mr. Pomeroy reports a catch of fifty three.

The next meeting of the U. F. A. will be on June 5th. A full turnout is expected.

Our correspondent at Stumpville reports a new boat was launched at the mouth of the river. It is said that Ritchie and Bacon are the builders. It has not yet been christened.

DEATH OF MRS. BECK
AT CHILLIWACK, B.C.

The death occurred on Monday at Chilliwack B.C., of Mrs. A. Beck of Port Saskatchewan. Mrs. Beck had been ill for a considerable length of time and, acting upon medical advice, she went to Chilliwack about three weeks ago accompanied by her sister, Miss Dorrance, who it may be remembered gave an interesting talk at the Women's Institute meeting some time ago upon living conditions in Vienna during war times. At the mother's request the children were sent out to her at Chilliwack last week. Word was received Monday that Mrs. Beck was in a serious condition and on Monday she passed away. Mr. Beck left for Chilliwack Monday night, he being unfortunately situated he could not leave immediately upon receipt of earlier news. The funeral services took place at the bereaved husband, sister and children.

Portion of Weekly News Bulletin issued by Publicity Commissioner Government Buildings

Prof. W. E. Catter, geologist of the University of Alberta left Calgary for a trip by the Bow river and Saskatchewan river, in a rowboat for Winnipeg, the object of the trip being to secure fossils. It is stated that it is ten years since the trip has been attempted.

The annual convention of Women's Institutes of Alberta will be held this year in Calgary, from June 18 to June 21, the session being held at the ballroom of the Palliser Hotel. A most comprehensive program is being prepared, and it is expected that the convention will be a very large one.

A delegation has presented a request to Hon. E. G. Reid, minister of health, that some plan be adopted to make use of unused agricultural school buildings as detention homes for juvenile delinquents in the province. The delegation stated that the need of such homes was very great in the province.

According to an estimate prepared by the crop statisticians of the agricultural department, there is very little increase in acreage in wheat in the province this year, but a considerable increase in acreage in oats. Returns have not yet been completed.

Crop Statistics
In co-operation with the Dominion Bureau of Statistics, the crop statistics branch of the agricultural department has circulated among farmers of the province schedules for the collection of statistics regarding acreage in crop and livestock sold since June, 1921, and that now on hand. Farmers are urged to fill in these schedules as soon as possible and return them to the office of the Publicity Commissioner, Government Buildings, Edmonton.

RED CROSS

The Port Saskatchewan Branch of the Red Cross is in receipt of a bale of new bedding and clothing donated by the Victoria Local U.F.W.A., which is being forwarded to the Calgary office for the relief work in the south. Many thanks are due the Victoria U.F.W.A. for this generous donation.

THE RECORD

H. Tracy, Editor and Publisher

FORT SASKATCHEWAN, ALBERTA WEDNESDAY, MAY 31st, 1922

Believing that it is due to forgetfulness only that a goodly number of our readers have not yet come forward with their subscriptions, we once more beg to remind you that The Record is a separate and distinct business, having no connection with The Conservator. In order to overcome the forgetfulness on the part of so many whose remissness grievously affects the commercial end of this business, we have inclosed a reminder which can scarcely be overlooked and which will occupy but two minutes of your time to attend to should you happen to be one of those readers whose subscription is due. "Do it now" is a much over-worked slogan, but is particularly applicable in this case. So "do it now!"

Circular letters have been mailed to different people in this town by an outside printing firm offering to print letterheads and envelopes at what they claim to be bargain prices. There is no doubt that anyone giving in an order to this firm would get the worth of their money, but after the express charges had been met, and taking into consideration the fact that the letterheads are slightly smaller than the usual size, they can do just as well and assuredly have better service by placing their order with The Record. Why should anyone send their money out of town when the same quality and class of work can be obtained in their own town? Give this little idea your consideration and remember that the small amount of profit emanating from each of these three items, namely: subscriptions, advertising and job-printing, are necessary adjuncts to the existence of a weekly newspaper.

Germany Thanks British
Nation for Conference

Berlin, May 30.—Chancellor Wirth reviewed the Geneva conference in the Reichstag yesterday. It was Great Britain, he said, who took the initiative in convoking the conference for the purpose of bringing the peoples of Europe together to discuss and remove the differences existing among the peoples of the world. It was a bold, great and sublime idea, perhaps too great to be realized under present conditions. The absence of the United States and the attitude of France ultimately so restricted the agenda, declared the chancellor, that the European crisis in its full extent could not be included in the discussions but, though the program was restricted they must be thankful to those who, despite all attempts at sabotage, had maintained the original idea of bringing the nations of the earth together.

Dr. Wirth expressed the thanks of the German people and all the allied peoples to Great Britain for her leadership in keeping the conference alive.—Edmonton Journal.

REG. BUNYAN'S SISTER-IN-LAW
FATAL ACCIDENT VICTIM

Reg Bunyan returned Monday morning from a hurried trip to Lethbridge made necessary on account of the death by accident of his sister-in-law, Mrs. John Bunyan. It seems that she, in company with the Miller brothers, who are relatives, was returning from a celebration of the birthday of her grandmother when the car upset at a dangerous point in the road near Kelsey. Mrs. Bunyan was pinned under the car and died from injuries several hours later. One of Miller boys was hurt internally but is recovering. As practically no strike pay is being received by the was slightly bruised and shaken. The funeral of Mrs. Bunyan took place last Saturday.

Why is the balloon dance the best advertised dance held in the Fort for so long time? Because every breath of air put in the balloons was a puff! You don't like that one? No more do we, but we will try another if we get hurt for it. If the balloon dance does not come up to expectations why will the Girls' A.A. feel very foolish! Because there has been so much blarney about it.

LION SINCE STRIKE STARTED

An omission was made in last week's report of the I.F.W.A. meeting held at Mrs. K. Walker's. Mrs. Plintoff gave a most interesting paper on "Characteristics" while Miss Laine's contribution gave an excellent reading. We regret that this omission was made. Mr. and Mrs. Ed Walker and Mr. and Mrs. N. K. Robinson motored to the lake on Sunday.

The local baseball team played the first game of the season with the Fort team on May 28th. As a number of the players were away, the team was not at its best and were defeated by a small margin, although they were in the lead during the first part of the game. They feel confident of victory next time.

Mrs. James Whitson returned home from the hospital in Lamont on Sunday.

Geo. Kelly is engaged in painting his house these days. He is using a monochromatic color scheme in brown.

Val Breckenridge spent the week end visiting friends in Edmonton.

How's Business?

Advertising, backed up by the right spirit, the right goods and the right service, can rescue a sinking business and will make a prosperous business more masterful in its own community.

When John Wanamaker, the Prince of Merchants, began business, he resolved to force matters. He was not content to WAIT to be found out—he DETERMINED TO BE found out. In short, he advertised. He threw on his business, small as it was, the light of publicity, and the public of Philadelphia entered the shop on which the light shone.

In this community the public is entering those shops on which the light of advertising is falling.

A WORD TO THE PUBLIC

Be sure of this: those who are using our columns week after week do not give you poorer goods or service, or have higher prices.

Mr. and Mrs. Geo. Wilson moved to Edmonton on Monday.

Rev. Atkinson attended the Archdeaconry meeting at Edmonton Tuesday.

Rev. Mr. Corbett and Mrs. Corbett moved into Edinboro last week where Mr. Corbett is stationed for the summer.

Rev. M. S. Kerr went to Husby last week and presided at the ordination of Cap. John Graham, M.C., who has succeeded Rev. Mr. Corbett in this charge.

Rev. J. H. Atkinson will be among those attending the farewell banquet to be given by the Ingram Johnston on Thursday at the Macdonald hotel, Edmonton.

Mrs. R. E. Haggles is at present an inmate of Lamont hospital, having recently had an operation performed on her throat. She is progressing nicely and expects to be able to leave the institution in about ten days time.

Mrs. Ingram-Johnson is paying a farewell visit to her parents, Mr. and Mrs. G. J. Dawson, previous to the departure for Georgetown, Grenada, West Indies, where Canon Ingram-Johnson is to take charge of St. George's church.

The regular monthly meeting of the Women's Institute will be held in the Memorial hall on Thursday, June 8th, at 2.30 p.m. This is to be the "English Day" meeting and Mrs. R. G. Fraser and Mrs. G. J. Dawson are in charge. All members and friends are most cordially invited to be present.

ADVERTISING A FACTOR IN PROSPERITY
(By Frank A. Alden, President Garfield Park State Savings Bank of Chicago, in Financial Post)

The success or failure of an advertisement depends much upon how it is written and how it is displayed. The good advertisement must do at least three things: (1) It must attract attention. (2) It must hold attention. (3) It must convince.

Make your advertisements so attractive that everyone who reads them will instinctively feel that they were intended for him or her particular benefit.

After you have spent money on an advertisement, do not rely entirely upon it to close the sale.

There are a number of things that might block a sale, even after the customer has reached your store. For example, are your windows neatly and attractively arranged so that they constitute an invitation to step inside? After entering, does he find your store well lighted, well ventilated? Are the floors cleanly in appearance? Are the show cases and fixtures well polished? Is the merchandise tastefully and properly arranged so that it suggests more purchases other than what the customer originally contemplated?

The strongest link in the chain of building up a business, creating good-will and retaining patronage is "service"—and gentleness, "service" includes courtesy to every customer no matter what the size of the purchase may be. Courtesy endows your business establishment with a cheerful atmosphere which, if coupled with a personal interest in your patron's satisfaction will prove to be an advertising asset, the value of which cannot be estimated. Remember the old saying: "A satisfied customer is one of your best advertisements."

A comment is measured by the activity of its business men. A comment that never has anything to do in a public way, is on the road to the cemetery. Any citizen who will do nothing for his community is helping to dig its grave. A man that "comes" the town, furrows the coffin, the man who is so selfish as to have no time from his business to give affairs his attention is nearing the shroud. The man who will not advertise, in some form or other, is driving to the hearse. The man who is always "going back" from the public enterprise throws bonnets on the grave. The man who is so "stingy" as to howl "hard times" preaches the funeral oration and sings the doxology, and thus the community lies buried from all sorrow and care. Don't be one of the mourners. Be a booster and advertise!

I firmly believe that advertising will be one of the most vital factors in returning prosperity, which I have reason to expect will occur during the present year. Advertising is the very spirit of current events.

In spring the average man's fancy lightly turns to thoughts of gardening—very lightly—Charlestown Daily Mail.

LOCAL NEWS

A Brudy of Edmonton was in town on business Saturday.

Jack Trotter of Sturgenville is now the proud owner of a McLaughlin Motor Tour. It was delivered to him Monday morning.

An error was made in the Women's Institute program for 1932. The date set for "Carbide Day" should have been June 21st, instead of June 11th.

A. E. Sunberg, of Stockholm, Sask., has accepted a position as bookkeeper and stenographer at the office of Alberta Farmers' Lumber Supply Company, Williamson Block.

A picnic will be held at Josephburg school grounds on Saturday, June 2nd. Sports of all kinds and lunch will be served. Also booth on grounds. Everybody is invited.

A basketball game will be played on the Fair grounds on Saturday, June 2, at 5 o'clock. The Hudson's Bay ladies team will play the local girls and a good game is anticipated.

Last call for the Girls' A.A.A. balloon dance which will take place Friday, June 2, at 9 p.m., in the Memorial Hall. Music by Boy's orchestra. Admission: \$1.00; extra lady, 50c.

The U.P.A. and U.P.W.A. annual picnic will be held at Elk Island Park some time in July. The date has not been fixed yet. The expectation is it is to be "bigger and better" than ever.

Next Sunday morning the usual monthly address for boys and girls will be given in the Presbyterian church and at the evening service the local troop of Boy Scouts will parade in the church with the colors.

A window fall of toy balloons vibrating, oscillating and circulating in a grotesque manner advertised in a novel way the coming dance of the Girls' A.A.A. This display created quite a sensation at Graham Bros. store last Saturday.

In order to make both ends come within speaking distance of each other, our staff is out down to a minimum. The editor, therefore has to do a great deal of mechanical work himself and cannot spend as much of his time on the press for news as he would like to. It would be much appreciated if anyone having knowledge of news of interest would kindly pass it along to the office either by phone, message or letter.

Ottawa, May 23.—A letter expressing the King's congratulations to the War Graves commission on the splendid care taken of war graves in France and Belgium has been received through the Canadian high commissioner by the department of external affairs.

REV. CANON JOHNSON TO TAKE NEW POST IN WEST INDIES
Will be Rector of St. George's Church, at Capital of Windward

The Rev. Canon R. T. Ingram-Johnson and family are leaving at the beginning of June for the West Indies. He has accepted the important post of rector of St. George's church, Georgetown, in the island of Grenada. Grenada is the seat of government of the Windward Islands and is very beautiful and is considered the health resort of the Windward group.

Canon Johnson came from England to take charge of St. George's church, Port St. Charles, eleven years ago. He has worked eight years in the city, at St. Luke's, Bonnie Doon, and in his own parish, St. Paul's. He is now rector of the Edmonton diocese—Edmonton Journal.

Rev. Canon Ingram-Johnson leaves for his new post on Saturday, June 2nd.

BASEBALL NOTES

On May 24th, the first ball game of the season was played in the Fort, the local team winning from Pleasant View by a score of 16-13. Despite the fact that this was the first game for both teams, they played good ball, although as the score indicates, the ball was swatted around quite a bit. Batteries were as follows: Pleasant View, Edgins, C. Thorne and J. Nelson. Fort—Westover, Graham, C. Thorne and Hoskins.

LAMOUREUX 2, FORT 12

Thursday, May 24th, the local team were again winners when they defeated the Lamoureux side by a score of 12-2. The local boys played a very messy game and had only one or two bad innings. Moty, doing mound duty for the visitors, pitched a very good game as also did Chabot for the locals. The teams lined up as follows: Lamoureux—Langton, H. W. Moty, B. J. Moty, p. G. Lamoureux, r. J. Goddard, ss; F. Gaudet, 2b; O. Bojajoli, cf; E. Lamoureux, lf; E. Gaudet, rf; Fort—Hodkins, p; Clarke, rf; Kavan, ss; Chabot, p; Hannah, 2b; R. Stuckey, lf; Walker, 3b; R. Turner, lf; Rybko, cf; Ungere, Merv Wright.

EXPERIMENTAL STATION FOR TREATMENT OF LIVE STOCK DISEASES AT OLIVER

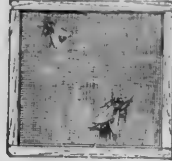

Arrangements are being made by Hon. Geo. Hendley, minister of agriculture, for the establishment of an experimental station for experiments in treatment of live stock diseases at the government farm at Oliver. There is a farm of 900 acres there in connection with the new institute for medical defects and a part of this will be set aside for use of Dr. Percy Talbot, provincial veterinarian, in his valuable experimental work he is carrying on in connection with various diseases of livestock.

NEED RADIO LICENSES

Ottawa, May 23rd.—After June 1st, radio receiving licenses will be issued through the post office department of larger cities as well as through the radio branch of the naval service department. It was announced yesterday, however, all licenses were issued through the latter department. An earlier report that the issuing of the license will be turned over to the post department entirely is incorrect. The fee will be the same as before—one dollar annually.

His Worship Mayor Duggan (centre) opening the new tennis courts of the Westmount Community League on May 24th. Westmount School in background.

Some of the boy scouts of Westmount Troop, Edmonton, taken on May 24th.

Mayor Duggan looks quite at home among these Westmount kiddies. The 24th of May was celebrated by the entire community with a picnic and sports, and the youngsters in particular had a good time.

The above statue is being erected in the centre of Red Deer, Alberta. It is the work of an Edmonton man, Master Frank A. Nickerson, C.R.C., and was cut from a solid block of Winnipeg limestone, the work being done in Edmonton. The pedestal will be 12 feet in height, while the statue itself is 7 feet 6 inches in height. Prof. Cecil Burton, of the Alberta University, was the designer of the pedestal. Picture was taken while the statue was on exhibition at the Edmonton Museum Hall.

JASPER PARK MEMORIAL HALL DEDICATED

The Memorial Hall erected by the Jasper Park branch of the G.W.V.A., was recently dedicated by the Rt. Rev. Bishop Gray, of Edmonton. The Jasper Park branch was started in the fall of 1919, but it was not until September, 1921, that the Ven. got busy on the above building. It is a two-story frame structure, 24-ft by 36-ft. Picture on left shows dedication service, and right, the Bishop chatting to a few friends after the ceremony. Col. R. Maynard Rogers, governor of Jasper Park will be noticed in fifth hat.

THE GIRLS' A. A. A.
BALLOON DANCE

Under the auspices of the Girls' A. A. A. a successful dance was held in the Memorial hall last Friday. The hall was decorated in an original manner with festoons and clusters of toy balloons, which gave the room a very pretty appearance. A large crowd attended, there being in addition to the local folks, with whom the G. A. A. is a popular institution, various from Edmonton, Bruderheim and Sturgeon. Everyone apparently had a good time, some attributing the success of the evening to Boyle's orchestra, which was certainly all there with volume of sound and jazz, the drummer in particular. Much fun was occasioned by means of the balloons in the "balloon special" dance and by the generous offering of confetti. The refreshments were all that could be desired.

BRUDERHEIM BOYS
DEFEAT BOY SCOUTS

Last Monday night by a score of 12-4 the local Boy Scouts went down to defeat at the hands of the Bruderheim boys.

The local boys played good ball but were unable to solve the deliveries of Elder Schultz. The game was most interesting and the local team was most busy for Bruderheim, which was far superior to any of that the Scouts have run up against this season.

Schultz was given good support by his team mates and this, coupled with their timely hitting, was the main factor in the winning of the game.

The Fort boys lined-up as follows: Breckenridge, W. Clarke, Stuckey, Turner, H. Lloyd, Magee, W. Lloyd, C. Clarke and Buchanan.

LOCAL NEWS

"Bude" Kinsahl, Edmonton, spent the week end at his home here. Mr. R. Walton left this week to attend the Presbyterian General Assembly to be held at Winnipeg.

The regular monthly meeting of the City's A. A. A. will be held in the Memorial hall on Tuesday, June 13th at 8 o'clock.

A U. P. A. service will be held in the Memorial hall on Sunday, June 12th, at 8 p.m. Further particulars will be given next week.

The Camp Fire Girls will serve a luncheon in the Presbyterian dining room on Saturday, June 10th, from 2 to 3.30 p.m. Everybody welcome.

Police Magistrate Paul suffered an injury of a minor nature while on duty last week and is still somewhat crippled up from the effects of it.

The ladies of the Methodist church will serve another business men's lunch at the Memorial hall on Saturday evening, June 17th, from 5.30 till 8 o'clock. Price 25c.

Ken Nitch has started a wash rack for automobiles two blocks south of the fire hall. He has all necessary equipment for washing and greasing cars and can give satisfaction in every respect.

We noticed an editorial of ours reprinted in Saturday's edition of the Edmonton Journal, but it was erroneously attributed to the Waterfront Star. It's heading was "This seems also a kid."

Percy Williams is having great success with the offering of his new Fairfax ball, which he obtained from the famous McRae line of Perfection Fairballs. He is offering young balls of this grade for sale.

The canvass being made for the Armenian Starving Children Relief fund is not yet completed, but Rev. Atkinson, chairman of the committee, reports that so far the returns have been most satisfactory and creditable.

L. D. von Iffland has purchased from Mr. Foster the building next to the house sold to Mrs. Wiles. A stove warmer is being put in and in the course of a few days Mr. von Iffland will conduct his gunsmith and general repair business at that place.

Ernest Nelson and Jack Wewers left early Monday morning for Vernon, B.C., where both have had positions offered them to commence July 1st. They are making the journey in a Ford truck by way of Calgary and Medicine Hat and expect to have a whale of a holiday before starting to work.

A garden party will be held under auspices of the ladies of St. George's church on Thursday, June 15th, from 4 till 6 o'clock in the church grounds. There will be various entertainments, including boy's and girl's brigade parade (prizes for best decorated), and they theme parade and drill.

At about 7.45 on Sunday evening an alarm of fire was turned in and majority of the local brigade were on hand to rush with the chemical and hose reels to the house north of the provincial park, where a stack of lumber was burning furiously. The fire had, however, got too good a start and despite all efforts the bag, of which there was about 25 tons, was entirely destroyed. The origin of the fire is unknown.

MUNICIPAL DISTRICT OF CLOVER BAR No. 251

The Council of the Municipal District of Clover Bar, No. 251, held their fourth meeting of the year on Saturday, 2nd June, with all the members in attendance.

The Council went on record as being strongly opposed to the levy placed on the District by the Workmen's Compensation Board, and a resolution was passed asking the government to amend the Workmen's Compensation Act so as to exclude a municipal district from its operation.

A petition was received, signed by seventy-two ratepayers in Division No. 2, requesting the Council to purchase a plot of land in Div. 2 for recreation purposes. A similar request was received from the residents of Partridge Hill at the last meeting which was left over until this meeting for further discussion. The two petitions were the subject of some lengthy discussion. An

sum of money required to purchase these plots of land would exceed the maximum amount allowed for such an expenditure by the Municipal District Act, the Council decided to submit a by-law to the vote of the electors at the next annual election to ascertain the feeling of the residents regarding the making of such an expenditure.

The Reeves and Mr. Houston made a report on the advisability of opening up a roadway west of the North Clover Bar school house. It was in their opinion not practicable to cut directly through the hill just west of the school house, but as an alternative they suggested making a short deviation around the north side of the hill, which would not only give a better grade but would also reduce the cost of the work.

The Reeves and Mr. Houston were a committee appointed to value the subdivided property acquired by the district through tax recovery proceedings. They were also empowered to dispose of a number of lots in these subdivisions.

Owing to the new provisions of the Domestic Animals Act the secretary was instructed to obtain a supply of branding iron for the poundkeepers.

Mr. Graham, engineer, Dept. of Public Works, attended the meeting and took up with the Council the matter of spending the grant given by the government for road building purposes. An agreement as to where and how this money could be spent was drawn up and signed by the Reeves for submission to the Minister of Public Works for approval. The amount allocated to each division was as follows: Div. 1, \$275.00; Div. 2, \$275.00; Div. 3, \$225.00; Div. 4, \$225.00; Div. 5, \$225.00.

Messrs. Geo. W. Uren, A. Leman and F. K. Mohr were appointed road inspectors for the district. A communication from the Assessment Equalization Board was read intimating that the appeal of the Council had been disallowed.

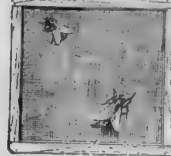

At 8.20 o'clock on the passing of payments and accounts the meeting adjourned until 10 o'clock a.m. Saturday, July 8.

CHRIST CRUCIFIED AT PASSION PLAY

With artistry that raised these peasant actors to the greatest heights, the Oberammergau Passion Play is being enacted for the first time in twelve years. As long as "Christ" is sublime and so realistic is this scene of the crucifixion that many were deeply affected. The peasants of the quiet Bavarian village have been practicing for months and tourists from all over the world have expressed their delight and surprise.

PROVINCIAL GOVERNMENT FIRE INSPECTOR'S VISIT

An inspection of the town was made last Saturday by Mr. James Bruce, provincial government fire inspector, the object of which was to see that every precaution is taken to prevent fires. Inspector Bruce expressed himself as being highly pleased at the reception accorded him by the mayor and council, and by their willingness to co-operate with the department in their object.

Inspector Bruce handed a nice bouquet to Joe Chabot in the following, which is the substance of his report: Two old buildings were ordered to be torn down. Strongly recommended a Good Building By-Law be put in force as soon as possible, also that great care should be taken by the owners of the large frame buildings as some of these might be the cause of serious fires.

Fire hall and equipment is in splendid condition, consider it one of the neatest and best kept fire halls outside the large cities, great credit being due the person in-charge of it.

Storekeepers and business men generally can assist greatly in fire prevention work by paying particular attention to the storage of material in the basements and not allowing inflammable material to be around the yards in rear of their premises.

AWKWARD FOR THE CAPTAIN

Here is a little story told by Admiral Sir Charles Dundas in "An Admiral's Yarns" (Herbert Jenkins):

"A naval captain, of some distinction, was cruising about on a day when he ran alongside a nice-looking little craft, a house boat and spruce appearance attracted his attention. Sailing up under her lee quarter, he dipped his colors, and, receiving a gracious reply, they bore along in company."

"During the course of the afternoon, which they spent together, he took her to the theatre, where they sat in the stalls. At the end of the second act a note was handed to the captain, which he opened and read as follows:

"Dear Captain:—When you have quite finished with my maid, my dress and my best hat, perhaps you will return them all to No. 127, Park-lane.—Yours truly,"

"The lady who had written the letter was the wife of his own admiral."

FORT SASKATCHEWAN, ALBERTA, WEDNESDAY, JUNE 14, 1922

Twice the elements have threatened to give us a little desired moisture and each time failed us. It is to be hoped that they will soon attend to our needs as every growing thing requires rain. The southern part of the province seems to be, for the present at any rate, getting the bulge on us as regards favorable weather. There is no reason, however, to get downhearted. As an old-timer remarked in our presence in the spring of the year, "this country never failed us yet!"

The flattering report of the Fire Inspector of the provincial government after his recent survey is encouraging. The condemnation of two old buildings may be hard on their respective owners but will benefit the majority by removing what seem to us to be eyesores. The town has been fortunate in escaping fires of any serious proportions; it may be partly through the citizen's own precautions, but whatever the reason, let us not relax our efforts in safeguarding our own and our neighbor's property from fire.

HINTS FOR CAMPERS

Be sure your match is out. Pitch it before throwing it away.

Build a small camp fire. Build it in the open, not against a tree or log or near brush. Scrape away the trash from all around it.

Never leave a campfire, even for a short time, without quenching it with water and then covering it with earth.

Throw pipe stumps and cigar or cigarette stumps in the dust of the road and stamp or pinch out the fire before leaving them. Don't throw pipe stumps and

cigar or cigarette stumps in brush, leaves or pine needles.

COMPLAINTS AGAINST POUND-KEEPERS

Complaints have been received by the department of agriculture that in some cases where cattle have been impounded, these have been sold without being fully or properly advertised. The department will proceed to take steps against any poundkeeper found guilty of improperly or insufficiently describing animals impounded and to be offered for sale.

WEEKLY NEWS BULLETIN

Issued by Publicity Commissioner, Government Buildings, Edmonton. Enquiry is being made into the possibility of establishment of a potato flour plant at Edmonton.

Plowing Matches

Keen interest is being displayed in the plowing matches to be held at various points this year under the direction of the Department of Agriculture. The first one will be held June 17th, at Vermilion, another at Lamont on June 20th, one at Lacombe on June 21st, and one at Hinton on July 7. Numerous other matches, though dates have not yet been set. These matches are held under the auspices of the local agricultural societies and under the supervision of the Department of Agriculture.

It is expected that there will be about 30 field crop competitors in the province this year. Entries are already beginning to come into the office of the Publicity Commissioner in the Department of Agriculture.

Market for Hye

An effort is being made by the Department of Agriculture to establish a market for Alberta live ewes in the west. There is a splendid opening this year in France, Russia and other European countries, and W. J. Stephen, Crop Commissioner of the Department, has already written to the trade commissioners of these countries in an endeavor to secure a market for the hys that Alberta will have to market this fall. It is estimated that there may be about 2,000,000 bushels for export this year.

Thirty ex-members of the Irish constituency, advance party of a greater number to arrive later, have taken up residence in the Lloydminster district where they will become farmers.

The final draft of the new course of public school studies to be put into effect at the beginning of the fall term, was considered by the professional branch of the general committee on re-

vision of the curriculum at a session held in Edmonton the past week.

Farm young people from all parts of the province are meeting for their fourth annual course at the University of Alberta. There is a big enrolment and an interesting program has been provided. The course lasts for a week and includes lectures on various farm activities, but especially it is a week in which the young people of the farms are given instruction in the things that make for good citizenship. There is a regular schedule for sports also. So popular is this annual week because it is one of the young people come back year after year. Among the lecturers on the program are Dean Hovess, University of Alberta; Professor G. H. Cutler, Professor A. A. Dowell, A. E. Ottewill, Professor Strickland, E. A. Lybelle, Chris Marker, Mrs. Clara Fraser, Dr. Percy Talbot, Dr. Archer, Lamont; Miss Smith, D. E. Cameron, Professor Augustine, Professor MacGregor Smith, George Harcourt and others.

Women's Institute Convention

The annual convention of the Women's Institute is in progress this week at Calgary, and will last until Saturday, the convention of girls clubs being held the last two days of the week.

SUNDAY, JUNE 18th, '22
at 2.30 p.m.

Addresses by Rev. M. S. Kerr and Rev. J. H. Atkinson.
Massed Choir under direction of Mr. F. J. Stanley.
Members of all locals and the public are cordially invited to be present.

Social and Personal

Mrs. Dave Nelson left Monday for a two weeks' visit to her son at Grande Prairie.

Mr. and Mrs. W. Patterson, Scarborough, Ont., were visitors last week at the Presbyterian Manse.

Mrs. Rock's father, Mr. R. Field, is staying with Mr. and Mrs. Rodd for some time before leaving for Ireland.

Mrs. Horn, who has been visiting her mother, Mrs. Halstead, leaves on Thursday for her home in Saskatchewan.

Mrs. J. J. Libbey, who underwent an operation last week at the Royal Alexander Hospital, is making favourable progress.

Mrs. Rogers, Mrs. Wilmeroth and Miss Atkinson went to Calgary on Monday to attend the convention of the Alberta Women's Institutes.

Mrs. Elsie Oster, daughter of Mr. and Mrs. C. H. Oster, of Good Hope, was united in marriage to Arnold Schneider of Telford, at the Bruderheim church on Monday, June 5th.

Inspector Field of the R.C.M.P., Edmonton, visited his sister, Mrs. F. E. Rodd, on Saturday last, before he left for Dawson, Yukon, to take charge of the R.C.M.P. in that territory.

Word has been received in the Fort that Mr. and Mrs. Donald McAllister have arrived safely in Scotland, both standing the passage very well. At present they are visiting in England.

Dr. Eldridge Corbett and Mrs. Corbett arrived in the Fort last Monday from Montreal. Dr. Corbett graduated this month from McGill University with double honors in Medicine and Surgery.

Miss Helen Beck, late of the staff of the Calgary general hospital, is visiting her brother and, though no definite arrangements have been made, is for the time being keeping house for Mr. Beck and his two boys.

Mrs. Shaver and daughter, Mrs. Byrn Johnson, from Coleman, are staying with Mr. and Mrs. F. E. Rodd for a few days before returning to Brockton, where Corporal Johnston is in charge of the R.C.M.P. detachment.

Mr. John C. S. Paul and family of Oids will be visitors at the home of Mr. Paul's parents at the Fort on Thursday, they having motored up from Oids. Mr. Paul attended a Masonic convention in Edmonton early in the

week. After paying their respects to the old folks they will continue their journey to Vegreville to visit his brother at that place.

Under the auspices of the Women's Institute, Mrs. Arthur Murphy, one of the lecturers connected with the extension work program, will speak at Fort Saskatchewan on Monday, July 3. She will lecture on "Home and Country."

The regular monthly meeting of the Women's Institute was held on Thursday, June 5th, at the Memorial hall. The hostesses were Mrs. Mooney, Mrs. R. G. Fraser, Mrs. W. M. Corbett, Mrs. G. J. Dawson, Mrs. J. Adamson and Miss Atkinson. Mrs. Adamson and Mrs. Fraser gave interesting papers on "England" which were very much appreciated by all present. Songs and a duet song by Mrs. Dawson and Miss Beryl Fraser were very much enjoyed. Afternoon tea in English style was served in the buffet room which was prettily decorated with lilacs.

STAMP STUDIES; TRAPS LAWYER

A well known lawyer was standing on the steps of the post office the other day, when an old darter came up, and, touching his hat, asked:

"Kin you tell me, sah, is dis de place whar dey sell postage stamps?"

"Yes, uncle, this is the place," replied the lawyer, seeing a chance for a little fun; "but what do you want with postage stamps?"

"To mail a letter, sah, of mine."

"Well, then, you needn't bother about stamps; you don't have to put any on this week."

"Don't?"

"No."

"Why, how come dat?"

"Well, you see, the conglomeration of the hypothesis has differentiated the parallelism so much that the con-

spicuity don't emulate the ordinary effectiveness, and so the Government has decided to send letters free."

The old man took off his hat, scratched his head, and then with a long drawn breath, slowly replied: "Well, boss, dat may be true, sah, I don't say it ain't; but just spose dat de sentimentality of the aggregation transmutates shoates de pappularity of de consequences—could you all qualifications dat de Government would confiscate dat letter. I reckon I just better put some stamps on, anyhow, fer luck!" The crowd laughed and the lawyer disappeared.

A SIGN OF THE TIMES

His nursery had been a stable, his pramulator the withers of his mother's back. He had talked horse, thought horse and ridden horse since his little fat legs could reach midway down the saddle flap. He had farmed with horses, judged army losses and ordered the destitute of five hundred squealing mules.

So when I asked him "What are you working at now," his reply: "I'm advertising cars, trucks and tractors," astounded me.

When I had partially recovered from the shock, I asked him, "Do you really think then that the horse has no place on the roads and farms of the future?"

The street car was slowing down for his stop as he answered "Do you, really think there is a future for buggies in New York?"

He left me thinking.

Appropos Mr. Ray's statements in his ad, this week, it is a fact known to the editor that among Mr. Ray's customers is a father and his four sons who are as well satisfied they could not be enticed elsewhere for their clothing.

NEW MEMBERS OF THE LEGION OF HONOR

Chamery M. Depue (left) and Lyman Abbott have been honored by France. Upon Depue, who recently celebrated his 80th anniversary, France bestowed the decoration of the Order of Officer of the Legion through Ambassador Journeval at Washington, for his work in the interest of France. Rev. Dr. Abbott received his insignia as a Knight of the Legion of Honor at the hands of Consul General Libert in New York City. Dr. Abbott, who is now 84 years old, received his honor for his services to France through the medium of the lecture platform and pulpit.

Pearcy Hopkins Joyce, who through her various love affairs, has a record of social notoriety, as the "Society Girl" of the Continent, recently returned to the United States. Before her departure from Paris the suicide of young Billy Evans, an aviator of the Chilean Legion, shocked Parisian society and the reason for his death was given as war-quilted love for Pearce. She denied any connection between herself and M. Henri Latimer, known as the "Red Hot" man in France—and as for Jack Tempy, why she and Jack are just good friends.

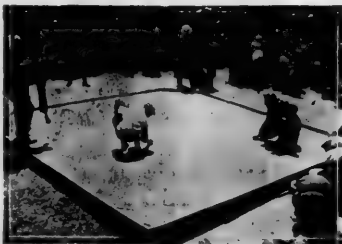

TESTING CATAPULT FOR LAUNCHING AIRPLANES AT SEA

A large wooden block representing the airplane is used for testing purposes to insure that all adjustments of the mechanism are correct. The U.S. Navy, realizing the growing importance of aviation, is planning to equip all battleships and cruisers with two torpedo planes, two spotting planes and two combat planes and two bombers. A launching device such as the catapult shown above is necessary in order for the planes to take off from the deck or top of a turret of a ship at sea.

SUNDAY SERVICES OF U.F.A. AND U.F.W.A.

Under the auspices of the ladies of St. George's Church a very successful garden party and open air dance was held at the exhibition grounds last Thursday. Tea, ice cream and other refreshments were served throughout the afternoon and evening. Several side attractions included in maintaining interest. The fish pond was early shaded dry and the ring the pop game was of a thrilling nature; the palm for popularity must be handed to the fortune telling booth, which did a roaring business. Miss Nan Adamson received the prize for best decorated bicycle and Mr. R. G. Fraser won the guessing competition. The Boy Scouts and Camp Fire Girls paraded to the grounds in the early evening and were put through their paces by Scoutmaster Lamoreux. The open air dancing proved to be a popular attraction. The music was supplied by Gritter's orchestra.

ST. GEORGE'S GARDEN PARTY GREAT SUCCESS

CHILD BURNED PLAY.

Last Wednesday evening the four year old son of Herb Barley was badly burnt as a result of playing with fire. In some manner the little chap procured a match and proceeded to have a bonfire all his own. Shortly afterwards his mother heard a scream and rushing out discovered him to be in flames. Acting upon her first quick thought Mrs. Barley, in order to prevent the flames in jarring the body any more than already been done, turned the child upside down and smothered the fire to the best of her ability by the front position. The burns were by this means confined to the lower part of the body and the legs as far as the knees. They were of a serious nature, however, and in consequence of these and the shock sustained, the child's condition was for a while considered serious. Improvement was apparent at the week end and on Monday the child was conveyed to the home of Mrs. Barley's mother at Edmonton, so that more assistance will be available to provide the attention such a case necessitates.

Announcement

G. M. HALE is opening up a tinshop at the rear of the Fort Hardware about June 25th, where he will specialize in all kinds of jobbing and furnace heating. Estimates given on all kinds of sheet metal work.

Horn To Mr. and Mrs. A. M. Carcadden, on June 15, 1922, a son.

A simple enough announcement of an ordinary, everyday occurrence. Sometimes! But not in this case, dear reader, not in this case. A child with such illustrious forebears will fly high and travel far. In our mind's eye we can imagine his career, when, after the common-sense caused at his first appearance in this stupid world has subsided, he will spend a quiet (except at night time) and uneventful babyhood later attending school and edifying all other scholars by his brilliancy and application to studies. Following in father's footsteps he will enter the bar-ber's business, and will be-leave his rivals. They will go to the wall. We don't know which wall, but they'll go it is well for them they are a versatile bunch as one will be receiving a grant, perhaps more, who knows, one will be making tires for a living and another singing con songs for a meal. By this time it will be quite in order for our hero might as well make a novel of this sort to be elected mayor of the thriving and bustling town of his birth, Fort Saskatchewan; now the swell real-estate district of the great metropolis named Edmonton, which has long since out-distanced its rivals, Calgary and Winnipeg. All the nabobs of the capital city have their country homes on the outskirts of the Fort, the only fault they can find to offset its natural charm and its situation (being the severity of trees; the old timers were too careless with the axe. From the mayor's chair to a seat in the provincial legislature is but a short step, that is, if the chair is not on a polished floor, and then, as time passes and aspirations grow, our handsome hero (that's the right word—he is quite proud of the oil paintings hanging in the ancestral halls) enters the Federal house. Now the horoscope begins to fall on (let's change this from a novel to a scenario—we dimly see the shades of Rockefeller, representing Gates and Laurier, representing Political Honors; apparently our hero is so situated that he has to choose between them. The time has come for him to make his choice; he is moving forward; he is leading straight for—Zowie, who switched off the light!

Much of this too but in fewer words must have pervaded the minds of the hemates around town, for a great gathering took place in Carvendale's hardware store and the genial proprietor was overwhelmed with congratulations upon the advent of a son of his heir. Arnold and the Prince of Wales are the only two men on earth who realize how fatiguing it really is to shake hands with the populace all day. The health of the little stranger was drunk by every visitor, and though ginger ale and pop are pretty tame drinks for such an emotional occasion, the cigars were strong and kind of balanced things. News of the celebration must have been broadcast in some mysterious manner, for hosts of friends popped in during the day and later gingerly stepped out, having done their duty. 'Twas a great day, and one long to be remembered.

WARREN G. HARDING, 28th PRESIDENT OF UNITED STATES

The American President would much rather swing the golf stick than the Big Stick—probably because he if stick gives him offence. For it is well known that the President hates to make an enemy. He seldom wins at golf, though—maybe because he wants to please the other fellow, and who knows but what he was possessed of the same habit when defeated for the Ohio governorship in 1919? Mr. Harding is always letting the other man win. When elected President by the largest majority in history, he promptly gave credit to the other fellow—Mr. Voter. In the recent Arms Conference he gave all the credit to his French ally. The President is essentially human because he knows people. That is why he knows how to pick good helpers. His greatest pride is in his "just folks."

PRESENTATION TO REV.
AND MRS. A. H. ROWE

A great number of people congregated at the Methodist Church last Thursday evening to bid a public farewell to Rev. A. H. and Mrs. Rowe, who during their three years' work in the Methodist Church of Fort Saskatchewan and district have endeavored to bring the hearts of all. In addition to members of the town church, a representative number of members of other churches on the circuit were present, and as a proof that admiration for this worthy couple was not confined wholly to members of their own church, a sprinkling of members of other denominations was noticed in the audience. Light refreshments were served in the schoolroom and then adjournment made to the church. Mr. Thos. McCollin was appointed chairman and with an appropriate speech presented to Mr. Rowe on behalf of the Fort Saskatchewan Circuit an address and a purse containing a creditable sum of money, they having in mind the fact that Mr. Rowe would be travelling and money would not require careful packing away as might a present of a different nature. On behalf of the Mission Circle Mrs. Rowe was also presented with a handsome present. Mr. Rowe responded and thanked the donors on behalf of Mrs. Rowe and himself.

Other speakers were Rev. J. H. Atkinson, Rev. M. S. Kerr, Mrs. Hare, Mr. F. J. Stanley, Mr. Ondaatse and Mr. F. C. Moore. Contributions to the program were Miss Jean McCollin, Miss Huff, Miss Hare, Miss Gail Smith, Mr. Norman Latimer and Mr. Harry Stevenson. A copy of the address was secured by The Record and reads as follows:

Fort Saskatchewan,
June 22, 1932.

To Rev. Mr. and Mrs. Rowe:
We, the members and adherents of your pastorate, the Fort Saskatchewan Circuit of the Methodist Church, included in which are the districts of Beaver Hills, Pleasant View, Deep Creek, Good Hope, Partridge Hill, Yorkville and Fort Saskatchewan, desire to publicly express our high regard for you and our sincere appreciation of your faithful and loyal services given us freely to us during the past three years. We would have been glad to have retained your services for a longer period, but the fates decreed otherwise, and now that you are about to be transferred to another field we pray that God's richest blessing may accompany you and be upon you and your interesting family, and that your usefulness and devoted life may long continue to radiate that holy influence which has been so abundantly manifest in all your associations with us.

The young men of the town and district cannot fail to have caught some of that spirit of manliness and unswerving loyalty which has characterized all your dealings, whether in the field of sports or in connection with our public problems.

Mrs. Rowe has been untiring in her efforts to uphold you in your work. You are indeed fortunate in having such an accomplished and congenial helpmate, and her services so gratefully given to the community at large have endeared her to all with whom she came into contact.

We are sorry to lose you both and ask your acceptance of the accompanying game of gold as a memento of your stay amongst your friends of the Fort Saskatchewan Circuit.

Signed on behalf of:

MEETING OF LOCAL
RED CROSS SOCIETY

Lieutenant Governor Bratt in his capacity of provincial president of the Red Cross Society, accompanied by his wife, Mrs. Bratt, and Major Jennings, attended the local Red Cross meeting on Wednesday afternoon, and presented the Fort Saskatchewan branch with the banner it had won last year in the campaign for membership. The Fort branch being the largest, according to population, in the Province.

The Lieutenant Governor was welcomed by the following: His Worship Mayor Hedges and Council, Grand Master McLean of the Masons, Messrs. W. G. Shera and J. W. Kidney of the I.O.O.F., President F. A. Walker of the G.W.A., Warden Lrigan of the Provincial Jail and Rev. M. S. Kerr.

There were about one hundred and fifty present, representing the Red Cross, U.F.W.A. and Women's Institute.

Previous to the presentation of the banner His Honor outlined the work of the peace program of the Red Cross, dwelling particularly on the importance of the work of the Junior Red Cross.

A splendid program was rendered by the following: Mrs. Croxson, Mrs. Dawson, Miss Orr, Mrs. Dosa, Mrs. Glover and Miss Fraser.

After singing the National Anthem all were entertained in the buffet room to delicious refreshments served by the Red Cross members of the Fort. Presiding at the tea were Messdames Montgomery, Turner and Rushforth.

Mrs. Jennings and Mrs. Ferris accompanied the party from Edmonton.

E. S. Bishop, recently appointed commissioner under the liquor act, has left for the east where he will conduct an investigation into the working of the several prohibition acts in force and the administration of prohibition departments of the various governments.

FORT SASKATCHEWAN, ALBERTA, WEDNESDAY, JUNE 28, 1922

OBITUARY

The funeral of James Watson of Pleasant View took place this afternoon (Wednesday) at Fort Saskatchewan and was largely attended, deceased having been highly respected by all who knew him. Death overtook him on Monday night in Lamont Hospital where he was confined with typhoid. He was reported by visitors who saw him on Sunday and Monday to be making good progress and his death was totally unexpected. The funeral service was held at the Methodist church and was conducted by Rev. A. R. Adridge of Edmonton, the pioneer Methodist minister of Fort Saskatchewan, he being responsible for the building of the present church and parsonage 21 years ago. Mr. Watson was a member of his first congregation and Rev. Adridge was the officiating minister at his wedding. Deceased was 51 years of age and one of the old-timers of the district, having spent the latter 35 years of his life here. In his youth he lived in North Dakota. Besides a host of relatives and friends he leaves to mourn his loss a wife and six children. To make this loss heavier to bear Mr. Watson himself is not in very robust health, he being just a month ago when he removed home from the hospital.

VETERAN CLUB BILLIARDS

YOUR ARET BE CONCLUDED

The semi-final and final games of the billiard tournament at the Veteran Club were played off on Tuesday night. This tournament was commenced the day before when, and it is hard to say whether or not the winners deserve their prizes more for longevity than for playing ability. Who asked what he would like for his prize Bill Cummings replied, "An automobile!" but we have a notion that Santa Claus will be bringing him a pipe. The prize-winners were: 1st, John Adamson (case and cue); 2nd, W. Blithe (pipe and cue); 3rd, W. Cummings (pipe); 4th, J. W. Kidney (cigarette case). It is not likely that another tournament will be started until the fall.

BRENNER ANNUAL PICNIC

The annual picnic of the Brenner local of the U.F.A. took place last Saturday in the vicinity of Horton's store. A large crowd attended. A baseball game played between teams representing Yorkville and Brenner was won by Yorkville, thus depriving Brenner of the cup they have held for several years. Some very clean ball was played in this game which was umpired by Mr. Drayton of Edmonton. A baseball game was also played between Andreman and Brenner was a victory for Andreman.

BASEBALL NOTES

Last Wednesday evening the Port's only baseball nine journeyed to Pleasant View where they were successful in winning their game by a score of 9-7. Owing to the late arrival of the P. V. boys on the baseball diamond only six innings were played, during which some real classy ball was displayed. The Port boys were their usual early in the game and up until the fifth inning the score was 9-2. The Pleasant View boys then started a merry good round and a few hits with some errors by the local boys five runners crossed the plate with only one out, when Fordham was retired by Chabot who retired the side without further score being made. Pleasant View won three pitchers, Mulligan, C. Thorne and S. Thorne.

A return match on the local diamond will be played in the near future.

WEEKLY NEWS BULLETIN

Issued by Publicity Commissioner, Government of Alberta, Edmonton.

New Labor Commissioner

Announcement has been made by Hon. Alex. Ross, Minister of Public Works and Labor, of the appointment of Walter Smith, of Calgary, to be Commissioner of labor for Alberta, under the act passed at inception creating a labor bureau. Mr. Smith will assume his duties at once. His first duties will be to organize the bureau of labor. It is the object of the government to coordinate all labor legislation which will come under its jurisdiction of the new department. Mr. Smith has been secretary of the Alberta Federation of labor for a number of years, and is known as one of the best authorities in the province and in the Dominion on labor matters. He has held a number of several boards of commission and was a member of the minimum wage board of the province.

Hon. Geo. Hoadley, Minister of Agriculture, accompanied by S. G. C. C. L. Lavett, Commissioner, will visit points in Minnesota and Wisconsin shortly to select two American lands which will be placed on government farms. Mr. Hoadley also expects to attend to the matter of the purchase of land to take up the expenses of all delegates of the institutes to the annual convention, had this year and the expenses of the advisory board and provincial committees of Mr. Hoadley and the advisory board will be consulted whenever changes in the institution affecting the institution was in contemplation. Miss Macmillan, Director of Extension Work, declared her desire to assist in furthering the work of the institutes and in assisting them as well as other women's societies in doing valuable community work. She said that her desire was to see the effect of the extension service used as an information bureau for all women's societies, especially those in rural districts. A very interesting program of addresses was delivered during the convention.

A trip for some of the northern members of the legislature and northern residents through the Southern Alberta Irrigation Districts and other parts of the south is being planned by Hon. Geo. Hoadley, Minister of Agriculture, to take place towards the end of July.

Very successful plowing matches were held during the past week or so at Verulam, Lamont and Lacombe, in which there was a considerable number of contestants. The matches were held under the auspices of the department of agriculture. Several more are being planned.

IMMENSE STEER WEIGHS 2700, BUT DOESN'T MIND IT

On the farm of C. W. Parsons of Durham there is an immense steer, five years of age, which runs the mile up to 2700 pounds. Mr. Parsons bought this mountain of flesh as a yearling and has been interested in keeping him desirable property for food just to see how long it would become. He ranges with other cattle but has been grain fed for the past two winters. He is big and gentle and Mr. Parsons' little eight-year old son, Marion, took on the contract some time ago of feeding his big charge.

While not absolutely sure of the steer's parentage, Mr. Parsons knows that he is well bred and is of the Red Durham type. Visitors from Calgary and other points have called to see this tremendous big beef steer and it is extremely doubtful if there is much animal of his kind to touch him as far as weight is concerned, 1,600 pounds being considered a heavy weight for a steer.—Westminster Times.

ANOTHER WORLD'S RECORD
GOES INTO DISCARD

Miss Helen Winwright has been smashing records with such regularity that we were not a bit surprised to hear the 16-year-old aquatic marvel of the New York Women's Swimming Association has done it again. The new mark she has set up in for the 150 yards free style swim (which she did in 1 minute 44.2 seconds, clipping one-fifth of a second from the listed international standard) was by Mrs. Charlotte Boyle (Tamm) of the same organization. Miss Winwright did the "smashing" at the water carnival held at the Brighton Beach Baths, N.Y.C.

of amusement were indulged in by the

Sports were home "home" and "Home Sweet Home" and "Home Sweet Home" in the way it is played in various countries, were particularly appreciated. The party was given by the party as followed with two songs. As he is a gold medalist it is not to be wondered at that his audience were impressed and charmed with the power and sweetness of his voice. Two of our friends, Mrs. J. W. E. Marble, also contributed, being accompanied by Mrs. Baziz.

After the affair, convert the boys a band which would be a credit to town of much greater proportions. The boys are now being trained by bandmaster Bullock and the boys are certainly lavish with their abilities and favored the officials and promoters at the provincial fair. WOMEN'S INSTITUTE LECTURE

Last Monday evening, Mrs. Arthur Murphy, Government lecturer in the district, visited the Fort and delivered a most interesting address, under the auspices of the local Women's Institute. Miss Agnes Atkinson presided and the speaker was introduced by Rev. M. J. Kerr.

The title of the lecture was "The Responsibility of Women in Law Enforcement." As an introduction, Mrs. Murphy in racy style related the duties of Police Magistrate and defined the law as the "Rules of the Game." She pleaded for more public interest in police affairs and detailed in an amusing

ice affairs and detained in the maximum
tive way the difficulties magistrates en-
countered in law enforcement. A per-
verted sympathy with evil doers and
disrespect amounting to contempt in re-
gard to the law characterized certain
sections of the community. The

breath

Passion to the main subject of her address. Mrs. Murphy gave some startling facts and figures in relation to the Drug Traffic in Canada. She said many people had the idea that this subject did not concern them but she made her audience sit up and take notice when she showed how its ramifications extended even to Fort Saskatchewan. The facts gathered from exhaustive investigations will appear in a book, "The Flaming Candle." Soberly to say that there are as much as we will do not lead to Prohibitive legislation being enacted more than one Province of the Dominion, against this nefarious traffic.

The address which was delivered in an entertaining style with many characteristic quips was thoroughly enjoyed by the audience and at its close a hearty vote of thanks moved by Mrs. Williams brought the meeting to an end.

The majority from this district attended the U.F.A. picnic on Saturday and report an excellent time.

Sunday School will re-open on Sunday, July 8th, at 2:30 p.m. Kindly remember the hour may vary in the afternoon.
 Mr. Shaver and Mr. Mrs. Campbell of Clive, spent the week end at A. Thorne's.

F. Fetherstonhaugh is engaged in breaking a considerable amount of new land for H. Atkinson.

Mrs. A. Symon, Mrs. Wm. Symon and Miss Peggy Leach of Blackfoot, are spending a few days with Mrs. N. R. Robison.

N. R. Robison left on Monday for a five week's course in Elementary Science at the Summer School, Edmonton.

The next U.F.A. meeting will be held on Tuesday evening, July 11th. It is expected that a ball game will be played on the local diamond at 6:30.

The dance held in the hall on Friday evening was a decided success. The Yaeger orchestra supplied excellent music and the hall was crowded.

An accident which might have had very serious consequences occurred on the road to Elk Island Park last Saturday, when the car driven by Wm. Joliffe turned completely over in a forward direction, caused by one of the front wheels breaking. It was perhaps fortunate that the car chose a soft place for its acrobatic stunt, for the occupants were in no way injured beyond a shaking up and a ducking in the mud and water. Besides the driver, the other occupants of the car were Miss Milnebeck, Miss Martha William and Gordon Plimmon. Having been deprived of the opportunity to attend the U.F.A. picnic this year they are looking forward with interest to the next Sunday.

Good Hope

Mrs. Kate of Paine was a visitor in Good Hope last week at the home of her sister, Mrs. Stinson.

At a meeting of the school board held June 25th, it was decided to build a chalk room in front of the school and to away with the present rubber which serves as a chalk room at present. The school is also to be completely renovated.

At a pretty well attended meeting of the U. P. A. held Monday evening in the schoolhouse, Mr. Pomeroy gave a very comprehensive report on the Wotensville convention.

The Women's Committee are holding a Garden Party at Mr. W. Reid's on the evening of Saturday, July 5. Refreshments will be served by the ladies. The Partridge Hill junior baseball team will be playing a return match with the Good Hope boys. The ladies are offering a prize of a \$5.00 baseball to the leading team.

Mr. and Mrs. Shaddon and family of Edmonton were visitors last week at Bob Johnson's.

Mr. and Mrs. Walton, parents of Mr. Walton, the Good Hope teacher, were visitors in Good Hope last Sunday.

The Good Hope school picnic was held June 28th under the direction of Mr. Walton. Sports were held and money prizes given to the winners. Ice cream and other refreshments were served by the ladies. A baseball game was played between the Josephburg and Good Hope schools which resulted in a win for the Josephburg boys, the score being 8-5.

BRUSHING CONTRACT

Tenders are invited for brushing, clearing and burning 100 to 200 acres at Killisnoe Ranch, near Caprice Hill Post Office. Brush consists chiefly of poplar and a few willows.

A Civic Society has been delivered by the Mayor to enable all desiring to attend the Edmonton Exhibition to have "Civic Day" on Wednesday, July 18th.

The Women's Institute annual banquet which was to be held on July 27th, has been postponed until July 27th, owing to fair week and other entertainments.

An error was made in the doggers distributed by Grant & McIntyre at the U. P. A. picnic. Field fence should have read 40c per rod instead of per yard and Hog fence 10c per rod instead of per yard.

The march shown by the fire department's water tank at the railway tracks and end of Ross street ended in last Saturday. Roadside work was commenced early Monday morning and is now completed.

The Women's Institute will hold their annual banquet picnic in the fair grounds on July 27th. Tables and seats and also tea will be provided. Members and friends are asked to bring dishes and to pots for their own party.

Mr. G. R. Lund, M. A., Inspector of Schools, Edmonton, paid the school an official visit last week. As a result of his inspection nine of the pupils in Grade VIII were recommended for promotion to Grade IX without the necessity of taking the departmental exams.

Any Boy Scout desiring to attend camp at Gull Lake must notify Oscar Lacombe, before July 7th. For the information of parents who wish to point out that the sum of \$12 covers all expenses, including railway fare and board for 17 days. Boys supply their own blankets, dishes, etc.

James Graham has been allotted the Lamont territory for the sale of Ford cars. This means that the territory has been extended to Chipewyan, east. This week Mr. McElpine of the Ford Motor Co., Calgary, and J. Graham are going over the new territory appointing sub-dealers and service stations for the care of the Ford cars.

The Departmental Examinations were concluded on Friday the 28th. The last ten days have been a strenuous time for the twenty-five candidates from the local school who have been endeavoring to earn promotion in the High School or a graduation certificate. It is the opinion among teachers that the papers this year have been fair to the candidates on the whole but rather harder than usual.

Broderheim picnic and sports day was held on Tuesday, July 4. The Citizens' band materially assisted with the success of the eventful day by their selection. By one point the Fort junior bandstruck giving the ladies of the game with the Broderheim junior girls. In the baseball game the Broderheim team beat Lamont by a score of 5-2. A well attended dance was held in Rodin's hall in the evening.

MASONIC HALL
BEING RENOVATED

Work has been in progress for about a week on the building known as the Masonic hall. Its proportions have been improved by being lowered almost three feet, partitions will be built and the inside of the building renovated. The outside is to be brick veneered and when completed will be in direct contrast to its former appearance. Arrangements have been made whereby the building will be jointly owned by the Masons, the Odd Fellows and the Orangemen, each of these orders using the building as their headquarters. This happy arrangement will be of distinct value to each of these orders and will result in a rendezvous the members, and for that matter, the whole of the townpeople can be proud of.

Josephburg

To celebrate the beginning of vacation days the people of Josephburg school entertained their fathers and mothers at an afternoon tea on Friday, June 30th, from 2 to 5 o'clock. It was a sunny afternoon after the rain and was a matter of great interest to the boys and girls to see so many busy "Mothers and Dads" taking time from their busy schedules to spend a few hours at school life of the boys and girls by joining in a festive cup of tea.

A short program composed of recitations by Ruth Moore, Sybil Colvert and Augustina Mohr; songs by Wilfred Mann and Mr. Markie; piano selections by Dorothy Granger, Harold Rippel, Alfred Frey and Miss Huff; speeches by Rev. Mr. Hoffman and Eudolph Brown; a song quickly run off, after which Madame Chairman, Pearl Isakher, called on Mr. E. Mann to give the school report.

The encouragement received and the pleasure expressed by the visitors will probably result in such a gathering becoming an annual event. At any rate the pupils who worked hard for the success of the tea-party thank all for their kind interest and invite them to come again.

THE RECORD

H. Osley, Editor and Publisher

FORT SASKATCHEWAN, ALBERTA, WEDNESDAY, JULY 12, 1922

Moved to action by the neglected condition of the town cemetery, Mr. James Atkinson some time ago volunteered to care for it to the best of his ability without remuneration to himself. He has worked to such good purpose that the general appearance of "God's hallowed acre" is just the reverse of what it used to be, and many complimentary remarks have been passed by recent visitors. These compliments are justified and credit is due Mr. Atkinson for his painstaking and loving care of yours and our last resting place.

It is not our custom to meddle in other people's business, but in all fairness to the readers of the Lamont Tribune we must warn them of what is in store for them. It will be remembered that in the first issue of that paper the editor confessed that the letters "I" had been accidentally left out of the consignment of type used in his news columns and he had substituted the figures 1. Last week a belated parcel of type arrived from the typefounders and the editor will now doubtless give his readers "1".

Partridge Hill

"The best laid plans of mice and men oft go wrong."

This was verified Friday, 7th, when Jupiter Pluvius took a hand over the arrangements of our U.P.A. picnic and brought them to naught. Nevertheless, the countryside benefited by the splendid rain, so we will assume the role (by courtesy conferred) of public benefactors.

Some daring spirit on Monday, 10th, as the next date, with the result we enjoyed one of the best picnics in several years. Owing to, no doubt, the postponement and the fair, the crowd was not so large as usual, but were all in festive mood and entered heartily into the races, games, etc.

At 4 o'clock Bromley vs. Partridge Hill girls looked on in a game of ball that held the interest of the crowd from start to finish. Medsana Myler, Miffel Alton and Emma Seader were the respective batterers. The best of good sportsmanship prevailed throughout. Bromley is to be congratulated on their victory. Score 20-21.

At 7 o'clock Androsian and Partridge Hill boys lined up on the diamond for a fast game. From the first frame the

visitors had the edge on our team. Batteries: Androsian, Brady and Hanson; Partridge Hill, C. Alton and Pearce. Score 6-13, for Androsian. Ella Graham outplayed both games in a slightly satisfactory manner.

C. S. Flintoff's and Anne Oscheltz's booths was the mecca for hot and thirsty picnicers.

The ladies of the U.F.W.A. served a supper that maintained their past record and received many compliments from the hungry visitors.

Among the distinguished visitors were Mr. D. W. Warner, M.P. for Strathcona, and Mrs. Warner.

Mr. and Mrs. W. G. Alton and Wilcox are spending the 12th at Waskatoma.

The new tax recovery act passed at the last session is now in operation. Landowners in arrears of taxes after July 1st, will still have until August 14th, to pay up, but if arrears remain unpaid after that date, the municipality in which the land lies files a caveat against the land, and within one year

of the mortgage period they pass. Finally into the possession of the municipality, free from all encumbrances except claims for seed grain or relief liens.

Volume of business handled by the egg and poultry marketing service of the provincial and Dominion governments in Alberta has grown 300 per

cent over last year, according to a statement by J. H. Hare, Alberta poultry and marketing commissioner. Over 20 cartons of eggs have already been handled this year by the service, and the staff is kept busy with the amount of business offered. A large staff is being for sale by public Auction. Misses Ruth Nichol and Mary Eldridge, Edmonton, spent the week end here with the former's parents, Mr. and Mrs. Jas. Nichol.

Miss Laura Lamoureux, of the staff of the Edmonton General Hospital, was the guest of Miss Gilda Caracadden over the week end.

Mrs. Jot Caracadden entertained at her home last Thursday afternoon. Tea was served by Mrs. F. A. Walker. Miss Selkirk assisted in the serving.

Mr. and Mrs. L. R. Augustine and niece, Miss Helen Stanton of Edmonton, left on Monday by motor for Calgary and Banff, where they will spend a two weeks vacation.

Mrs. Alphonsa Moret returned from a visit to Mrs. Moret of Edmonton last Sunday. Mrs. A. Moret had previously been receiving medical attention for a week at the Edmonton General Hospital.

Mary Brown of Umd House left Saturday for Edmonton where she will take his place in the G.W.V.A. band, which plays all week for the entertainers at the fair.

In spite of the inclement weather last Saturday evening, a game of baseball was played on the local diamond, Wesley Church team, Edmonton, vs. Port. The Wesley team was by a score of 5-1. A return match will be played in Edmonton on July 17th.

The D.F.A. and U.F.W.A. Independent Political Association of the Viceroy's Privileged Constituent will hold its first Annual Convention at Lamont on Tuesday, July 16th, commencing at 10 a.m. There will be a musical program and an address in the evening.

To give warning to the town band so they may get in a few practices we give advance notice that Mr. and Mrs. Percy Shephard of Athabasca are expecting to pay a flying visit to the Port about the 15th inst., and hope to see as many of their old friends as possible in the short time at their disposal.

Charlie Lapage has removed his literary stable and drying drying business over to the Alberta literary barn, the tenancy of which has been relinquished by Mr. Hinkshaw. As far as we know no one is running the Elk literary barn so that the Alberta barn will now be the only one doing business in the Port.

The local executive of the Bay Scout Association wish to thank the people of Port Saskatchewan for the very generous response that they have made in the effort to send as many boys as possible to the coast camp at Galt Lake. A sum of \$140 has been collected and 30 boys will therefore be enabled to enjoy a fortnight's vacation at the lake. The executive feel that this is an effort that will amply repay all who have so generously helped to make this outing possible for the boys.

WEEKLY NEWS BULLETIN

Issued by Publicity Commissioner, Government Buildings, Edmonton

Importance of cutting a portion of the rye crop throughout the province for hay purposes, is emphasized by officials of the Agricultural Department. The likelihood of a shortage of hay crop in the northern part of the province makes it an urgent matter that farmers who have rye crops put up some of the for hay. The rye should be cut as soon as for this purpose, and a ton to a ton and a half should be allowed for each bush of stock on the farm.

Following a conference between Premier Greenfield, B. Stathbury, Trades Commissioner John T. Stirling, Chief Inspector of Mines; and George Pratt, Government Engineer; on the question of marketing of Alberta coal, a further conference will be held this week with some of the coal operators of the Province. The entire situation will be discussed thoroughly.

Plans have now been completed for the series of sittings to be held by Prof. D. A. McGibbon in his investigation of banking and credit conditions in Alberta. Sittings commenced at Vermilion on June 28th, and are being held as follows:

Camrose, July 2nd; Hardisty, July 6; Camrose, July 8th; Youngstown, July 11th; Medicine Hat, July 14th; Peace River, July 17th; Lethbridge, July 19th; Medicine Hat, July 21st; Calgary, July 24th; Red Deer, July 26th; Stettin, July 28th; Calgary, August 1st; Grande Prairie, August 5th; Peace River, August 8th; Edmonton, August 11th.

Prof. McGibbon will attend all these sittings and will take evidence on the various points included within the scope of the investigation, his intention being to hear in particular the complaints of farmers who find the present banking system unsatisfactory. Other interests including the bankers themselves, will also be heard. When the list of sittings has been exhausted the commissioner will prepare a report to the government.

A clinic for babies and children of pre-school age will be held every afternoon from 2 to 5 p.m. in connection with the public health exhibit given by the provincial department of health in the Women's building, Edmonton fair. All mothers with babies and children of this age are invited to bring them to the clinic. Doctors and nurses will be in attendance. The regular child welfare clinic will be held as usual in the Civic Block, Tuesday and Friday.

Franklin Peterson, division news officer of The Times, London, England, was a visitor to the government buildings during the past week and had a conference with Premier Greenfield and other government officials. Mr. Peterson was particularly interested in gathering data concerning the question of the British embargo on Canadian cotton.

The annual report of the department of Agriculture, containing valuable statistical and other information, has now come from the printer's and is ready for distribution.

A delegation from the Edmonton Athletic and Social Service Association met Hon. Alex. Ross, minister of public works during the past week, to discuss certain improvements in roads in the vicinity of the capital city. The delegation was informed that work was already in progress in many of the places mentioned.

Two Flies in Time Save 1,555,200,000

Dr. Hastings M.O.H., of Toronto, has issued his annual warning to save flies. He says: "Actual figures handed out from Washington and Ottawa, where most careful observations have been made, reveal the fact that a pair of flies starting off on the first of May if not interfered with, by the first of August, will number 1,555,200,000 adult flies, one half of which are females and capable of laying 120 eggs each. Start your swatting early."

LOCAL BOY SCOUTS ATTEND ANNUAL CAMP

Twenty local boys were able to attend the first annual camp under the auspices of the Boy Scouts' Association held at Gull Lake and were mustered bright and early Saturday morning. The boys were very keen and helpful of excitement. Several of them came from the country the evening before and were provided with sleeping accommodations by Mrs. Stuckey and Scoutmaster Lamoore. These young chaps were up and around at 4:30 a.m. enjoying it was not time to go yet. After what must have appeared to them to be ages spent in waiting, these impatient ones formed the first carload which left at 7:30 a.m. The others left at the reasonable hour of 8:30. On behalf of Scoutmaster Lamoore, in whose charge the boys will be during their stay in camp, The Record wishes to thank the following gentlemen for transporting the boys in their cars to Edmonston: E. E. Stuckey, A. W. E. Cook, Jot Carcadden, W. Blyth, F. A. Walker and W. A. Graham. Thanks are also due those who assisted by other means, their kindness has enabled twenty of our young hopefuls to leave the Mother's Allowance Act was received, which petition had been previously investigated by members of the Council. It was finally recommended to the Attorney General that an allowance be granted.

Mr. Lonsan, on behalf of the residents of Partridge Hill, made a further request for a donation to the recreation ground fund. It was finally moved and adopted that \$100.00 be donated to the Partridge Hill Recreation Ground Fund, provided, the title to the property be vested in the name of the Municipal District.

Messrs. Gen. McEwan and Nesbitt appeared in connection with the proposed road west of the North Clover Bar School House. It was decided to meet at the place in question on Tuesday, July 18th, to go thoroughly into the matter.

MUNICIPAL DISTRICT OF CLOVER BAR, No. 517

The Council of the Municipal District of Clover Bar, No. 517, held their fifth meeting of the year on Saturday, July 28th, with all the members in attendance.

The committee appointed to arrange the sale of lots, reported that one subdivision containing 601 lots had been cancelled and the land reverted to acreage, and the other subdivisions would be dealt with in the very near future. An application to purchase several lots near the Clover Bar Road was refused.

A letter from the Bridge Engineer, Department of Public Works, was read in which he intimated that the Department would consider building the two bridges as asked for by the Council provided they were willing to bear a share of the cost. The Reeve stated the Engineer expected the District to bear a share of the cost, which would amount to (approximately) \$600.00. It was arranged to leave this matter in the hands of the Reeve to make as favorable terms with the Department as he could.

A petition for an allowance under the Mother's Allowance Act was received, which petition had been previously investigated by members of the Council. It was finally recommended to the Attorney General that an allowance be granted.

Partridge Hill

Once more the "Grin Reaper" has visited our district and removed an esteemed citizen in the person of Mr. Joseph Jelliffe who died Friday evening, July 14th, at the age of 64 years.

Although not in good health for some time he descended was stricken very suddenly and passed away within a couple of hours.

He and his family have been residents of the district for the past 10 years, having lived in the township of Mara, near Orlino, Ont., for 10 years previous to their coming to Alberta.

The late Mr. Jelliffe was one who always took a keen interest in the public questions of the day, had served on the school board and was a valued member of the U.F.A. Almost his last public work and one in which he was deeply interested was helping to secure a recreation ground for the district.

The funeral was held on Sunday, 16th, from the home. Rev. Mr. Wright conducted the service and spoke words of comfort to the bereaved from the text "He brings them to their desired haven." The funeral was very largely attended and showed the respect and sympathy of the community for the bereaved family.

Mr. Jelliffe is survived by his wife, four sons and all his daughters, all of whom are engaged in farming in the district.

The floral tributes included wife and family, pillars: Mr. and Mrs. Joe Ryan; Partridge Hill U.F.A. and U.F.W.A. wreath.

The pall-bearers were all neighbors: Messrs. Richard Gordon, Joe Ryan, Tom Wall, Wm. Oshakieski, J. M. Alton and W. G. Alton.

Interment took place in Fort Saskatchewan cemetery.

Good Hope

The Women's Committee held their garden party on July 8th. The feature of the evening was a baseball game between Partridge Hill and Good Hope. The score was 15-7 in favor of the local boys. We note in a recent issue of The Record that the Partridge Hill baseball team were signing for new wickets to conquer. They succeeded in finding one, but as the above score indicates, they are still signing.

The baseball match between Good Hope and Flanagan View last Saturday did not materialize due to the non-arrival of the F.V. team. However, a pleasant time was had by all and refreshments were served by the ladies.

A Ladies' Aid has been formed in Good Hope in connection with the Methodist church. The next meeting will be at Mrs. Fomeroy's on August 2nd. Visitors welcome.

The Women's Committee of the U.F.A. are meeting at the home of Mrs. Harry Ashton on Wed., Aug. 21st.

CARD OF THANKS

Mrs. Jelliffe and family wish to express their sincere appreciation of the many kindnesses performed by their friends during their recent time of trouble.

When figuring what you would save by buying a Ford in preference to some other car don't stop at the purchase price—important though this saving is. The big saving is on gasoline, tires, oil and repairs. No other car can be operated at so little expense. No other car will give the same uniform service and satisfaction. No other car will last as long and ask so little in return as the Ford.

FORT SASKATCHEWAN, ALBERTA, WEDNESDAY, JULY 26, 1932

We received an invitation to go for a long car ride last Saturday. Whether our friend needed cheerful (?) company or someone to open gates for him we don't know, but strongly suspect the latter. In any case the trip gave us the opportunity to note the condition of the crops, and that was our main object in going.

While we do not pretend to be an expert farmer, our general impression of what we saw was, briefly: bearing in mind the fact that growth was stunted by lack of rain in the spring and early summer we have not suffered in that respect as much as others. When one goes further afield he finds the crops becoming inferior in appearance to those closer to town, so that, while the local farmer may not be satisfied with his own, there are others in a worse plight. We cannot expect a bumper crop every year, otherwise a bumper crop would no longer be a bumper crop, but one of ordinary occurrence.

While congratulating ourselves that our crops are not as other crops are, it is a fact that the farmer with stock to provide for during the coming winter should even now be looking for ways and means to do so. The farmer with the most foresight and resource will profit most during the winter which seems at present to be so far distant.

CARD OF THANKS

Owing to the difficulty in settling up the outstanding expenses, the balance sheet cannot be published (in next week). In the meantime I should like to state that the net profits will probably be nearly \$800. I should also like to take this opportunity to thank every one for their very generous help and support without which it would have been impossible to secure such a magnificent result.

LADY BODNEY.

R. A. Dwyer returned this (Wednesday) morning from Lloydminster where he spent a few days.

Good Hope

The Women's Committee of the U. P.A. held a successful meeting at the home of Mrs. Harry Ashton on Wednesday, July 19. The next meeting will be held at the home of Mrs. A. Cook on August 18.

Mrs. E. Ashton, Mr. Meyer and Mr. Bryerton attended the convention held at Lamont on Tuesday, July 26.

Mr. Leeming left Monday for treatment at the B.C.R. hospital, Edmonton.

ABOUT ADVERTISING

The Montreal Star makes an interesting and pointed comment upon what it declares that "January's advertising helps June and June's will help December."

There is a world of truth, reason and significance in this pithy utterance and a little reflection will prove why this is so. Effective advertising must not be sporadic but must be persistent. To hope for instant and sustained results from one or two advertisements is to expect the impossible as is to hope for instant and sustained results from one or two advertisements is to expect the impossible. The one is as absurd as the other.

The wise advertiser is he who advertises regularly week in and week out and regards his initial advertising as the builder regards his foundation--a basis for the permanent superstructure that is to rise later--Kingston Standard.

On Tuesday evening the Pleasant View nine hooked up with the Fort boys in a game of ball on the local diamond and were defeated by a score of 18-2.

For the first innings neither side was able to score and it looked like it was going to be a pitcher's duel. In the fourth the locals managed to squeeze

led the score. The last of the fifth the locals scored three more making the score 5-2. In the sixth the home team started a swat fest and seven runners crossed the plate before the side was retired. The last run was made in the eighth.

Asian, in the box for P.V., pitched a good game and except for a couple of bad innings had the local boys swinging. He was credited with 11 strikeouts. Chabot, leaving for the home team, was in good shape, striking out 15 men and allowing only 4 hits. He was given excellent support by team mates, only 3 errors being chalked up against them.

When figuring what you would save by buying a Ford in preference to some other car don't stop at the purchase price—important though this saving is. The big saving is on gasoline, tires, oil and repairs. No other car can be operated at so little expense. No other car will give the same uniform service and satisfaction. No other car will last as long and ask so little in return as the Ford.

THIS TREE WAS OVER 500 YEARS OLD WHEN COLUMBUS DISCOVERED AMERICA

Yosemite National Park (U.S.) boasts of giant trees thousands of years old. Here is one, a giant sequoia, rather young in comparison—being only 500 years old—which has been disarranged by Ansel Hale, park naturalist. The chalk rings on the tree, which was felled by a storm, show even in the making of history. The Battle of Hastings is marked off, as is the discovery of America—and the more recent signing of the Declaration of Independence. The space between the naturalist's forefinger and thumb show the span of a man's life. This tree is 14 feet in diameter at the base, and its girth 50 feet above the ground, where it was cut, is nine feet.

Wondering being "Regatta Day" the camp was declared open and the boys competed in most of the events and carried off a number of prizes. Many were the spiritual and of the boy's training forefinger, morning and evening prayers being held each day and church services being held each Sunday under Bishop Gray and deacon-master Jones. Excellent dining and bathing arrangements were provided and on one fishing expedition the boys were able to procure enough fish to follow to give the officers of the camp a real treat.

The Fort Boy Scouts made an enviable name for themselves during their two weeks at camp. They were never at times brought to the forefront as exemplars for the other boys to follow and received compliments from Bishop Gray and Commissioner Selway. Four of the boys received well deserved promotion to the rank of Scouts, their names being Wally Clarke, Cecil Clarke, Roy Stuckey and Gavin Breckridge. Other boys also received promotion, so that no Fort boy left camp rated lower than first class. Scoutmaster Lamoureux was also promoted and is now District Commissioner.

The boys are grateful to the Twin City Transfer of Edmonton for the kind service in them to allowing them to leave all their baggage without paying for the service.

BOY SCOUT NEWS

Glorious weather having prevailed at the camp for the last two weeks, Scoutmaster Omer Lamoureux and his 1st Fort Saskatchewan troop of Boy Scouts, having taken advantage of the opportunities presented for combining training with pleasure, entrained on Friday night at Lacombe en route for the Fort. The trip was better for their first camping experience.

Quickly falling into the camp routine the boys, having the creek baseball team of the camp, were soon called upon to defend their name on the baseball diamond and were able to withstand the onslaughts of the other scouts but on Regatta day the Lacombe team blew into camp, augmented by several hunkies from the neighboring towns and trimmed the Fort boys to the tune of 12 to 4. The Lacombe team was composed of much bigger boys and far older than the scouts' team but were given a better run for their money than the more would indicate, a hot first inning, when 8 runs were pushed over, being too great a handicap to overcome.

The first part of the week was spent on preparatory scout work, qualifying for tenderfoot and second class badges, signaling, scouting, tracking and cooking, each taking their share of the time. Most of the Fort boys qualified for their first class badges during the last week, getting high marks in most of the subjects, particularly the athletic events. Camp fires, moving pictures such as "The Lion Club" and comedy films, concerts by the late residents, displays of dancing by the MacDonald Academy of Dancing, lectures by Professor Otiswell of the University of Alberta and character sketches by Mr. E. A. Oxbelt from Drummond's famous poems, have all helped to make the evenings more pleasant for the boys.

Wednesday being "Regatta Day" the camp was declared open and the boys competed in most of the events and carried off a number of prizes. Preparatory—Miss H. Mohr 25. Primary—Katherine Thorne 62, Leah Smith 61, Margaret Sidney 60, Evelyn Harris 61. Preparatory—Muriel Shackleton 60, Nan Turner 62, Lilla Miller 60, Helen Carsenden 60, Greta Walker 64. Scoutmaster—Gladys Robinson 61.

The examiner, Mr. Forsyth, who is considered one of Canada's leading campers and whose advice should be carefully considered by all scout leaders, strongly advised the use of the Merit Badge.

Following is a list of successes attained by pupils of Mrs. Gillies in the examinations in music held recently. UNFORTUNATE ACCIDENT

On last Wednesday evening, while playing with percussion caps, Emanuel, eleven year old son of John Mohr, living eight miles south-west of town, met with a very painful accident. The lad, playing with his brothers and a visiting cousin from Winnipeg, in the absence of the parents, happened upon several caps thought to have been safely hidden. Not recognizing them as a possible instrument of death, the little fellow sought to remove the terrible explosives with the result that he is missing the thumb and three fingers of the left hand and a part of the index finger of the right hand. His playmates, standing nearby were also plentifully peppered with fragments of shell, but were not seriously hurt. The little lad was brought to the local hospital, where he watched the dressing of the painful wounds without the use of an anesthetic and without a whimper. From last reports he is doing nicely, but it will be some time before he joins his companions at play.

OBTUARY

George Pendleton, for many years a resident of the Beaver Hills district, died on Tuesday, July 25th, at the home of his son, John, living eleven miles north east of the Fort. The funeral was held at about the age of seventy. The past two years he lived in Redwater, but was brought to the home of his son where he passed away. A son and four daughters mourn their loss.

The country is going to the dogs! We'll all be ruined! No crop! No hay! No feed! No fair! No nothing! Not even a few sports or children's races to hold the date of the fair for another year. We'll never have the ambition to have another fair. We'll never need nothing no time. We may as well curl up and die. A suicide club would be a most popular institution.

Hark to the calamity howlers! Is it not depressing? Avant yet! Take a brace! What's coming over the Tango-Saxon race? Take a pair of braces! Where is the spirit of your forebears? What would the old-timers of thirty years ago think of the crop? It would look like a million dollars to the limousine. No one is heeding the cry for gasoline for the limousine. No one is greasing the palms of the several strangers who have volunteered the statement that our average crop is as good as anything to be seen in the country, the equal of our better crops they have not seen. They have no axe to grind, they have nothing to gain by flattery, their statements are unprejudiced and unbiased. Arm yourself with a club and insist that the whinner open his eyes instead of his mouth.

Special emergency suggested his, known

as the Surgical Havoc, is being prepared by the Canadian Red Cross Society to be furnished to provincial and local hospitals for use in case of emergency. The kit will consist of a kind of "orderlies" pouch, containing the following: Vaseline, containing opium, ammonia, aromatic, case containing 10 scissors, 1 dressing forceps, small clamp, knife blade and corksever, tourniquet, first aid dressing, triangular bandage, assorted bandages, boric ointment, 1 oz. bottle, 1 oz. bottle, 1 oz. bottle, 1 oz. bottle. The probable cost of the kit will be about six dollars. Circular letters are being issued to all hospitals, requesting orders to be placed immediately as it is expected there will be a large demand for same. Individual first aid kits are also being prepared which will be of great use to motorists, travellers and persons residing at a distance from medical aid. It is expected these kits will be obtainable for about \$1.25.

One of the Chateausque residents made quite a sensation the other night when, on speaking on "Home Remedies," he dared the married men in the audience to go home and say the same old naughty things to their wives as they did in the days of courtship.

It is the most case of several years standing took up the law and when he got home called his wife by a few of the endearing terms common to men when in the sloppy state. Reports say that his wife looked him in the eye and said:

"What else you, you old fool! Drink again!"—Vaguelite Observer.

Mrs. J. J. Carleton and daughter, Miss Gilda, left on Saturday night for Spokane.

Mrs. Sutherland, Mr. left last week on an extended visit to her old home at Quilren, Scotland.

Mr. and Mrs. W. D. Clark and children left on Tuesday morning for a two weeks holiday at Gull Lake.

Mrs. T. P. Hamilton, having spent the winter in Alberta, returned a short time ago and is now visiting her daughter, Mrs. F. Stuckey.

Mrs. P. J. Barbeau has for the past few weeks and still is seriously ill with rheumatic fever, although she is now considered to be out of danger.

Mr. and Mrs. H. S. Webb of 1805 12th street, are spending two weeks' vacation at the home of Mr. and Mrs. Clark Graham, Fort Saskatchewan.

Mrs. McIntyre and children arrived Thursday evening after spending a three week's vacation at Gull Lake. Mr. and Mrs. McIntyre are taking up permanent residence in Mrs. Macdonald's house.

The following candidates in Grade XIII were successful in their exams: Elsie Mohr, Isabel Bullock, Beryl Fryer (conditioned in Alberta). The successful XI students were: Ross Clarke, Marion Wilson, Gloria Kingsley and Edith Harris.

WAGNER—MANE
A romance of long standing culminated on Tuesday, July 30th, when Mr. William Wagner, of Provost, Alberta, married his bride, Miss Olinda, youngest daughter of Mr. and Mrs. Carl Mann of the Bedford district.

The many friends of the contracting parties filled the spacious auditorium of the Josephine Reformed Church, where after a short meditation on Ruth 1:17th, the impressive marriage service was read by the pastor of the bride, the Rev. Mr. Hoffman.

The bride wore a travelling suit of dove tulle with hat to match, and carried a large bunch of bride's roses. The bridesmaid, Miss Elsie Wagner, of Manville, Alta., wore a suit of black tulle with hat to match and carried a bunch of carnations. The groom was attended by Mr. Louis Mann of Manville.

Mrs. Hoffman presided at the organ and before breaking into the strains of the Bridal Chorus from Lohengrin, heralding the entry of the bride party, played the following group of selections in keeping with the occasion:

(a) Benediction Jeffers
(b) Will You Come to Me? Jeffers
(c) Take My Heart Charlier
(d) Good-night My Love Forester

After receiving the hearty congratulations and well wishes of their many friends, the bride party, accompanied by the near relatives and a few close friends, repaired to the home of the bride's parents, where all sought to do justice to a beautiful wedding feast.

The evening was pleasantly spent in a social good time.

Mr. and Mrs. Wagner will leave shortly for a visit with relatives, but plan to see Jasper Park as part of the honeymoon. They will be home after Sept. 24 at Provost, Alberta, where Mr. Wagner is engaged in business.

The well wishes of a host of friends will accompany Mr. and Mrs. Wagner to their new home.

Mrs. Jack Holmes and party returned on Saturday from a two weeks trip to Alberta Beach.

Mr. and Mrs. Trotter went on a business trip to Edmonton Monday.

Mrs. Nakler of Fort Saskatchewan and her mother, Mrs. Fordham of Vegreville, visited Miss Holmes one day last week.

Mr. and Mrs. Albert Forrest of Edmonton and friends are camping at the mouth of the Sturgeon.

Church services and Sunday School is being held at Cloverdale school every Sunday at 3 p.m.

A good rain would be appreciated by the farmers of Sturgeonville.

Splendid progress is being made with the school at St. Eugene.

Big new features added to the Ringling Bros. and Barnum & Bailey

Living Entire "Shipload of Novelties From Europe"

More than ever tremendous than in 1922 by the recent addition of many more trained wild animal displays and the purchase of Europe's biggest new show, Ringling Bros. and Barnum & Bailey combined will exhibit at Edmonton, Aug. 14th, 1923.

All who glance over the cable news or who read the magazines must have noted the many contracts entered into by Ringling Bros. for foreign talent last winter.

A special ship was chartered this spring to bring the hundreds of human performers, trained animal acts and other displays to America.

More than a million people saw the mammoth new circus of 1922 during the weeks that it exhibited in Madison Square Garden, New York.

Now this marvellous exhibition is touring the country aboard its great railway train.

It is a third bigger than the Ringling Bros. and Barnum & Bailey show of last season. It is ten times larger than any other circus now on tour.

Big as is this wonder circus of 1923—with its more than twenty trained wild animal displays in steel arenas, fully 100 wonderfully skilled riders, 700 men and women performers, 100 clowns and scores of features—the price of admission is no more expensive.

And though the trained animal shows and the immense horse and bear circuses themselves while touring Europe they are not offered as separate attractions by the Ringling Bros. and Barnum & Bailey combined show.

Insured all are on one gigantic program. Everything is in one mammoth main tent.

One ticket admits to all and insures admission to the tremendous double menagerie. There are more than a thousand seats in the top of this circus and these include any baby hippopotamus they recently barn, and the three-ton mother.

Another remarkable zoological feature is the Ringling Bros. and Barnum & Bailey recently refused an offer of \$20,000.

The evening was pleasantly spent in a social good time.

LOCAL NEWS

By a score of 14-7 the local baseball team defeated the Partridge Hill nine last Friday evening.

Our local leaning tower of Pisa is now a thing of the past. Its demolition has been completed in accordance with the fire inspector's suggestion.

The meeting of the Women's Institute will be held in the Memorial hall on August 19th, at 3:30 p.m. Tea, table talk, luncheon and coffee. Everybody welcome.

A R. Phillips representative of the Alberta Farmers' Lumber Supply Co. has moved his office from the Williams block to Edmonton and will in future conduct his business in that city.

See one of the town's young men driving a car the other day with one hand on the back of the seat and at the same time talking to a lady in the rear seat. Oh yes, he is still alive. The Lord looks after that kind.

Owing no doubt to the extremely hot weather not many turned out to the W. J. picnic last Thursday, about 40 only being present. Those who did attend enjoyed themselves in various ways. There were also some races for the children.

Rev. M. S. Kerr left for a month's absence on Tuesday last. During his absence there will only be an evening service in the Presbyterian church. Rev. James Hoffman of Josephburg will take charge of the services during Mr. Kerr's absence.

Next Monday evening, Aug. 7th, the Calder baseball team of the Edmonton Resler League, will meet the Fort Severn team on the hotel diamond. The game will commence at 8:30 sharp. A good game is anticipated and we hope that a large crowd of baseball fans will attend. Admission 25c and 10c.

No provision having been made for entertainment of any kind in lieu of Agricultural Fair, the G.W.V.A. have come forward and announced a dance for Monday, August 7th. The Harmony Four orchestra has been definitely arranged for and will be in attendance with C. Marham Kuppey as leader. The original drummer, Corp. of Vancouver, will also be present. Come and have one good time in the cool of the evening. Admission \$1.50. Extra lady 50c.

IS DIVORCE A CURSE?

The contention that divorce, too easily obtained in the courts of the country is a curse, seems to be borne out in the trial of Clayton's latest Paramount picture "The Cradle" which will be shown at the Star Theatre, Tuesday and Wednesday, August 8th and 9th. How the lives of 3 persons are nearly wrecked by financial worries and domestic unhappiness, is admirably illustrated in the picture. Don't miss it.

THE FETE

(By an Observer)

It is seldom, if ever, that an affair of the nature given by Lord and Lady Rodney last Wednesday, is such a conspicuous success and unlimited credit is due to them and to the group of willing helpers who assisted in organising and carrying through the enterprise. Favoured with brilliant weather, the day was one of fast-moving enjoyment for those who attended, marred slightly only at night by what threatened to be a deluge of rain. Old Jupiter Pluvius and Love must have laid their heads together and decided to stage a big bluff, for the display of lightning was intensely vivid and the rain heavy whilst it lasted. Long enough to disperse the gay crowd who were dancing and those who were only lookers on.

None could complain of lack of amusement and the memory of the day will linger pleasantly with all. From early afternoon there was every indication of a large attendance and by mid-afternoon a variable multitude had assembled. The unique character of some of the sports attracted numerous entrants who participated in them with zest in the manifest enjoyment of the crowd. The Tag-o-War, the Pillow Fighting and the Cracker Eating particularly caught the attention. In other directions, the Coca-Cola secured large patronage and an insatiable crowd clamoured for Ice Cream and Soft Drinks, until I'm sure the attendants must have felt distracted. The Forest Troop were excellent to a degree and were vastly appreciated by the crowd, particularly good being the performance of Mr. Ed. Corbett.

The fortunate and the fortunate were dispensed with lavish hands, although 'tis not recorded whether either predicted a storm for the late evening. Why this reminiscence, oh Mystic! The Farm Produce, the Candy and the Fancy Food Stalls were all popular and transacted a big business. But—oh, the gathering around the supper tables! Notwithstanding the supposedly ample preparations, more provender had to be hastily sent for to appease the appetites of the hungry. I believe over 500 people, exclusive of children and down to supper. That ample preparation had been made I can testify, for I had the privilege of seeing beforehand the enormous amount of food cooked by Lady Rodney herself. Literally stacks of it, and this apart from liberal donations from ladies of the congregation. After supper the principal attraction was the dance platform and from the first number to the shower of rain, this was fully occupied by dancers who tripped gaily to the music of Gritter's Orchestra, music of an unspiced excellence.

It was a great day and successful because of the great work done by Lord and Lady Rodney, an amount of work not all of which was by any means easily discernible. The planning, the organising, the clearing of sites for the booths and the dance platform, the erection of these necessities, the securing of supplies, the many trips to and fro, that place in connection with the Fete, all required bits of hard work and whilst there were many willing and loyal helpers, who achieved wonders in hard work, the brain of it all, perhaps fell upon the promoters and Lord and Lady Rodney must have been happy at so successful a result of their labours, particularly Lady Rodney whose cooking alone would have been a very considerable contribution, without any of her other activities.

G.W.V.A. DANCE
VERY SUCCESSFUL

A very successful dance was held on the Memorial hall on Monday night. A large crowd was in attendance and thoroughly enjoyed the dance to the measured strains (some) of the Harmony Four orchestra. The leader plays the saxophone in a masterly fashion, apparently having his instrument in complete subjection. It hung to him as if a great deal of affection existed between them, as well it might, for he has had it in his possession since it was a youngster.

A new departure was made with regard to the refreshments. Heretofore the committee have seen to the require ments of the inner man, but on this occasion the catering was done by Mr. A. Smith, of Smith's Tea Room, who handled it in a capable and satisfactory manner.

ALTHEIM-KUZUNWA

A very pretty wedding occurred on Sunday afternoon at 2 o'clock at the Josephburg Reformed Church, when Joseph Altheim claimed as his bride, Miss Catherine Kuzunwa. Mr. Hoffman read the service, the impressive and double ring ceremony being used.

The bride party made a very pretty appearance, standing before a tower of blossoms and potted plants. The bride was beautiful in a white satin gown with georgette and silver lace trimming, white kid shoes and gloves matching, while a lovely bride with orange blossoms adorned the whole. Miss Hil da B. Mohr as bridesmaid wore a gown of Bech pink duchess satin made in long waisted effect with georgette trimming and shoes to match. The ladies carried sheaves of carnations, the bride white, Miss Mohr, pink. Mr. Philip Rippel acted as best man for the groom.

Mrs. Hoffman presided at the organ and as a prelude to the strains of the Bridal Chorus from Lohengrin played: (a) A Fond Good-night Jacobie (b) Large Handel (c) Sleep, Love, Sleep Jacobie

After the ceremony the bridal party with the close relatives and a few friends repaired to the home of the groom's uncle, Adam Rippel, where a bountiful wedding feast was spread. The bride's table was adorned with a magnificent wedding cake, which served as centrepiece.

Mr. and Mrs. Altheim will make their home for the present with Mr. Altheim's uncle, Mr. Rippel, where the groom is employed. The well wishes of their friends will accompany the young couple on life's journey.

MUNICIPAL DISTRICT OF
CLOVER BAR, NO. 517

The regular monthly meeting of the Council of the Municipal District of Clover Bar, No. 517, was held on Saturday, 6th August, with all the members in attendance.

Messrs. Hecke and Housman made a report on the proposed work of cutting down the hill immediately west of the North Clover Bar School House. It was decided to let this work out to contract and the Secretary was instructed to call for tenders for this work, such tenders to be in not later than noon, Wednesday, 6th September. Full particulars of the work can be obtained from the Reeve, Mr. Houston or at the Municipal Office.

The question of constructing a dam across the Old Man Creek at a point near Beechey, as requested in a communication from the Hymers Local of United Farmers of Alberta was discussed. The matter had been taken up with the proper authorities who had advised that it was illegal to interrupt the flow of any natural watercourse.

Correspondence was read in connection with the suggested entrance from the East into the village of Ardrossan. The Resident Engineer, Canadian National Railway, suggested a roadway which was not altogether favorable to the Council. It was decided to let the Reeve and Secretary take the matter up with the Engineer and report at the next meeting.

The Council passed a resolution recommending the cancellation of the abandoned driveway roadway through the S.W. 11-43-22-4.

Messrs. J. Allan and A. Unterhuth appeared in connection with an application to deepen the Beaver Hills Creek at a point near its source in order that a limited supply of water could be obtained from the Assiniboine Lake. The matter was fully discussed and the Council finally decided to make immediate application to the Department of Irrigation for authority to do the necessary work. The above named together with Mr. F. H. Schultz were a committee appointed to advise the riparian owners for donations to help defray the cost of the work.

Owing to the fact that a number of ground fires were burning in the District the Council decided to make a stricter enforcement of the Prairie Fire Ordinance, and the Secretary was instructed to obtain a supply of posters and have same posted throughout the District.

The Secretary was given two weeks leave of absence commencing on Wednesday, 16th August. The office will be closed for this period.

With the passing of pay sheets and accounts amounting to \$200 the meeting adjourned until Saturday, 9th September.

WALTON-BUCHNER

The marriage took place in Winnipeg last week of Dr. B. A. Walton, son of Mr. and Mrs. R. Walton of Dauby, and Miss Hilda Buchner, daughter of Mr. and Mrs. A. C. Buchner of Toronto. The bride and groom have now taken up their residence in Dauby, where Dr. Walton has his practice.

Jack Kidney spent the week end at his home in the Fort.

CAN YOU MANTICATE THIS?

Two Scottish pipes and a drummer regaled all and sundry with more or less pleasant music Saturday afternoon at 1 o'clock.

The skill of the pipes and the sight of men in kilts, or, as one unimpaired old three-year-old expressed it, "men in frocks and socks," was an unusual experience for our citizens and almost sufficed to arouse the onlookers from their lethargy. Several acts of courtesy were shown the visitors; Brandon brothers provided chairs to rest themselves after each parade and we understand Pete Selinsky contributed a pling of tobacco. This latter contribution was a source of wonderment to the sergeant major and he was noticed to be wrapped in thought during his off-duty moments. About two hours after supper something seemed to dawn on him and taking the plug of "Piper, I've aitch" chewing tobacco from his pouch, he marched across to Con's billiard parlor and bawled out Pete, among other things telling him he was not quite all there. As Pete had about mindfully left a leg lying around somewhere in brace he had no come-back, and from now on in his life had nothing to say. If this story be true, Pete achieved his object, even though the fermentation process was slow, for about the next day dawned fell the highlanders disappeared from our ken, but they took away with them the satisfaction of knowing they have created a diversion in the commercial life of our town.

TEN TIMES BIGGEST CIRUS HERE SOON

World's Greatest Amusement Institution, Ringling Bros. and Barnum & Bailey, headed This Way

Ringling Bros. and Barnum & Bailey Day draws near and with it will come a vast circus of "ten thousand wonders" to exhibit in Edmonton, Aug. 14, 1922. This mammoth amusement enterprise of 1922 has been officially recorded as "America's ten times greatest circus."

It is a third bigger than it was in 1921. For, in addition to the many innovations offered this, the present season's program numbers ten more trained wild-animal displays—making twenty in all—and the most superb trained horse acts that Europe has yet produced. The wild-animal and equine displays of 1921 were introduced merely that the Ringling Bros. might judge of their popularity. So enthusiastically were these numbers received that the famous showmen immediately arranged for the purchase of the world's finest acts of this kind. An entire equine circus was bought outright and brought to this country last winter. And while the Ringling Bros. and Barnum & Bailey agents were securing this and the trained tiger, polar bear, lion, leopard and jaguar groups, they had other plans to engage the foremost men and women acrobats of the European continent. And these stars from city and jungle are all to be seen with the wild-animal and equine displays, including the great double menagerie of more than a thousand animals and exhibiting such rarities as a mite of a baby hippopotamus and its three-ton mother, to be seen for the price of one admission ticket. As for "everything," it is not only the wild animal and equine displays, but the entire circus. More than 100 men and women, embracing the world's foremost acrobatic stars, take part. There are 100 clowns. Aside from the foreseen beasts, the program includes forty trained elephants. There are five companies of trained seals, many dogs, bears, monkeys, pigs and pigeons. It is the biggest circus program the world has ever seen, given under the largest tent.

HALE WINS IN MAINE PRIMARIES

The primaries just now show more than anything else—the wind is blowing in political circles in the United States. The general administration has much to fear in the coming elections. In Maine, however, Harding scored when U. S. Senator Frederic Hale was re-nominated by a large plurality. Hale is an intimate friend of the President, and is a strong upholder of the policies of the administration.

BOY SCOUTS ADDRESSED
BY DOMINION SECRETARY

A meeting of Boy Scouts and those interested in their welfare took place in the Boy Scouts hall last Friday evening in the absence of Rev. Henry Rogers. Atkinson presided and introduced Mr. Lester of Ottawa, Dominion Secretary, who addressed the meeting by reading a list of the aims and objects of the Boy Scout organization, laying stress on the fact that it is a non-military and non-sectarian body. Though the boys are made familiar with the use of the scout, it is a precautionary matter, so that there will be less risk of accident through ignorance of the dangers attending the handling of them. As for religious matters, all boys are encouraged to attend church and Sunday school, irrespective of whatever religious denomination they may happen to belong. He pointed to the badges on the arm of one of the boys and said each one meant a little work on the part of the boy. There are over 80 proficiency badges, each one for learning something useful to themselves and sometimes to the town in which they live. He also pointed out the evils of smoking and pool rooms for young men and boys.

Colin Clarke moved a vote of thanks to Mr. Lester which was seconded by Mrs. Rogers. Refreshments were served by the ladies committee.

REGULAR MEETING OF
THE WOMEN'S INSTITUTE

The regular monthly meeting of the Women's Institute was held in the Memorial hall on Thursday, Aug. 10th. There was a good attendance of members. After the ordinary business was concluded Mrs. A. H. Rogers gave a solo by Mrs. Frances Rogers, Calgary, a humorous and interesting story of her early struggles in New York as an author.

The social program consisted of a duet by Mrs. Glover and Miss Wiggins, pianoforte solo by Miss Kingsley, vocal solo by Miss Wagner. On behalf of the members Mrs. Gibson presented Mrs. Kibb with a dainty gift and in a few well chosen remarks wished her all kinds of luck in her new sphere. Mrs. Kibb responded in her pleasing manner, saying she would always remember the pleasant afternoon spent during the two years she was president of the institute.

Adjournment was made to the buffet room where lemonade and cake were served, bringing to a close a very pleasant afternoon.

Hostesses were Mrs. Rogers, Mrs. Becker, Mrs. Nalder, Mrs. Hinch, Miss Atkinson, Mrs. Boyd, Mrs. Barnett.

PORT SASKATCHEWAN, ALBERTA, WEDNESDAY, AUGUST 16, 1922

"Safety first" is a good maxim in most things, but particularly so in relation to the investment of money. The rich may afford to speculate and to take the risks attendant on high rates of interest. Those whose means are moderate must be careful to see that there is absolute security in their investments. For such people there is no other form of investment which takes such a high rank, combining absolute security with liberal interest, as the bonds of the Dominion of Canada. Holders of Dominion bonds bearing five and a half per cent., maturing December 1st, 1922, can re-invest their money at the same rate of interest by exchanging the old bonds for new ones running for either five years or ten years, as the bondholder may prefer. Arrangements for carrying out this exchange can be made through all the chartered banks.

AN OLD-TIMER DESCRIBES
THE "HIGH-BROW" DANCES

An old timer hereabouts visited the city a short time ago. Nothing to do, he started out for an evening stroll. Hearing music in one of the cafes and being a bit hungry, he sauntered in. Landing was in progress. That our friend got an eyeful, is evinced by his description of the dances. The num- bers witnessed, he describes as dances of interpretation. A young couple eloped each other around the waist with one arm, fell upon each other's necks, grand bestman and placed their palms together like a pious person does in prayer. Evidently it was an interpretation of "The Maiden's Prayer." Closely following them was a couple interpreting "The Outstep." He was patting her between the shoulders and rubbing the back of her neck with his right hand massaging her upper left arm with his left hand, undoubtedly treating her for heart trouble. As the dancers swept on a very tall young man and a short stout-faced girl were interpreting "The Champagne

ser." There could be no mistake, for his big, broad, muscular right hand was operating solely on her backbone and she was cringing a little at each adjustment. "Le Danseur du St. Vitus," was another beautiful interpretation. A dance, done to waltz music by a timid-looking, curly-haired girl who had gotten to be a string around her waist, and a young man who held her closely to his breast and looked piteously and lovingly into her eyes, and tried in every way to show her sympathy with her in her misery, while he attempted to prevent her from jerking herself out of his arms. They did very little foot-work, but she kept up a continual jerking of both shoulders and one hip while he tried to hold her. It was a sublime effort and might be called a draw, because it drew more attention than any of the other antics on the floor. While the orchestra essayed a one-step or dog trot, it was hard to tell which, a short, fat boy and a tall lean girl did one of the most beautiful dances of the evening. She bent over him and laid the end of her pretty, powdered nose on his right ear. He closed his eyes, he lightly around the waist with his right arm and held her up as best he could, while she staggered through the steps of the dance. He kept both his eyes glued ceilingward and did not even roll his eyes. They were bumped into several times, but they never changed their position. It was "The Dying Call." The pianist in the orchestra also did a little interpreting on his own hook. It must have been "The Red Carrier," for he tried to climb up the front of the piano, and over it without turning his back to spit. Then he would settle down and hit the bass keys a smash to imitate the hoarf of bricks falling to the floor.

To Holders of Five Year 5½ per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:

- Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1st interest cheque as usual. Holders of coupon bonds will detach and retain the last unmaturing coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

The marriage takes place at Edmonton this (Wednesday) evening of Mr. David Roberts of Port Saskatchewan and Miss Ella Willard Bloomfield of Edmonton. The honeymoon will be spent at St. John Beach. We hope to give fuller particulars of the ceremony in our next issue.

REV. H. H. BINGHAM, B. A. of Calgary, says: "Perhaps the saddest funeral service it was my duty to conduct took place a few years ago, when a father passed away while in middle life, who left a wife and several children to mourn his loss. He was a work ing man, receiving an average wage. He died without a cent of insurance on his life, with two months' rent unpaid, and funeral expenses unpaid for."

"No doubt that working man felt Life Insurance was a luxury he could not afford. It kept him busy to feed and clothe his growing family. Had he imagined his life was to end so quickly and his family to be left penniless, he would surely have added a little extra sacrifice to those he was already making to provide for their future, by the only means possible to the average man - Life Insurance."

WEEKLY NEWS BULLETIN

Issued by Publicity Commissioner, Government Buildings, Edmonton

New tariffs have been issued by the railway companies, according to word received by A. Chard, freight supervisor for the government, which provide a decrease in rates on grain for export going via Vancouver. The new rates from Edmonton to Vancouver on grain for export will now be 25 cents instead of 31 cents, the reduction being 20 per cent. The maximum rate from points east of Edmonton as far as the Alberta boundary will be 28 cents.

Hay Supply

The department of agriculture has commenced investigations respecting the supply of hay to be had in the northern districts. Three men have been sent out and are making daily reports to the department respecting the amount of hay available in the districts inspected. About ten days ago the provincial department requested the minister of the interior to withdraw all permits for cutting hay except for actual settlers for their own use, until such time as a thorough survey of the hay situation has been made by the provincial department of agriculture.

This was immediately agreed to by the minister of the interior. Several thousand tons of hay have already been located by the men who are in the field. Settlers who desire to put up hay for their own use may secure information as to this hay by communicating with the department of agriculture, Edmonton.

A survey of the hay and feed situation in the province is to be commenced shortly by the department of agriculture.

Following the passing of the legislation making possible the operation of a wheat board in Alberta, the legislature in special session, prorogued Monday evening last. The indemnity bill was passed providing an indemnity of \$250 for the special session, the amount having been raised from \$200 on the motion of Robert Pearson, independent, of Calgary, during the sitting of the house in committee. The gas question as relating to supply of gas to Medicine Hat and Calgary, was the subject of a debate in the house, but no action was taken. Resolutions submitted by the Calgary members were rejected by the house.

Wheat cutting has commenced at several points in the province, but not become general for the next two weeks. Cutting of rye is general.

Various authorities in the Lethbridge district estimate that the production of all grain in Southern Alberta will total thirty-four million bushels this fall.

A considerable reduction in the number of foreclosures on Southern Alberta farms has resulted as a consequence of recent provincial legislation, it is stated.

That Western Canada will ship considerably more wheat to Japan the coming season than formerly, is the statement made by the director of a large Japanese grain firm at present visiting Alberta.

DRASTIC DEMAND BY
RIDGEWOOD U.F.A. LOCAL

Red Deer, Aug. 22 The storm of protest against that \$250 indemnity that members of the Alberta legislature voted themselves for the twenty-second session in July, when wheat board proposals were discussed continues to grow. Following the action of the Red Deer local, the Ridgewood local of the U.F.A. has taken a very determined stand on the matter.

At a meeting of the local on Saturday evening the following resolution was passed unanimously:

"Resolved, that the U.F.A. is opposed to the abolition of special privilege and graft has been, and is, the leading plank in our platform; and Whereas, the Alberta legislative assembly did in a body vote themselves an indemnity of \$250 each for special session, and

Whereas in so doing they took far more than was right, they took advantage of their position for special privileges and did graft the sum of \$150 for each member.

Be it resolved that this local demand that all U.F.A. members of the Alberta legislative assembly do at once return to the treasury \$150 each. Further, should any members as mentioned above fail to return such money, this local shall place a resolution before the association demanding the expulsion of such persons from membership in the U.F.A. and their immediate resignation from the legislative assembly of Alberta, such people being in the eyes of this local, unfit to belong to the U.F.A.

It was also resolved at the same meeting that: "Whereas, at the time of meeting in special session for wheat board legislation, the member for Leduc was thousands of miles away, and was utterly unable to return to attend to such session because of distance, and did by means of the claim of illness receive \$250 for this session:

"Be it resolved that this local demand that he return the sum of \$250 to the treasury."

Copies of these resolutions are being sent to all members of the legislature and to newspapers throughout Canada.

PRESENTATION TO BOY SCOUTS

At the close of the regular meeting of the Boy Scouts on Tuesday evening a little social time was enjoyed by the boys and a number of others. The occasion was a presentation of fountain pens and an Evershar pencil to Troop Leader Wallace Clarke and Scoutmaster Roderick Clarke, who are, with Mr. and Mrs. Clarke and the rest of the family, leaving the Fort next week to reside in Edmonton.

In a short speech Scoutmaster Latimore said that the local organization was suffering a great loss by the departure of the boys and expressed the hope that they would be as good scouts in an Edmonton troop as they had been here. He assured them of a standing welcome should they ever return and also thanked Mrs. Clarke, who is a member of the ladies' committee, for her interest and help. Upon receipt from Ottawa a thanks badge will be presented to her, and a gift will also be made to Cub Lloyd Clarke.

Mrs. Clarke and Troop Leader Wallace Clarke appropriately replied. The ladies' committee served refreshments about ten o'clock.

PRESENTATION MADE TO
MR. J. M. ROXBURGH

On Monday evening, Aug. 21, an enjoyable entertainment was held for Mr. and Mrs. Roxburgh in the Memorial Hall, which was kindly lent by the U.F.A. Mr. T. B. McWilliam presided as chairman and at the opening of the program spoke of the good work Mr. Roxburgh had done during the five years in which he was principal of the school. The program, consisting of solo, piano and vocal readings, duets and choruses, was arranged by the High School girls. After a few well chosen phrases by Mr. McWilliam, Harold Hay read the address and presented Mr. Roxburgh with a fountain pen, also a small gift to Mrs. Roxburgh. Responding, Mr. Roxburgh thanked the High School students for their kindness in remembering himself and Mrs. Roxburgh, and said that during his stay in the Fort he had invariably been treated with courtesy by the pupils, whom he hoped to see on future occasions.

Edith Smith and Emma Kulak successfully passed the Grade 8 exam. They and their teacher, Miss Cahill, are to be congratulated.

Mrs. A. Osbaldeston was hostess for the U.F.W.A. on Tuesday, Aug. 16th. The afternoon was pleasantly spent in routine business. Miss Mary Leman brought a bright report from Lamont convention. There followed a lively open discussion led by Mrs. H. E. E. in which each member took part, on "Should my Daughter Marry a Farmer?" and "Why?" After the business session the hostess served a dainty supper.

Owing to the continued inclemency of the weather, the True Blue Club were unable to hold their "water room" outdoors as they had planned for Aug. 12. However, a door swung open for the occasion and the young people had a merry evening indoors Aug. 16. A number of grown-ups turned out too and report an enjoyable time.

Mrs. Latimer and Miss Anna Letimer of New Norway, who have been visiting friends here for the past three weeks, returned home Saturday.

Mrs. Wm. Attwell entertained their S.S. class on Friday afternoon. With S.S. games and good things to eat, the kiddies vote their teacher "the best ever."

FORT SASKATCHEWAN, ALBERTA, WEDNESDAY, AUGUST 25, 1922

It is a rare occasion indeed that the people having once elected members to represent them in the legislature have any control of their actions afterwards. The resolution passed unanimously by Ridgewood Local, U. F. A., will prove to be a startling demonstration to the U. F. A. members that they are the servants of the people, and a distinct shock to them that they can be called to time for any action of theirs which the electors disapprove of. Their sin of covetousness has stirred up more than the "storm in the tea cup" they may have anticipated, it has developed into a real and mighty storm. It depends upon the actions of the U. F. A. members with regard to the demands of the Ridgewood local whether or not the situation further develops into an upheaval.

ROBERTS-BROOMFIELD

Westminster Presbyterian church was the scene of a pretty mid-summer wedding on Wednesday evening when Miss Ellis Broomfield, only daughter of Mr. John Broomfield of Edmonton was united in marriage to David Roberts of Fort Saskatchewan. The ceremony was performed by the Rev. W. M. Grant, and in the presence of a large gathering of interested friends and spectators.

The bride entered the church on the arm of her father, to the strains of the "Bridal Chorus" from Lohengrin played by Mr. Fred Tucker. She was charming in a smart travelling suit of navy tulle with pink gossamer blouse, a small white feather hat and ermine stole. She carried a shower bouquet of abel pink gladioli.

Mrs. Harold Mitchell and Alex. Colborn acted as ushers, and there were no attendants. The church was tastefully decorated for the occasion with masses of gypsophila and branches of purple and white asters and sweet peas. During the signing of the register "All Joy Be Thine" was sung by Mrs. Wm. Severin. Mrs. J. L. Broomfield wore a becoming gown of navy tulle with corsage of American Beauty roses.

Later in the evening a reception was held at the home of the bride's father, 1024 A Avenue, and a large gathering of intimate friends present had the opportunity of showering good wishes on the happy couple. A buffet supper was served from the tea table where the bride's cake and bowls of sweet peas and gypsophila made effective decorations. Pink tulle was draped from the chandelier to the corners of the table, and trails of ivy and sweet peas also hung from the chandelier.

Mrs. E. H. Mitchell and Mrs. Hoffman presided and the Misses Louise Janssen, Dorothy Gardner, Marie Grant, Ethel Richardson, Alma Henderson and Myron Knox assisted in serving. The happy couple were including a receipt of many handsome gifts including a cut glass water set from the office staff of

LIQUOR LAW ENFORCEMENT

Commissioner E. B. Bishop of the liquor administration, returned recently from a hurried visit to the capitals of Saskatchewan, Manitoba and Ontario, where he went for the purpose of investigating the methods and policies of liquor administration.

Mr. Bishop was able to gather some official information in the provinces visited with respect to the progress being made in the enforcement of prohibition laws, and stated that in spite of many difficulties encountered, by all the governments, there was a steady and unmistakable improvement in the situation in the case of all these provinces.

This thought, does not mean that there were not some unsatisfactory conditions, for in each province there were phases of the problem that giving rise to serious trouble, and there were also some sections, which generally included the larger cities or border points, where infractions of the law were still too common.

As in the case of Alberta, there has been some increase in all of these provinces in the matter of illicit stills, but this was interpreted as being a reflection on the efficiency of law enforcement, or as an indication that there was any great change in the attitude of the public to prohibitory laws, but was rather the result of the success in the enforcement of the law.

Other sources of supply are being dried up, warehouses were in some cases going out of business, and the thirty factories that have been compelled to move to the highly unsatisfactory and somewhat dangerous practice of making their own liquor in their stills.

Police authorities, however, were actively meeting the situation, and seemed inclined to think that this source of trouble would be an improvement over others had done in the past. In Manitoba, for instance, while conditions in some centres were certainly not improving, and the election was very unsettled, when the province as a whole was considered, the comparisons made with the days of the licensed bar, it claimed by Chief Inspector McLean that, taking into account the increase in population, the statistics for drunkenness showed an improvement of over eighty per cent. In Ontario the chairman of the license commission, James H. K. C., stated that the number of prosecutions was showing a steady decline and this was attributed to improvement in the attitude of the public to the law, and instances were cited of men who had been guilty of violations, who had of their own accord decided that they were through with it, and who had proved their good resolve by not giving the authorities any further trouble.

Mr. Bishop found the government organization for administering the liquor laws to be very efficient, and from the chief to the hospital committee, and staff all were loyal and enthusiastic and of an unusually high moral type of public service, and among them was a feeling of confidence that the time was setting in for an improved public attitude towards liquor laws, which would undoubtedly mean a decrease in the number of violations.

Michael Collins, head of the Irish provisional government and the Irish national army, has been shot and killed from ambush at Brandon, County Cork.

A. D. McDONALD, Superintendent (children's A.M., Calgary, says: "I consider life insurance a necessity, not only a private, but a public blessing, as it encourages habits of thrift and saving, and tends to the extent to raise the moral tone of the community."

"It is a well known fact that sickness and poverty often tend to crime. In, without funds, persons become dependent, then desperate. Besides this, the destitute condition of the poor and impoverished is much higher than among the well to do."

"For these and other reasons, I believe in Life Insurance, and regard the Agent of any reputable Company as a public benefactor."

To Holders of Five Year 5 1/2 per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5 1/2 per cent interest, payable half yearly, of either of the following classes:—

- Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Dated at Ottawa, 8th August, 1922.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmaturing coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,
Minister of Finance.

NEWSPAPER TENDENCIES

Change for the Better in Influence of the Press

The presence of the three national leaders, Messrs. King, Meighen and Crerar, at the annual convention of the Canadian Weekly Newspapers' Association was in itself a striking proof of the "power of the press," in which each one made more or less direct reference. And some very just tributes were paid to the weekly newspaper press by the leaders. Comparisons were made between the daily and weekly press as to their respective spheres. But over all, and in every department, there is a change in process, and on the whole it is for the better. Mr. Crerar spoke of the daily as furnishing the result of the latest prize fight, the details of the most recent murder and also what happens on the Hill.

These are given, it is true, but less attention is now devoted to the details of either the prize fight or murder than was formerly the case. Socially con-

structive news now takes its place on the first page in preference to the now-a-days sensation in crime, and the news story, well written and impartially compiled, is tending more and more to influence public opinion. The responsible newspaper of today is directed with the definite aim in view of presenting news and views impartially, and with a full realization of the responsibilities that accompany its production. There are, perhaps, exceptions, but these only throw into clearer contrast the newspapers which conscientiously endeavor to be independent, fair and free from tainting influences.—The Ottawa Citizen.

Brown started out without one; He's rich now and still rising. Some say 'twas luck; some say 'twas pluck; He says 'twas advertising.

The world would be a better place if we were as ready with our applause as we are with our groans.

BRITISH INVENTORS WON

When microphone crash they nearly always catch fire. This, the Air Ministry decided, was due to the nature of their petrol tanks, which up to now have been made of steel.

Fires were therefore offered for designs of tanks which would make three less likely. The competition, open to the world, has been won by British inventors, who took all three prizes. Now the Air Ministry believe they have got types of tanks which will remove the danger of fire whether an aeroplane falls or whether it is attacked in the air.

The result of this open competition proves that British ingenuity can hold its own with that of any other nation so long as it gets a fair chance. Two of the prizes went to firms of manufacturers; the third was taken by a retired naval officer living in Surrey, England.

The dance given by the baseball boys last Friday night was a great success. Captain R. Abigail, 7th Gurkha Rifles, India Army, after eight years absence, is staying a short time with J. Holmes. He is now on leave from India and is making a hurried trip around the world.

Mr. J. J. LeBlanc, Insp. of Schools, called here on his way to Smoky Lake and congratulated the district on its new two room schoolhouse. He hopes it may be arranged for the official opening to take place in September when the Minister of Education, Hon. Parns Baker, and Dep. Min. J. Ross will be passing through on their way to perform the opening of the Pigeonrogs school.

Mrs. Dailley entertained at tea last Thursday afternoon.

Miss Hreb of Medicine Hat, is visiting her aunt, Mrs. W. Mason.

Miss Verona McVay was a week and guest of Miss Wiggins.

Miss Joan Harkness leaves Monday to attend Normal school at Edmonton.

Mr. H. D. and Mrs. Jessie Kimball, Edmonton, are visiting a few days at their home here.

Mr. and Mrs. P. A. Jardine of Banbury are visiting at the home of Mr. and Mrs. Wilmerth.

Among the out-of-town guests at the Roberts household wedding were Mr. and Mrs. W. A. Graham and Mr. Angus McLennan of Fort Saskatchewan.

Misses Elsie Watt and Edith White of the Fort and Miss Theima Hare of Beaver Hills, are leaving on Monday for Camrose where they will attend Normal school.

Misses Isabel Bullock and Gloria Kingsley will leave Saturday for Camrose where they will attend Normal school. Mr. Noel Bullock will accompany them and see they are installed in comfortable homes before leaving.

Mrs. Geo. Watt and two daughters of Edmonton spent last week at the home of Mrs. Watt's parents, Mr. and Mrs. John Paul. They left Saturday for a visit to sisters in Ypres Valley and Brookville before returning home.

Mrs. Kingsley, assisted by Mrs. Walker and Mrs. Harris, entertained a number of young people on Tuesday evening last, the occasion being the departure of several of the High School students to Camrose and Edmonton. About twenty couples assembled and whiled away the hours from 9 to 2 in dancing, singing and cards. Shortly after midnight lunch was served after which dancing was resumed until the party broke up.

An occasion of unusual interest took place at the home of Rev. and Mrs. M. L. Wright, Sunday and Monday of this week. In honor of the fifteenth wedding anniversary of Mrs. Wright's parents, Mr. and Mrs. Samuel Rogers of Edmonton, there is a complete family reunion consisting of five sons and a daughter.

The gathering numbered twenty-eight and consisted of Rev. and Mrs. M. L. Wright and four children; Dr. and Mrs. Joseph Rogers and two children of Alexander, N. Dakota; Mr. and Mrs. Thomas Rogers and three children of Lloydminster, Sask.; Dr. and Mrs. Oliver Rogers and three children of Toronto; Mr. and Mrs. H. W. Hume, Ph.D., and son of Forestburg, Alta.; and Dr. and Mrs. Lawrence Rogers and daughter of Forestburg, Alta. The children presented their parents with a beautiful Victoria in honor of their golden wedding anniversary.

The family left on Tuesday morning to spend the remainder of the week at the home of their parents.

The Junior W. A. of St. George's church is holding a tea and sale of home cooking at the Memorial hall on Saturday, August 25th, from 2 to 6 o'clock.

Work is going on apace with the new home H. Carcadden is having built on the farm. It is of bungalow type and promises to be quite a classy residence when finished.

Farmer Driggs of the Provincial Jail cut his wheat last Friday. It has been estimated that this crop, which has been sown recently, will thresh from 25 to 40 bushels per acre.

Little End Labadie will sing "Mickey" next Friday and Saturday evening at the Star Theatre prior to the showing on the screen the story "Mickey." The picture you will never forget. Commences at 8 p.m. sharp.

The Alberta Government. Telephone are reuniting the long distance line between the Pleasant View school and Bruderheim center. The new poles have been treated with carbene, which is a special distillate of coal tar and renders them impervious to early decay. Andy McGregor, contractor, of Edmonton, is in charge of the work.

On Saturday, Aug. 25th, a baseball game will be played on the local diamond, Calder vs. Port. Both teams will have good line-ups and the expectations it will be the best game of the season. Diamond and Chabot will be the local battery and for Calder, Gretter and Turner. Owing to the short evenings the game will start promptly at 6.15. Admission, 25c; children, 10c. Everybody come as this will be the last ball game in town this season.

An adventurous party of tennis players set out in the rain Saturday afternoon for Bon Accord, where they were to play in a tournament with the department of the game in that district. Half way to their destination the tennis got a telephone message saying it was raining. To beat the heat at Bon Accord, at least we think it was the heat that was beating them, so the cars were turned and the homeward journey made. The weather cleared about an hour afterwards and if they had only kept—but what's the use now, the opportunity has gone.

One of our most enterprising business men, Mr. James Graham, is determined he will not allow the prevailing spirit of pessimism to affect his faith in the district. He has had a large sign painted above his service station advertising the various lines he handles: Ford cars and accessories, implements and DeLco lights. It is a well executed sign and stands out like a light beacon as an impression of prosperity which acts like a tonic. We would not be surprised if more business men and merchants followed Mr. Graham's lead. An investment of this kind would pay. Disgraces does not encourage trade.

Good Hope

Mr. Walter Leeming who is up in Edmonton at the General Hospital is reported as doing nicely after his operation.

Miss Beattie McQueen of Lamont was a visitor last week at the Pinery's.

Miss Price of Edmonton, the new teacher for Good Hope, arrived on Monday. School opened on Tuesday, August 22nd.

On Tuesday, Aug. 15th, the home of Adam Johnston was the scene of a very enjoyable reception. Adam did himself proud as host, sending to the Port for supplies by special delivery. To save dishwashing the same tin cup was used by all. The guests were mostly local friends, including the bird man, and some from the Port. A pleasant time was had.

Grading is very severe on all sows and heaves and unless these are very smooth and not too heavy they are cut the limit of 6c. Top price on hogs a year ago \$18.75.

Inspector Piper of the A. P. P. is quoted as saying that the crops north of Vegreville will yield at least 50 "quarts" in the area. The Inspector should be an authority on moonshine, but unless our illot stills have gone out of business, we feel that under-estimate the possible yield. Grain will be low in price this fall and the moonshine business will flourish. Like the green bay tree.—Vegreville Observer.

Johnny Weissmuller, the human hydroplane, thrashed his way to another national swimming title in an off-shore race at the Brighton Beach Bath, N.Y., recently. The distance was 440 yards and the Illinois Athletic Club flash covered it in 5 minutes and 16 and 1-10 seconds, the fastest time in which it has been done outdoors in the States. In order not to let the day pass without breaking at least one world's mark, Weissmuller hung up the phenomenal time of 1 minute 17 seconds for the 100 meters back stroke.

DON ACCORD TENNIS
CLUB VISITS FORT

Following the tournament played at Don Accord last Wednesday the Don Accord Tennis Club returned the visit to Fort. Favored with ideal weather the games were started a little later than usual, but the cause, as it is said, being the unpopularity of several local players. Play throughout was keen and spirited, yet without a friendly feeling maintained between opponents which is almost impossible in any other game than tennis, which must be one of the reasons for the game's popularity. A great many visitors were on hand and a gala day atmosphere reigned. Ice cream was served during the afternoon to players and friends and when darkness made it impossible to play longer adjournment was made to the Memorial hall where a bountiful supper was laid. Ampere justice was done to the spread after no long and strenuous afternoon. Mr. Gogan and Mr. Hayes of the Don Accord club both made brief speeches, thanking the Fort club for their hospitality. They were replied to by Mr. Clarke, who holds an executive position in both clubs and he was in favor of return games being held this summer, if it is possible. This suggestion was, however, left over for further consideration. The tournament by games follows and it will be seen that the Fort made 138 points to Don Accord's 102, but the fact must be taken into consideration that the Fort has a greater population to draw players from and also being on the home grounds had the advantage of their opponents in the all time players were available, so that under the circumstances Don Accord was by no means disgraced, nor need the players be discouraged by the result of the tournament.

RESOLUTION FROM
PARTRIDGE HILL U.F.A.

Whereas one of the chief objects of the U.F.A. in taking political action was the desire for a cleaner brand of politics and

Whereas we believe that \$250 seasonal indemnity, voted by the members of the legislature to themselves, is in fact an excessive remuneration for their services at the special session held in July.

Therefore be it resolved that "Partridge Hill U.F.A. Local No. 805 and U.F.W. A. Local No. 25 in joint meeting assembled are in favor of instructing the executive of the Victoria U.F.A. Provincial Political Association to interview our member with the view of requesting him to refund the sum of \$150 to the Provincial Treasury as we consider that the \$100 provided for in Premier Greenfield's resolution was a generous remuneration for the service, and if he fails to do so to take such further action as they deem necessary, and that our secretary be instructed to mail a copy of this resolution to Central office, the Edmonton Journal and the Fort Saskatchewan Herald for publication."

Moved by Wm. Osboldiston, seconded by Mrs. Joseph Smith.

My husband is dead and the creditors have come to take my seat to be bonds men. 2 Kings, 4:1.

Though this tragedy was enacted 800 B.C., it has been played continuously on the stage of Human Life ever since, until today these scenes are even more tragic and numerous than ever.

Nine men out of ten fail to provide for their widows and children. Nine out of ten children who enter school at the age of six are forced to quit school to go to work before they reach grade eight, 8,000,000 widows in Canada and the U.S.A. are forced to work by the day to make a living for themselves and their fatherless children.

FORT SASKATCHEWAN, ALBERTA, WEDNESDAY, AUGUST 20, 1922

The attention of the holders of the five and a half per cent war loan bonds maturing December 1, 1922, is directed to the offer of the Minister of Finance to renew the loan on favorable terms. The last Canadian loan was placed in New York at a satisfactory price. The Minister is making his present financial operation entirely a domestic one by offering to exchange the maturing bonds for new bonds bearing the same rate of interest, running for either five or ten years as the bondholder may prefer. A further inducement to the investor is that he receives a bonus of one month's interest. The terms offered are decidedly favorable to the investor and it is probable that a large part of the maturing loan will be renewed. Arrangements for the exchange of the bonds can be made at any branch of the chartered banks. Holders who do not wish to reinvest will be paid in cash on the 1st December.

There are people in this town and district interested in bathing and swimming. Some indulge in these pastimes in spite of the dangers and discomforts attending them. More would do so were there a greater degree of safety and a medium of comfort to be had. Is it possible to attain these objects at a cost within the town's means? There may be a spot which with little trouble and expense could be converted into a public swimming pool for use next year. We leave the matter for the consideration of the town fathers.

G. A. CRANSTON,
ManagerTWO PRISONERS ESCAPE
FROM PROVINCIAL GAOL

Nick Poulik and Albert Logan, two short term prisoners, have escaped from the provincial gaol at Fort Saskatchewan and are still at large. Although no definite information has been received here as to how the two men made their getaway, it is said that both effected their escape while working in the fields on Thursday last.

Nick Poulik was serving a term of two months, which had almost expired while Logan, who is a half breed, was sentenced to the gaol a couple of weeks ago to serve a term of three months for assault. Logan, who has been in the provincial gaol on previous occasions, has hitherto been a "good prisoner and orderly one." — Edmonton Journal.

Sale of Extracts Forbidden

Under the liquor act, regulations have now been put into effect forbidding the sale of extracts and tinctures as follows: Tincture of orange, compound tincture of cardamom, compound tincture of lavender, tincture of lemon, tincture of ginger, orange wine, tincture of wine of iron chloride, tincture of bitter orange peel, tincture of sweet orange peel, tincture of cardamom, tincture of lemon peel, tincture of ginger, spirit of bitter almond, spirit of juniper, compound spirit of juniper and aromatic elixer.

Unemployment

Prospects for less unemployment during the coming fall and winter are much brighter than for some time. With the settle of the coal strike, which is expected to come about shortly, will come approximately 100's employment in the mines, which will take care of about 100 extra men over and above the usual number employed, in view of the anticipated rush for coal to make up depleted stocks. A good deal of labor is being absorbed by the harvest fields this year. The commencement of the big refinery of the Imperial Oil Co., in Calgary, will also absorb a large number of men.

First sample of wheat being received at the Dominion government elevator at Calgary are grading No. 1 hard and No. 1 Northern. Several carloads of wheat have already been marketed.

To Holders of Five Year 5 per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5 per cent interest, payable half yearly, at either of the following classes:

- Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmaturing coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

On July 29th Pete Sawday was fined \$20 and costs or a month's hard labor for assault. For the same offence Mrs. Sawday was fined \$20 and costs or one month hard labor. Cases tried before Magistrate John Paul.

Tried on August 13th before Judge Crawford, Homer Costenier was sentenced to two month's hard labor, and Paul Costenier five month's hard labor for theft of grain. For theft of pigs the two accused received a similar sentence, the sentences to run consecutively.

Tried before Magistrate Paul on Aug. 10th, Demetri Hrubczak was fined \$500 and costs for illegal sale of liquor. For the same offence Alex. Hrubczak was also fined \$500 and costs.

Tried on August 13th before Magistrate Paul, John Pyryk was sentenced to two month's hard labor for assaulting his wife and a further sentence of two months for assaulting his mother-

in-law, Mrs. Waskin.

For assaulting Mike Chekred, Mike Iwasychuk, Jacob Iwasychuk and John Iwasychuk were fined the costs of the suit by John Pyryk, J.P., at Kilday Centre on August 8th.

Alberta Butter Wine Again Returns just received by C. P. Markov, Deputy Commissioner of the province indicates that Alberta butter exhibited at five of the large fairs in the west, captured 60% of the first prize offered and also four out of five of the championships. The exhibits were shown at Edmonton, Calgary, Saskatoon, Brandon and Regina, and came into competition with better exhibits from most of the other provinces of Canada.

Revenue from theatre tax in the province has been falling off this year, indicating a falling off in attendance. A total of 86 picture shows are licensed in the province this year, in comparison to 111 last year.

Enrollment at Normal Schools

A heavy movement for the normal schools of the province is taking place this year, according to Hon. Purvis Baker, Minister of Education. The enrolment has reached 581 thus far, divided as follows: Edmonton, 180; Calgary, 212; Camrose, 304. No permits will be issued this year, states Mr. Baker, save in cases where it is absolutely imperative.

Press stolidly toward achievement. Let others chase fame.

SHOP IN THE FORT

Pleasant View

Harvesting is in full swing in this district and it is expected that this week will see most of the grain cut.

A. Low returned from Ontario during the past week. His brother came with him and is assisting him on the farm.

R. Burns and family left for the south a short time ago in order to harvest their crop there. Before leaving they held an auction sale, and since then their house has been buried from an unknown cause.

Mrs. H. Robinson is spending two weeks with relatives at Blackfoot, Alberta.

Douglas Slater is again in the district having come from Vancouver to assist F. Simmons with the harvest.

One step won't take you very far, You've got to keep on walking.

One word won't tell folks who you are, You've got to keep on talking.

One inch won't make you very tall, You've got to keep on growing.

One little ad won't do it all, You've got to keep them going.

Mr. James Atkins delivering an oration after unveiling the Bank of Canada Memorial.

Commemorating the heroism of 128 officers of the Bank who gave up their lives in the Great War the memorial at the Union Bank of Canada has just been unveiled, at McEllen's, in sales of the memorial. The memorial is a monument to the good of humanity and in consequence devoted to perpetuate the movement initiated by H. R. Shaw, the Bank's Vice-President and General Manager, in starting a first air camp for War's needy children. They will be given a holiday at the Association's camp this year.

The memorial is significant as the national recognition by the United Bank of Canada of its officers' patri-

otism in the Great War. The Bank directors in determining the memorial to mark the self-sacrifice of the staff limited to the view that memorial of men's nature should be marked by some corresponding service for the good of humanity and in consequence devoted to perpetuate the movement initiated by H. R. Shaw, the Bank's Vice-President and General Manager, in starting a first air camp for War's needy children. They will be given a holiday at the Association's camp this year.

Social and Personal

Miss Nora Fordham of Veggerville is visiting her sister, Mrs. Vasker.

Mrs. Christie and Mrs. Edmond of Edmonton visited Mrs. M. Barratt of Fort (Wednesday).

Mrs. Peter Rule of Edmonton has been paying a short visit to Miss Billie Charleston on the Charleston farm.

Edna and Louise Lamoureux left on Tuesday for the convent at St. Albert where they will continue their education.

Mrs. Westover of Westlock returned to her home last Friday after two week's visit to Mr. and Mrs. Harold Willes of Sturgisville.

Mr. and Mrs. Roberts returned this (Wednesday) morning from their honeymoon spent at Soda Beach. They have taken up their residence on Government street.

Principal and teachers were all on deck at the school Monday evening, all rising to go. Misses McLean, West, Redmond and Hutt returned from their holiday Saturday. Miss McMillan and the new principal, Mr. Muncester, were at home and fully recovered from that mauling.

Mr. and Mrs. Harper returned last week from their honeymoon trip to the old country. Though three and a half months have elapsed since they left the Fort the time was not sufficient for them to see all the friends they desired to, but many places were visited. Apart from visiting points of interest, the bulk of the time was spent with relatives and friends in London, Brighton, Edinburgh and Aberdeen. Mr. and Mrs. Harper have now taken up residence at their home in the east end of town.

In honor of Mrs. Clarke, who is leaving the Fort to reside in Edmonton shortly, an afternoon tea was given by Mrs. Alex. B. Smith and Mrs. C. W. Wager at the latter's home last Thursday. Members of the W.A. of St. George's church were present and in token of the splendid services rendered the W.A. by Mrs. Clarke during the past seven years, Mrs. Smith presented her with a handsome and useful present. Mrs. Clarke was agreeably surprised and thanked the members for their kindness.

ANNOUNCEMENT

An several have asked Mrs. M. L. Wright if she will take some pupils who wishes to announce that she will take a limited number of adults in piano, voice or theory of music and enough children to form a class of beginners in the Ellis Ellis Fieldrick music method.

The party of tennis players who were disappointed a week ago Saturday made their deferred trip to Bon Accord last Wednesday and had a thoroughly enjoyable time. They managed to win the tournament with the Bon Accord players by a small margin and returned with glowing reports of the hospitality shown them.

Under the prairie forest, fire is a constant menace. A fire district has been organized in the province as follows: North and west of a line starting at the point where the North Saskatchewan river intersects the fourth meridian, thence upstream to Edmonton, thence south along the C.P.R. to Calgary and Macleod, thence south between ranges 25 and 36 to the International Boundary. Regulations controlling the starting of fires in this fire area have been issued, requiring permits to be obtained to start fires in the district. Circulars have been issued by the provincial fire guardian urging the public to observe these regulations.

AGED INVENTOR LAID TO REST ON LONELY MOUNTAIN PEAK

Burial of Alexander Graham Bell, on the peak of Bell's Mountain, near the summer home at Baddeck, Nova Scotia, at which the aged inventor of the telephone died in his seventy-ninth year. Mrs. Bell is seen in profile, wearing white, beside the casket. All the villagers of Baddeck climbed the mountain to pay their last reverence as the steel casket was lowered to its final resting place beneath the high steel watch tower which Dr. Bell had caused to be built during his life, and at that moment service was discontinued on the 12,000,000 telephone in Canada and the United States. As in life, so in death—modestly distinguished the great inventor's funeral. A working suit of corduroy and rough tweed his abode—with the red ribbon of the Legion of Honor pinned to the lapel—a rough box of rugged pine, built in the scientist's own workshop, his coffin; browned workmen from the Bell estate, the pallbearers. The Union Jack, beneath which he was born, in Edinburgh, was raised at one side of the grave, and the Stars and Stripes on the other.

COMPLETES HALF OF 10,000 MILE HIKE

Bayliss, manager of a big New York hotel, on his arrival there after completing 3,250 miles of a 10,000 mile hike which he has undertaken to prove that a man can travel throughout the country without a cent in his jeans. Day submitted to a San Francisco publisher last fall the romantic tale of an adventurer who walked about the rim of the United States, for an entire round trip, without a cent in his pocket. The publisher said it couldn't be done, but Day insisted it could. So he started out from San Francisco on November 30 last and hiked his way through a number of States until he finally arrived in New York City. He told of being rescued with innumerable offers of help, money, etc. Day expects to get back in Prison by March.

JOSEPHBURG SUNDAY
SCHOOL PRESENTATION

The adult members of Josephburg Sunday School pleasantly surprised Mr. Edmond Hennig last Wednesday night, on the eve of his leaving to enter college at Sheboygan, Wisconsin. The evening was pleasantly spent in contests, games and music. A delicious lunch was served at midnight, after which Rev. Hoffman presented Mr. Hennig with a traveller's toilet kit, in the name of the Sunday School, and a Westernman fountain pen in the name of the teachers of the Sunday School. Mr. Hennig's house guest, Mr. Melvin Witter, St. Mary's, who accompanied Mr. Hennig to college, was presented with a fountain pen, Paul Unterchuck making the presentation. About sixty-five of the younger generation of the congregation were present to bid their teacher and comrades farewell and wish them a safe and happy journey as well as a profitable school year.

PORT BASKATCHEWAN, ALBERTA, WEDNESDAY, SEPTEMBER 6, 1922

Finding time hanging heavily on his hands last Monday (Labor Day) a business man of Bruderheim got into his car and out of curiosity visited each threshing outfit he saw in his perambulations in the vicinity of the town. He made enquiries at the four machines he espied and learned that to the acre they were threshing respectively 18, 20, 23 and 35 bushels. This is an average of 24 bushels to the acre for these four farmers. With all the talk of a bumper crop in Manitoba and all the notoriety secured for the province thereby, the average crop has proved to be but 18 bushels to the acre. And notwithstanding all we have heard of the southern part of Alberta, 30 bushels is regarded as a bumper crop. Where and how then are we suffering a crop failure in this district? Are we too modest, or are we puffed because nature has not handed us her usual double portion of productivity?

Partridge Hill

The numerous threshing rigs in the district are tuning up in preparation for the season's run. The Smith-Houston Whitson syndicate started Tuesday and are humming along. There still remains some outfit to finish up, late barley and greenfeed.

Mr. and Mrs. J. M. Alton, Edmonton, spent the week end with their family here.

Mr. J. S. Wendenworth, Labor M.P. for Winnipeg, and Mrs. Woodworth and family, Mrs. Condon, Edmonton, spent Sunday here with the former's aunt, Mrs. J. H. Lawrence.

Mr. and Mrs. Wm. Osbaldeston were Edmonton visitors a couple of days last week.

Bill and Noble Jelliff and Red Alton also paid a flying visit to the capital city.

Mr. and Mrs. W. G. Alton and William visited friends at Lamont on Sunday.

The Misses Jessie and Lucy Houston spent Sunday with friends in the Fort. Their sister, Miss Edna, accompanied them home and spent Labor Day here.

Mr. J. Holgate of the Alberta Floral Co., Edmonton, and family, spent Labor Day in Partridge Hill, the guests of Mr. and Mrs. C. H. Finlay.

We regret to learn of the painful accident which befell little Alma Pearce last Thursday morning. Her sister and she were riding their pony to school when the pony shied, throwing the little girl to the ground. She sustained a broken arm. She was rushed in to Dr. Mooney who set the broken member. At last reports Alma was doing nicely.

Classes at the University of Alberta will open Sept. 27. Registration starts September 25. There will be one or two changes in the staff. Oscar Bridgman from Harvard will be lecturer in physical chemistry. Dr. Colby, who has been absent doing research work in Toronto, will return as professor in bio-chemistry. Prof. Newton, who has been engaged in research work in Minnesota will return to the faculty of agriculture as professor in field husbandry. The position vacated by Prof. Dowell, professor of animal husbandry, has not yet been filled. Prof. W. M. Fyfe has also resigned to go to the Institute of Technology of Massachusetts.

To Holders of Five Year
5½ per cent Canada's
Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:—

(a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.

(b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Dated at Ottawa, 8th August, 1922.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmaturing coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,

Minister of Finance.

• • • • • Social and Personal Mr. and Mrs. W. J. Skelton of Weston, Ont., were week end visitors at the Methodist parsonage. Mr. Caldwell, Moore Jaw, was the guest of Miss Agnes Atkinson during last week. Miss Mand von Hland left on Monday morning for Stettler, where she is engaged on the school staff. Inspector and Mrs. G. S. Lord, Edmonton, visited Mr. and Mrs. Augustine last Saturday. Mrs. George Larson entertained one day last week with a pantry shower, complimentary to Mrs. Douglas Harper. A number of ladies responded most generously. Refreshments were served and a pleasant outing enjoyed.	Miss Dora West, Edmonton, spent the week end and over the holiday with her sister here. Miss Morin, late of Graham Bros. staff, has taken a position with P. J. Barbosa at Cakler. Mr. and Mrs. M. Brown, on route to England, stayed over the week end with Mr. and Mrs. Owen Flinoff. Mrs. Driggs left last week with her sister, Mrs. de Graffe, for Oakland, Cal., and expects to be away until the end of October. Mrs. John Adamson entertained with a three table bridge last Friday evening, when Mrs. F. A. Walker made the highest score and received a dainty prize. Little Alma Pearce had the misfortune to fall from a horse she was riding to school and break her arm. She	is now staying in town with her grandmother, Mrs. John Wallis. Mrs. P. J. Barbosa was moved to the Miercuria hospital, Edmonton, last week. A slight improvement in her condition has been apparent during the last few days. ADDED ATTRACTION AT STAR We are pleased to hear that little Edna Labadie will again appear at the Star theatre Friday and Saturday evening, September 8 and 9. She will give an Egyptian dance in "The Shik." Little Edna is from Detroit, Mich., and has been on the vaudeville stage for the past thirteen months playing comedy roles and gaining for herself the name of "The Kid Comedienne." A combat to the death (at least all
the elements of abuse to abuse and dust
to dust where) took place at the
Union tennis courts on the afternoon of
Monday, President and Vice-presi-
dent chose sides and the players strug-
gled all the afternoon against the pow-
erful wind and their adversaries. The
game was remarkable for the num-
ber of close scores and the evenness of
the total scores at various stages of the
tournament. Several times the total
score was a tie, the last time we no-
ticed this coincidence being at 61 all.
The president's team, however, finally
won out by a score of 101-94. Miss Mc-

THIRD ANNUAL FAIR OF THE FORT SAS-KATCHEWAN SCHOOL FAIR ASSOCIATION

The 11th session of the School of Agriculture, the Department of Education and the Fort Saskatchewan School Fair Association held their annual Fair on Tuesday, September 18th. While the exhibits were being judged by the public, the fair was going on according to schedule, although rain in the early part of the afternoon somewhat interfered with the comfort of competitors and spectators alike. A large crowd was in attendance and great interest taken in the various events. A new feature in the program was the very successful singing contest which was won by two of the juvenile riders who were singing a song in a way that a loud shaking up by falls while pulling up their mounts at the end of the race. At the conclusion of the sports the public was admitted to the buildings containing the various examples of handicraft, the live stock and garden products, and a large number of other interesting items. MUNICIPAL DISTRICT OF CLOVER BAR No. 517

The regular monthly meeting of the Council of the Municipal District of Clover Bar No. 517, was held on Saturday, Sept. 9, with all the members in attendance.

Mr. Gillies was unanimously elected Deputy Reeve for the ensuing six months.

Mr. Ross, Divisional Engineer, Canadian National Railways, was present with reference to the proposed extension to the village of Ardrossan from the East. He suggested that the roadway be purchased on the north side of the right-of-way, for the reason that the possibility of accidents on the private crossing through the station grounds would be greatly reduced. On account of the scheme benefitting a large number of residents from the adjoining municipality it was decided to appoint Mr. Reeves and Councillor Gillies to attend the next meeting of the council of M. D. 517 to discuss the matter with them.

The Secretary reported that three tenders had been received for the work of cutting down the hill immediately west of the North Clover Bar school house. Each tender was considered by the Council, who finally awarded the contract to Messrs. MacIsaac & Summers of Clover Bar. The by-law to regulate the moving of buildings on or along the highways of the District was passed for the second time. After the by-law is finally passed it will be necessary for all persons to obtain a permit before moving a building along the highways of the District. Permits will be obtainable from any of the councillors.

The Secretary was instructed to prepare a by-law to enforce the removal of filth and rubbish off the roads and lanes within the Municipality and present same for consideration at the next meeting. With the passing of payments and a large sum amounting to \$2500.00, the meeting adjourned until Saturday, 7th October.

Opening of Agricultural Schools
Classes in the agricultural schools of the province will open for the 1922-23 term on October 31. The classes will be conducted this year at four schools, these being at Raymond, Claresholm, Oils and Vermilion.

Arrangements have been made by the Department of Agriculture so that prospective students from the Gleichen and Youngstown districts will be transported free of charge to the schools at Claresholm or at Oils.

A particularly good attendance is looked for at the four schools this year. The courses in agriculture and home economics provided for the older boys and girls of the farm at these schools have become far famed and it is expected that more students will be able to take advantage of them this year. As is known, the courses are free, the only cost to the student being that of room and board. Dormitory accommodation is provided for girls at Oils and Claresholm, but room and board can be had reasonably at all four towns in respectable homes.

At three of these schools, Oils, Claresholm and Raymond, special courses in irrigation will be given. The instructor is E. E. Eisenhauer. The staffs of the schools for the coming year are now about completed, and will be announced shortly.

THE RECORD

H. (they, Editor and Publisher

FORT SASKATCHEWAN, ALBERTA, WEDNESDAY, SEPTEMBER 13, 1932

The board of the Fort Saskatchewan public school having kindly provided the swings and other equipment in the school grounds for the children's use resent, and rightly so, the fact that certain adults make use of this equipment. While the allowance was made in the manufacture of the swings for the weight of children using them, they were not made to stand the strain of the weight of grown-ups, and a great deal of harm is being done by this abuse. Those other than scholars are asked to refrain from using them.

SEASONAL INDIGNITY

A meeting of the Board of the Victoria U.F.A. Provincial Political Association was held in Lament on Sept. 9 for the purpose of discussing with sitting members, Mr. Wm. Foden, M.L.A., the justice or otherwise of the special seasonal indignity.

A number of resolutions from Lament dealing with the question were before the board. And several local members were represented by delegates, who presented the views of their locals. The question of seasonal indignity was discussed from many different angles. During the discussion the President pointed out that in the effort to see that justice was done for the people, it was necessary to avoid doing an injustice to the members of the Legislature.

From the evidence before the Board the following conclusions were arrived at:

1st. That the public were not fully conversant with all the conditions involved, but that their viewpoint had been distorted by the adverse criticism of those opposed to the U.F.A. government.

2nd. That the mere attendance during the session is not the only demand on the time and expense of the members, but that their position involves many other demands for time and expense in the fulfilling of their duties to the public.

3rd. That, insofar as the sitting member for Victoria was concerned, there was no desire on his part to take advantage of his position to take more than he was entitled to. Mr. Foden admitted that in his own case he believed that the indemnity voted was excessive to the amount of probably 750, but there were other members who had a very much greater traveling expense than he had, and that in fixing the indemnity all the members had to be considered.

4th. That the present system of indemnifying the members is not just, and should be amended so as to make an allowance for attendance at the session and a mileage rate for traveling expenses.

5th. That, so far, there has been nothing declared to reflect on the integrity of the U.F.A. members or to prove that they have forfeited the confidence of the public.

Mr. Wm. Foden, M.L.A. for Victoria, also gave a written pledge that if a majority of the Locals in the province decided that the seasonal indignity voted for the special session in July, was excessive, he would refund what ever excess amount they decided upon, even though it should be the full 2500.

ANSWERS TO INQUIRIES

Ques.—I have been promised a gift of two young pigeons. How can I get them to stay around my place?—Paid up subscriber.

Ans.—Spread butter on their feet and by the time they have licked it off they will be reconciled to their new surroundings. They will then either stay or fly away.

Ques.—Does the Union Tennis Club permit members to play tennis in winter?—Edmontonian.

Ans.—Yes, but this indulgence will necessitate you buying warmer clothing than you have been accustomed to wearing in your usual winter pastimes, to wit, golf and snow. We believe the rules of the club also call for mitts and snowshoes.

Mrs. Bolton, mother of the bridegroom, wore a becoming gown of black silk and wore a corsage of pink and white sweet peas.

The drawing room where the ceremony was performed presented a festive appearance with white streamers and pink sweet peas. A buffet luncheon was served. The bride's cake occupied the center of the table, resting in a cloud of pink tulle.

The happy couple left at the midnight train for Regina. Robert and other waiters. The bride's travelling suit was of grey silk with touches of blue in the embroidery, the coat opening over a blouse of hona shade. A grey feathered hat and grey fur stole, the gift of the bridegroom, completed her costume.

The bridegroom's gift to the bride was a gold wrist watch, to the bride a pair of monogrammed cuff links. The happy couple were the recipients of many beautiful and costly gifts.

A Concession to Home Investors
In offering to pay the five and a half per cent. Canadian Government bonds maturing December 1st at the same rate of interest as is carried by the maturing bonds and allowing a bonus of one month's interest, the Minister of Finance is making a material concession in the home market. As, this rate is higher than was paid on the recent Canadian loan in New York. The high cost of the security, which is the very best that can be offered in Canada, and the liberal rate of interest should lead to large investments in these Dominion bonds. Attention is directed to the official advertisement giving details.

The following is supposed to be a letter from a drummer to his home office this a sample of their literary abilities we must say they cannot write as smoothly as they talk:

dear boss
I called you as you said in this god for-
town and seen this James stout emporium who has the doggen agency here

It makes me tired these literary efforts in a burg like this and if you want red the last part of this then where the wasteland I can tell you what with the best and the nail in this prison box what an sitting I am getting pretty well fed up rising this

It is nice what you said this hard has a bunch of junk he got from the Case handled hardware Co of course they would not have bot it if I had a band with their cheap prices and all

I told this hard I did not want to respect to him anything so he would not be disappointed I told that in the back of the town which is full of stamps and rheokholes and things but I told him also you would make me call on him so if he did not want anything I would be looking on as I did not want want to stay her 2 nites with the theamokotes and everything

first off I tried to land this guy on one of those big jacks we have had so long his garage has only most for a floor and he says he needs of those things as bad as grasshopper needs a two plane which I guess is a rite.

well this guy is preaky funny when you get to no him like I dose and when I showed him that sample of shock absorber he says well what is it for can you imagine that I told him it is for putting in a feather bed to check the rebound hah! hah! that maid him laff alrite he says he is not needing any as he sleeps on the counter well he certainly has a bum place just like the wren and I dont think we could take a chance on him but I went thru the catalog with him and he bot off me a flock of these old tire carriers at 50c I also valued him a bunch of rivets a valve inades stove pipe wire coil points and felt gaunks he also bot a couple of sets of Brice rings as he said he got these before and hammered them with a mallet some of these burds dont no anything I told him they were hammered in before he got them anyway he says they give his cars more compression that form the house got out for reports is all rong there is not exaff none where you have got hobbys I asked the guy his hobby so he says he has 2 in the summer mostly fishing I'll tell you the other when I come in

your aff.
P.S.—would suggest you give him a line of credit say about \$25 he was in the same devious as the overrears and this is all he could be worth.

McGillivray—White

A very quiet wedding was solemnized in St. Faith's church, on Friday evening, Sept. 8th, at 6 o'clock, when Miss Doris, fifth daughter of Mr. and Mrs. W. P. White, 11254 83rd street, was united in marriage to Francis Vivian McGillivray, a member of the Royal Canadian Mounted Police. The bride was attended by her sister, Miss Cecilia White, and was given in marriage by her brother-in-law, Mr. Richard Mager, in the absence of her father through illness. Mr. Dick Wild, also of the R.C.M.P., attended the bridegroom. The ceremony was performed by the Rev. Malcolm Macdonald.

After the ceremony, a buffet supper was served at the home of the bride's parents. Only immediate relatives of the bride's family were present. Edmonton Journal.

New Course of Studies

The new course of study for the public schools of the province has now been printed, and has been distributed by the education department to all schools in the province. In cities where a superintendent is engaged, the course of study has been sent to his office. In other cases, the books have been sent to the secretaries of the school districts. This plan of distribution has been adopted because there is no yet complete list of teachers in their

present locations available to the department. Teachers who have not yet received the course of studies should get in touch with their school boards at once.

The new course is authorized for use in all the schools of the province during the present year, and each teacher should secure a copy at once. The course is the most detailed and complete of any province in Canada. It has been published in a most attractive form, and the course itself is most attractive. The course is somewhat longer than the one it replaces, but it should prove very much more suggestive and helpful to the teacher. A close study of the course, and close adherence to its suggestions, should result in more efficient teaching of the subjects as English, nature study, and industrial arts.

POLITE INDEED

A wealthy man had engaged a new coachman who was advised to be very polite if he wished to keep his place. Accordingly, when the master visited the stable this day he noted: "Master! What, John, how are the horses?" "Cheeriness! They are quite well, sir, thank you; and low are you?"—Lecturer.

Know That Before.

"Don't you know that the population of London is more dense than that of New York?" remarked the Englishman.

"Of course I do," replied the American. "I have often tried to make a Londoner see the point of a New York joke."

To Holders of Five Year 5 1/2 per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privileges of exchanging the maturing bonds for new bonds bearing 5 1/2 per cent interest, payable half yearly, of either of the following classes:—

- Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last uncoupled coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,

Minister of Finance.

Dated at Ottawa, 8th August, 1922.

HOW PARENTS CAN ASSIST THE TEACHER

Without doubt there are many or causes upon which the school teacher is blamed for results attained (or not attained) which at once prove that the cause is not being placed in the right quarters.

The following few pertinent questions carefully studied and asked upon might do much to increase efficiency and reduce occasional friction:—

Do you visit the school to inquire about your child's progress and depart-ment and to see if you can help the teacher to help the child?

Do you encourage your child to respect his teachers and others in authority?

Do you send your child to bed in time so that the child will be properly rested and fit for the next day's study?

Do you provide plain, nourishing food, and see that your child is up in time in the morning to eat a good breakfast?

Do you teach your child to read the

papers and find out the best in them; and do you encourage an interest in public affairs?

Do you avoid gossip and the telling of incidents which they may minister, before your children?

Do you encourage helpful conversation at the table?

Do you interest yourself in the child's sports, amusements and friendships?

Do you comply with the rules of public health in your home and do you keep in mind the fact that while the school may do much to instill right principles, your child is handicapped if you do not support it by instilling obedience and high ideals of patriotism and personal life.

Do you realize that the very best of school system cannot take the load of responsibility from the backs of the parents?

As a matter of fact—the better the school the greater the responsibility of the parent is!

Do you teach your child to read the

FORT VETERANS SMOKE
WITH GOVERNOR-SMOKER

Two automobile loads of Fort veterans journeyed to Edmonton last Wednesday night to attend the smoker at the G.W.V.A. hall and to say "how do you do" to Lord Byng, Governor-General of Canada, who was to be the honored guest. The local party arrived in due course and with few delays to the assembly room where 3000 comrades were already on hand, filling up every seat except those reserved. With every eye on them the boys each carried their own chair up the centre aisle, right up to the front and a little to one side, a precaution of the hall, the other, the hall and the nearly blind. They were installed in the place apportioned to them, handed cigars, cigarettes, clay pipes, tobacco and matches. They were introduced to the assembled comrades by James Walker, president of the Edmonton branch, and received three rousing cheers. Did the boys feel good? I'll tell the Fort they did.
Selections were played by the Edmonton G.W.V.A. band, which by the way, is shortly going on a six month's tour in the United States, and several artists of merit entertained and amused. Later, Lord Byng arrived, followed by his staff, Lieutenant Governor J.W. McMaster Greenfield, Mayor Duggan, Major-General Griesbach, and other army officers and civilian gentlemen. His Excellency was given a tremendous ovation, he had an address of welcome read to him by President James Walker on behalf of the Edmonton Great War Veterans and Amputation section, under fire of which he bore himself pretty well, and replied in a speech giving encouragement and advice to men who may be disappointed at conditions following their great sacrifice.
John Mitchell, organizer of the News-boy's band, the bandmaster, K. Bullock and F. Aldridge, bandmaster of the G.W.V.A. band, were presented to His Excellency.
At the conclusion of the concert the local party, which consisted of President F.A. Walker, Jot Carscadden, Commodore Ellis Graham, Pete Selinsky, Hamil Walton, Albert Todd, Harry Thorne, Frank Stuckey and Edgar, went to a restaurant for lunch, that is, all went except Pete Selinsky, who was at this juncture reported missing. His sense of direction was either lacking or entirely too strong. He was left to his fate and the remainder of the party proceeded on their way home.

THE RECORD

H. Ouley, Editor and Publisher

FORT SASKATCHEWAN, ALBERTA, WEDNESDAY, SEPTEMBER 20, 1922

"The Craigville U. P. A. District convention recently passed, by a large majority, a resolution which they wish to be brought before the annual convention, and the Legislature to pass enactments that public schools be opened by reading, without comment, a portion of the Scripture and repeating the Lord's Prayer, and also that a well written History of the Bible, Life of Christ, and stories from the Bible be made available for public school libraries."—The U. P. A.

Here is a lead which should be followed by local organizations, and a suggestion put to the legislature that enactments be passed to make the bible lesson compulsory in all public schools. It can do no harm and it may result in a great deal of good, as apart from the small percentage of children who attend Sunday school, little or no opportunities are given the children of this country to learn the lessons conveyed in the "good book." A short time only would be taken up by the bible lesson, so its interference with the school routine would be slight.

The latest news concerning the eastern crisis is reassuring. It is now thought that extreme measures will be unnecessary and all danger of war in which Great Britain and her overseas Dominions would be involved has been swept away. This is the greatest and most gratifying news we have had since the war scare of a few days ago alarmed us. In that crisis we learned that despite the knowledge gained of the horrors of warfare by those too young for the last war but old enough for the next, the youths of the Fort were eager to take their places in the ranks "For King and Country." The tried veterans, though not so vehemently eager, declared themselves ready to volunteer; however their services be required. Next to an assurance of peace that is the most glorious piece of information one could receive.

Holders of 1922 Victory Bonds who have decided to exchange their maturing bonds for new bonds carrying the same rate of interest, under the proposals of the Minister of Finance, which are now being advertised, would do well to surrender their bonds at once, rather than delay until September 30th approaches. When the bonds were first issued in 1917, the 1922 maturity was a favorite with small investors, many of whom were buying bonds for the first time. Consequently, there are many thousands of individual holders and it would be a great help to the banks and the Department of Finance in carrying through the conversion expeditiously, as well as a convenience to the holders themselves, if they would turn their bonds in to the banks as early as possible.

JAIL BREAKER IS GIVEN
3 YEARS IN PENITENTIARY

Two years' imprisonment in the Prince Albert penitentiary for jail breaking, was the sentence handed out to Albert Logan of Lethbridge, by Police Magistrate John Paul, at Fort Saskatchewan on the 18th inst.

Logan was serving a three months' sentence for indecent assault, and while out stoking in the grain fields at Fort Saskatchewan got, with other prisoners, on August 18th, confined to make his escape. He was re-arrested at Beaver Lake on September 12th, and stoutly denied that he was the wanted man.

giving a false name.
"I was a bit crazy at the time," stated Logan, on receiving sentence, "and I don't know what made me do it."

De J. Masters of Calgary, arrived on Saturday and will be in a position to resume practice within a few days.

Miss Molly Goldstick of Edmonton, spent the week end at Tarnon's.

The lumber for the bridge to be built across the Beaver Creek, near D. H. Korman's farm about two miles north of town, has arrived and construction will begin shortly.

Two shavers on Tuesday delayed shaving. A light shower in the afternoon was followed by an evening heavy rain which the evening lightning probably delayed for the remaining part of the week. Threshing is about 50 per cent. complete in the immediate surrounding district. A small portion of the green feed remains to be cut.

On Monday evening the citizens of the town showed their respect for William Heisterington, by giving him a farewell party at the Hotel hall. During the first part of the evening the crowd was entertained by dancing and playing cards. Previous to supper O. Naak gave a short address expressing on behalf of the citizens regret at losing Mr. Heisterington. He then presented him with a silver cigarette case from the people of the town. In the departure of "Bill," the town is losing a very good citizen, who has helped in all social functions and sports of the town.

"There are so many things that money will not buy," mumbled the two-berthage motorist.

"And there are such a bevy of things that I'll buy," interrupted J. Foster. "I know that I am perfectly willing to accept at any time the \$10 you borrowed from me more than two years ago."

General Superiority.
"Your campaign is said to have cost a great deal of money."

"I don't know a thing about that," replied Senator Horgan. "The fact of the matter is largely in the fact that the chap with the brains was at back and let the boys with the money handle without bothering him about details."

To Holders of Five Year 5½ per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to convert their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:—

- Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from November, 1922. LIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Dated at Ottawa, 8th August, 1922.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmaturing coupon before surrendering the bond itself for conversion.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,
Minister of Finance.

Miss Eva Langhouse, formerly a student of Castle school, is taking up grade IX studies at the Walker school here.

P. K. Thomas has purchased two lots on which E. Bottcher's shop is located. After the removal of the blacksmith shop Mr. Thomas intends to put up a large two-story building. The first floor is to be used for a pool room and confectionery store, the second floor as a town assembly hall. The latter will be a great help to the community.

On Tuesday the baseball and basketball teams accompanied by a number of supporters, journeyed to the school fair at Fort Saskatchewan. The baseball game ended in a victory for the Bruderheim nine by a score of 8 to 4. This was one of the best ball games ever played between these two teams. The basketball game was cut short by rain, the score being 12-10 unfinished, in favor of the Fort.

The Methodist Church was filled Saturday morning to hear Dr. Morris and the celebrated quinetists. The singing of the quinetists was sweetest, spiritual and artistic. The message of Dr. Morris was clear, sincere and effective. He emphasized the fact that the church had lost sight of some of the truths which the early apostolic church had possessed. Luther called the world back to the doctrine of Salvation through Faith. John Wesley, whom he said was the greatest power through right reason since the time of Luther, re-introducing the doctrine of power through the baptism of the Holy Spirit. The church of today is beginning to see the benefit of healing through faith and prayer. This the Protestant Episcopal Church is recommending to the attention of its communicants. Then, today, many of the faithful are in the signs of the times the nearing of the fulfillment of prophecy and the Second Coming of Our Lord. The latter, the Doctor said, should be declared with a new emphasis and faith. After the service, the company consisting of Dr. Morris, the quinetists, Mr. Kelly, Canadian Superintendent of the Affiance, Mr. Woodward of the British Mission, Rev. Middleton and others were entertained by Mrs. M. L. Wright.

METHODIST CHURCH
BAPTISMAL SERVICE

Miss Violet Buchanan, superintendent of the Cradle Roll department of the Methodist Sunday School, is the recipient of many congratulations upon the impressive cradle roll services held in the church last Sunday evening. During the service three children were baptized by the pastor and presented with certificates of baptism. Just before the baptism a girl's chorus sang "Mother of Salem" and after it "Upward Ever Upward." Then Miss Buchanan presented a card of greeting to which was attached a bouquet of flowers. The pastor spoke on "The Childhood of Jesus" emphasizing that God chose a model home for the nurturing of the young life of Him in whom He was incarnate, that Jesus was a normal child who developed normally in a home that was eminently religious. While the offering was being taken the girls sang "Dropping, Drooping." After the sermon Mrs. Prime and Mr. Alton Stashley sang a duet which was appropriate, well rendered and impressive.

Next Sunday morning at 11 a.m. the Sunday School is holding a Rally Day Service to which the parents and friends of the pupils are specially invited and everybody welcomed.

At the service in the evening the Sacrament of the Lord's Supper will be administered. Visitors in town, recent arrivals and any others who through absence from their home church have been prevented from partaking of the Sacrament are invited to keep the memory of the Lord's passion with us.

MAY HEAD FEDERAL RESERVE
BOARD

APRIL 1922

D. R. Crisinger, Comptroller of the Currency, whose name is the next governor of the Federal Reserve Board to succeed W. P. G. Harding, whose term has already expired. President Harding is said to favor his appointment, but official Washington has not yet made an authoritative statement. Crisinger has long been a friend of the President, and this, coupled with his familiarity with every phase of the work of the Board, has made him the most natural choice. He has shown these who watched closely, that "a small town banker whose business was conducted at the very roots of the money game" could handle the whole of national finance.

A WELL-DESERVED REST

Good type of Alberta horses, resting between seasons. According to the Provincial Veterinarian, the number of pure-bred horses enrolled last year was almost as heavy as in previous years, notwithstanding the unfavorable conditions in southern Alberta, where horse-breeding has fallen off considerably.

GAME IN ALBERTA

Left: The Ruffed Grouse, commonly called "Partridge," which was very plentiful in Alberta last year. This bird is very easily shot, not taking to the wing readily, and it is to be regretted that it is not as common as it once was in eastern Canada, where the best hunters are put to the test to secure a bag. The European Grey Partridge, known as the Hungarian Partridge, continues to spread to new sections of the province, but being very fast on the wing, large bags cannot be expected, and the limit of its day is not easily attained. It is expected by many that this is the coming game bird of the prairie sections of the province. The may be shot during the whole month of October. Right: The Canadian Lynx.

FORT SASKATCHEWAN, ALBERTA, WEDNESDAY, SEPTEMBER 27, 1922

The following is copied from a recent editorial in the *Lamont "Tribune"*. We agree with sentiments expressed and publish it in the hope that it might do us some good. No business man in any town should allow a newspaper published in his town to go without his name and business being mentioned somewhere in its columns. This applies to all kinds of business—general stores, dry goods, grocers, fur dealers, manufacturing establishments, automobile dealers, mechanics, professional men and in fact all classes of business men. This does not mean that you should have a whole or half or even a quarter page ad. in every issue of the paper but your name and business should be mentioned if you do not use more than a two line space. A stranger picking up a newspaper should be able to tell just what business is represented in a town by looking at the business mentioned in the paper. This is the best possible town advertiser. The man who does not advertise does an injustice to himself and his town. He is a man who expects the newspaper to do the most free boosting for the town. The man who insists on sharing the business that comes to a town but refuses to advertise his business is not a valuable addition. The life of any town depends upon the live wide-awake and liberal advertising business men.

And read what Brother Johnston of the Alliance "Times" has to say.

The thing for the merchants of this community to do in their own interests is to advertise faithfully and to make their printed announcements interesting and helpful to those whose trade and favor are desired.

The serious competitors of the retailers of this community are the big stores of the big cities—those that send out catalogues and have mail order departments.

The poorest way to offset this competition is for local merchants to remain silent. For them not to "speak up" is to give the mail order houses a better chance to get business from this community.

When the buying public sends out money the great shops are enriched and this community is impoverished. If the public is made to understand that their patronage will be returned in the form of better service and better values, their money will stay at home and the community will be strengthened that much.

Returns received to date by the Department of Finance indicate a very general acceptance of the proposals for the conversion of 1922 Victory Bonds into new bonds bearing 6 1/2 per cent. interest and running for a further period of five or ten years as desired. Many holders would like to take up considerably more of the new bonds than they have of the maturing issue, but this is not permitted as cash subscriptions are not being invited at this time. It is open, of course, for such persons to add to their holdings of 1922 bonds by purchasing them in the market or from holders who require the cash and then to surrender them for new bonds. It is known that this is being done.

Mr. McDougall of Nova Scotia returned from Montserrat, Sept. 16th, after spending several weeks with his family, Archie McDougall, at Sturgeonville.

Miss Yvonne Lillane of Edmonton is visiting for a few weeks with Mr. and Mrs. Andy Moore.

Miss Florence and Alma Roberts of Stratford visited with Mr. and Mrs. Yvonne for a few weeks and returned to resume school.

Miss Margaret Yvonne spent a few days last week with Mrs. Noel assisting her with thrashing.

Miss Harriet Horvath, who was found lying unconscious close to their granary some time ago, has made a slight improvement in health during the last few days. We wish her a speedy recovery.

The deepest sympathy is felt for Mrs. Pete Upjohn who received the sad news from Lamont on Friday that her brother, Fred Thomas, was a patient in the hospital, unconscious with typhoid fever. On Monday she had news that her mother, Mrs. Henry Thomas, was taken to the hospital seriously ill.

Mrs. Harold Witter was kindly assisted by Miss Myrtle Lallande during the busy days of thrashing.

Quite a number of Sturgeonville sports attended the U. W. A. dance at the Fort on Monday night.

The subscribers of one of the Sturgeonville rural lines were glad to have the trouble shooter, Chip McDougall, to see them last week.

A large attendance is anticipated at the sale at Mrs. R. Witter's home farm Wednesday, Oct. 4th.

BRUDERHEIM SCHOOL FAIR
The annual school fair was held at Bruderheim on Monday, Sept. 25th, and was favored with exceptionally fine weather. The exhibits were numerous and of a very high quality and many flattering comments were made. All the events of various kinds as well as pony races took place during the afternoon. Basketball and baseball games were played by teams representing Lamont, Fort Saskatchewan and Bruderheim schools.

In the baseball games Bruderheim eliminated Lamont by a score of 8-5 and were in turn beaten by the Fort boys 9-0.

There were two classes of basketball the junior girls of Bruderheim being slightly beaten by the Lamont juniors, the score being 8-7. In the games for the older girls the Lamont team whipped Bruderheim by 14-9 and then overwhelped the Fort girls with a 23-8.

Cattle. This week's cattle market has been rather dull and very drab since Tuesday, owing mostly to the new American tariff which went into effect on Thursday night, which together with a heavier run has affected prices from twenty-five to seventy-five cents per hundred.

Prospects are for a lower market next week or until the Eastern and other markets adjust themselves and find a new outlet for the Western and feeders that have been going to the States.

Choice Butcher Steers 3.50 to 4.50
Good Butcher Steers 3.00 to 3.50
Common and Medium 2.50 to 3.00
Stockers and Feeders 2.00 to 2.50
Choice Heifers 3.50 to 4.50
Choice Cows 2.50 to 3.00
Medium Cows & Heifers 1.50 to 2.50
Stock Cows & Heifers 1.00 to 2.00
Canners and Canners 50 to 75
Bulls 1.00 to 2.00
Udders 1.00 to 2.00
Veal Calves 3.50 to 4.50
Common calves 1.00 to 2.50
Top price on cattle a year ago \$5.51.

Hogs. The hog market opened up at ten cents off car weights and remained steady for the balance of the week. All receipts went to the Eastern and Coast buyers, local packers not buying anything. Prospects are for a lower market next week.

Watchful Waiting.

Little Pat was invited to a party. His host saw he was not very attentive to his plate and asked the reason why.

"Oh," said Little Pat "I am waiting for the mustard to cook."

Partridge Hill

The W. M. R. conducted church service at this point last Sunday.
A choir assisted with the music and rendered some acceptable numbers. The anthems were "Ye Gates Lift Up Your Heads" and "God Will Take Care of You." Miss Susan Smith presided at the organ.

Mrs. McLeod, Edmonton, addressed the congregation and gave an interesting resume of the work of the Society for the past 58 years. From a humble beginning the work has spread to great proportions and still greater things are hoped for in the near future. Mrs. McLeod closed with an appeal to the young men and women to give themselves to missionary endeavor.

In behalf of the W. M. R., Rev. Mr. Boyd spoke in appreciation of Mrs. McLeod's visit. While Mrs. McLeod was the guest of Mrs. Joe Smith.

To Holders of Five Year 5½ per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:—

- (a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- (b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Dated at Ottawa, 8th August, 1922.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmaturing coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,

Minister of Finance.

Breakdowns

Mrs. A. Z. Weber, who was also a visitor at the Fort school fair, had a nasty accident on her way home, about six miles from town. The right rear wheel slipped off and caused quite a bit of excitement and trouble to the passengers before Wm. Hasterington who was returning from Fort Saskatchewan, conveyed the occupants to Berthelina in his use.

Emma Pruthman, a pupil of the eighth grade in the Roman school, was awarded one of the thirty eighth medals given by the Governor-General to candidates taking the highest aggregate in each subject in the public school leaving examination.

Saturday night saw another bad wash-up on the road about one and a half miles south of town, when Jim Kelly and his family were travelling south, and met Mr. Neanderf coming towards them with only one light in operation. It is trying to evade Mr.

Neanderf, Mr. Kelly broke his radius rods which caused the car to turn into a ditch and bent the front axle badly. Mrs. Kelly was thrown through the windshield and sustained slight injuries.

The steering apparatus of A. Ardri's car refused to perform its usual operations on Sunday morning when Mr. Ardri was only a few yards away from the bridge over the school. The car tumbled from one side of the road to the other several times and then plunged into the ditch breaking off the right front wheel and bending the leaders slightly. None of the occupants were hurt.

Little Peggy McManus was taken to an Edmonton specialist in children's diseases last Friday. His diagnosis was that it was a case of infantile paralysis, but there was no cause for alarm. He predicted a change for the better would come in about fifteen days and with care and attention the baby would recover. His prediction is being fulfilled as the baby has already shown considerable improvement, and it is hoped that she will ultimately fully recover.

After quite a long interval another of the popular G.W.V.A. dances was held Monday night. A fairly large crowd attended. In addition to townpeople there was a good representation from the surrounding districts. There were also present quite a number of very nice people, and a few friends from Edmonton, who seemed to have as good a time as the rest of us. Bayle's orchestra supplied the music, the G.W.V.A. committee the supper and Jack McLean, as floor manager, law and order. The combination was an unequalled success.

BRUNNEN HARBOR

The beautiful harbor of Geneva, Switzerland, as seen from Coligny, one of the suburbs of the city. This ancient and beautiful municipality town is one of the most attractive and interesting cities in Europe. It occupies a delightful position commanding views of lakes and mountains, including the whole of Mont Blanc.

BELGIAN MAKES GREATEST DISTANCE FOR THE GORDON BENNETT CUP

Liege, E. De Maeyer, Belgian balloonist, who made the longest flight for the Gordon Bennett Cup. He landed at Omsky, Roumania, but may be disqualified because of having the guide rope wrenched out of his hand by a sudden gust of wind, and his balloon, the Belgin, was carried away. Unless he can recover his balloon, the cup will go to Honeywell, the entrant from the States who made the second longest flight.

MAY BE BRYAN'S NEW LEADER

George Gavin Duffy, noted Irishman, who is one of the three men appointed to fill in the place left vacant by the death of Michael Collins. The other two men are Wm. T. Cosgrave and Richard Mulcahy. Duffy, who was Foreign Minister in the Collins Cabinet, is looked upon as the man most likely to succeed the late leader. Plans are being made for the meeting of the new Southern Parliament when Ministerial changes accompanied by the revivals of Collins and Griffin are expected to be made.

WILL SETTLE WAR CLAIMS BETWEEN STATES AND GERMANY

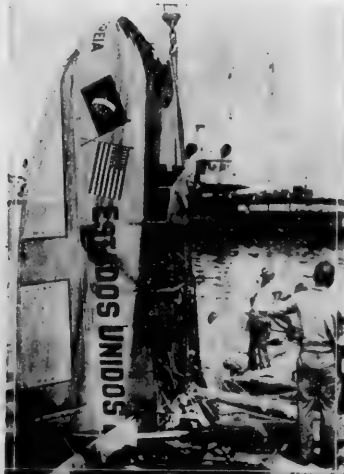

William R. Day, of the United States Supreme Court, who will act as the final arbitrator in all disputes arising out of the settlement of war claims between the United States and Germany. According to a recent agreement between the two countries each will appoint a claim commissioner. Their duty will be to satisfactorily adjust any claims growing out of the war.

In case of disagreement Judge Day is to have the final word.

HAPPY IN HER EXILE

The charming ex-Empress Zita of Austria, and her "jewels." In her arms she holds her youngest child, born after the death of its father, in exile at Madeira. The ex-Empress is now living quietly in Switzerland, happy to be out of the political maelstrom which once threatened to engulf her and her late husband.

WRECK OF "RAMPAIO CORREIA"—BRAZIL-BOUND SEAPLANE.

This shows sailors salvaging the wreck of the flying cruiser "Rampaio Correia," in which Lieut. Walter Hinton and Lt.-Com. E. Pinto Martins, accompanied by a mechanic, a cinematographer and a reporter, left New York last week, bound for Rio de Janeiro to attend the Brazilian Centennial Exposition. The big seaplane was wrecked off Cape May, and the entire crew rescued by a cruiser. A new plane was provided for the rest of the trip.

FILLING THE GAP UNTIL A NEW LEADER IS APPOINTED

Richard Mulcahy, holder of the Defense portfolio in the Dail Eireann, who has left his post to succeed Collins as Commander-in-Chief of the National Forces in the field. Mulcahy, with William T. Cosgrave and Gen. Gavan Duffy, are now holding the reins of government in their hands until a new head is appointed. It will be hard to fill Mulcahy's place as he is considered to be one of the strongest men in Eire.

BROTHER CHARLIE RUNS FOR GOVERNOR

Brother Charlie is in this case Charles Wayland Bryan, brother of William Jennings Bryan, and he has just succeeded in landing the Democratic nomination for Governor of Nebraska. It is the third time he tried, and he is the third in his family to enter the political arena. Ironically the number three means something in the Bryan family, when it will be remembered that William Jennings Bryan also ran for President three times.

Gertrude Edrle, 15-year-old aquatic marvel of the age, racing toward the finish of the 500 meter free style race at Brighton Beach, New York. The mermaid of the Women's Swimming Association of New York indulged in a veritable slaughter of world's records. She started out at a terrific pace and defeated her opponents by unbelievable margins. Five international standards fell beneath her strokes, and a sixth was set up. Actually she smashed a seventh mark, but it was beyond the capabilities of two batches of timekeepers to catch figures at so many intermediate distances. Her time for the 500 meters was 7:23 1-2.

JOSEPHBURG TEACHER'S
RESIDENCE OPENED

(Unintroduced too late for last week)
The people of Josephburg took place at the school there on Friday evening, 15th, with the official opening of the teacher's residence took place. Hon. Perron Baker, the Minister of Education for this Province, Mr. Ross, the deputy minister, and others motored down from Edmonton for the occasion.
The program was commenced by "O Canada" being sung by the school children after which our local pastors, Rev. M. L. Wright and Rev. J. Hoffman, were called upon to give speeches. These were followed by some folk dancing by the school children after which Mr. Ross was asked to speak. To Josephburg he attributed the honor of having the best teacher's residence, if not the only one of its kind in Alberta. Lastly, Hon. Perron Baker spoke and he seemed very pleased with the spirit of the community in this their latest venture.

The ladies of the community then served lunch and the program was concluded by "God Save the King."

Josephburg

Last Sunday, Oct. 1st, the congregation of the Josephburg Reformed Church celebrated their annual Thanksgiving and Mission Service. The church was decorated with flowers and sheaves of grain. Rev. Conrad of Edmonton conducted the service in the morning and Rev. Reppert of Stony Plain in the afternoon. An interesting address by the latter to the Sunday School took the place of the regular lessons. The quartette consisting of Mesdames Hoffman and Reppert, and the Rays Hoffman, Conrad and Reppert, contributed several numbers to the program. A large audience was present for both morning and afternoon services.

Mr. and Mrs. Rudolph Kyrle are to be congratulated on the birth of another daughter on Wednesday, September 26th.

The Ladies' Aid of the Josephburg Reformed Church will meet on Thursday, Oct. 5th at the home of Mrs. J. Markle.

The death of Mr. George Philip Mohr occurred on Monday, Sept. 18th. Mr. Mohr had reached the ripe age of 85 years. The burial took place on Wednesday, Sept. 20th, at the Josephburg cemetery. The funeral service was conducted by Rev. Hoffman.

The world's production in wheat for 1922 is estimated at 2,972,000,000 bushels, which is 70,000,000 bushels less than 1921, and 215,000,000 bushels more than the average crop from 1916 to 1920. Perhaps here is one reason for poor wheat prices. In the United States and Canada there is an increase of 30,000,000 bushels over 1921.

FORT NOW HAS
TRAVELING LIBRARY

The local Women's Institute have again arranged with the University of Alberta to have a traveling library sent regularly to the Fort this winter. Rev. M. S. Keir has agreed to take charge of the books which will be kept at the Presbyterian Manse and given out every evening between 7 and 9 p.m. The library is entirely free but the rules of the library posted on the inside of each book will be strictly adhered to. It is hoped that the facilities afforded by this limited collection of books will stimulate a taste, especially in young people, for reading. It is only book readers who can become book lovers and book owners. The library will be changed every four months. Following is a list of books now on hand:

THE RECORD

H. Osley, Editor and Publisher

FORT SASKATCHEWAN, ALBERTA, WEDNESDAY, OCTOBER 4, 1932

By arrangement with the publishers of "The Canadian Power Farmer" we are able to offer, for a short time only, a year's subscription to that magazine and a year's subscription to The Record for \$1.50; two papers for the price of one. "The Canadian Power Farmer" is a welcome visitor to many homes in this district and there is no reason why you should not benefit by this generous offer. Send a cheque for \$1.50 or call at the office and we will forward your name and address to the publishers of the magazine and give you a receipt for a year's subscription for The Record. If you should happen to prefer the magazine "Motor in Canada" which is a magazine devoted to the automobile and automotive equipment trade, the choice is entirely in your hands. For the majority of our readers, however, "The Canadian Power Farmer" will be of most interest. This offer includes new subscribers and renewals by old subscribers. This lets you in on a proposition it would be unwise to miss, so renew your subscription before we are instructed to withdraw the offer.

Summer sports being practically over, it is high time to be arranging what we shall do with our leisure this coming winter. Curling and hockey will be launched in due season by the players of those games, dancing and cards will have their innings from time to time. A gymnasium would fill a long felt want and should assist in keeping fit and healthy those requiring exercise. We think a suitable room could be found for this purpose and funds raised to equip it with apparatus. Dumb-bells, horizontal bar, parallel bars, vaulting horse and mattresses would be the main and most costly items to be procured. If the various organizations could get together we feel sure any obstacles arising could be overcome. We have in mind as partners in and promoters of this project the Veteran's Club, Girls' A. A., A., Boy Scouts, Tuxis Boys and possibly the churches.

YOU GET

THE AMOUNT OF THAT CHEQUE.

We have made arrangements with the publishers of the CANADIAN POWER FARMER whereby we are able to offer that fine magazine together with our own weekly at the end price for both papers.

The CANADIAN POWER FARMER is Western Canada's largest farm monthly. It is now in its twentieth year which means that it is thoroughly established and of all kinds of farm stockholders from a Washingtonian to a trapper. Its editorial staff consists of men thoroughly familiar with every branch of farming both from the practical and theoretical standpoint. Every month the magazine publishes important news in its readers. Many of these are short and snappy that are real money savers to farmers.

This offer may be withdrawn at any time. Without doubt your intention is to renew for this month, then who will take advantage now. Your subscription to this weekly together with a year's subscription to the CANADIAN POWER FARMER for the same price as this weekly alone. This is where you get the \$1.50. Mail your cheque or drop into our office the Record, then you are in luck.

A good many farmers and stock raisers at the present time, who have not sold their surplus stock, are wondering what effect the new United States Tariff regulation will have on the livestock trade. With the duty being increased approximately from 50 to 75 cents per hundred pounds, (the old tariff was based on a straight duty of 50%, whereas the new tariff calls for one and a half cents per pound on cattle up to 1000 pounds and two cents per pound on those over that weight) we would naturally assume that with American markets practically setting the price on our stocker cattle that they would depreciate at least the value of the extra duty. After considerable thought and investigation, we do not believe we are justified in taking too pessimistic a view of the situation. The material improvement in the feed situation in various parts of the Province during the past month, enquiries from Ontario for stocker cattle and a possible strengthening of prices across the Line, lead us to think that very little change in prices will be noticeable. Eastern packers are buying heavily on Western markets, showing that supplies in those districts are somewhat limited. Canadian's thought is also being given to the possibility of stocker cattle being shipped to the Old Country, and while transit expenses at the present time look prohibitive, any prospect of lower rates would be immediately received here. Summarizing the situation we would strongly advise livestock raisers to fully test themselves on market conditions, as thousands of dollars have been lost to the raisers during the past few months for lack of this knowledge.

Social and Personal

Mrs. Brigham spent last week with friends in Edmonton.

Mrs. and Mrs. Geo. Mills have returned to Edmonton and will in future reside there.

Mr. and Mrs. Robert Paege of Chipman were week end visitors at the home of Mrs. Paege's parents, Mr. and Mrs. E. A. Wilmeroth.

Mr. and Mrs. Alf. Omdal and son, Tom, of Edmonton, moved to the Fort on Sunday and spent the day with Fred and Miss Atkinson.

Mrs. Dave Cranston arrived home Tuesday morning after spending about a year with her mother and other relatives at Bangor, Ireland.

Mr. Alex. Dyde, son of Principal Dyde, Queen's University, Kingston, was a visitor last week at the home of Mr. and Mrs. A. H. Gibson.

Mrs. Dave Nelson arrived home on Monday night from Vernon, B. C., where she had been in attendance on her father who passed away a fortnight ago.

Mrs. F. G. Crawford and Mrs. Boothan, Winnipeg, and Mr. and Mrs. T. Huxton and their daughter, Vera, 26, Edmonton South, spent the week end with Mr. and Mrs. W. G. Shera.

The tea given at Goodford farm by Mrs. Joe Allan and Mrs. Coel Ashton last Saturday afternoon proved a delightful function. The afternoon was ideal and over 50 ladies motored out. Tea was served in the sun parlor which was beautifully decorated with autumn foliage. The men folk in attendance spent the hour in an interesting inspection of the stock and farm equipment.

A meeting of the Red Cross was held in the Memorial hall last Wednesday, a goodly number being in attendance. The meeting was addressed by Mrs. Ferris, of Edmonton, who spoke from personal experience of the work of the Red Cross overseas. A social hour was later spent over the luncheon. Accompanying Mrs. Ferris from Edmonton were Mrs. Jennings, Mrs. Smith and Mrs. Benson.

ROYER - To Mrs. and Mr. Royer of Lamouroux, on Sept. 18th, a boy.

It is wonderful how quickly a fair grain crop in the west quickens the beat of the commercial and industrial pulses. For the first time in two years the car departments at the Order C.P.R. shops at Calgary are working full time. At Edmonton the Canadian National Railway is spending a quarter of a million dollars in building the first unit of their western car shops.

GENERAL VIEW OF SMYRNA—NOW IN RUINS

In all the sanguine history of the Near East, with the Turks ruthlessly at war at all times against Christians, there has never been a massacre so appalling as that which has taken place in the town of Smyrna, according to stories told by refugees. They are still dazed by the horrors through which they passed. Crowds of panic-stricken refugees fled through the streets, their shrieks of terror rising above the roar of flames and the steady crackle of rifle fire. Little groups were caught between detachments of Turks and cut down. Families were separated. Children, helpless with terror, were trampled down. The streets, especially near the harbor front, where most of the fugitives had taken shelter, were choked with dead. The harbor was filled with floating corpses.

THE PASSING OF THE MILK MAID

Modern methods of dairying are rapidly supplanting the old-fashioned milk-maid. The scene above pictures the milking hour in an up-to-date Alberta dairy.

Princess Christopher, formerly Mrs. William S. Loeb, who stands a good chance of becoming the Queen of Greece. Latest reports have it that King Constantine will abdicate for himself and perhaps for his sons, in which case the throne would go to Prince George of Greece, who would certainly refuse. The next one in line would then be Prince Christopher, the only remaining candidate. The Princess has offered her royal relatives a refuge on her own estate near New York on condition that he remain in retirement for the rest of his life. The former Mrs. Loeb's royal ambitions are costing her many millions, the bulk of which have gone into the Asia Minor issue.

FIRE PREVENTION WEEK OCTOBER 9th TO 14th

Two rules are here given that if properly carried out will minimize the possibilities of loss by fire. In view of the numerous fires which have occurred in the Dominion recently it would be good business to follow these instructions.

1. All dwellings and their surroundings be carefully inspected by their occupants and all conditions likely to cause or promote the spread of fire removed.

2. All public buildings, stores, warehouses and factories be inspected and cleared of rubbish in order to reduce fire hazards and maintain health and safety.

To the great sorrow of her friends and relatives, Mrs. Joseph Calvert, well known resident of this district, died at her home here on Saturday morning, Oct. 7th. Mrs. Calvert was a pioneer of this district, having come here with her husband over thirty years ago from Ontario. The funeral which was held on Sunday afternoon was conducted by Rev. M. L. Wright, and the remains were laid at rest in the Beaver Hills cemetery. The funeral was attended by a large number of friends, some coming from as far as twenty miles away. This shows the esteem in which the deceased was held for the work which she had done.

She leaves to mourn her loss, a husband and seven daughters, a father, two brothers and two sisters, and many other relatives.

HOW THE FORDNEY TARIFF AFFECTS WESTERN CANADA

Western Canadian producers will be interested in some of the provisions of the new United States Tariff. This high wall tariff is certainly exclusive, and to a large extent will affect Western Canada trade in a detrimental way.

A glance through the tariff leaves the impression that it was framed with the view of shutting out Western Canada products. The following quotations will show the position under the old tariff and the increases under the new one.

Dairy Products—Butter, oleomargarine, etc., increased from 2 1/2¢ to 10¢ per pound; cream, from 20¢ per cent. ad. val. to 5¢ per pound; milk, from 10¢ per cent. ad. val. to 2 1/2¢ per pound; cream, from 10¢ per cent. ad. val. to 5¢ per pound; milk, condensed or evaporated, from 1¢ to 1 1/4¢ per pound.

Cattle—Weighting less than 1000 lbs. free under old tariff, now 1 1/2¢ per pound; weighing over 1000 lbs., free, now 2¢ per pound.

Sheep—Formerly free, now \$2.00 per head.

Wool—Formerly free, now 11¢ to 31¢ per pound.
Grains—Wheat formerly free, now 30¢ per bushel; wheat flour free, now 75¢ and 100¢ lbs.; flaxseed, increased from 30¢ to 40¢ per bushel; barley, from 15¢ to 30¢ per bushel; oats from 6¢ to 15¢ per bushel; oatmeal and rolled oats, from 30¢ to 35¢ per 100 lbs.; rye, from 15¢ to 16¢ per bushel; bran, shorts, etc., from 10¢ per cent. or free to 15¢ per cent. ad. val.; all classes grain seeds, from free to 1¢ to 4¢ per pound.

Logs—Fir, spruce, cedar, hemlock, formerly free, now \$1.00 per 1000 feet; manufactures of wood, increased from 15¢ per cent. to 33 1/3¢ per cent.
Figs—Formerly free, 15¢ per pound; bacon, hams, etc., free to 2¢ per pound; lard, free to 1¢ per pound; lard substitutes, free to 4¢ per pound.

Poultry—Live, increased from 1¢ to 2¢ per lb.; dressed, from 2¢ to 4¢ per lb.; eggs, free to 1¢ per doz.
Horses—Value under \$150 each, from 10 per cent. ad. val. to 20¢ per head; value over \$150 each, from 10 per cent. to 20 per cent.

Hay—Increased from \$7.00 to \$4.00 per ton.

Potatoes—Increased from 20¢ per bushel to 50¢ per 100 lbs.
Undressed furs, free; skins, free; brick, formerly 10 per cent. now free.
Vegetables in natural state, from 15 per cent. to 25 per cent.
Meats, prepared or preserved, free to 20 per cent.

THE RECORD

H. Ostry, Editor and Publisher

PORT SASKATCHEWAN, ALBERTA, WEDNESDAY, OCTOBER 11, 1933

Mr. H. Ostry,
Fort Saskatchewan, Alberta.
Dear Mr. Ostry:

Oct. 4, 1932.

With the issue of this week of "The Western Illustrated News" we will discontinue publication, so we shall be able to give you but one more picture supplement.

We give you this notice so that you will be able to make other arrangements.

We have found the cost of publication so high it was not worth our while to continue.

Thanking you for past favors, we remain,
Yours very truly,

THE WESTERN VETERAN PUB. CO., LTD.

The above letter was delivered with my mail last Thursday and was a matter for great disappointment to us. No doubt the majority of our readers will also be disappointed, but as can be seen, regrettable though it is, it is a circumstance which cannot be avoided. We immediately took steps toward other arrangements and will do our best for our readers, though, the truth be told, the field in which to make arrangements of any kind is very limited.

The discontinuance of "The Western Illustrated News" is another illustration of the difficulties of the publishing business. We beg of our readers that they settle up as promptly as possible for any amount they may be owing, however small, thereby assisting us in the difficult task of "carrying on."

Last Wednesday the Edmonton Journal carried a full page special calling attention to the shopping facilities, amusements, allurements and "life" of the city of Edmonton. There is a good deal of truth in what they say, but the view-point is their own only, and is selfish at that. It appears to us to be an effort to wean still more trade from the small towns surrounding it. We agree with the Journal that it is pleasant to occasionally take a trip to the city for a change of environment, attend a function, or witness some event taking place, but when it is suggested we do our shopping there it is a horse of another color. We have a great respect and regard for our capital city, but that is no reason to neglect our own town. A farmer may admire and praise his neighbor's crop, but he does not neglect his own farm to assist his neighbor to further improve his. Loyalty, like charity, begins at home. To be a good citizen a man must be loyal to his home, then to the community of which he is a part, the district, the province, the Dominion, the Empire; but first and foremost he must be loyal to his home and his community.

GRAIN GRADING HIGH

In a season like this, when the wheat yield in various portions of the province is not uniform, and when the prices for grain are not as high as the producers would wish, a measure of satisfaction can be found in the fact that the wheat is grading high this year. Since the beginning of the shipping season, the Canadian Pacific Railway reports up to Sept. 30th, 1932, 10,111 carloads through Winnipeg, 73% of which graded No. 1 Northern or better, 35 carloads grading Manitoba Hard. The Canadian

National Railways are moving forward through Winnipeg 1,000 cars of grain per day.

By making your purchases from your home merchant you are contributing directly to the prosperity of the community in which you live.

Spend your money at home. Buy from your local merchant. And merchants should always patronize the local printer.

DREW WILLIAMSON

A quiet but pretty wedding was solemnized at the First Presbyterian Church at three o'clock on Wednesday afternoon, when Miss Edith Verna Williamson, daughter of Mr. and Mrs. W. J. Williamson of Fort Saskatchewan, became the bride of Harold Francis Drew of Edmonton. By reason of a recent bereavement in the bride's family only the immediate relatives were present. The ceremony was performed by the Rev. Dr. W. Miller, assisted by the Rev. Mr. Laycock. The happy couple left on Wednesday evening on a motor trip to Banff. —Edmonton Bulletin.

BUSINESS RECOVERY

Business barometers are all pointing to better times. The big coal strikes are settled. The railway strikes are nearing adjustment. The recovery is more noticeable on this side of the Atlantic than overseas. For food products the dollar is going much faster than a year ago. On the prairies the price of wheat is cheaper than for some years, and this is a great thing in prairie homes. For some time past fruit has been a high-priced luxury looking into a nice pocket-book. This year the fruit prices and the ordinary pocket-book are getting closer together. Transatlantic poverty has been responsible to a large extent for the depression in grain prices. Ramore of war in the near east have sent the price of wheat up a few cents. We do not want war, but on the prairies we do want higher prices for our grain products. . . . Western people are homely enough in their way of thinking these days, to find it hard to envision the past year's prices on hives and wool with the fall's prices on hives and wool. . . . The large amount of house-building in Edmonton this year is an indication of a return to better times. More home-building this year than for the past several years. . . . For the first time in years the Canadian dollar is worth more than one penny on the U.S. States exchange. . . . The good crop in Southern Alberta is again demonstrating the flow of the grain. . . . Perhaps the best indications we have to hope for in Alberta that real business is again opening up is in the decision of the National Railways to start work in Edmonton on their large western car shops, and the Imperial Oil Company to erect a large oil refinery plant at Calgary. These things have a real meaning.

YOU GET THE AMOUNT OF THAT CHEQUE

We have made arrangements with the R. H. Heath Co. Limited who publish the CANADIAN POWER FARMER whereby we are able to offer that farm magazine together with our own weekly at the one price for both papers.

The CANADIAN POWER FARMER is Western Canada's biggest farm monthly. It is now in its twentieth year which means that it is thoroughly established throughout the West. It deals with the commercial side of the farm. Every issue is full of helpful hints and answers on the operation of all kinds of farm machinery from a windmill-machine to a tractor. Its editorial staff consists of men thoroughly familiar with every branch of farming both from the practical and theoretical standpoint. Every month the magazine publishes experiences sent in by readers. Many of these are short cut findings that are real money savers to farmers.

This offer may be withdrawn at any time. Without doubt your interest is to secure for this weekly, then why not take advantage now. Your subscription to the weekly together with a year's of the CANADIAN POWER FARMER for the same price as the weekly alone. This is where you get the \$1.00.

FALL PLOUGHING KILLS GRASSHOPPERS

Professor E. H. Strickland, government entomologist has prepared a circular containing valuable advice to farmers in the area in which grasshoppers give trouble this year. Some of this advice is pertinent to the fall season. Mr. Strickland says: "The destructive grasshoppers lay their eggs during August and September either in the roadside (Grasshopper) or in stubble and deserted land (Lesser Migratory and Two-striped Grasshopper), and no eggs are laid in land that has been summer-fallowed."

Where it is practicable from a cultural point of view all stubble land that is to be sown next year should be deeply ploughed the fall as soon as the crop has been removed. The ploughing will bury any eggs that have been laid so deeply that they will not hatch in the spring, and it will prevent any further egg-laying in the field so ploughed.

Early fall discing is less effective than ploughing though it will loosen subsequent egg laying, and all eggs that are brought to the surface will be destroyed by the sun.

When fall ploughing is not advisable or practicable, stubble land should be ploughed to a depth of not less than eight inches before seeding in the spring. Care must be taken to see that the furrows are well turned over and the plough should be followed with a packer. When this work is well done very few hoppers will reach the surface.

Spring discing unless followed by ploughing is of little value, and it may do more harm than good, for it merely buries the eggs to different depths in loose earth, with the result that the hatching period is greatly prolonged, and fields that have been so treated require frequent poisoning in order to catch the constantly hatching grasshoppers as soon as they appear, and before they have done much damage to the crop.

In the more sandy districts which are infested with the Lesser Migratory and Two-striped Grasshoppers, the problem of control is more difficult, since these species lay their eggs promiscuously in stubble land and in deserted fields, and do not gather into breeding areas. No crops should be sown on stubble land in such districts unless it has been deeply ploughed, and any rye that is stubbled in this fall will be seriously infested.

Deserted lands and fields that are to be summer-fallowed next year constitute a serious menace to all crops in the district, and the best method of handling them requires careful consideration.

Whenever possible summer fallowing should be started early in the season, while the ground is moist. The fields should be ploughed from the edges to the center, or in strips so that the Grasshoppers that have hatched will be herded together. These must be poisoned before the ploughing is completed.

THE CARELESS SMOKER

A fool there was and his pipe he lit
(Even so you and I)
On a forest trail where the leaves were
in

To become ablaze from the smallest bit
Of spark—and the fool he furnished it.
The day was windy and dry.

The forest was burned in its very roots,
Tree beneath the ground.

With the flowers, the birds, and the
poor dumb brutes,
Old heavy oak, and the tender shoots,
Which might have made logs but for
such goats

Allowed to wander around.

The lumberjack has now panned on
His payday comes no more,
And the screech owl haunts the camp
at dawn

Where the cook's tin pan wakes the men
of brown,
But the mill is silent, the trees are
gone

The soil and the forest floor.
A deadly sight are those hills of rocks
Which once were beds of green;

No hope for the human, no food for the
beast.

The clouds must be held by expensive
machines
And the harbor is silted to the docks—
The ships no more are seen.

But the fool smokes on in the forest
still,
Leaves camp fires burning too,
While the patient public pays the bill

And the Nation's wealth is destroyed
for nil,
If the law doesn't get him. Old Satan
will

When his smoking days are through.

FORT SASKATCHEWAN, ALBERTA, WEDNESDAY, DECEMBER 4, 1922

Partridge Hill

The True Blue musical comedy night was an exceptional success. A large crowd gathered early in the evening and took full advantage of the splendid show of it.

The programme was covered a wide range of subjects and periods, with 11 acts, and "colossal" scenic production.

The judges were Rev. Mr. Wright and Rev. Mr. Kerr from the Fort and Rev. J. Smith, and found that the two acts in making their awards.

After singing, supper was served which the good things disappeared, was enjoyed by all.

Right here your correspondent would like to pay tribute to the public spirit and enterprise of Gordon and Bert Lamm who have spared no effort to build the show. Many were the words of praise for the commendable piece of work that were heard on all sides Monday night.

The risk is beautifully attained in sheltered spot on the creek bank. There is a shade and store at hand. This is not doubt the most of our young this season.

Plan are under way for the formation of a hockey team. We have good material and no doubt Partridge Hockey Club will be heard from later.

GARTER! GARTER!

WHO OWNS THE GARTER?

At a recent card party held by a union here, a man party to be least a garter was discovered under the table. No one would confess to owning it, so to solve the mystery each lady was forced by the others to start on a garter and guess the person who owned it. The garter was found on a lady who was present, but she denied it. The garter was found on a lady who was present, but she denied it. PERMANENT TEETH

When your permanent teeth are in place, nature has finished her work on you. You have your share of teeth and it won't take any more of them, you will either have to do without teeth or use artificial ones. Who wants to do without teeth? Certainly you and we don't. Besides it is not very pleasant to have them.

Your permanent teeth are a wonder full mechanism. They maintain your food, give shape and expression to your face and disfigurement to your face. The loss of even one tooth is a very serious injury, but the loss of more than one is a calamity. The longer you live, the more you need your teeth.

Strike In Western Coal Mines

Approximately 60 Thousand Men
In December Begin Walk
Out

ALBANY, N. Y., Dec. 10.—(AP)—The American Coal Miners' union, organized in 1900, today began its annual "Christmas" strike, which will be the longest in the history of the industry. The strike, which will last until the end of the year, is being called by the union's executive committee, which is composed of representatives of the union's various districts.

The strike will affect the production of coal in the western United States, where the union has a large membership. The union's executive committee has announced that the strike will be a "complete" one, and that the union will not accept any compromise that would result in a partial strike.

The union's executive committee has also announced that the strike will be a "solid" one, and that the union will not accept any compromise that would result in a partial strike.

Mrs. Alex. Thompson, Waka, Alta., writes: "When my first baby was born, I think she would have died from croup before we could reach a doctor, if it had not been for a neighbor who had a bottle of Dr. Chase's Laxative and Turpentine Lotion. This relieved her almost immediately. That was 21 years ago, and Dr. Chase's Medicines have been found of even ever since."

Asthma

Mr. Thomas Bond, Sliderville, North Shore, Can., writes: "I suffered for years with asthma, sometimes being unable to lie in my bed, but after a treatment of Dr. Chase's Laxative and Turpentine, I am now quite well and thank the medicine for restoring me."

MUNICIPAL DISTRICT OF
CLOVER BAR No. 51

The Council held their tenth regular meeting of the year on Saturday, Dec. 17, with all members in attendance.

The Reeves reported that the work of setting down the lot boundaries west of the North River had been satisfactorily completed in accordance with the specifications.

The committee in charge of the work of installing the lead pipe at the source of the Arctic Lake Creek, reported a report in connection with the work, which was to show that the lead pipe had been completed in accordance with plans and specifications.

The Jan. 1st standing of the evening and submitted plans in triplicate showing survey maps made of divisions through section twenty-four and twenty-five, Tr. 46, R. 22, W. 21. The plans were approved and the Surveyor was authorized to forward same to the Director of Surveys for attention and as such.

Resolving and appointing returning officers were appointed in readiness for the forthcoming municipal election. The plans of the lot to be sold in the usual selling plan, subject to the consent of the various subdivisions.

By Law No. 12, respecting the department of rubbish on the streets of the District, was read a third time and finally passed.

The Municipal Hall, Fort Saskatchewan, was selected for the annual regular and committee meeting which will be held on Saturday, 17th, February, 1922, commencing at the hour of one o'clock in the afternoon.

The meeting being the last one of the year a large amount of mail matters relating to the business of the District was finally disposed of, together with the usual monthly correspondence.

With the passing of payrolls and accounts the meeting adjourned, with the date of the next meeting being the fourth of the month.

Mr. Editor: I would like to take the liberty to correct a report which appeared in a recent issue of your paper, relative to work of installing a lead pipe at the source of the Arctic Lake Creek. This work was initiated and financed by the Corporation and carried on this creek (now commonly known as Beaver Hill Creek) and the work done through the medium of the Municipal District, and not by the Federal subdivision as stated.

LETTERS TO THE EDITOR

The Editor does not take any responsibility for the contents of letters received.

Good Hope, Dec. 24th, 1922.
Dear Sir,

The News enclosed here is as near as the article appearing in the Good Hope news of last week and is written in the interest of a few of my night work people who were not a part of that particular crowd and who are richly entitled to the author of the article. As I write in behalf of all, you are welcome to put my name and address at the bottom if you wish I am,

Yours truly,
GEO. C. BUCHANAN,
Good Hope, Alta.

IMPORTANCE

We wonder who the worthy is Who wrote that little epistle And that regular chattering crew At the McCulloughs Bill's Just what that other thinks he is In what one of his he knows And when that party has to leave Just where he's going to go.

We wonder who's important, In the district of Good Hope, And also who's the much less, Or where he got the dips. For all of much importance, Were home and in their beds, Not tramping round the country, Dismembering twenty-two.

METHODIST SUNDAY SCHOOL, EMAS CONCERT

Much credit is due Miss Jean McCullen and Miss Edith Hall for their very interesting Christmas concert held in the Methodist Sunday School hall on Wednesday night, Dec. 20.

The numbers were varied and well rendered and the hall was packed to the seats with eager, expectant children, sympathetic youths and maidens and interested adults, all of whom felt that Christmas is indeed a "joy bringer."

Some of the numbers are as follows: Song, "Hail to the Chief"; Christmas—Olive Wright; Piano Solo—Melvina Brown; Vocal Solo—Helen Adams; Singing Solo—John Jack and B. E. Ryan; Play, "I Want my Mamma"—Julius Wynn; Play, "Drill—Senior Girls"; Christmas Carol—Girl's choir.

Play, "The Santa Claus"; "Boys and Girls, beware, fairies, Good-will and Mrs. Santa Claus." After Santa Claus' arrival he made a little speech in which he expressed his hope that all the boys and girls had been good during the past year. He remarked he would forgive the boys a lot but drew the line at swearing at their date; the girls he hoped did their share and he was glad to see that they had such chance to be good on account of their mother's spending most of their time at pink tea and card parties.

Almost forty guests, amongst whom were several young people from Edmonton, assembled at the home of Mr. and Mrs. P. B. Moore last Thursday evening to celebrate the birthday of their daughter, Bertha. Dancing was the popular pastime for the evening, the music for which was furnished by Miss Gloria Kingsley and Edith Walker. Refreshments were served by Mrs. C. E. Shaw, Mr. E. G. Ferguson, Mrs. C. Shaw, Jr., Miss Sophie Shaw and Master Carl Shaw, all of Edmonton.

Miss Isabel Ballou, Edith Fraser, Edith Mohr, Gloria Kingsley, Hazel Walker and Edith Harris, who are attending school in Edmonton, are spending the Christmas holidays at their respective homes in the Fort.

Under the supervision of Rev. J. H. Atkinson, with the assistance of Mrs. G. Phinlay, Mrs. W. A. Graham, Mrs. Orley and Miss Gloria Crowther, the Xmas tree for the Sunday School of St. George's church, was held this morning. A delightful time was provided and a bag of candies, nuts, oranges and apples were found on the tree for each child, of whom there were more than thirty.

With a view to establishing a band of Yorkshire orphans at the University of Alberta, four new and a bear from three prominent herds in Ontario have been purchased. One of the new grand champion at the Toronto Exhibition this year, and the reserve grand champion at the Royal Winter Show, Barford. From the Featherstone herd two were purchased from the same winning pair of Toronto the past year. In addition to the Yorkshire, Barford herd has been purchased, a six-month-old, to head the band at the University. This also is a prize win from the same winning pair of Toronto. A Suffolk ram for the purchased from James Newman of Guelph.

PLUNKER HAGER

A quiet wedding was celebrated last Wednesday afternoon at 3 o'clock, Dec. 20, 1922, in the Presbyterian Church, Fort Saskatchewan, when John Edward Plunker of Brudenheim, was united in marriage to Florence Hager of Beaver Hills. Rev. H. B. Smith officiated. The bride, who was dressed in a beautiful gown of turquoise blue crepe de chine, was attended by her sister, Laura McGee. Mr. Reg. Plunker, brother of the groom, acted as best man. The happy couple were escorted by the bride's and the groom's fathers of Brudenheim, and the big wedding of many friends who spent their time at their estate.

SPECIAL RATES ON REED GRAIN

It has been arranged that the same reduction in freight rates on barley to the plant at Edmonton, to obtain this rate it is necessary for farmers having registered seed to send to the Government plant, to have a certificate signed by J. J. Simpson, Chief Commissioner of the Department of Agriculture, in the effect that the seed is from grain inspected by an Inspector and eligible for registration. The reduction in rates amounts to about 45¢.

IT PAYS TO PAY CASH

LOCAL JUNIOR HOCKEY TEAM DEFEAT LAMONT

Before a record of local hockey fans who turned out on New Year's Day to give encouragement to the boys, the Sink Rate won their first match of the season by defeating Lamont by a score of 5-1. For the first game both teams made a very creditable showing, but the local boys had the decided edge on their heavier equipment and outplayed them during the three periods of the game.

Lamont had a very good player in Frank Come, who was the outstanding player for his team and was responsible for their only goal. Their weak spot was in goal but with more practice and coaching Patten will undoubtedly improve.

For the locals, Bylles was the star, his checking and rushes being especially brilliant. Don is a very smart stickhandler and he boosted his scoring average by scoring four goals himself. Mr. Walker, Turner, Brinkley and Egan each played a splendid game and assisted materially in keeping Lamont's score down. The latter two boys got

CARD OF THANKS

The Fort Saskatchewan Junior Hockey Club wish to tender their thanks to all who so generously assisted by donating when the Christmas was made by the boys, thereby making it possible for them to carry on.

One goal each and the other two goals went to Chabot who scored in the first period. Besides, goal keeping for the Sink Rate, was not called on to stop many shots, and what few he did have handled with the ease of a professional.

At the end of the first period the score stood 5-1. The boys scored 3 more in the second and the other 2 in the third period.

Local teams lined-up as follows:

Lamont	Goal	Port
		Halliday
	Defense	Bylles
		Karson
	Forwards	Walker
		Stoney
		Turner

FORT VETERANS' CLUB XMAS TREE CONCERT

It is estimated that 200 children and 250 adults assembled at the Xmas tree given by the Veterans' club at the Memorial Hall last Thursday evening. Previous had been made to enter to the children, but finally an account of the severity of the weather, that number did not attend. It was their loss and probably they are not sorry. They will know better next Christmas.

A single seating accommodation was provided and when in of more commensurate, two bags, he suitably decorated Xmas trees stood in separate corners at the end of the hall. A platform had been built between them and from the Mr. Frank Walker announced that while waiting for the arrival of Santa Claus a program would be rendered by some of the children. In the following order and in the delight of the audience, the children made their contributions to the pleasure of the evening. It may be added here that Santa Claus, Dr. Gurney for his part in arranging the program and for his able assistance at the piano:

Pianoforte Solo—Miss Gloria Kingsley.

Recitation—Miss L. Mohr.

Pianoforte Solo—Miss MacDonald.

Dance—Misses Letitia.

Song—Miss Betty Fraser.

Duet—Misses Adams.

French Song—Misses Leandre and Mabel Adams.

Recitation—Master Wilfred Mann.

Recitation—Master Fred Wright.

Dance—Miss MacDonald.

Song and Dance—Miss Edith Labadie.

Pianoforte Solo—Miss Gloria Kingsley.

During the concert Mr. Walker received several telegrams expressing him of the whereabouts of Santa Claus and in each was named of his never approaching. Finally the children, who were present, arrived, bright bells were heard, in a short space, and with a light dash across which was a surprise and courtesy in the usual understanding, what the children a Merry Xmas and a Happy New Year. Proceeding to the platform to superintend the presentation of gifts for a while until forced to leave on account of other demands on his time and beauty.

Every child was given a present and a bag containing apple, orange, nuts and candy. Every lady present also received one of these bags and we hope joined in the three hearty cheers given Santa on his departure.

FOCAL INFECTION

The majority of infections of the body are due to centres of infection in some part of the body. These centres are usually the nose and sinuses connected with the ear, nose, throat, tonsils and teeth.

There are thirty-two chances for infection from the permanent teeth and twenty from temporary teeth. If the teeth and mouth are neglected, you are almost certain to have foci, or centres of infection, in the mouth.

Any disease that is caused by poison passing from the teeth.

It is true that you cannot prevent all such infection no matter how hard you try, but you can prevent most of it. Let's it finish to suffer and waste strength and energy from abscesses that you could have prevented!

You might be interested in another country and you might get another wife or husband, but you can't get another body. Take care of the one you have.

FORT CURLING CLUB'S NEW YEAR'S HONSPIEL

Great interest was taken in the Fort Curling club's New Year's Honspiel. Eleven rinks were entered and games commenced in the forenoon. The elimination process went on during the day until, late in the evening the Bylles and Beards rinks played off the semi final. The result of the game was a win for Bylles' rink, the score being 16-6. The game ended some time in the small hours of the morning, the exact time not being available. The players themselves are in dispute as to the time they call, but this diversity of opinion can only be attributed to an exhaustion. There can be no other way.

An unique feature of the honspiel was the fact that Jan. Nichol, the caretaker, had lived a day to every water to the players. Throughout the whole honspiel no one escaped an attempt to sing "Just a new dress on' doris." "Just a wee drop, that's a' " was all right in the way, but nothing to get us enthusiastic about.

The final was played off on Tuesday evening between Bylles and J. Wright, he also having survived the conflict of the previous day. This proved to be one of the most interesting games of the series, neither rink having any decided advantage until the last rock was thrown. At the close of the eleventh and the 14th had every rock on edge and the game remained in doubt till Bylles last rock missed its objective by less than an inch, leaving Wright lying one.

Mr. R. Walton leaves tomorrow for a few day's visit in the Fort.

**Nerves So Bad That
She Would Sit and Cry**

Mrs. Mary Hocking, Medford, Ont., writes—

"The Chasne's Nerve Food has done me a wonderful lot of good. I suffered from general weakness and was so run down and my heart so nervous that I could not sleep. I would sit up and cry and did not know what I was crying about. It also used to take weak spells. Thanks to Dr. Chasne's Nerve Food, however, I can rest well now. I still always keep a box of the Nerve Food in the house, and recommend it to my friends. They are a wonderful medicine."

(Mr. J. W. Vince, Douglas, Ont., writes: "I have used Mrs. Hocking's Nerve Food and the medicine has done me much good.")

Spent-Old Fair SKIN TROUBLES HIDDEN GOLD

— BY WILSON ANTHONY

Canadian City, August 10, 1915.

It is a fact that the skin is the largest organ of the human body, and it is also the most sensitive. It is the first line of defense against the elements, and it is the most exposed to the attacks of the enemy.

Overjoyed at the prospect of a new skin medicine, he had been so successful in curing the skin diseases of the human race.

Used After Shaving Keeps Skin Soft and Smooth

Many men suffer from irritation of the skin as a result of shaving. With some it assumes a form of eczema and becomes most annoying and ugly.

By applying a little of Dr. Chase's Ointment after shaving the irritation is overcome and Barber's Itch and Eczema are prevented or relieved.

Don't Neglect Your Skin

Mind View of British Debt

Country does not Really One United
Money & Debt

The war has brought out the fact that the British Empire is not a unit. It is a collection of separate states, each with its own interests and its own policies. The British Empire is not a unit. It is a collection of separate states, each with its own interests and its own policies.

THE RECORD

H. O. Dyer and Publisher

FORT SASKATCHEWAN, ALBERTA, WEDNESDAY, FEBRUARY 25, 1923

The reduction of the Government grant to rural fairs from 65% to 40% during the last three years has greatly increased the difficulties of financing them. The Fort Saskatchewan Agricultural Society was unable to hold a fair last year on that account but the directors are striving to make it possible to hold one this year. The degree of success it will attain remains in your hands. Support the officials to the best of your ability. This is not the day nor the age for hiding your right under a bushel. Let the district have all the publicity it surely deserves.

The Editor of The Record,
Fort Saskatchewan, Alta.

Dear Sir:

The changeable moods in the following was induced by the change in the weather. Let her go!

In the local farmhouse, the village minister's organ;
His mind befogged with alcohol, from Adam and Eve,
In every direction he points, a shuffling and shuffling,
He speaks the point of his argument by friction moving.

It makes no matter what the time; point of view or weight of words,
He eagerly makes his point, in order to murder by the sword.

A little while all right but not much more over the head,
In the head the pen is certainly "lighter than the sword."

He is broader in the face, the more he is in the mood,
And thinks his earthly mission is to regenerate mankind.

The soldier sticks to his task, but this ends in failure and pain,
And leaves all evil and error to the soldier to be slain.

There are some things which never change, as upon space is heaped
And few people will change today to follow a new shepherd.

Just "take good advice" and live in those opposite,
To show people how to live. YOU are not the Lord's material.

The poor English language has by now been assimilated
And many an ineffective word on his pen has been implanted.

But when it comes to making words! Oh! He is in a world of pain!
His latest samples prove that he is only a counterfeiter.

SHORTFELLOW.

ALBERTA'S DRUG TRAFFIC

Alberta has not so much reason to be alarmed about the drug traffic as some other provinces, according to a report published by the federal department of health in Ottawa, for this province stands far down the list of provinces as far as the number of registered drug addicts is concerned. Quebec tops the list with 200 registered addicts, British Columbia has 150, Alberta has 100, Saskatchewan has 50, and New Brunswick has 20.

PUBLIC MEETING RE
PACIFIC GRAIN ROUTE

A public meeting was held in the Memorial hall last Thursday in connection with the Pacific grain route campaign. Mr. F. A. Walker occupied the chair. There were several speakers present and the first called was Mr. McRae, of Edmonton, learned the "breakers" by the chairman. He looked it up. He explained in concise terms the reason for this meeting and of the nature being held, and said the reason for this meeting was to make it clear to the public that the Pacific grain route was a very important one.

ALBERTA COAL IN THE EAST

Purchase of the coal of the greatest potential value in Alberta - and in the world - during the past few days, has been the splendid reception which Mr. Albert's interest in Ontario has given Alberta's interest in the coal of the province. If the question of fair and reasonable transportation costs can be solved, then it looks like the dawn of a new era of industrial development for this province. If Alberta and Ontario can get together on the question, it will be beneficial to the industry here, producing traffic for the transportation companies, and benefiting consumers and industries in Ontario. These two provinces are now in a position to import and export millions of tons of coal. It would be good for both provinces if the coal of the province could be sold in Ontario. The development of the coal industry in Ontario has been a means of solving some of Canada's big problems. Alberta's representatives have been in Ontario, and have been successful in getting the Ontario government to agree to a coal export agreement. This agreement will allow Alberta to export coal to Ontario, and Ontario to export coal to Alberta. This is a great step forward for both provinces.

WOOL PRICES ADVANCE

W. H. Tucker, Assistant General Manager of the Canadian Wool Growers' Association, has been in the city of Vancouver for the past few days, and has been successful in getting the wool prices advanced. The wool prices have been advanced by one cent per pound, and this is a great step forward for the wool growers of Canada. The wool prices have been advanced by one cent per pound, and this is a great step forward for the wool growers of Canada. The wool prices have been advanced by one cent per pound, and this is a great step forward for the wool growers of Canada.

Moved by Mr. Allen, succeeded by Mr. H. H. Tucker, the wool prices have been advanced by one cent per pound, and this is a great step forward for the wool growers of Canada. The wool prices have been advanced by one cent per pound, and this is a great step forward for the wool growers of Canada.

WHEAT, Northern Alberta as well as having a large surplus of grain, is the greatest wheat producing area in Western Canada. The wheat prices have been advanced by one cent per bushel, and this is a great step forward for the wheat growers of Canada. The wheat prices have been advanced by one cent per bushel, and this is a great step forward for the wheat growers of Canada.

WHEAT, a storage hospital and elevator at Edmonton is now in a position to provide the necessary connecting link necessary to complete the route to the Pacific Coast and would eliminate the extra charges to the livestock and dairy cattle.

HOW THEREFORE, this meeting is respectfully urged by the Government to provide in the current estimates a sufficient appropriation and to immediately provide a storage hospital and elevator at Edmonton in addition to the one at Regina.

the province who run small farms as an adjunct to diversified farming, can look forward to better prices than have been obtained during the past couple of years. Alberta wheat is a good seller on the market, and the prices are good. The prices are good, and the prices are good.

COMMITTEES AT WORK RE-UNION OF EX-SERVICE MEN

G.W.A. committees are meeting and working continuously on the re-union of ex-service men to take place June 4.

When the program of events has been lined up, members will be sent out in all parts within a radius of 100 miles.

It is expected there will be thousands of strangers within our gates on that day and it is desired to give them as good a time as possible.

A tremendous amount of work is estimated to be in being undertaken with vigor by the various committees and if the weather is propitious the day will stand out as one of the best of the history of Port Saskatchewan.

W. E. Topp, Charles C. Hillman and J. T. Topp, chairman of the Port District last week.

METHUEN CHURCH SERVICES

Sunday, May 13 Mother's Day

Port Saskatchewan—11 a.m.—Benediction. 7:30 p.m.—Subject: "Woman's Day." Special music: "Mother's Day." The hymns that mother sang.

The Port Saskatchewan Dramatic Society played "Safety First" in a recital of local talent.

Everyone reported having enjoyed the play very much.

My Alfred spent the week end in Edmonton.

Quite a number from here returned to Laramie last Sunday to take in the annual service of the I.O.U.F. which was conducted in a very able manner by one of the brothers of Trunk, Alberta.

The townspeople have been put in first class shape and with the large membership the sports are well planned.

Mr. Masters has returned from an extended visit to his daughter in Calgary.

Make your spring garden look enough for your wife to look at.

The opening dance in "Thompson's" hall will be held on Thursday, May 10.

The Laramie Four orchestra from Edmonton will appear the night.

The contract for the cheese factory to be in an Edmonton firm, the commenced work on Monday and intend to have the building completed by the first of June.

Yours Valley

On Sunday last a number of friends gathered at the home of Mr. and Mrs. C. Dietrich to bid good-bye to a well-known journey to Mr. Carl Stenstrom who left Monday night for his home in the Old Country, being called there on account of the loss of his illness.

CHARITY SHOULD BEGIN
AT HOME, BUT DOESN'T
While we were helping feed starving
Russians last year, Russia exported
800 million pounds of grain. This is
produced by the fertile department of
agriculture in Russia. It also produces
that grain exports over there will be
three times as much in 1923.

This situation parallels the Chinese
exporting vast quantities of grain and
also during their big famine.

SHIP FACTS ABOUT CANADA
A popular and handy manual is the
"1923 Facts About Canada" issued for
twenty years by Frank Wright, the well
known Canadian writer and lecturer.
The 1923 edition is new and contains
many additional facts and improve-
ments, including a valuable map of the
entire country of the Dominion. The
book is a wonderful compilation in brief
of the story of the Dominion under Af-
rican, ranging from the first settle-
ment to "the West" and "the Yukon,"
and is indispensable to any educated and
intelligent Canadian who wants to keep
up to date about his country, or who
wishes to advertise in any of the im-
portant, so many, and it is widely
used in schools. Leading universities
keep the book in stock, it may be had
by sending 25 cents for a copy to the

THE RECORD

H. O'Leary, Editor and Publisher

PORT SASKATCHEWAN, ALBERTA, WEDNESDAY, MAY 10, 1922

"Then he took up golf." And that is just what would benefit greatly a number of the people in this town. After a strenuous day in office or store many of our business men get in a car and step on the gas in search of fresh air and relaxation. We notice they are also, without seeking it, obtaining more adipose tissue than is necessary. How much better for their health it would be if a golf club was formed and a course laid out where they could put and take (what's that?) to their heart's content. Instead of devoting spare time contributing to the wealth of John D. how much better it would be to take a swing at a pill book; it for a horse run and then organize a search party. Joking apart, they claim golf is a very fascinating game. The club need not be confined to local people. The Edmonton links are overcrowded and it is possible many Edmontonians would be glad to join up. They could run down in their car for a game afternoon or evening. Their fees would help considerably in the maintenance and other costs of the club and it is very likely several local businesses of one kind or another would benefit by their visits. If there are any ladies and gentlemen interested in the gr-r-r-and old game, why not start something? The Record will give notice of any meetings or informal talks which it may be necessary to hold in order to get a line on prospective players.

LOCAL NEWS

The first department had a run. Yesterday afternoon. It was a pleasant surprise to the members of A. McLean and E. Fara. Fortunately the fire was in the department. Volunteer helpers were of great assistance.

The meeting of the W.M.S. of the Methodist Church will be postponed from May 26 to May 31 at our delegate will be attending the general meeting which will open May 31 in the Methodist Church, Edmonton. The delegate's report will be given at the meeting on May 31.

The local boys are practicing intensely these days with a view to getting into the game at the B-nation on June 4. While there is some talent in evidence amongst the boys, there is always room for more and anyone having ability to play the game is invited to turn out to practice.

ALBERTA UNIVERSITY

CONVOCATION

Convocation at Alberta University took place last week, when graduates were given their degrees. A total of 118 degrees were conferred and 14 degrees were awarded. The graduating class being the largest in the history of the University. The convocation during the term was 1814 students. The convocation address was delivered by Dr. Puckett, Director of the University, Secretary at Victoria, B.C.

It was very thoughtful of visitors to give an evening concert at the auditorium of late-making.

Accommodation is increased at Jasper Park Lodge. Open this season June 1st to September 30th. Many reservations are already made. Alberta and B.C. Press Associations meet there in June.

The "Master-Four" Touring
Model 23-35 Special
The McLaughlin-Buick "Master Four" Touring is its own advertisement. Every car sold means a new friend made. Its all-around goodness commands it to everyone and its thorough dependability insures its staying sold with its owner.

A close inspection of its construction, finish and equipment and a comparison with other cars of its price will convince anyone of its unusual value. But its value does not end here, as it is continually making new records in operation cost and low cost of repairs.

THE RECORD

H. O'Neil, Editor and Publisher

PORT SASKATCHEWAN, ALBERTA, WEDNESDAY, JUNE 29, 1933

If no material gain had been made by the efforts of those who worked so hard for the success of the Veterans' Reunion, it would still have been well worth while. The Port has made friends a plenty in the surrounding district and in the city of Edmonton. By treating the visitors right, giving them a good time and an opportunity for a day's enjoyment unaccompanied by painful extortion we have secured hundreds of boaters for the next anniversary. It must give a feeling of satisfaction to those who labored so strenuously to bring the reunion to the city, that, in addition to the aforementioned, such a substantial sum was turned into the treasury of the Memorial Hall.

Two weeks ago the Calgary Alberta ad—"The editors of Alberta and British Columbia, most of them editors of the weekly papers of the Dominion, are in session today at the annual convention. The convention is certain to be a good one. No persons in the towns in which they live do more for the community than they do and get less thanks for it, and do less good than they do. They deserve their annual outing."

LETTERS TO THE EDITOR

The Editor does not take any responsibility for the

Editor, The Record, Port Saskatchewan.

Dear Sir:

In my last letter I gave a few of the

rumors which agitators could be carried

on probably under present conditions

and under the present machinery.

I now propose to point the way to a possible solution of the problem.

Living in a progressive age, progress is one

of the vital forces in the world.

We must stand still—we must go on.

We must advance or be overtaken and

overhauled and, like the old-fashioned

stagecoach, we must be replaced by a

new, better machine, or we will be left

behind.

Why Not Protect Yourself?

In the universal carrying on of any business, whether it be that of farming or a store, or a factory, there are so many factors over which the individual has no control that it is all the more important that he should provide every possible safeguard against loss in it to which his power is commensurate.

A few days ago a farmer came into one of our large Western cities and, meeting a friend, told him the location of a certain insurance company's office. He expected it to be in the heart of the city, but, to his surprise, he found it in a remote corner of a small town. The farmer, however, in no way, had neglected to insure his crop against loss.

It would not protect his crop against drought, or fire, or hail, or any other of the many factors over which he has no control, and which he should provide every possible safeguard against loss in it to which his power is commensurate.

British Empire Preferences

For the fact that the British Empire produces, or rather the bulk of its

hard and fast constitutional traditions are in nature of constant laws

and people and a few in a newspaper and magazine writers seem to have

decided that to them has been a mirrored the lack of outside the limits from

specific discussion.

The group advocates the creation of an Empire Parliament, with Ministers

of the various dominions residing in London, a common foreign policy, and

a double session of Empire Dietaries, naval and military. In other words,

this group wants for a greater degree of centralization. Values this in at

least, we are told the Empire must inevitably go to pieces.

Opposed to this policy, certain other publicists seem to suffer from a

misplaced faithfulness to the theory of an administrative union of the Empire

which is really in danger and that a serious effort is being made to place the

various portions of the Empire against the chance of becoming British.

The truth is, of course, that both these groups are manifestly ignorant of the

fact, namely, while at the same time waste valuable time and good paper

and in endeavoring to arouse the people over something which is

settling down in the distance.

The British Empire, to attain, all other things with a possible chance

of growth up some. While these groups are busy with their little

after, then and directed their more important affairs to them. But as the

years go by they are gradually giving larger liberty of decision and action

to themselves. Thus, the Empire has evolved and continues to evolve in

exactly the same way as the average citizen. Any power or number

of the same is grown and happy and the children grow up, develop

character, become self-reliant, independent and prosperous.

In the family circle it is not demanded that as the children grow up they

shall sign some formal document declaring their love and loyalty to father

and mother and binding themselves to discharge certain duties towards them

and accept certain responsibilities in their behalf.

That love and loyalty exist, and that it all there is to it. No matter

how the children may grow up, how far scattered around the world they

may be and irrespective of the individual branches which may be developed

by each, there is still a common bond which remains strong and un-

breakable. In principle this child interests are easy, and each will find

its own on the others. What benefit one indirectly benefits all, although not

necessarily in the same extent, and less to one indirectly and adversely

affected.

The same principle holds true in the case of the British Empire. The

analogy is perfect. Australia may be vitally interested in maintaining

only recently, it is at all, to save Canada. But in Australia is working out

particular problem gains in strength and becomes more contained and pre-

pared. It makes for Canada's own industry. If anyone doubts this, let

him recall what the strength of the common bond is manifest in the

in the Great War, when, combined, they placed over one million soldiers

in the field, and as Lloyd George declared at Ottawa, the other day, had it

not been so the history of the world would have to be rewritten.

There may be times and questions where the interests of various parts

of the Empire may come into conflict. Just as occasions arise when the interests

of individual members of a family do not parallel each other but clearly

diverge. This would happen but the same if such was an independent,

separate nation. But because all are members of one family, a greater de-

gree of consideration for each other is shown. There is a willingness to con-

sideration to adjust a mutual policy of give and take, which is the end and benefit

all.

There are, however, many ways in which the brother country and each

of the Dominion may directly benefit the others while benefiting them in any

form of restricted protection or control, which might at times prove dis-

advantageous and lead to irritating friction and at last to a complete break

and any of persons now characterizing the Empire as a whole.

Other countries are working out policies for their own particular

benefits of the effect of their people. France wishes to have

power for own will and policy on Europe; Russia, under the Soviet regime,

would convert the whole world to the theories of communism; the United

States exerts a tariff against the world in the belief that it is conducive to

the prosperity of the republic.

Why, then, should not the British Empire develop voluntary preferences

for a far greater extent than hitherto between its several parts and thereby

secure mutual advantages on much other adding strength and prosperity to the

whole. And this can be done without adopting the dangerous policy of con-

tinuation of authority, without the slightest degree lowering the status

of each Dominion, and, so far from weakening, result in strengthening

the ties of Empire.

THE RECORD

H. Ostry, Editor and Publisher

FORT SASKATCHEWAN, ALBERTA, WEDNESDAY, OCT. 26, 1933

The Edmonton Journal published in the issue of last Saturday a lengthy editorial in favor of retaining the present restrictions on the sale of liquor, believing that the present system of prohibition should have a longer trial. In short, the Journal, as we understand it, believes "it is better to deal with a devil you know than with a devil you don't know." If, as the Journal states, "nobody knows what clause 'D' signifies and it will be open to the legislature to make any guess that it likes as to what legislation the people want if they approve of that clause," then the devil we don't know must be the clause "D" evil.

The local branch of the Red Cross Society is appealing to farmers for donations of grain and is requesting that those doing so kindly send in their names. Farmers having a quarter section are invited to subscribe two bushels, those with half section or more, five bushels. The elevator man will attend to details if asked, but he is not allowed to solicit. Make it known to him why he must make a donation and he will assist you in the transaction, and his company will also add five cents per bushel for every bushel you give. Now is the time to do your bit for the Canadian Red Cross Society. It is an institution there is no denying is worthy of all the help you can give it.

THE RECORD

H. Ostry, Editor and Publisher

PORT SASKATCHEWAN, ALBERTA, WEDNESDAY, NOV. 7, 1934

We in this province have very great reason indeed for celebrating Thanksgiving Day in the most sincere manner. We have a great deal to be thankful for. First and foremost is the most bounteous harvest ever garnered in the west; that, moreover, was granted us at a critical time. We got what we wanted when we wanted it, and that does not always happen. At the pleasure on Monday the majority of the people of the province had the opportunity of emphatically stating their disapproval of the present laws regarding beer and liquor. They now can look forward to a repeal of those laws and the substitution of something more to their taste in the future. The prohibition party have, locally at any rate, expressed their satisfaction at the good showing they made considering the strength of the opposition. It appears therefore that everybody is happy, so let us, bearing in mind that prohibition still prevails, whoop 'er up sanely and soberly, and we will in the future remember Thanksgiving, 1934, as the most genuinely thankful Thanksgiving we have experienced.

It's a great life if you don't weaken. We have heard that "it is going to go hard with the Record for publishing prohibition advertising." By the same token it will go hard with us for publishing Clause D advertising. We are not worrying over that in the least, taking into consideration a remark of that nature is passed with little or no forethought. We are more concerned with the concrete fact that this week we received our monthly account from several local firms and the printing on three of them was in Ontario. It has been estimated a weekly newspaper gives on an average a sum of \$500 annually in free publicity to the town in which it is published, besides what is spent for living expenses, taxes, etc., by the editor and the payment of wages to his staff. We wonder how much the printers of Brampton, Ontario, contribute to this town?

It is expected that the proposed Canadian Northern route line through Ontario with the Canadian National will be for the 184 miles. Instead of having to follow the bend of the former route, the new line will be a straight line from the Long Lake station to the Port of Franks and Port Arthur, thence to Toronto will travel over the Transcontinental to the coast at Long Lake, the most northerly point of the Canadian Northern, according to Montreal from Winnipeg will save these hours and the

THE RECORD

H. O'Leary, Editor and Publisher

PORT SASKATCHEWAN, ALBERTA, WEDNESDAY, NOV. 18, 1932

An opportunity to attend a school of physical culture with a fully qualified instructor in charge does not come in the way of residents of every small town. The men and boys of this district should take advantage of this opportunity placed before them. It is not likely the instructor will always be with us and we should make use of and profit by his talents while we are able.

From Bolton or a boat from the moon. We understand he secured a new method of residing.

Mr. J. H. May and family expect to move into an apartment dwelling on Main street next week.

Mr. H. O. Asquith, owner and proprietor having been constructing a large open air tank on his property in the west end, where he has every facility available for entertaining a splendid array of his friends and guests. A few more entertaining citizens like Henry would be a great boon to the district.

Mr. John Lee has shipped his

reference on Main street, having sold to B. H. Thomas and J. H. Thomas. We understand Mr. Thomas is an excellent boat, having had experience in various waters. We would then expect to see him in the water.

Mr. Alfred and Brouderhahn on Saturday as a matter of fact. We understand they will return Wednesday.

Social and Personal

Mr. and Mrs. D. Roberts spent Christmas with relatives in Edmonton.

Mrs. C. H. Filshie, Portage Hill, who has been ill with diphtheria, is now quite recovered.

Mr. and Mrs. Barclay spent Christmas with Mrs. Barclay's sister Mrs. Kennedy of Kildon.

Mr. and Mrs. Samuel Rogers of Edmonton and Dr. and Mrs. Lawrence Rogers and two children were Xmas visitors at the McLeod Farming.

Mr. and Mrs. T. J. Graham and family of Pennant, Sask., are visiting Mr. and Mrs. James Graham over the holidays. Mr. T. J. Graham is a brother of Mr. James Graham.

Christmas evening a group of merry-makers at the home of Mr. and Mrs. T. H. Atterwell attended a very aggressive dance when they in their great desire for merriment organized a band. Miss Lilian Howe was conductress for the evening. Miss Esther Armstrong presided at the organ. One played in Edmonton, others played masterly on mouth organs and the rest used the piano, old clocks and anything else they could find to join in the musical family. It was decided to call the latest institution band the Portage Hill Thundering Band.

METHODIST SUNDAY SCHOOL ENJOYS CHRISTMAS TREAT

The Christmas entertainment of the Methodist Sunday School which was held on Wednesday evening, December 19th, was something different to the ordinary Christmas concert.

It was nature had been kept secret from the scholars which created a certain amount of mystery and curiosity which added to the enjoyment of the evening.

On the arrival of the pupils and their mothers they found the hall prettily decorated and a Christmas tree in the centre backed with the Christmas tree. The entertainment itself was in the form of a Christmas party at which various interpretations of the program of instrumental and vocal music and recitations were enjoyed by all. Just as the program wound, Santa only appeared to distribute the presents.

The only regrettable feature of the evening was that the superintendent, Mr. McClellan, who with his little band of faithful workers conceived and directed the enjoyment of the evening, was not able to be present until after Santa had gone. This, however, was partly atoned for by the fact that San-

MARRIAGES

On December 17 a quiet but pretty wedding was solemnized at St. Joseph's Church, Edmonton, when Vera, eldest daughter of Mr. and Mrs. Michael Langen of North Edmonton was united in marriage to Joseph Hagen of Lacombe, Sask. Father Patton officiated.

Miss Elizabeth Waghner attended the bride and Mr. Walter Langen acted as groom.

After the ceremony a delay occurred served at the home of the bride's parents, after which the happy couple left on the midnight train for a short honeymoon trip to Banff. On their return they will take up their abode on the groom's farm at Lacombe.

The friends of Mr. and Mrs. Hestey wish them a long and happy married life.

LINCOLN FARMER LOST

HAND IN CURB SHREDDER

Mr. R. E. Johnson, well known retired farmer of Lincoln Township, suffered a very painful accident Wednesday, December 12, as a result of which he lost his right hand amputated just below the wrist.

Mr. Johnson was assisting in shredding corn at the farm of Mr. and Mrs. E. Rogers, near the farm of Mr. Johnson, when the shredder bit his hand into the machine, to relieve the clogging and the hand was caught in the rollers, causing it severely to a post-operative condition just below the wrist and was quickly amputated and treated as a surgical case. The injured man was removed to the Welland hospital in this city where Dr. McDonald found amputation necessary—St. Catherine 121 1/2.

Mr. Johnson is well known in this district, having farmed here until his retirement several years ago. His many friends will regret to learn of his unfortunate accident.

Here and There

Exports of hogs from Canada to the United States during the first nine months of the current calendar year. For this period, during 1922, there were 70,000,000 pounds of Canadian hogs shipped to the British market, while this year the corresponding figure runs to 72,245,000 pounds.

The value of the asbestos exports of Canada for the 12 months ended August, 1922, according to the Dominion Bureau of Statistics, amounted to \$122,000,000, of which the previous year by nearly \$100,000,000. These exports for last year amounted to \$92,548,000, valued at \$8,979,525, compared with \$122,000,000, valued at \$12,000,000.

The first consignment of 1,000 pounds of British Columbia Douglas fir seeds has been shipped to the British Forestry Commission, London, by the Dominion Forestry Branch, from its plant at New Westminster, British Columbia. The seeds were extracted from the cones recently gathered in the Fraser Valley.

The year 1922 will see a new record in Alberta coal production. It is expected the total production for the year will reach 1,000,000 tons in comparison with less than 600,000 tons in 1921. The production up to November 1st is 1,000,000 tons same period last year. The record production previously was in 1920, when 6,000,000 tons were produced. The year-end this year is expected to exceed 1,000,000 tons.

Great interest is being manifested in the International Dog Derby to be run at Quebec during the Winter Carnival on St. Friday, 21st, 22nd and 23rd, 1924. The race is for teams of hounds driven by Indian, Chinese, traders, mail carriers and others. All present mail entries have been received and others are expected from the north shore of the St. Lawrence and from the Abitibi mining district. As navigation will soon close, it will be necessary for entries from the latter district to reach 600 miles to reach Quebec. About five American teams will probably take part, their object being to regain the gold cup for the United States.

NEW YEAR'S EVE DANCE WAS WELL ATTENDED

A dance under the auspices of the G.W.V.A. was held in the Memorial hall New Year's eve. Considering the bitterness of the weather a very large crowd attended and enjoyed themselves thoroughly. The British orchestra, three members of which were with the famous North West Canada band which toured the States last winter, rendered first class music. The usual more-than-satisfactory refreshments served by G.W.V.A. once more proved a star turn.

The New Year was quietly welcomed and greetings exchanged between the dancers.

PROVINCIAL SEED FAIR

The Provincial Seed Fair to be held in Edmonton again on January 17 and 18, will show considerable improvement in the prize list. About \$4,000 will be awarded for prizes, and there are several special prizes. The Alberta Pacific Grain Co. offers a special prize for the best sample of Alberta Marquis Wheat. The U.G.C. of Calgary offers a special for the best sample of seed oats. P. Burns Co. offers a special for the best exhibit of potatoes. The Commercial Life Assurance Co. offers a silver trophy to the grower with the highest average score for any two farm crops eligible for registration at the seed fair. A gold watch is given with this honor. A gold watch will be awarded to the grower securing first in each of wheat and oats.

ROCKET NOTES

The Port Chino suffered their first defeat on New Year's day at the hands of the South Side hockey team. It was the last game played here this season and was the closest, no penalties being handed out.

Although the visitors came out on top the local boys had the majority of the play. Both teams played at excellent game and made several nice makes. The last score was 5-4 and McDougall, Styke and Chabot were responsible for the local's goals.

The line-up is as follows:
South Side: Muller, R. Kates, R. Kates, Defence W. Kates, Forward M. McDougall, Styke, Chabot, McLeod, Walter, Porel.

Seed Growers will be held during the seed fair, and a dinner, it is expected, will also be given to delegates, including the outstanding winners at the Chicago Exhibition.

PRESBYTERIAN CHRIST- MAS ENTERTAINMENT

The Christmas eve, the annual entertainment given by the scholars of the Presbyterian Sunday School took place at the Memorial hall last evening, which filled the hall to every part. The program was well conceived and yet the reception given the various troupes that did not at all detract from the success of the night. As usual the children showed that they can be trusted to enter into the spirit of Christmas merriment of the occasion. It would be impossible to make mention of a program which gave ample scope for individual talent. Suffice it is to say that considering the short time for preparation and the handicap of a shortage of teachers the children did most perfectly well and the older pupils, as on former occasions, showed that the Port does not lack for young people of histrionic ability.

CURLING CLUB TO CAN- YASS FOR MEMBERS

At a very recent meeting of the executive of the Curling Club it was decided to make an immediate canvass for members. Jas. Graham (Pres.), J. Hawton and W. A. Graham were a committee appointed with this end in view. It is hoped that the “vocal game” will be away to a big start within the next day or so.

Some interest for skating can only be obtained from the secretary, D. Milliken.

WEDDINGS - LEITH AND WHITE

On Monday evening, December 30, the marriage was solemnized of Marjorie Ryhal, second daughter of Mr. and Mrs. Neville White, Edmonton, and Chas. Howard Leonard, of Leduc, Alberta, eldest son of Mr. and Mrs. Chas. W. Leonard of Edmonton. The ceremony took place at the Highlands Methodist parsonage, Rev. W. A. Smith officiating. The bride was attended by her sister, Mrs. Parry, of Alliance, Alberta, and bridesmaids by his brother, Mr. Monty Leonard. The happy couple will make their home at Leduc.

PATTERSON-VON IPFLAND

A very quiet ceremony took place in Calgary on Tuesday, January 7, 1924, at the Free-Cathedral when Maud Lillian, only daughter of Mr. and Mrs. von Ipfland of Fort Saskatchewan, was united in marriage to Mr. T. E. H. Patterson of Cardston, Alberta, only son of Mr. T. E. and the late Mrs. Patterson of Hardisty, Alberta. The Rev. Dean Page officiated. The happy couple will spend their honeymoon at Banff and other western points.

URGUBART-PYTHICK

At Wesley Methodist Church, Edmonton, the marriage was recently solemnized of Clara Adair, daughter of Mr. and Mrs. W. M. Patrick of Paterson, Ont., to Clifford Walter Urgubart, son of R. H. Urgubart of Winnipeg. The Rev. Farrell officiated. The bride looked very charming in a simple white-trim gown with hat to match, surrounded in a most marvelous way with noble trimmings. Among the bridesmaids were Mrs. and Mrs. W. T. Lane and daughter, Mrs. O. H. Urgubart. The happy couple departed on the 10 o'clock train for Montreal, visiting Winnipeg, Peterborough and Toronto en route.

The residence of James Armstrong, near Yerville, was totally destroyed by fire last Wednesday. The actual cause of the outbreak is unknown, the fire starting in the upstairs room near the chimney while Mr. Armstrong was in the house at noon. With the assistance of neighbors part of the furniture was saved from the ground floor rooms, but the main body was gone in a few hours to Mr. Armstrong, who is now staying with his parents. A small loss was incurred.

FLOOD OF ORDERS FOR SEED

As a direct result of the world's records won at Chicago recently by Alberta-grown seed, the Provincial Department of Agriculture has been flooded with orders from many countries for seed grain from its cleaning and marketing plant. Enquiries for more than 100 carloads have been received by W. J. Stephens, Field Crops Commissioner, from points in the United States, Great Britain and Europe. The plant will handle about 10,000 bushels this season and possibly more. Last year it handled 10,000 bushels. Farmers in Alberta who desire seed from the provincial plant are advised to get their orders in at once, so that they may have their requirements filled.

VETERANS' CLUB INVALS GOOD OLD SANTA CLAUS

The children of the Port and district were given a good time last Thursday afternoon at the Memorial hall, they being the guests of the Veterans' Club. Games were played and mystery boxes were distributed, the contents of which were disposed of with gusto and some or less speed. They were then furnished up and marched to luncheon hall where, through the kindness of F. Dyer, members, they were entertained to a fine picture show. In the neighborhood of 400 children were present.

BRITISH HOUSE OPENING IS QUIET AND UNEVENTFUL

The first partment of the recent reign opened in a quiet and uneventful manner, apart from some local disturbances on the part of the Labor unions, dated at the period of their party taking office, which in a few months ago appeared to be a distant prospect.

The re-election of John Henry Hilkey, the speaker of the new house was a foregone conclusion and therefore afforded no excitement.

Mr. Angell was absent owing to illness. Mr. Lloyd George entered the hall but small recognition, and interest was centred elsewhere. The former, who heretofore had sat at his section of the Liberal party, gruffed complete Liberal unity by giving a seat on the opposition bench, next to the one usually occupied by Mr. Angell.

There was a humorous occurrence

the members arose to follow the black Rod into the House of Lords to read the commission read for Parliament. Mr MacDonald, as leader of the opposition, joined the prime minister, Mr Baldwin, in the procession; whereupon a Laborite shouted: "Shake hands!" This the two leaders did amidst general cheering.

The newswoman members of the House attracted much attention. The conservative Laborites abandoned their seats and took seats temporarily in the members' gallery. Lady Astor was not present, but the Conservative women had a representative in Mrs. Philipps. Mrs. Winstanham was there, and next to her was the newly elected Lady Tennyson.

He is lodged at a hotel with his name registered under the name of Count Von Linden.

Protection is the best medicine," says Mrs. Sarah Wilshaw, 40, of Common St., who has known her husband, John, for 30 years. "I have seen too many of my friends who are run-down in body and mind by taking too much medicine. It has been taken by different means, but I have seen the same result. My own daughters have been very healthy and strong and have never been run-down by taking too much medicine. It is the best medicine I know of. It can take for colds and coughs, for all kinds of ailments, and it gives you strength. And after having taken it for many years, I have never had a very bad day and nothing in the way of medicine gave me any help until I began taking Doctor Farrow's Favorite Medicine. It has made me feel like a new medicine has been made for me. My health was completely restored, and she is as well as ever." Mrs. Sarah Wilshaw, 40, Common St.

PORT SASKATCHEWAN, ALBERTA, WEDNESDAY, JAN. 18, 1934

So popular was the smoker given at the Memorial Hall Friday many are enquiring if it is not possible to hold them more frequently. It would not, of course, be necessary to hold them so often that they become stale, but could not another smoking concert be arranged to take place toward the end of the winter season?

It is said the thermometer touched 53 degrees below zero Tuesday night, but of course the—or—atmosphere is no dry, we did not notice it. Now if someone does not take the links out of that diabolical statement and turn it into immigration propaganda.

ROCKY NOTES

The last hockey team journeyed to Lacombe on Wednesday night and secured their second defeat of the season, and it is remarkable to note that on the first time in eight years that a hockey team from the Port has suffered a defeat at the hands of Lacombe.

The Port Hawks put up a great game and although they had the majority of the following players were elected to lead the team. The following were elected to lead the team: President—R. Ostry, Vice-President—R. Ostry, Secretary—R. Ostry, Treasurer—R. Ostry, and so on.

ANNUAL MEETING OF ST.

Josephburg **ANNUAL MEETING OF ST. GEORGE'S CONGREGATION**

The annual meeting of the congregation of St. George's church was held after the service last Sunday evening. Bishop Gray in the chair. The Bishop announced he had requested and empowered Mr. Halliwell to act as his reader until such time as a reader was appointed to fill the vacancy. The Bishop also announced he would send a clergyman down once every month to hold communion and serving service. A vote of thanks was given to Mrs. G. M. Towner and Mrs. D. Harter for their service as readers.

PORT SASKATCHEWAN, ALBERTA, WEDNESDAY, FEB. 13, 1930

We publish this week the financial statement of the town for 1929. In looking through the statement there is one fact that impresses us, and that is the statement of the town's indebtedness as regards debentures. The following figures may be interesting to those who can see nothing but blue ink in the future. Debenture payments to be met in the future are as follows:

1925 - \$6221.48 1929 - \$5611.96

1926 - 5161.96 1930 - 1673.88

1927 - 5161.96 1931 - 1673.88

1928 - 5161.96 1932 - 1673.87

1933 - Hurrah! Clear at last.

Approximating \$500.00 of assessment to a mill, there should be a decrease in the rate in future work noticing.

LOCAL NEWS

A. B. Murray of Washington spent the week end at the Port.

Mr. M. K. Kerr presented his farewell address to the community before leaving to take up his work at Vernon.

Through an error the staff of the Record today published a notice that the A. A. A. dance in last week's issue had taken place on Thursday last. It should have been Friday, March 6. It should have been Thursday, March 5.

Miss W. of the primary department of the public school, is starting her new class on Thursday last. It is to be held in the room that was formerly used for the school. It is to be held in the room that was formerly used for the school. It is to be held in the room that was formerly used for the school.

A lovely holiday dance will be held under the auspices of the Girls' A. A. A. club in the Memorial Hall on Monday, March 5. The dance will be held in the room that was formerly used for the school. It is to be held in the room that was formerly used for the school. It is to be held in the room that was formerly used for the school.

Port Athletes' rink held A. A. A. Saturday's hockey in the final game of a local competition. The winners were the Port Athletes. The game was held in the room that was formerly used for the school. It is to be held in the room that was formerly used for the school. It is to be held in the room that was formerly used for the school.

The library board will place Friday evening before quite a large number of books. The books are to be placed in the room that was formerly used for the school. It is to be held in the room that was formerly used for the school. It is to be held in the room that was formerly used for the school.

Where the Line is Drawn. "It is," said the fellow with the bald head, "is certainly true that if a man hasn't any respect for his neighbor, he can't have much respect for himself."

That it is equally true, returned the man, "that if he has too much, nobody else will have any."

Selected materials, simple design, and accurate workmanship are factors in this long life. They explain the high quality and outstanding economy of the Ford when new. And they also give it the reputation in the hands of the user and ease of daily driving you want.

F. A. WALKER INTERVIEWED

ON RETURN FROM JOZABATH

F. A. Walker returned last Wednesday from a two months' trip to Vancouver. He reports that while there he looked into the grain question and found that there is a large increase in grain shipments to the coast, particularly to Japan. In this respect he maintains we have practically doubled our exports to the coast. Strangely it is the Japanese and Chinese are now purchasing from us the higher grades of wheat and on inquiry he found that they are getting it with less profit of the shippers than we are.

FORT SASKATCHEWAN, ALBERTA, WEDNESDAY, MAR. 9, 1934

The streets, crossings and, in places, sidewalks are in a fairly juicy condition at the present time and the Record would like to suggest that the cinders which will eventually have to be put in the worst places be put there now. The resultant dry spots will be appreciated and will be well trodden down before the windy season creates the dust nuisance.

The weather, and the call of spring which is becoming stronger in its insistence, leads us to suggest that it is time all followers of outdoor sports were thinking of organizing for the coming summer's activities. This is the time for planning and preparation. The playing season will be on us within a very short time.

The true optimist is not the man who from the side lines smiles on disaster and insists that all's right with the world. It is the man who with cheerful energy puts his shoulder to the wheel when it is hampered, and with unquenchable faith rallies the weary and dependent to fresh endeavor.—The Youth's Companion.

A REDUCTION IN TAXATION OF \$24,000,000

Officials are making his budget an annual event. The 1980-81 budget shows a \$1.4-billion surplus, a record for the country. A Robb assistant minister of finance said that a total reduction of \$200 million in taxation was necessary to get the current year to remain fairly balanced and to allow for a surplus. He indicated that in the current year the public debt had been decreased by more than \$500 million, including \$100 million from the federal government and \$400 million from the provinces. The improved situation in settlement of bank debt has resulted a continued growth in Canadian foreign trade and was combined with the reduction in taxation would produce an increase in trade that would result in greater development and prosperity in all the provinces of Canada. He announced there would be

The Canadian Dairy Industry is
now in a very important position.
The three prairie provinces are now
occupying a supreme place in the
Canadian dairy industry. This is due
to the fact that the three prairie
provinces are now producing more
dairy products than any other part
of the country. This is a great
achievement, and it is expected that
it will result in a great increase in

Compare this Car with other "Fours"

Just as the Master-Four excels in beauty of line, finish and appointments, so, also does this car lead the field of four cylinder motor cars by virtue of its mechanical perfection and its unequalled performance.

The valve-in-head motor supplies an abundance of power and speed—four wheel brakes assure a positive quick stop without effort or strain.

BASEBALL NOTES

The game between Portage and Winnipeg last Friday was played in a poor light, the visibility being affected by the smoke in the air from the numerous fires in the country. It was nevertheless a good game, though of only a few innings. It began too dark to play the seventh. He was removed from the second inning when Sturgeon's ball struck him, causing the game to be called a draw and the game was postponed to Friday night.

TAKES EXCEPTION TO STATEMENT ON IMMIGRATION

On June 2, 1906, the Duke of Devonshire, in London, upon immigration to Canada were related to the situation of the House of Commons by Frank Cahill (Liberal, Pontiac). The Duke said, among other things, that "we could like to have in Western Canada English-Norwegian and Swedish people who make the best immigrants." Mr. Cahill asked William J. A. Robb, minister of Immigration, if he "could send some method of informing the public men of England that immigration into Canada is a Canadian question, which should be settled by Canada."

He began to humiliate the northeasterners, when Ronald rose from his deep contemplation of the trouble that had befallen him. He saw all signs of the agitation that had furrowed his regular features and strong countenance when he came there were gone. His face was pale and his eyes were full of battle against the rocking emotions of his disappointed love. With a strong, proud and resolute bearing, he stood about and now retired to his room, and now returned to the front of the house. In his agitation he had not noticed that he had partly circled the house, and now he was about to make a distance of over two miles. He was strong and young, and he remained the house before it was yet midnight.

Walking briskly up the lawn towards the house, he saw Mary on the veranda. He saw her face and the gleaming of the emeralds that had racked her soul for the last two hours, and he greeted her with a wave of his hand and a smile. She turned and ran into the house. The last dance a quadrille

He had been seriously considering a proposition made to him by Mr. Frank H. Smith, president of the company, of taking into the running business, partly in shares with his present boss. They had the five horses, traced from the business, which, "Frank" said, would be a good share of the profits. There, with his own horse, would give him an outfit of six horses with which to make a start, but the deal dissolved when the money was left in abeyance for the time being.

Now the announcement through the news columns of a stranger of Mar's removal to St. Louis, and his return to St. Paul, had changed his viewpoint with respect to the father's proposal. He felt that he could no longer entertain the idea of leaving his home to go to him; if, nay, if the woman he loved was to remain longer in the home. It would only mean his own continued unhappiness, and he did not wish to remain in that state.

There too is the Testament, placed by leaving hands when the night was passed. Perhaps the mother gave him to her boy when he left; and this is a amulet mark on the child's wrist, a fear-dropped, that which he tried to run, but to let fall, he could not help it.

Many a boy valued that Testament and after some of them were "gone" there lay in the pocket, with the page of the Bible, the boy's name and a line from with a heart mark on the left of peace love

Hawaii Gives Danger Signals

Life in Hawaiian Islands Are Warned Of Disaster

San Francisco—Nature's danger signals are flying over the smoky crater of Kilauea volcano in the Hawaiian Islands and great loss of life may be feared if the warnings are heeded, in view of Mr. T. A. Jagger, noted volcanologist, here before he sailed for Hawaii. Dr. Jagger, who is directed

teriors to find that Kilian was still alive in 1952. Since the preservation of Kilian had been the reason for the island.

The eruption of Kilian, he said, was "a very serious event."

The lava in Kilian's crater has been under for four years, and it is always a danger signal, if it is not under the crater, it is a sign of the eruption of 1952, two hundred of sailors were killed.

Montreal Manures Move Grain

Montreal—Montreal's grain situation—before the last year's crop—was a very big problem. It was announced at the Harbour Commission's office. The total tonnage of grain landed locally from the United States in May 1952, was 17,529,530 bushels, as compared with 12,600,125 bushels during the corresponding period of last year.

Admission Date For Easter

The Academy of Belmont received the members of the special committee on the 10th of March, and the committee was authorized to investigate the possibility of a return of the commander.

The committee has been working on the matter, which it is generally said in some quarters would dash hopes of such matters of abolishing the Easter parade. The committee of the committee willingly derived that matters of such are should be considered on their own long holiday day.

The main object sought by the committee is to have the parade given date for Easter, since the present divergence between a Catholic and Greek tradition is a source of much trouble and a dangerous place for subversive years.

Smaller Legislatures

The demand, voiced generally by the people of Canada, for decreased expenditure in the administration of public affairs as a necessary and most effective means of bringing about a reduction in the burden of taxation now imposed on the country, has resulted in many suggestions being advanced which are largely impracticable, because, in the main, they would tend to increase the burden of taxation. The demand for smaller legislatures is one of the few suggestions which are both practical and effective.

that an equally good stand was obtained from the lightest seeding as from the heaviest while the total yield was very similar. There was no significant difference in the quality of the hay as a result of the different rates of seedling. Mr. McMillan also states, but he adds, that the crop as a whole was somewhat coarser compared with the crop from plots that had been seeded down with a narrow strip. The standard rate of seedling sweet clover on the Haddon Farm is 16 pounds per acre of certified seed

WARREN FIRM

The competition inaugurated by the Department of Agriculture in the shooting of crows and magpies in order that these pests may be reduced, has created some interest. There are now 411 schools competing in the contests and many individuals, gun clubs, etc. The competition closes September 1, but the records are received before Sept. 15. The reports are that there already has been a notable reduction in the number of crows in the province. Many municipalities have included the crows in the bounty they offer for destruction of pests.

STUDY TUBERCULOSIS IN CATTLE

For the purpose of studying Bovine Tuberculosis and the transmission of the disease from animal to man and between animals, the Provincial Minister of Health, Hon. Geo. Healey, has appointed the following committee: Dr. Rankin, Dean of the Faculty of Medicine, Alberta University; Dr. J. E. Ower, Professor of Pathology, Alberta University; Dr. Shaw, Sergeant, Alberta University; Dr. A. H. Baker, Superintendent of the Alberta Veterinarian; Dr. P. Talbot, Chief Veterinarian, Province of Alberta; Dr. D. L. McCullough, Assistant Superintendent, Poncha Mental Hospital; Dr. W. C. Lashlaw, Deputy Minister of Health for Alberta.

It has been found that some of the cattle in the dairy herd at the Provincial Mental Hospital at Poncha are resistant to the tuberculin test. These have been isolated and it is the intention to study the secretions of these animals so as to the infection. It has been the practice and has been urged in the past that all such animals should be slaughtered. It was with the intention of eliminating further research along these lines that the minister has arranged for the formation of this committee.

ALBERTA COAL FOR ONTARIO

It is expected that the plan to market 100,000 tons of Alberta coal in Ontario during the coming season will mature as a result of the vote of \$200,000 by the Federal government for assistance in the railway in handling the coal. The plan is that the Federal government will pay charges above the actual cost of handling the coal in true tonnage during the season in Ontario. Many centres in Ontario have already placed preliminary orders for Alberta coal.

The following pupils of the Port Saskatchewan High School were successful in passing Grade 12 examinations: Donald Sutherland, Helen Adams, Lyle Adams, Lolita Foster (conditioned, arithmetic), Langley Jones (conditioned French grammar).

TENNIS PLAYERS ENJOY BON ACCORD OUTING

A party of members of the Union tennis club motored to Bon Accord Saturday and crossed requests with their friendly old enemies of the Bon Accord tennis club.

Play commenced immediately on arrival and was kept up until dusk when made further play impossible. The best out of eleven games decided each match, which arrangement, though making the matches short, served to keep everyone interested and gave all an opportunity to play.

The tennis match of the afternoon's games was won by the Bon Accord team.

The party which was organized by Mr. Harper, president, who thanked him on behalf of the Port club for the hospitality shown them. He also extended an invitation to the Bon Accord team to be the guests of the Port club on the following Saturday, which invitation was accepted, weather permitting.

GOOD FARMING COUNTS

R. K. Robbans, an Alberta farmer who came from Illinois originally, and is now 72 years old, tells how he has successfully raised crops in a dry condition in some years by dry conditions. He lives at Sibbald, in which district in 1918 light yields were obtained. After the crop of that year Mr. Robbans wrote to the *Hanna Herald* as follows: "I don't know whether I am farming in the driest part of Alberta or not, but we have raised at our place by our system from 30 to 50 bushels of wheat per acre for the past two seasons, and the lowest yield we ever had on the farm in eleven years was in 1914, by the old system, when we raised 17 bushels per acre, and we have raised as high as 50 bushels of wheat and 100 bushels of oats per acre. So why should I not think this is the best country in North America?"

This year Mr. Robbans confidently predicts that he will have a yield of 50 bushels of wheat to the acre. The main feature of Mr. Robbans's system of farming is consistent cultivation.

ADJOURNED INQUEST HELD McDERMOTT MURDER CASE

The adjourned inquest touching the death of Hugh McDermott at Fort Saskatchewan was set 3 Monday evening. Coroner (Mr. Hogg) conducted the inquiry and several witnesses were called.

In giving the body of the deceased to the coroner, the coroner said that the post-mortem examination showed the discovery of a tragedy. He described in detail the wounds and lesions found on the body and stated that in his opinion death was caused by violence of blows causing wounds and concussion of brain.

Detesting Sergt. Lesley, who was investigating the case, stated in his evidence that there were signs of a struggle in the bedroom of the shack and blood was found on the walls, floor and various articles of furniture. An attempt had been made to cover up the stains with suds and a part of the covering of the bed was found twelve yards from the door. This had evidently been torn off the covering and was stained, having apparently been used in an attempt to wipe up the blood.

After all evidence had been taken, the jury, consisting of H. Dodge, Ferguson, B. Barby, W. Bentley, A. Kien, C. Lesage and A. W. Peterson brought in their verdict as follows:

We, the undersigned jury, find that Hugh McDermott died from concussion of the brain, caused from blows inflicted by some person or persons unknown, at his shack in Port Saskatchewan, between the 2nd and 9th days of August, 1920.

LOCAL NEWS

Morning and evening service at St. George's Anglican church last Sunday were conducted by Right Rev. Bishop Gray.

R. K. Staples, ex-mayor of Port Saskatchewan, with other members of the Nelson club of the Edmonton agency of the North American Life Assurance company left on Sunday morning's train to attend their annual convention and Life Underwriter's convention at Winnipeg this week.

Bert Armstrong, of Yorkville, returned home Sunday after being away since last fall. He has visited most of the important cities on and over the coast from Vancouver, B.C. south through the U.S. to Mexico. For transportation on his peregrinations he used a Ford touring car and in it has travelled 14,000 miles. He has travelled in the ideal existence he has had on his long holiday, though it was not all holiday as he worked in several places and pulled up stakes when the spirit moved him. Incidentally he met several people in his travels who formerly lived in his district, proving once more that this world is only a small place after all.

We met Mr. Williams of Riverdale in town the other day. He says they are a bunch of good sports at Lismore; they lost money last year on account of the rain but put on a good fair this year in spite of financial deficits. He says the Harford market fairly strong and the farmers making more and more interest every year in this very hardy and easily kept breed. He managed, to pull off all the first prize in the class that he observed in, winning the best championship with his new bull (Anxiety) out of a cow that raised two bull calves that were sold at Cal. for \$1200 in the good time. In good crop it was a close shave but his cow (Orve) just managed to beat a half priced cow by the most (Bent) Bonty Purification 11th. Mr. Williams says he has come back calves at ridiculously cheap prices.

IT PAYS TO READ

Advertisements
You've often heard the saying, "It pays to advertise." That is true. And it also pays to read advertisements.

If you read advertisements consistently for a length of time you will agree that this statement is also true. It pays you in money saved. There are many real bargains offered from time to time in the advertisements appearing in this paper. Watch for them.

It pays you in satisfaction. When a merchant asks you to come to his store he obligates himself to sell you quality goods as "advertised." You have a right to expect satisfaction from what you buy and get it.

It pays you in time saved. When you know exactly what you want to buy and where you want to buy it, you don't have to "look around" and waste time finding it.

Don't you want to save money and time? Wouldn't you like to be sure of getting satisfactory service and quality goods every time you go to a store? Then read the advertisements and purchase the stores which will serve you best. - Successful Farming

GOOD BOARDS ASSOCIATION GETS POOR RECEPTION

A recent half dozen attended a meeting at the town hall last Friday evening to hear the address presented by Mr. Wright, organizer for the Edmonton Good Roads Association. With so discouraging an attendance Mr. Wright reserved his address for some future occasion and confined himself to an informal talk. Two residents of the town joined up with the Edmonton Association, but the lack of interest shown generally by the residents of the town and district holds out little promise of a section being formed at the present.

KANS JOHNSON TAKEN BY OLD KATTLEFISH

Charged with the murder of Hugh McDermott in his shack at Fort Saskatchewan, Hans Johnson, an Indian, who showed the simplicity of the dead man, was brought to the Provincial Jail Monday afternoon by Const. Nalder of the A. P. P., and is now being held in the cells here awaiting his preliminary in a day or two.

Johnson was arrested at the town of old Battleford on Saturday evening by Special Constable F. Whitford of the town force, and was handed over to the Saskatchewan police pending the arrival of Constable Nalder, who was sent down the line to bring the prisoner back to the Fort. It was the "oldie" of Johnson that led to his capture. This was one of his most noticeable marks of identification, according to the police descriptions sent broadcast throughout the west. Johnson, it is said, had been in the Battleford district for the past three weeks, and when the Battleford constable heard of him, through his previous movements, he lost no time in making the arrest and notifying the Alberta authorities. Johnson is an old resident of Alberta and was engaged in gold washing on the Saskatchewan some years ago. He is said to be between 40 and 50 years of

THINGS WORK OUT

By Edgar A. Guest

Because it rains when we wish it wouldn't.

Because men do what they want to do shouldn't.

Because crops fail and plans go wrong doesn't mean the whole day long.

But someone in spite of the cure and doubt.

It seems at the last that things work out.

Because we fear where we hoped to gain, Because we suffer a little pain.

Because we must work when we'd like to play.

Because we whinger along life's way We'll somehow, no day always follow the night.

Most of our troubles work out all right.

Because we cannot forever smile, Because we must bridge in the dust awhile.

Because we think that the way is long— Some of us whisper that life's full of wrong.

But somehow we live and our way grows bright.

And everything seems to work out all right.

So bend to your trouble and meet your cue.

For the clouds must break and the sky grow fair.

Let the rain come down as it must and will.

But keep on working and hoping still For in spite of the grumblers who stand about.

Somehow, it seems, all things work out.

Somehow, it seems, all things work out.

Somehow, it seems, all things work out.

Somehow, it seems, all things work out.

Somehow, it seems, all things work out.

Somehow, it seems, all things work out.

Somehow, it seems, all things work out.

Somehow, it seems, all things work out.

Somehow, it seems, all things work out.

Somehow, it seems, all things work out.

Somehow, it seems, all things work out.

Somehow, it seems, all things work out.

Somehow, it seems, all things work out.

Somehow, it seems, all things work out.

BON ACCORD TENNIS CLUB DEFEATED AT FORT

Four Assiniboia club sent a fairly strong aggregation of players to the Fort last Saturday to try to wring the last of victory from the team of the locals, or the team of laurels from their shoulders, or something like that, as we are still a little mixed up after the attack of the grippe suffered early in the week. At my rate they failed to attain their main object but were greatly assisted by the supper provided for them, after a meal of play, in the Methodist schoolroom. The supper was retired for by the Methodist Ladies' Aid, and their very hot work in the culinary arts dispelled at once and forever the visitors' disgruntlement. For the thought we are seeking the position of great agent without salary for the M. L. A. but we know it to be a fact one person who sat at the supper table for forty-eight hours on the entire and victorious derived their food from Mr. Clegg and Mr. Harper had a heated interchange of words after they had each surrounded five or six cups of hot tea, etc., (etc., indefinitely). This little argument as to who could play tennis best or who could put up the best supper, or whatever it was about, ruffled nobody's feelings, but it served to stop the people eating. And it was high time they were stopped.

From the sublime to the absurd once more - the tennis score was:

FARM HELP C.N.R. Colonization Department Fu dering to Get Men Located in Winter Employment on Farms

The Colonization and Development Department of the Canadian National Railways, having this year placed with western farmers several thousand immigrants for the season's work, is now turning its attention to the matter of continued employment for these men during the coming winter.

Many, of course, are placed for a full year, and some will engage in hush work, but as some are engaged only until freeze-up, the Department would like to hear from farmers who can employ men for the winter months, or for a full year, including the coming winter.

Application forms may be obtained from any C.N.R. station agent or from Mr. C. W. Lett, manager 1020 and Jasper St., Edmonton, Alta.

Those farmers who can do so should apply for a man as the satisfactory placing of these farm workers will be an important factor in Western development and settlement.

FORT OLD TIMER VICTIM OF AUTOMOBILE ACCIDENT

The death occurred at Vernon, B.C., on Tuesday, August 20, of William Brinkman, oldest son of Mrs. Laura Brinkman, Vernon, as a result of an automobile accident which occurred the previous day.

Mr. Brinkman, accompanied by Mr. H. Truemp, formerly of the Fort, was proceeding down a hill in his car, over which he lost control when the brakes failed to work. Mr. Truemp jumped from the car when he saw danger, and escaped injury, but Mr. Brinkman, hoping to regain control of the car, braked too long, the car oversteering, crushing him severely.

He is survived by his wife, mother and brothers, Jim and Tom, all of Vernon, B.C., brother Lester of Edmonton, Smith, and an only sister, Mrs. D. Nelson, 2102 6 Ave. W., Vancouver, B.C.

The late Mr. Brinkman was an old timer of this district.

**PLATFORM COLLAPSES
WITH PREMIER KING**

Ten minutes after the St. Antoine division, Montreal, Liberal man meeting had opened Monday, the speaker's platform collapsed, throwing to the floor Right Hon. W. L. Mackenzie King, premier of Canada; Hon. F. J. A. C. de la, minister of marine and fisheries, and between forty and fifty others who were on the platform.

Alderman W. J. Henslin, Liberal candidate for the seat, had just commenced to address the gathering, and was leading the prime minister when a loud crash heralded the complete collapse of a section of the platform. Mr. Henslin was in front of the platform and there were grouped around him the premier; the minister of marine and fisheries, and a number of members of parliament.

They disappeared from view as the floor collapsed and a campy firing with electric lights swung and collapsed in time. The premier was drenched with water from the speaker's table. A cry of horror went up as he disappeared, but cheers resounded when it was seen that Mr. King had risen to his feet and was brushing off the water. Mr. Carlin was assisted to his feet and preparations were at once under way for continuing the meeting. No one was seriously hurt.

**YES, THEY READ
ADVERTISEMENTS**

In a recent report published in Editor and Publisher, and from the evidence so obtained by the Don McLean Advertising Club, it is shown that ninety-four per cent of newspaper readers read advertisements and eighty-eight per cent, have faith in their truthfulness. These returns were received on a questionnaire answered by 600 shoppers at Don McLean.

Eighty-six per cent of those who replied thought newspaper advertising the most valuable. Truthfulness and clearness are the most appealing elements in an advertisement, attractiveness next, and the opportunity for saving money third, was above consideration as the answers. The departments of a newspaper, in the order of their interest to the reader, were indicated thus: Local news, national news, editorial advertisements, personal or society news, concert and sports. Women represented two-thirds of those who filled out the questionnaire.

Adolph Heide, who has been working at the Dunes Hardware for the past eighteen months, returned Saturday from a month's trip to Vancouver and other west cities.

SNOWDEN WARNS BRITAIN AGAINST TRADE MENACE

London. While the echoes at the Empire table of the commercial discussion of the London conference on the export of raw materials will reverberate throughout Europe, it is being set for a double epicure with Great Britain and France, taking the old roles of economic rivals, fighting for commercial supremacy.

If any doubt remained as to Great Britain's policy regarding the Ruhr, it is laid to rest by the article published in *Le Matin* by Philip Snowden, Chancellor of the Exchequer, not only before, but after, the Paris conference, on the prolongation of the French military venture in the Ruhr for political and economic reasons.

France, he warns British industrialists, has claims upon the economic control of certain German industries, which cannot be obtained this side.

The proposed commercial agreement, Mr. Snowden declares, is a method by which the French will, in effect, stifle and abetted by their politicians, intend to advance their project.

"I warn British commercial interests, especially the textile and iron trades, to be alert in this matter," says Mr. Snowden. "The draft of the commercial agreement shows that to Great Britain this is a trade menace of the most serious character."

Believes U.S. Must Recognize Soviets

Third Party Evidence of Changing Thought Says Rakovsky

Moscow. Discarding the influence of the United States in the Russo-American agreement embodying civil and commercial treaties, Grigori Rakovsky, the Russian-Chinese affairs at London, who closed the treaties, said:

"America is at present the most conservative capitalist country. Under the mask of defending democratic principles, it protects the interests of the big American capitalists. American efforts to place Russia under its economic guardianship, but Russia's social regime prevents for the United States' capitalists, the greatest obstacle in establishing their authority over the European and Asiatic continents."

In the opinion of M. Rakovsky, the United States will ultimately be compelled to recognize Soviet Russia, as he contends there are signs of big changes in the international life of the United States. He cites the appearance of the "third party" as furnishing the best proof that "America has been forced out of the social equilibrium which hitherto has served as a guarantee of her conservatism."

Ottawa Knows Nothing Of Winnipeg Oil

If Big Strike Were Made Department Would Be Advised

Toronto.—A special dispatch from Ottawa says:

"The Interior Department has not received any word from its officials in the district, confirming the claim that British Petroleum has struck a 500-barrel oil well at Winnipeg, Alberta. In addition to the oil, the company has struck a gas well at the same place."

"Regularity at the mines, Northwest Territories, and Dominion Lands branches failed to elicit any leads for the report. If such a big strike were made it is assumed that the department would be notified. It is known, however, that the company is boring."

GERMANY MAY PLACE A HEAVY TAX ON WHEAT

Winnipeg.—A report was received from Leipzig by the special branch of the Winnipeg Grain Trade Association, that the German government had expressed its intention of introducing in the near future a bill providing for the levying of a heavy import duty on wheat and flour.

The particulars received indicate that the duty to be imposed will be equivalent to 15 cents a bushel on wheat and flour.

Germany, it is learned, has a very extensive wheat crop this year, and the purpose of the import duty on wheat and flour is to make the people of Germany more self-sufficient.

To Consult Premiers About H.R. Road Plan

Delegation Will Get Opinion on West Finishing Railway

Winnipeg.—A suggestion made some time ago by a former member of the Federal Cabinet that the Government of the prairie provinces should take over and operate the Hudson's Bay Railway, has been discussed with Premier Broderick, of Manitoba, and members of his cabinet by a delegation from the "On to the Bay" Association, but no definite plan was decided upon.

The plan would have to be acceptable to both the Federal and Provincial Governments, and it is stated that the views of the Saskatchewan and Alberta Premiers will be sought shortly.

A delegation from the association's executive will shortly visit the western premiers on the subject.

Jewel Robbery in Boston

Lost in Daylight Theft From Diamond Merchants to \$150,000

Boston.—Diamonds and jewelry valued at about \$150,000 were stolen by four men who held up the clerks in the store of Carl B. Sussler, diamond merchant here. One man remained in the automobile, two covered the three clerks with machine guns, and the fourth picked up the jewelry cases which had just been removed from the store.

The store had just opened for the day and no customers were present. The robbery was accomplished in less than five minutes. The robbers then jumped in their machine and drove off through the crowd streets of the neighborhood. A policeman who gave chase in another car lost touch in the mass of stores.

B. C. Apples

Expected That They Will Be a Bumpy Per Cent Crop This Year

(By J. Alex Allen)
Kelowna, B.C. There is a divided opinion here that the apple crop will be a 50 per cent crop, due largely to unfavorable weather conditions. There is no getting away from the fact that fruit growing in this valley can only be secured from year to year by irrigation, but as in the case in the States to the south. The fruit farms which have water this season are promised a very good yield, but otherwise the outlook is not bright.

There remains plenty of land along the hills below the water line, and in the valleys waiting to be taken up and tilled. The Okanagan are working some of the best desirable land and raising a lot of vegetables. Up to the present time there have been 30 cars of vegetables shipped out of the valley this season and most of that product is from the irrigated land.

The drought this season has been a trial to grasshoppers and they are in places on some land. The provincial fruit buyers have been ready to use all they can till late in the season. A preparation of bread and sawdust, with sweetened with molasses and molasses, which was used to keep the fruit from rotting and the effect of the drought is effective and has saved many acres of fruit and small fruit and vegetables.

For some time Japanese growers were trouble with their crops in this valley. (Editorial inquiries and research have been made by the Federal Fruit Branch to the fruit knowledge that the trouble had been caused by late picking and the fruit had passed the ripening stage.)

It was pointed out that the British Columbia committee is planning a new season development in a huge area of land along the coast of the Pacific. The plan is to develop the area of the coast of the Pacific. The plan is to develop the area of the coast of the Pacific. The plan is to develop the area of the coast of the Pacific.

You need not hide skin defects—now

Millions know this simple way to avoid them—how keep skin lovely, youthful

Do not make the mistake of attempting to cover or hide skin defects. It can never succeed. And there is a better way—much millions know:

This simple method is to use Palmolive Soap—each night before retiring. Rub the creamy, foamy lather well over the body, face, neck, and scalp.

For a smooth skin, cleanse the skin regularly, as

dermatists say, to keep your complexion lovely, radiant, youthful. But beware of harsh cleansing methods. They injure skin.

Wash thoroughly with Palmolive Soap—each night before retiring. Rub the creamy, foamy lather well over the body, face, neck, and scalp.

The simple, correct way

Your skin needs a more effective beauty treatment. Because Palmolive Soap is blended of rare mild and pure oils—lathers for long periods—cleanses thoroughly, and leaves the skin soft and supple.

But be sure you get Palmolive—this is a never sold unscrupled. All dealers have it. Get some and follow this simple method for a few weeks. Results will delight you, even at this short time.

A tea was given in aid of St. George's church last Thursday at the beautiful home of Mr. and Mrs. Bremner. A number of people went out from the fort. Some Edmontonians were present and the balance of visitors were friends and neighbors of the hostess. The attendance was seriously affected by the rain and numerous accidents and by reason of the event having been postponed. After phoning he would be unable to come, Bishop Gray arrived with his party much to the surprise and pleasure of all present. Afternoon tea and ice cream were served in the lovely grounds surrounding the house. Mrs. Bremner was assisted by Miss Doug, Miss McCann, Edmonton, and several members of St. George's W. A.

LOCAL NEWS

Jack Wright returned Sunday from an automobile trip to Banff and other points.

Tom Todd returned home Monday night from Los Angeles, Cal., after an absence of almost two years.

Here is another saving to be made by subscribing to The Record. The Standard and Blank received a new consignment of ink this morning so take this up and your fountain pen.

In the list of names published in The Record last week of Grade VIII pupils who were successful in passing their exams, that of Leslie Lorne was inadvertently omitted.

The editor was sick the first three days of this week with flu and grippe and tonight one who is closely associated with him says the real reason for his illness is the fact his debars will not allow him to be square with his customers.

The new theatre opens with a flourish this week. Frank Doyle has by dint of hard work and considerable ingenuity turned an abandoned building into a moving picture theatre the equal of which very few others in the Fort possess. We have no permission to describe all the details but a personal visit will accomplish more than we could convey to you by view the new theatre and the splendid Paramount production, "The Covered Wagon" at one sitting either on Thursday, Friday or Saturday night. It is only fair to Mr. Doyle to state that the alterations and the arrangements as they are at present are the best that could be done in the limited space at his disposal. We may say they are at that pretty good, but they will be better and better as time progresses.

INCREASE IN CUTS

ON INFERIOR HOGS
A number of new cuts came into effect on Monday in the prices paid by packer-buyers on the Edmonton stock yards for the lighter grades of hogs. They range between the weights of 125 and 140 lbs. are now subject to a one cent cut from the basis of the price paid for thick smooth, and all light and feeder hogs are penalized to a similar extent.

In addition to this, the cut of 2 cents imposed some time ago on the grade of No. 2 cure has been increased to 4 cents and the cut of 2 cents which has been

imposed on extra hogs over 250 lbs. has been increased to 1 1/2 cents. The low-side and somewhat sale as these of grades are a result of the large number of inferior animals coming to market since the price has become restrictive. Packers are showing a tendency at this time to market too large a percentage of their hogs in an unfashionable condition, with the result that the packers have penalized the quality offerings to this extent.

Patronize your local merchants and thereby help to build up your home town and community.

JOHNSON COMMITTED FIRM

TRIAL ON OCTOBER 27

Here Johnson, charged with the murder of Hugh McDermott, old-timer of this district, on or about August 2, was committed for trial by Magistrate Barnaby Hughes at the preliminary hearing held here Saturday. E. B. Cogswell, K.C., conducted the case for the crown. The accused was without counsel.

The accused, it was brought out in evidence by Const. Nadler, A.P.F., was apprehended in Battleford a week ago by a special constable and was taken in charge by the S.P.F., who handed him over to Const. Nadler on August 15. The constable searched the cell occupied by the accused in the town jail and a bunch of keys were found in a roll of blankets used for bedding. One of the keys is a duplicate of one which was found on a shelf in McDermott's home.

In his evidence Charles Brennan stated that on Friday, August 1, he assumed threatened to "go away" for a while and return and threaten McDermott and get him away from the place. Johnson was angry at the time on account of the unsuccessful termination of an action for wages he had undertaken against McDermott and at having been given four hours to get out of town by the local magistrate. Pleasant View

Harvesting is in full swing in this district this week. The crops, although late, are much above the average of other years. The general average for wheat as reported is around 25 to 30 bush per acre.

Mr. and Mrs. Williston and family moved to Edmonton during the past week where he has secured a position. J. Mohr's new buildings are nearing completion. The barn is finished and the carpenter is adding the finishing touches to the house. Mr. Mohr expects to move into it within the next two weeks. It will be a fully modern house with all the latest conveniences—electric lights, waterworks, heating system, dumb waiter, etc.

Y. W. Moore is sporting a new Ford car these days.

Mr. John Krueh has been on the sick list during the past week. We wish her a speedy recovery.

Miss Miriam Berg returned to Vermilion last week where she is attending school.

Accused Johnson swore to bearing accused blood in "get" McDermott.

Detective Leaky reported his testimony given at the coronor's inquest regarding the finding of blood on the walls of one of the two rooms of the house, on some of the furniture and on the deceased. He also stated a short brown hair had been found stuck in the finger nail of the deceased. A watch was produced which was handed the detective by a shoemaker at North Battleford with information as to where he got it. This information was not, however, disclosed in court. The watch was examined by L. D. von Iffland, watchmaker, who had at one time repaired a watch for McDermott and put in a certain spring, but on oath he was not prepared to say the identical spring had made was the same as in the watch exhibited.

When all the witnesses had been examined accused was committed for trial at the October 27 sitting of the criminal court, at which it is said more evidence will be brought forward.

REAL LACROSSE GAME

AT FORT SASKATCHEWAN

Last Wednesday a touch of real was met Fort Saskatchewan when the Victoria team of the Lacrosse Association of the province and battled for four fifteen minute periods, the Victoria winning out by the narrow margin of 5 to 4. The game was the keenest and closest up to date in the city league, the result being in doubt right up to the call of time.

The contest attracted a good sized crowd. It is many years since the Fort has seen so much of the crowd showing its appreciation by applauding every good play. The combination and stick handling was a novelty to most of the spectators and the really good work performed by both teams was appreciated.

Both teams were out to win and at times the game was a bit rough, the history being freely told. But Referee Joe Muir kept the rough tactics in line and kept out several foul plays.

There was little to choose between the teams and the score indicated the play. If the Capitals had not been too anxious they had a good chance to come out during the last period when they missed several chances to count.

MIGRATORY BIRDS

CONVENTION AT

A summary of the Migratory Birds Convention Act is given below. This is the law which is based upon the Treaty with the United States, an agreement concerning this law may be addressed to the Commissioner of the Canadian National Parks, Department of the Interior, Ottawa.

The killing, capturing, taking, injuring or molesting of (insectivorous and migratory non game birds is prohibited. PENALTY Every person who violates any provision of this Act or any regulation shall, for each offence, be liable upon summary conviction to a fine of not more than three hundred dollars and not less than ten dollars, or to imprisonment for a term not exceeding six months or to both fine and imprisonment.

CROW COMPETITION

As the competition for the destruction of crows, magpies and grackles ended September 1, it is important that all returns together with crow and magpie and grackle bills be received by the Department of Agriculture on or before September 10.

CARD OF THANKS

The members of the Fort Lodge, R. A. O. B. wish to thank those who assisted in making a success of the dance held Monday night.

Baseball Notes

A double header was played on Labor Day, the local boys playing in afternoon and evening games with Edmonton Independents. The visitors had the advantage in both games and the scores, 4 and 5-2, are a fairly true indication of their superiority. The games were well worth watching; a good broad ball was played and the reason for the Port boys being on the wrong side of the score sheet would seem to be lack of practice and experience and an inability to bring forward at the right time the talents they possess.

NEW ALBERTA JUDGE

Consequent upon the death of Chief Justice Smith, of the Alberta Supreme Court, Chief Justice Harvey has been created Chief Justice of the Province, and Justice Simons has been created Chief Justice of the Trial Division. Hon. J. R. Boyle, leader of the Liberal opposition in the Alberta Legislature, has been made a justice of the trial division.

The town fathers have thoughtfully filled in several holes in the streets.

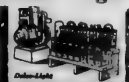

FORT LODGE R.A.O.B. MEETING AND DANCE

Following a meeting of the Fort Lodge, R. A. O. B., at which refreshments were served, a dance was held on Monday night at the Memorial hall under the auspices of the lodge. A large crowd attended and heartily enjoyed themselves in the dance of music rendered by the "Maiden Form" orchestra, the local organization which is an immensely popular. Some light refreshments were served to those desiring a little nourishment.

Some little amusement was created among the boys by an announcement of a competition, the tickets for which were sold to be on sale at ten cents each or free for a quarter. The "regulation" proved to be a good one and was won by L. E. Harburt.

"Him passed out," Seymour heard him call to his employer. "Center bed."

"No to bed" came the unwilling response from the faction. "That's what he gets for edging into my affairs. Come here, you."

The sergeant heard the native shouting back and then came the unheeded instructions of a hard-pressed fugitive to march straight ahead to leave his bed.

SERIOUS FIRE AT FORT

HARDWARE STORE SUNDAY

Fire was discovered at the rear of the Fort Hardware at 2.30 Sunday morning. It was first noticed by a party working through lawn and they gave the alarm. The volunteer fire department was quickly on hand and worked hard to contain it. The fire was extinguished by 4 a.m. The blaze was a most dangerous one and it is a marvel it did not reach more serious proportions as it originated between the walls at the rear of the store in close proximity to oil and coal oil tanks. A vast amount of smoke was caused by the burning of cotton waste, oil-soaked wool, etc., and the heat was terrific, rendering the next building untenable though an air space existed between the two stores.

A large number of spectators drifted along as time and the fire progressed and it is said that though few of them gave any assistance to the fire fighters the amount of advice volunteered was abundant.

Mr. Mitel, with the assistance of others, had been stock taking during the previous week preparatory to turning over the business to Messrs. P. A. Hewitt and J. P. Remond, who had been negotiating for its purchase. The loss

FIFTH ANNUAL SCHOOL FAIR WAS SUCCESSFUL

The Fort Saskatchewan District School Fair Association held their fifth annual school fair at the exhibition grounds last Thursday. The weather was very favorable but the attendance was not what it should have been. The success of a great many parents is of course accounted for by the fact the fair has of necessity unfortunately to be held in a very busy time for the farmers, a time when every possible moment has to be spent at work in the fields. The children, however, were within full force and thoroughly enjoyed themselves.

There were not so many exhibits as last year but a marked improvement in quality was noticeable. The improvement was possibly the result of the stipulations made by the judges last year who in their remarks pointed out the faults of the exhibits. The judges in other words "these talks" laid the emphasis on the children on what was expected of them and in what direction they should seek for improvement.

The following judges addressed the children at the conclusion of judging:

Mr. Meyers, principal of Walter school, Bruderheim, and his assistants and teachers kindly attended and assisted in the judging.

The following children were prize-winners in the various events during the afternoon in charge of B. J. Hoffman. Miss Edith Hoff, secretary for the association, held the position of payment sergeant.

Buying Purchased Sows

Purchasers of purchased hogs are advised, says R. T. Smith, professor of animal husbandry at the State College of Washington, "should pay particular attention to four points before buying: the breeder, the hog, the pod, the price."

"Much depends upon the honesty and reliability of the breeder, especially when sows are purchased by mail or without first seeing them. When this is done the purchaser usually loses on the provision that if the sow proves unsatisfactory it may be returned within a reasonable time, at the seller's expense."

"In selecting breeding stock, one should avoid animals with weak backs and feet, shallow bodies, coarse open shoulders and thick ears. A good breeding hog has a strong smoothly arched back, strong straight legs, a body which is uniform in width and with all parts blending smoothly with each other."

Threshing was started on Monday morning on the farm of Galloway & Sons.

BOY SCOUT ORGANIZERS ADDRESS FORT AUDIENCE

A meeting in the interests of the Boy Scout movement was held in the Memorial hall on Tuesday evening of the week with Mr. Harper in the chair. There was a large attendance of Scouts, Cubs, parents and the general public. The meeting was addressed by Mr. St. Ray, executive organizer for the province of Alberta, and Mr. Selby, who holds a similar position for the province of Saskatchewan.

The two gentlemen explained the Boy Scout movement to the audience and a committee of five was appointed with power to add to their number to ten or twelve. The committee consisted of Messrs. Jones, Harper, Gibson, Rogers and Hunter and their names, together with others not yet appointed, will be sent to the Scout Council. The purpose of the committee is to have an official body of local men holding themselves responsible for the welfare of the Boy Scouts and to interest themselves generally in their behalf.

That man has won the prize for planning far ahead into the future—he's planting trees. Therein lies his greatness: the great spirit of perspective that the great men possess.

It is good that the word "planting trees" there can be no better monument to the philosophy which labors and strives and hopes. It will be by reason that thus to come will judge us.

Is it too much to say that these plantations are the forerunner of what will be "The Forest of Ten Million Children?"

A notable achievement in this direction was the discovery some 20 years ago of Marquis wheat by Dr. Charles C. Saunders, Dominion entomologist. It is a grain that resists to fruition in 100 to 110 days, capitalizing the brief summer of the northwest and offering strong resistance to rust. In 1907, the first crop was harvested in 1910 the first yield was 10 to 15 bushels a acre in Canada and the later years...

The Minto wash day and the laundry, being very particularly suited as institutions which should be radiated. Accounts of how American communities had replaced this work by co-operative laundries, were given to the committee and urged as being worthy of imitation. It was explained that co-operative laundries could be established in connection with co-operative creameries, the same machinery being adaptable to both purposes.

Dangerous Driving By Motorists A Menace To Public Life

There is a constant danger of accidents to pedestrians, and especially to children. It is difficult at all times to keep children off the street, especially in country places where there are no sidewalks, and drivers should be stopped if they will not do it. Reference is hereby made to the fact that the legal speed limit does not give an innocent the right to create dangerous conditions. When such conditions are the result of careless negligence or dereliction the law should be sufficiently drastic to prevent such an offense by either the driver or the owner.

Breeding Ewes to be Admitted Free of Duty For a Certain Period

ward has been received by F. H. Kirk, Vice-President of the Western Canada Livestock Union, that an agreement has been reached between the Federal Department of Agriculture and the livestock industry regarding the remission of duties on live breeding stock imported from the United States into Canada for the period from September 1st to November 30th. Such importations will be permitted in quantities not exceeding 100.

There is a long demand for breeding ewes in Western Canada and the demand for some time has been greater than the supply, states Mr. Kirk. "And in order to assist the industry, the Western Canada Livestock Union has secured the Canadian Government to admit breeding ewes free of charge for a period of three or four months." This arrangement will give the Saskatchewan and Manitoba farmers an opportunity to increase their herds and flocks at a reduced cost and such herds will provide new markets for the sale of purchased range and western breeders.

Farm Boys' Camps

Four Camps Were Held This Year In Saskatchewan

Besides these camps a large number of excellent stock judging competitions were conducted under the auspices of agricultural societies in order to select the best five boys to attend

A remarkable flight of the painted butterfly in California has been followed by a serious outbreak of caterpillars, which are attacking garden plants of all kinds.

The Lignite Board acting on the testimony of a Canada Manitoba and Saskatchewan had to deal chiefly with reconditioning and solidifying the material so that it could stand during long distance hauls. Five years were spent in experimentation and demonstration which involved the construction of a large plant at Huxford Saskatchewan in 1921 and the establishment of a large one which was completed in June of last year. It operated continuously and successfully up to December, reconditioning three thousand tons of lignite. The board in its report claims that it has reached the point where it can produce a reconditioned lignite briquette for domestic consumption and that the technical process has been completely demonstrated with full scale apparatus auto-

The plant has served its purpose in demonstrating the possibility of making briquettes from carbonized lignite," he is quoted as saying "and what remains now is to prove the commercial feasibility of the project. It is not the policy of the Government to embark on any commercial undertaking, and we are therefore endeavoring to secure private capital to undertake the commercial operation of the plant under some form of lease."

IMPROVEMENT OF HOME SURROUNDINGS

That the farmers of Western Canada are now giving increasing attention to the improvement of the home surroundings is shown by the fact that they have not only planted \$1,500,000 worth of material from the Canadian Government Forestry stations at Indian Head and Sprucebank, Sask., this year, but have also purchased large quantities from private nurseries.

WEALTH IN WOOL INDUSTRY

It has been estimated that Southern Alberta's sheep and wool industry this year will bring sheepmen and farmers of the south new wealth to the extent of \$1,600,000.

THE RECORD

H. Oakley, Editor and Publisher

FORT SASKATCHEWAN, ALBERTA, WEDNESDAY, SEPT. 24, 1924

Through the columns of the Edmonton Journal we have just learned the Prince of Wales paid his subscription to the High River Times last year. We regard as a price any man who pays his subscription as soon as it becomes due.

In the report of the Boy Scout meeting held last week it may have been noticed that the name of Mr. Oscar Lamoureux was not mentioned. The omission of his name in connection with the meeting was not made purposely and may be accounted for by his modesty; he is ever ready to remain in the background at any public function. The popular scoutmaster of the Fort Saskatchewan troop has our deep respect. He has spent oodles of time and money on behalf of his beloved boys and has been mainly responsible for the reputation they have gained; that of being one of the best troops in the Edmonton district. The committee of leading citizens formed at the meeting will be of invaluable assistance to him and will be an encouragement to continue the public welfare work he has been doing.

Announcement

We wish to announce that owing to the fire which occurred at the Fort Hardware on the eve of purchase we have been able to obtain possession at a bargain price and we now offer for sale all the contents of the store at reduced prices. This is your opportunity to get hardware, china, etc., at an exceptionally low price. We are offering to you the chance to share in the bargain we made in the business deal and it is to your advantage to seize the opportunity.

MRS. GRUNERT'S ADDRESS AT WOMEN'S INSTITUTE

Through the courtesy of Mrs. Grunert we are enabled to publish her address given at the last monthly meeting of the Women's Institute. As many of us are not privileged to attend these meetings we must derive what pleasure we can from reading this most admirable address.

"Switzerland is often called the heart of Europe. It is situated in the south western part of that continent and borders towards the north on Germany, towards the east on Austria, towards the south on Italy and towards the west on France. Her boundaries are more or less natural ones—that is to say the country is guarded to the west by the Rhine; to the north by the river Rhenish; and to the south by the Alps, part of the Lake of Geneva, which name is known to all of you in connection with the recent peace conference, and by part of the Lake of Geneva."

"Switzerland's total area measures 15,000 square miles which will give you some idea how small this country is."

PRINCESS REBEKAH LODGE ENTERTAINMENTS COMMENCE

The Princess Rebekah lodge opened their series of entertainments last Wednesday with a dance which was very successful. A large crowd attended despite the busy season for the farmers and a most enjoyable evening was spent. The hall was pretty decorated by members of the lodge and the decorations effected the spirits of the dancers.

An interval for refreshments was taken advantage of and all repaired to the buffet room, dancing continuing all night. The Melody Four orchestra was responsible for the music which made everybody's feet keep moving.

THIRD ANNUAL BRUDERHEIM DISTRICT SCHOOL FAIR

The editor was at the last moment prevented from attending the Bruderheim District School Fair held September 28 and was not able to give a report of the occurrence in time for last week's issue. However, we learn that, similar to the Fort school fair the adult attendance was very slim, but the children were out in full force and thoroughly enjoyed themselves.

The eight schools taking part were: Walker, Deep Creek, Brudenheim, Manford, Farnham, Radom, Parkdale and Grimsby. The school at Grimsby was getting a fair share of the awards. The number of entries was about 1,000. There were more exhibits than last year and a marked improvement was noticeable. Walter succeeded in getting the most prizes and taking away a cue sword to Walker. This reflects great credit on Radom, as it is a small country school and on last year's success in the town school. Parkdale succeeded in taking first prize for the best school fund. Parkdale took second and Grimsby, third. Good food was wonderfully distributed.

A special prize was given for originality which was won by a party of the village. It was most original, one boy was dressed as a slave leading a cow, followed by a slave milksmaid carrying a milk pail.

After the judging was completed and the exhibits carefully looked over, the children and spectators gathered in the high school room to listen to W. B. Benn of the department of school fairs, and the judges of the exhibits. Mr. Benn registered that a greater interest had not been taken formerly in this worthy institution and urged parents to encourage their children to do their best to make the forthcoming fair a success. He also had an encouraging word for the children and urged them to avoid any dishonest practices. This, he informed, was one of the outstanding dangers and required careful supervision as it was not the intention of the department to pay over a lot of money merely for the sake of giving the youngsters a chance to win something. The purpose and policy back of these fairs is to educate the children along the most useful and practical lines of agriculture.

Three purchased Holstein calves were presented by Daniel Henning, Art Henning and Dorothy Henning respectively. Mr. Markle, the art judge, said that the art exhibited by the high school was of an excellent quality and pointed out that the art class exhibits were better on an average than in any other class.

Brudenheim

The Minnes Greenfield and Groves spent the week end in Bruderheim. Mr. Walter Williamson has severed his connection with F. Barnes & Co. and has returned to Edmonton.

The Minnes Groves and Bell and Moore, Alfred and Edna attended the dance at the Fort Wednesday night.

Mr. Sherman, agent for the C.N.R. here, left for an extended hunting trip in the north of northern Saskatchewan.

"General" Beck, our expert photographer, wishes to announce that he is now prepared to give his undivided attention to anyone wishing to be photographed. Special attention will be given to ladies' and children's pictures.

A number of our younger set motored to the Fort on Friday evening where the guests at a delightful party at the home of Mr. and Mrs. J. Graham. The evening was spent in dancing and at midnight a dainty supper was served. Those present included Mrs. A. E. Weber, Misses Bell, Greenfield and Groves and Messrs. Moffat, Weber, Hare, Alfred, Davis and Bond.

A number of our young folk motored to Elk Island park on Thursday after noon to take a nice road and water boat. After a long walk through the park in search of bears and buffaloes, the party returned to a cottage which had been kindly loaned for the occasion where the feast was held. During the evening, following a pleasant boat ride, the company formed a circle around a bonfire, the lake sherry and sang many of their favorite songs, including "Sweet Home" and "Ten Little Indians."

REPRISÉD MAN TAKEN TO P.A. PENITENTIARY

William Hiltaback, who had previously been condemned to death, but was recently reprieved, left the local provincial jail Friday for Prince Albert penitentiary, where he is to serve his life term.

Josephburg

Mrs. Wright sang at Pleasant Hills church service on Sunday. The congregation would be glad to welcome her of often.

Rev. and Mrs. Hoffman and Mr. and Mrs. Davies motored up to see the beautiful game Tuesday and report the game was a fine exhibition of basketball.

Josephsburg school received a total of \$54.95 in prize money from the school for this year. This is \$5.95 more than last year. Ernest W. Thomas received \$6.65, the highest total to any pupil in the school.

The literary society has a publicity agent. We wonder where he is. Some news gets into the paper, nevertheless.

BERLIN WOULD ENTER LEAGUE ON CONDITIONS

Berlin. The German Government is drawing up a memorandum setting forth the conditions under which Germany will apply for membership in the League of Nations. The memorandum will be sent to all of the governments which are members of the League Council, and will set forth the terms desired and conditions.

The memorandum is understood to ask definite conditions as to whether Germany will be offered a seat in the council of the league and if it will express desire that Germany's entry into the league would in no way imply recognition of her war guilt.

It is also understood that the memorandum will request information as to the obligations Germany would undertake through membership, especially regarding the transport of foreign troops through Germany, the assistance of a German army which might be attached to a third power.

On this point the German government contends that each nation would have a branch of neutrals especially toward Russia, and that it might lead to hostilities.

The memorandum, which probably will be submitted to the governments concerned at an early date, will first be examined by the cabinet and by the Government of the federal states.

British Navy Not At League's Disposal

Home Secretary Makes Clear Statement To Dupel Muggings

Geneva.—The clear and precise statement of Arthur Henderson, British Home Secretary, on the attitude of the British delegation on the question of the use of the British fleet in enforcing sanctions against an aggressive nation, it is believed, will dispel any misgivings which may have been entertained in connection with the matter in the earlier stages of the discussion by the committee of disarmament.

Mr. Henderson declared the British Government had no idea of placing British troops or ships at the disposal of the Council of the League of Nations to use as it thought fit, nor ever had such an idea, and there was no intention whatever on the part of the Government of transferring the inspection of a war council and imposing on it the burden of conducting military campaigns or naval operations.

Grease Preparing To Pay Debt

New York.—Grease is preparing to dispatch a special mission to the United States for the purpose of funding and coordinating arrangements for the gradual repayment and collection of her war debt to the United States. Prince in Favor Of Second Season At Wembley

London. Almost instant interest is expressed by the British press at the announcement on the 14th, His Prince of Wales, when staying at Ottawa, will be his capacity as President of the British Empire Exhibition. In trying to induce the Canadian Government to send a representative to the exhibition at Wembley, it is revealed that the Prince, by his interview with Right Hon. W. M. Peadar and Mr. J. H. Macdonald, of the Canadian Government, has expressed his interest in the exhibition, and has expressed his interest in the exhibition, and has expressed his interest in the exhibition.

Ukraine Wants Western Horses

Profitable Trade Assured If Financing Can Be Arranged

Calgary, Alta.—Whether the Ukrainian Government will buy 1,000 horses in Alberta and Saskatchewan is still in the air, but it is believed that the Government is willing to satisfy the Ukrainian Government that it can guarantee the financing, and second, its ability to make arrangements with the transportation companies.

The Ukraine wants the horses and the authorities of the Ukrainian Government, to make the purchase, but it has decided only to buy a horse for transportation from the point of purchase to the Ukrainian Government.

There is a great shortage of horses not only in the Ukraine but throughout Europe, and it is stated that only the Ukrainian high costs of transportation, and difficulties in arranging the financing, prevent a profitable trade with Western Canada.

The awards for the university year 1921-22 include Miss Hazel Dorn, Edmonton, Alta.; to the University of British Columbia.

Philippines Not Exempt

U.S. State Department Rules Violated Act Must Be Observed

Washington.—The eighteenth amendment to the United States constitution has attached on its forbidding drinking in the Philippine Islands, under a legal decision holding shipment to the latest of liquor for beverage purposes to be contrary to the amendment. The State Department has instructed all United States consular officers to decline to clear vessels with such drinking and cargo.

However, the same order had been issued last June was made by the department on receipt of dispatches from Manila indicating a belief on the part of Governor General Wood, that the Philippines were exempted from the United States, which a Department of Justice decision has held to be the case.

The dispatches reported that General Wood had requested that the United States consul at Hong Kong, China, be instructed to issue bills of health to vessels sailing from that port for the Philippines with cargo on board, he believed, the consular was refusing clearance on a misunderstanding of the law.

New Discovery On X-Ray Treatment

Secondary Radiation's Chief Curative Agents "Says Philadelphia Physician

Wilkes Barre, Pa.—Inventor that the secondary radiation from the Roentgen tube, and not the primary X-rays were the effective ones in the treatment of malignant diseases may open the way for more successful treatment of cancer. Dr. Donald Duns, of Philadelphia, told the Homeopathic Medical Society of Pennsylvania in a recent conference.

Dr. Duns said he had found that the Beta rays, which the Gamma rays of radium accomplish the reduction of cancerous and other diseased tissues, and application of the new principle was curative, and not caustic or destructive, as the case in radium treatments of cancer at present.

New York Bankers Looking For Business

Interested In Prospective Borrowing By Canadian Province

New York.—New York bankers that the bond market is much interested in projected Canadian financing. Quite an amount of revolving and new borrowing by the Canadian provinces is being manipulated in New York.

New York bankers are hoping to get a large share of the total. The paper says that preliminary negotiations were reported in connection with a Manitoba revolving fund of \$17,000,000 in the city of Toronto asked for bids on a \$1,000,000 loan.

Would Continue Act

Toronto.—The principals of Toronto public schools have a record as favoring a continuance of the Ontario Temperance Act. For that reason, the traffic in alcoholic beverages is given a prominent place in the preamble to the resolution.

To Make Speed Trip

Washington.—The navy's huge dirigible, the Shenandoah, will leave Lahrsville, N.D., on October 5, for a "speed test" across the country, carrying her for the first time to the Pacific coast, the navy department announced.

Fire Prevention Week

Ottawa.—Fire prevention week was proclaimed Sept. 24 to begin Sunday, day, October 6, and ends Sunday, October 11.

MINER LIVES OF NORTH MAY BE EXPLOITED

Quebec.—The long deferred question as to whether the Dominion of Canada will ever benefit materially from the mineral riches of the northern islands in the vicinity of the Arctic Circle, many of which have been claimed for Canada in recent years by Captain J. B. Bernier, noted adventurer and Arctic explorer, would appear to be more definitely settled with the arrival of the steamer Arctic at this port.

That there is very reason to be optimistic as to the almost limitless possibilities in regard to the natural development of the north country, was the keynote of statements made by members of the expedition to the Canadian Arctic, the information being given out, perhaps, in a short period of time, agents of the Federal Government will take steps to open up and develop what are considered to be huge treasures in mineral ore.

F. D. Henderson, of the Northwest Territories and Yukon branch of the Department of the Interior, stated, in an interview, that although it would be a little premature to speak with certainty as to the wealth of the northern islands, he had all concerned were strongly of the opinion that the resources there might prove to be of such a vast and valuable nature as to establish the civilized world. The Arctic went as far north as Kane Basin, on the northeastern coast of Greenland.

More Harvesters Needed

Winnipeg.—There is a known shortage of men for 1921 harvest workers in Saskatchewan, according to B. W. Brewster, of Regina, representing the Saskatchewan Branch of the Labor Employment Service of Canada, and in five days here Mr. Brewster has been able to recruit only 100 men in his efforts to relieve the shortage.

Getters Leaving Drought Area
Edmonton.—About 100 settlers' families have already moved out from drought-stricken areas in Southwestern Alberta to new homes in various parts of the province, and applications are still coming in daily. The movement, it is thought, is well under way and is likely to assume some large proportions, though still falling short of anything like a stampede.

H. Osley, Editor and Publisher

PORT SASKATCHEWAN, ALBERTA, WEDNESDAY, OCT. 1 1936

The amusement seeking public is gratified with the thought it is being shown some consideration and there is no getting away from the fact that decorations assist in creating the proper frame of mind for those seeking diversion from everyday affairs. We are moved to express this "wise crack" after witnessing the Rebekah dance last Wednesday and comparing it with others which have been held in the past.

Here and There

One of the most remarkable achievements in art printing yet produced in Canada and one which finally disposes of the idea that such work cannot be satisfactorily handled by Canadian firms is found in the new booklet issued by the Canadian Pacific Railway dealing with the forthcoming 1935 Round World cruise of the company's steamship "Empress of France". The booklet contains 40 pages of text and color illustrations, the latter especially combining many brilliant hues in a number of highly imaginative designs.

Canadian Pacific gross earnings for July totalled \$14,537,533, an amount \$15,577,533 for the same month last year. The net income of \$754,150. But in order to meet this reduction, operating expenses were reduced by \$1,543,054, those for the month to be \$12,444,115, as compared with \$13,507,607 for July, 1935. Thus the net earnings for the month showed an increase of \$207,537 over those of the same month a year ago. For the 7 months of the year to July 30 gross earn- ings showed an increase of \$2,877,955; operating expenses an increase of \$1,924,018 and net earnings an increase of \$1,053,937.

The fire ladies had a run this morning to the McLaughlin garage, but fortunately their services were not required when they got there. A short circuit in the wiring of a car in for repair caused a blaze which was soon extinguished by the proprietor, Ed Barnett. No damage was done.

The young women of the town are not shirkers—they are doing their bit to help their capitals win the contest, the result of which will be announced Monday, Oct. 6, at 8 p.m. in the Hotel Midland ball. Every young woman is urged to bring her twenty-five cents as the entrance fee may be required by a member of the circle. Miss Story of the Girls' Work Board has promised to give an address.

Broderholm

Mr Edward Knitka, who has been selling for some time, recently left for Mayo Bros. store at Redwater, Minn., where he hopes to obtain relief.

Mr Jack Weber spent Sunday in Edmonton returning acquaintances.

Work has been received from E. C. Burdett, formerly principal of the Walker school, that he is now attending the Notre Dame university and likely to die.

Several of our young men who a year ago thought the Broderholm district wasn't good enough to live in and consequently left for the States and have recently returned and are glad to get back. They say that unemployment is prevalent throughout the States and that there are better opportunities right here for the young men who is willing to work.

A number of our farmers have finished threshing and are well satisfied with the yield. Some of the wheat is averaging as high as 40 bu. to the acre.

The Broderholm annual school fair will hold a week ago Friday and as usual was a marked success. Both parents and people were greatly interested in the many exhibits which were only up to the standard of former years. Visitors to say the teachers in charge are highly elated over the success of the fair and state that next year's fair will be bigger and better than ever. Due to the rain and cold the dance was poorly attended. However, we are informed that Mr. Scott brings his jazz orchestra down in the near future.

PREMIER KING IN CITY THURSDAY, OCTOBER 9TH

Education will be on the cards on Thursday to greet the Right Hon. J. Mackenzie King, Premier of Canada, and it is planned to make him visit the most numerous of any Canadian delegation to the capital city.
A most extensive program has been arranged for his entertainment, and he will address several meetings during his two day stay in Edmonton.

MAN DROWNED IN RIVER TEN MILES EAST OF FORT

The body of a man found in the Saskatchewan river last Sunday about ten miles east of town has been identified as that of Hugh McGillivray, for some years resident of the Edmonton district. Near the body was found a tin containing a few articles of clothing.

After making an examination of the body Coroner Dr. Henry decided that it was not necessary to report, it being clearly a case of suicide.

Deceased was seen in the vicinity of the fort within the past week, the last man to report and he saw him near the river at the point where the body was found and that when offered a ride he acted strangely and ran off into the bush.

OBITUARY

Again the grim reaper has passed and our community learned with deep regret of the death on Oct. 3 at Prince George, B.C., following a few days' illness, of Mrs. Mary Laird Whitson, in her 69th year.

Mrs. Whitson was one of the pioneers of our community, coming here from Nova Scotia thirty-three years ago, and had resided here until nine months ago when she returned to Prince George. Through all the years of hard work and privations which go hand in hand with pioneering in a new country, Mrs. Whitson displayed a spirit of optimism and cheerfulness, which was at once a lesson and an inspiration to all who were privileged to know her.

Those who knew her, best appreciated her rich fund of anecdote, garnered from a wide field of observation and reading. There is not a man or woman in our district who does not bear a willing testimony to her spirit of true neighbourliness.

We feel that in the passing of Mrs. Whitson one of the landmarks and one of the real old-timers has gone. The memory of her kind deeds and constant Christian life will long remain with us. She is survived by a large family of sons and daughters, nearly all resident here, to whom in their hour of bereavement we extend our heartfelt sympathy.

On Sunday afternoon the Presbyterian church, Fort Saskatchewan, was filled to the doors by friends and neighbours desirous of showing their respect for the deceased and sympathy for the family. Rev. J. Sodersten, of Ardrossan, pastor of Partridge Hill Presbyterian church, of which the late Mrs. Whitson had been a member for nearly thirty years, conducted the service, speaking from the text "It is man, die, he will live again." Job 14:13: "Because I live ye shall live also." Job 14:18: The minister pointed out the strange contrast in leather and Christian doctrine. In the leather, no hope of a hereafter; with the Christian, the assurance of immortality, the opening of a door to a better and pure life, concluding with a strong appeal that his hearers listen might have a stronger spiritual quality as a preparation for immortality.

Mrs. Wilfred Atwood presided at the organ for the singing of Mrs. Whitson's favorite hymn—"The Shepherd's Psalm," "Blessed be the Lord," "The Sands of Time." At the conclusion of the service as friends filed past the bier the strains of "Safe in the Arms of Jesus" floated softly on the calm air of the Sabbath afternoon.

Interment took place in the Fort Saskatchewan cemetery. Pallbearers were R. I. Houten, A. E. Hamilton, E. Smith, R. Gordon, W. G. Allen, and Wm. Unbehauen.

Floral tributes included Pillows, from

Mr. John Peter Weibe, our local crack marksman, spent one afternoon last week hunting. Equipped with a double barreled shotgun, laden with ammunition and full of hope, Jack motored north onto the sand hills. Late in the evening Jack returned, tired and discouraged, with only one chicken. (His wife's taken away with him.) MRS. GONNET'S ADDRESS AT WOMEN'S INSTITUTE

(Continued from last week)
Continuing, Mrs. Gonnet said:
"I captured my memory, as you all know, in Borneo, a beautiful old city right in the heart of Switzerland. It is supposed, however, in population by Zurich—by the way, my native place—is the largest city with 120,000 inhabitants, by Basel or Basel with 140,000 inhabitants and by Geneva with 150,000 inhabitants, the latter having the honor to be chosen in 1905 of the League of Nations. The whole of Switzerland's population amounts to about four and a half million whilst London boasts of having a population of seven and a half million. But compared with this vast Dominion of Canada with only nine million people, you see that our little country is considerably crowded."
"The railroads, under government control, are spread like a spider-web all over the country, bringing it frequent on work days are even more so on Sunday when specials are running almost every hour."

The August output of creamery butter in Kazakhstan was far in excess of the July output. Officials of the dairy branch attribute the increase largely to the excellent feed and pasture conditions prevailing and the milder and more general interest taken in dairying in the republic.

THE RECORD

H. Orley, Editor and Publisher

FORT SASKATCHEWAN, ALBERTA, WEDNESDAY, OCT. 4, 1934

It takes a bold man to venture to Edmonton by car these days. One is so liable to be held up by the authorities for infractions of their fussy little by-laws. If your headlights at a distance of seventy-five feet throw a light forty-two inches above the level of the car (as was the word used in the press report we saw but we think the word ground was intended). It does not matter much, they will get you anyway) you are seeking trouble if you go to the city. The assistance of the press was asked to distribute this information but the fines which are being imposed daily on unwary and harassed automobilists will continue to bring grit to the mill for quite a while.

An advt. appeared in a city daily newspaper "Will your brakes pass police inspection?" Wow!

In the police court Tuesday a man named John Draper, we think he was from Smoky Lake, was fined for carrying headlights which reflected a beam in contravention of the Traffic Act. He stated in court that while driving a car on the Fort trail he was pulled up by an officer and told to put the dimmer on his lights. A little further down the road he was pulled up again for having lights which were too low and told to take the dimmer off.

Draper excitedly asked "What is a man to do?"

In fear and trembling we were asking ourselves the same question when an inspiration arrived. Do as the Prince of Wales did. He jumped in and jumped out again in the middle of the night when the police were at the lowest point of "efficiency."

exhibited to show the product both hand made and machine made. Many figures carved in wood showed the skill of the woodcarver.

"Manufacturing of watches, silk and cotton are among the industries of the country. Farming is carried on in a most rational and economical manner. Grain growing is done on a small scale only and we depend on the outside for the previous commodity. The famous Swiss cheese is a sufficient proof of a flourishing dairy industry. The wine is famous."

"We comprise three different nations under one flag, one nation, the French on the west, the Germans on the east and north, the Italians toward the south. Accordingly the different languages are spoken: 60% German, 25% French, 8% Italian and 7% Rumanian. As to religion there are 85% Protestant, 4% Catholic and 11% Jews. The schools are a great factor and are known for their high standing. There are seven universities, some of them centuries old. Regarding schools, the hours are 8 a. m. to 12 p. m., 1 p. m. to 4 p. m. and 5 p. m. to 8 p. m., while in the universities lectures begin at 8 a. m. and end at 12 p. m., according to the different faculties. Eight years' education is compulsory, some countries providing all supplies even to the children. As to the different countries, as an acceptance in preparation for the trade."

The principal sports are gymnastics, shooting, climbing, boating and the many winter sports in the mountains. Our people are very fond of singing the latest community has a choir, male, female or mixed, sometimes over all three of them. Festivals for music, shooting and gymnastics are held every year in the smaller cities and usually once in ten years on a large scale at some important place where the whole country takes part. At such occasions you may see the different costumes as worn in the different cantons. I might mention that these costumes are also worn at home on Sunday or other special occasions as for instance the one called Alphart. They are most picturesque and becoming attire and every effort has been made during the last few years to bring the costume more and more into the limelight as being quite a typical characteristic of each nation. It is well as efforts are made to preserve the different dialects typical of each canton.

The Swiss are a very industrious people and you may notice this feature through all the different classes from the factory owner down to the simple handicrafts or ordinary workmen. In most other countries music is spoken of the 8 hour day and 5 day week. These may appear on paper, but are not practice in my country. To give you some idea of Swiss living I people get up about 6 a. m. in the towns and cities, about 4 a. m. in the country and after partaking of a light breakfast consisting of bread and butter and coffee, they work till about 8 a. m. when there is 15 minutes of rest and another light lunch, called 2' noon, and consisting of bread, cheese and "meat," a light order, which is supposed to keep the body fit for another three hours of hard work. Dinner is taken at and in the principal meal during the whole day and consists of soup, meat and leaf of potatoes and other vegetables. The meals are very simple and fancy dishes are not known during the week. Fruit is eaten in abundance but desserts as used in this country are not used. The is absolutely unknown. Sleep is eaten every day. Mostly every Swiss has his "afternoon tea" but "meat" takes the place of your tea and cheese is the principal part of your cake. This afternoon lunch is a very simple affair, taking only about five minutes. Supper in the form of some kind of cold meat and lots of bread is served between 6 and 7 and even here the good old "meat" is seldom missing from the table. The Swiss people of all classes live very simply as compared with the mode of living in this country, but their manners and customs have produced a type of contented people, unique in their way, and highly respected in every land, the world over.

"I am convinced," concluded Mrs. Grunert, "that any Swiss settler in Canada will be a great asset to this country, especially as he possesses a wonderful gift of conscientiousness and I hope you will always receive the Swiss in your midst as what he really is, a unadorned worker and an honest gentleman."

Many questions were asked, in reply to one of which a few descriptions were given of the departure of the Swiss-dressed boys and girls with their schoolbags as they go into the mountains in the spring and the festive observed on their return in the autumn.

Brotherhood

There was a large turnout at the weekly meeting of the newly organized I. B. U. club on Wednesday evening. The new members suffered the change of a rather strenuous initiation after which they were formally admitted as members of the club. Mr. J. P. Weide occupied the chair until 10:20 when he turned the reins over to Mr. Albert Robertson, vice-president, on account of having another engagement. An excellent program was given by the members and during the course of the evening each person was called upon to contribute his bit toward making the evening a success. Heavy applause followed each contribution which in most cases was willingly made. During the course of the program, songs, plays, went the rounds and at midnight the meeting was adjourned. It is proposed to hold a grand smoker in the near future in which the general public will not be invited.

Miss Lucy Greenfield, one of our popular local teachers, and Mr. Willie Hirst returned to Edmonton last week to attend the basketball games. Miss Greenfield says that this was the first time she had ever witnessed a basketball game and that she enjoyed both sides very fine.

Mr. Knut Skovsen, local agent for the Star cars, dropped off a Star sport touring car last week to Mr. Lapushinsky.

Due to the volume of grain marketed here all elevators have marked second runs.

A number of Brotherhoods were notified during the afternoon session, Edmonton, on Saturday night.

Monday and Tuesday of last week being New Year all Jewish stores have been closed.

hour, when gives a different aspect to the life of the people as compared with this country. Sunday is play-day in Switzerland, church services conclude at 10 a. m. "Maybe you have thought in school that Switzerland is the oldest republic, dating back as far as 1291. At that time, of course, it only consisted of three cantons or provinces; today twenty-two cantons are united under the red flag with the white cross to obtain the independence so dear to us and defended from the earliest days of its existence. We seem to have fared well under our own regime, so well in fact that other nations did not hesitate to adopt the fundamental principles of our government as for instance the U. S. A. We have not a standing army but every young man at the age of 20 has to undergo an examination as to mental and physical fitness. Then he can choose the kind of arms he wants to join in the army and must serve a course of military training of 18 weeks the first year and three weeks every year during the next nine years. Of course, officers have to undergo a much longer training according to their rank. Each soldier takes on his uniform and his gun, if with the infantry, home and these things are kept in readiness in case of emergency. I remember well the beginning of the world war in July and August, 1914. On August 1, our national day, all the church bells rang in the morning throughout the country to call the men to arms and within a few hours 500,000 men were ready to defend their beloved country against any possible intruders. Beautiful losses and casualties were

MUNICIPAL DISTRICT OF CLIFFER RAIL NO. 517

The Municipal District of Cliffer Rail No. 517, held its eleventh annual meeting of the year on Saturday last.

The Mayor and Secretary several having investigated the application of the Harrow Coal Mines for permission to construct a sewer pipe drain along the road allowances north of Sec. 5, 10, 15, 20, and were satisfied that the construction of same would not interfere with any work that may be required on this roadway in the future. The council accepted the report and the necessary sanction for the construction of the drain was given.

An application to purchase two lots owned by the District in Terrace Heights was turned down by the council.

Authority was passed for the payment of two dollars to H. The War To End War

How often during the fatal years 1914 to 1918, when the counsel struggle between Germany and the Allies was in progress was heard the expression that this was a war to end war. This idea was embodied in the approach made by all Allied governments to their people to loyalty and even citizenship, but the heavy burden being imposed upon them and to endure the terrible sacrifices they were called upon to make. Thousands of husbands and fathers fought and suffered and died declaring it was worth while if by so doing the world of mankind was to be forever freed from the horrors of war. "Never again" was the watchword of these heroic souls as, dying, they left and their descendants would never be called upon to live what they had died for.

But although the league seemed "case free" along the great battle line on November 11, 1918, the war in and war was then not concluded. It is not yet concluded. Wars are even now in progress in different parts of the world, but more significant than these local struggles is the fact that even with the elimination of Russia, the European Allies in the Great World War have a larger number of men under arms today than Germany, Austria-Hungary, Turkey and Bulgaria had when the Great War broke in 1914. Today the power strength of France, Italy, Britain, Poland, Rumania, Belgium, Czechoslovakia and Yugoslavia is 1,327,000 men, while in 1914 the power strength of Germany, Austria-Hungary, Bulgaria and Turkey was 1,261,000, or nearly half a million less.

The financial burden imposed on those war-improvised countries is maintaining nearly two million men in military idleness is an appalling one. Important advances have been made in reduction in naval armaments, and it is probable that more will follow, but as yet the even greater menace to the peace of the world constituted by huge standing armies.

The whole race of mankind must rejoice, therefore, that the League of Nations is leaving no stone unturned to bring about, first, a binding agreement which will actually eliminate to make war almost impossible of consummation and which is drawn among the calculations which today every European nation has to consider, and, secondly, to bring about an early and drastic reduction in all standing armies and armaments along lines which are proving effective in the reduction of armies and naval expenditures.

Some people still avail at the League of Nations. They understand and condemn it because it has not accomplished more. Yet when its achievements in the six years which have elapsed since the Covenant was drafted and signed are studied, the amazing thing is not what it has failed to do in that short space of time, but that it has accomplished so much, and has secured such a large measure of confidence among the nations of the world. The influence of the League of Nations is the most powerful factor in international affairs today.

Breached and effective in so many ways as the work of the League has proved to be, its recent achievement in drafting a protocol of peace which received the unanimous approval of the representatives of every nation now a member of the League, and the equally unanimous approval given by each representative to the plan for a great world conference on disarmament, and their united demand upon all Governments to proceed with the least possible delay in giving individual Parliamentary approval to the peace protocol, is easily the most important and far-reaching effect of the League and one that holds promise of heralding a new era in world history.

The effect of the accord displayed at Geneva is seen in the speeches delivered by two Germans who are active participants in the League. One is a German, the other a Frenchman. General Vetter (French) and General von Schöenebeck (German) called in stating to the World Peace Conference at Berlin that "only complete general disarmament can save the world." General Vetter declared that "little arms are as dangerous as big arms," and General von Schöenebeck said that most generals of the old regime have that their theories were wrong, but had not the courage to confess it. He promised to support the movement looking to the abandonment of military armaments.

The war to end war is, therefore, moving forward to victory. This reality glorifies war is not yet won. To achieve complete victory calls for the enlistment of every right-thinking man and woman to bring the last sentence of peace to bear on Government in every country in order that the strong national support for the League of Nations plan for universal disarmament will be forthcoming.

Hope For Cancer Cure

Toronto, May 26.—Another Triumph in a Curative Treatment. Sir David Ferrier, a well known practicing physician, formerly consulting physician to King's College Hospital, and to the National Hospital for the Paralyzed and Epileptic, in an address to the Hospital Medical Board, Toronto, on the problem of a cure for cancer referred to Dr. J. B. Hastings' discovery of the insulin treatment for diabetes and said that the insulin had been "tried out" for six or eight years, and that the treatment had been a complete triumph in the discovery of a curative cancer treatment. However, Dr. Hastings' hope of the latter might have not been borne out.

The medical profession need not be pained, Sir David said, about a cure being being discovered, for some time, but the members of the profession should not be over sanguine concerning investigations now being carried on in connection with a possible cure.

Sir Humphrey Rolleston, president of the Royal College of Physicians of London, expressed his opinion that some physicians to every 1,000 people. He regretted that the reports in the medical profession had fallen off considerably of late. This was especially the case with regard to women entering the profession.

Take Your Corns Off In Hot Foot Bath

The hot water removal of corns is the surest, quickest way it takes. It is not to apply a corn plaster. Putnam's Corn Extractor, which fits the corn or callus so that it can be removed, is the only one that does not hurt the foot. It is a simple, scientific, and absolutely sure. It is not a corn plaster, but a corn extractor. It is not a corn plaster, but a corn extractor. It is not a corn plaster, but a corn extractor.

WORK WOMEN PEOPLE

Find Renewed Health By Improving Their Blood. If you feel run-down, it means that your blood is thin and watery, that your vitality is low. Your feet are usually cold, you do not sleep well and you are tired when you rise in the morning. You find no pleasure in your work and are listless and despondent at work. You have no energy left.

Thousands of men are run-down by activities of work. Thousands of women are run-down by housework. Hold fast, with tired limbs and aching muscles, thousands of girls and women, listless and without attraction. It is the same thing—this and watery blood, vitality run-down, anemic, poor appetite, palpitating heart, etc.

Do not submit to this. Get new blood and with it new vitality. There is no difficulty in doing this. Dr. Williams' Pink Pills build up and enrich the blood, which brings with it new health and vitality. The man, woman or girl who takes Dr. Williams' Pink Pills is never run-down. Their friends notice how energetic they are, what a fine appetite they have, and how they enjoy life.

You can get these pills through any dealer in medicine, or by mail, by sending a box from Dr. Williams' Medicine Co., Brockton, Ont.

Scientists Make Strange Discovery

Expedition into Olympic Mountains

Find Worms That Live in Ice

A species of worm that lives only in ice and cannot withstand the heat of a human hand, has been found and photographed by a scientific expedition that recently went into the Olympic mountains.

The ice on Dodd's Elton Pass in the Olympics was found literally alive with these worms. They are black, flat and about half an inch long. When the sun is out they crawl into the interior of the ice where the temperature is lower. Scientists with the party said that so far as they know these worms never had been found before in the United States.

While the worms were photographed, it was impossible to get any of them out of the mountains alive. When the ice surrounding them begins to melt, they die immediately. What they live on is still a mystery.

Tar Sands Of Alberta May Be Solution Of Good Roads In Prairie Provinces

Alberta's tar sands for prairie roads, that is the objective to which a great many people are working and will continue to work.

There are thousands of miles of prairie roads that will keep them possible in all kinds of weather.

Thomas Ingersoll, a Port Huron, Mich., man who probably knows more about the extent and the value of the bituminous sands of Northern Alberta than anyone else, writes a report for the U.S. Dept. of the Interior, Bureau of Geological Survey, on the bituminous sands of Northern Alberta.

Mr. Ingersoll has travelled the north country on horseback, on foot and by motor along the roads and has interviewed the tar sands. He has examined outcroppings wherever they could be found. He has prepared a study plan to develop the tar sands, and he has spent much time in experimental work and has acquired a wide knowledge of the district and the subject.

He has also been in the field with the first survey of the tar sands solely from the oil extraction point of view and from that angle he is convinced that the tar sands are the most abundant oil source in the known world.

As the oil content of the tar sands may be obtained from the tar, according to Mr. Ingersoll, the tar sands extend from west to east a distance of 100 miles and up and down a distance of 100 miles.

Mr. Ingersoll states that the tar sands are found in the following areas: 1. The first process is the distillation of oil from the tar.

The second process is the separation of the bituminous from the sand.

The first process gives a recovery of 18 per cent made up of five per cent gasoline, three per cent kerosene, 13 per cent light gas oil, 15 per cent medium gas oil, 15 per cent fuel oil and 10 per cent asphalt.

The second process gives a recovery of 22 per cent, including all the products mentioned in the first process.

Extensive paving tests have been carried on extending over a number of miles in that over 100,000 tons of bituminous sand have been used.

Mr. Ingersoll points out that by using the tar sands, the government can save the money that it has to spend on the maintenance of the roads.

He also points out that the tar sands are a source of revenue for the government.

LOCAL NEWS

271 people are enrolled at the Fort Saskatchewan school.

The Presbyterian church's AM will hold a bazaar, etc., December 18.

One automobile agency in town has made fourteen new and second hand cars since last Thursday.

Messrs. Alex. Robertson, B. A. Graham, Alex. B. Smith and Dr. Moore are spending the week hunting in the inland district.

Messrs. Oscar Davidson, R. Todd, L. Diamond and Eugene Clark were invited to serve as jurymen at an appeal court trial held at Edmonton Monday.

J. J. Bullock, of the Provincial gas staff, met with a painful accident at his home last Thursday when he fell and struck his head, breaking his ribs.

We are pleased to say Mr. Bullock is progressing very nicely.

The Rev. F. Letts of New Dayton, Alta., accepted the pulpit of the local Presbyterian church and at Patricia last Sunday. On Sunday, the 16th inst., the Rev. W. B. Mahon of Trebo, Alta., will take the services.

The Methodist regular monthly W. M. S. meeting will be held in the school hall (Thursday, Oct. 23, at 2.30 a.m.). A report will be given of the W. M. S. convention to be held Friday, Oct. 17, in the McDougall church, Edmonton.

A dance was held at the Edmonton hall last Wednesday, the Martin orchestra of Edmonton taking a chance and putting it on themselves. There was a fair attendance of the young people of the town and the music was excellent.

Robert Gray will officiate at morning and evening service at St. George's church on Sunday, Oct. 23. As this will be the occasion of the 12th Harvest festival donations of grain, fruit and flowers will be gratefully accepted for decorating the church.

The Girls' A.A.A. will hold their annual Halloween dance Friday, October 21. Dancing from 8 till 12.30 with the Melody Path orchestra in attendance. The proceeds go towards movement to be erected on the Memorial square. Admission, \$1.00 couple, extra lady 50c.

This week's feature at the Star theatre will be "The Lone Rider," starring Mary Pickford supported by a strong cast of the best actors of the screen. A picture featuring the joys and trials of motherhood interspersed with a delightful love story. Also comedy. Admission: 50c and tax and 10c and tax.

The "Canadian Girls in Training" have the promise of a night in December from Niess Leung in First Aid work, also a demonstration on "How to Conduct a Business Meeting" from Niess Leung on Oct. 23, they therefore to be the first and third woman in each month. Every young woman in town is invited to take advantage of this training.

Three groups of Canadian Girls in Training elected their president, vice-president, secretary and treasurer last Monday at 7:15 in the Methodist hall. The first regular meeting will be next Monday at 7:15 when Mrs. Rogers will speak to the girls on "How to conduct a business meeting." Do not miss it. The first line minutes is given in C.G.T. songs. Hereafter the first and third Monday will be C.G.T. nights.

The Misses Bell and Groves were noticed among the Brudersheimers present at the dance in the Fort last Wednesday evening.

Miss Lay Greenfield was confined to bed for a few days owing to a slight attack of the flu. Her mother, Mrs. W. A. Greenfield, Edmonton, came down to nurse her and under her care recovery was rapid. This was Mrs. Greenfield's first visit to Brudersheimers and she was very much surprised at the natural beauty of the village and the grandeur of the surrounding country.

Messrs. J. P. Wells and A. E. Weber returned to Edmonton on Thursday to attend the Liberal rally held in the Memorial hall. Both report a most enthusiastic meeting followed by a social hour in which they entered into the spirit of the occasion and imbued with the patriotism.

The Walker school was closed on Thursday and Friday to enable the staff to attend the new A.A. convention at the Fort. It is reported to say the people enjoyed the short vacation very much.

STUDIES ALBERTA SYSTEM

Gen. H. Webster, chief of the duty division of the State of Montana, visited Alberta this week, investigating the system of government crown grazing that has been in operation for the past two years in this province, and which has been responsible for the great increase in quality of Alberta creosote. Mr. Webster states that several of the western States are lining up to pass similar regulations, having become greatly interested in the benefits attendant in Alberta.

HEADS ALTA. NEWSPAPERMEN

L. D. Mohlitt, editor Rensselaire Mail, is the new president of the Alberta press association, being elected at the annual convention held at Vancouver in conjunction with the B.C. press association. The first vice-president is John Torrison, Lethbridge Herald.

MUNICIPAL CONVENTION

The annual convention of Alberta municipalities is to be held at Edmonton November 6 and 7.

INVENTION WORKS WELL

The invention of a new weed along the banks of the river has been attended to by W. J. Stephen, Field Crops Commissioner of the Province, and is being sponsored by the Provincial Department of Agriculture, has had several tests recently which have proved extremely satisfactory. Several of the attachments are now being made for use in the threshing operations at various points on the fall. The attachment works on the principle of a fanning mill, and the removal of weeds which may be changed according to the kind of grain being threshed, and the close of season which might be encountered. The device makes the grain very thoroughly of weeds.

C. N. EDMONTON IMPROVEMENTS

Citizens of Edmonton last week endorsed by law ratifying an agreement with the Canadian National Railways calling for expenditures in station and terminal improvements, which are expected eventually to total three millions of dollars.

10 PER YEAR

Particulars

The various threatening rains in the district are becoming merely along, making short work of the remaining storm. Gen. Oshabekton has his engine in working order again after the breakdown of last week. About another week should see the finish of threatening in some cases the yields are better than hoped for earlier in the season. Then, to effect this, comes the aid of graining on wheat that is a feature of this year's marketing. Always something to take the joy out of life.

Harry Ryer returned home last Wednesday from a fortnight's stay in Lamont Hospital, following an operation for appendicitis.

Mr. and Mrs. W. G. Altan visited friends at Waskesau last Sunday.

Mrs. M. C. Pinloff and Will Pearce were delegates from the U. F. W. A. to the Social Service Congress in Edmonton last Thursday and Friday.

Mr. and Mrs. Robt. Warrick and little daughter spent the week end with Mr. and Mrs. Robt. Houston.

Mr. and Mrs. Harry Ryer were Edmonton visitors last Thursday.

Mr. and Mrs. Wm. Oshabekton were visitors to the city last Thursday.

TWO MINUTES OF SILENCE NOV. 11th

The usual two minute silence will be observed on Tuesday, November 11th, at eleven o'clock throughout the British Empire. This is in addition to the observance of Armistice Day and Thanksgiving Day, on Monday, November 10th, in Canada.

CARD OF THANKS

The family of the late Mrs. A. H. Carry wish to thank their many kind friends for sympathy and help shown in their recent bereavement.

Services in the schoolhouse Sunday evening under the auspices of the I. B. S. Association.

Mr. and Mrs. J. M. Altan and Ed Altan, Edmonton, spent the week end with their family here. We notice Robt. looking rather less robust than usual, following an attack of rheumatism and an operation on his throat.

FARMERS AIDING THE DISTRICT'S NATURAL BEAUTY

Several large packing cases were on the station platform last Saturday and a number of farmers of the district collected the shrubs and trees they contained which had been ordered from the Prairie Nurseries Ltd., Estevan, Sask. Mr. S. E. Thompson, Edmonton, agent for the above firm, was on hand to distribute the bundles to their purchasers. Mr. Thompson is a landscape gardener and his professional services were part of the contract made in the deal. He advised what to plant and where to plant to the best advantage and his aptitude for and experience in this work is a great help to the layman. He is able to add to natural beauty and add any effort of imagination which would be beyond the ability of the average man. Mr. Thompson is pleased at the result of his efforts in this district and anticipates more orders which he better knows. The following farmers have availed themselves of the service to date at an average cost of \$45.00, which sum also includes the cost of trees and shrubs collected.

Good Bye

Quite a number of young people paid a surprise visit to the home of Dave Cranston on Friday evening, October 17th, to say good-bye to Mrs. Cranston who was leaving the next day for an extended visit to the North of Ireland.

A pretty miscellaneous shower was held on Thursday afternoon at the home of Mrs. Dave Cranston in honor of Miss Ruth Dietrich, a popular bride to be of the near future. Little Evelyn Cranston, dressed as a bride, brought in many merriment and handsome presents piled in a carriage decorated with white. During the afternoon a very enjoyable time was spent with music and fortune-telling. The guests were: Mrs. J. Cranston, Mrs. Tom Whitting, Mrs. C. Altan, Mrs. G. Oshabekton, Mrs. D. Oshabekton, Mrs. E. Peters, Mrs. W. Cranston, Mrs. Dietrich, Mrs. A. Cooke, Mrs. D. Whitting, Mrs. L. Pomeroy, Mrs. E. Johnston, Mrs. C. Flooded View

Threshing in this locality is about 50% finished. Grain is running much better than at first expected. Reports say that wheat is running 40 to 50 cent per bush.

Representatives of the U. S. A. were in the district during the past week and upon arriving here they were surprised to find that the water was so high and so deep and expect to play havoc with the crops during the winter so that there will be an available supply of food for all local farmers during the coming year.

Geo. Kelly was successful in getting an excellent crop water well drilled by Chas. H. Jones. Water was struck at a depth of 800 feet.

Geo. Thomas had the pleasure to be shown in front of a grocery store, showing at G. Frey's place, that he is a good farmer. He is a good farmer to be around but his many friends wish him a speedy recovery.

OLD COUNTRY BOYS

GIVEN RECEPTION
A reception for the 40 young men who recently came from the old country to the provincial agricultural school at Vermilion to take a special course in horticulture, was held last week by the townsmen of Vermilion. The government was represented by the Hon. C. Headley, Minister of Agriculture, who inaugurated the plan with the British Overseas Settlement Board under which the young men were brought out. Several more young men are expected to arrive from England to join the first party.

THE RECORD

H. Ostry, Editor and Publisher

PORT SASKATCHEWAN, ALBERTA, WEDNESDAY, NOV. 18, 1936

The mild blizzard of Monday night was another blow to those farmers who do not get their threshing done. However, it still can be done; it must be done; and it will be done, though it necessitates more labor and inconvenience.

The hockey players in the Port are starting the season with confidence. We do not mean by that they are boastful, but that they feel the inspiration of the good will of the citizens and are determined to do their best to provide games worth witnessing during the season. With their undoubted ability the boys can be relied upon to do that and it is up to everyone to see that the boys' confidence in you is not misplaced.

Many subscribers to The Record have answered the call and paid up their subscriptions. There are still some, however, we would be glad to see or hear from. We have been very patient and indulgent and have not pressed for payment while money has been difficult to secure or hard to, as in the past two or three years. We would imagine that every subscriber has during this fall made a wad of a size that is a bit of a record. We would like to see it. We have earned it with our service and would be pleased to receive our wages. Pay up and you will be surprised how good it makes you feel.

A Joint Savings Account Is a Real Convenience

PARTICULARLY as a matter of fact, the joint account is a real convenience. It is a joint account in which both parties are subject to withdrawal at any time by either of the persons in whose names the joint account is opened. In case of the decease of one of the parties holding a joint account, the money may be withdrawn by the survivor. A joint savings account in the Standard Bank of Canada is a very desirable asset to the same funds.

BALLOON NOVELTY DANCE HAD HUGE ATTENDANCE

An enormous crowd attended the dance held under the auspices of the Fort Saskatchewan Girls' A.A.A. Every one appeared to be in a festive mood, determined to give a good send-off to old friend 1924 and welcome the year of promise, 1925. Good feeling and fun were predominant features of the long night's session in the art of dancing.

The girls had exulted themselves in the decoration of the hall; streamers, designs and a profusion of evergreens dignified the usual appearance of the dance room.

Several novelty dances were staged, one of them having prize attaches, who were secured by Ernestine Bell, John H. Valias, let, Altha Orr-Donald, and others.

Patrons were Mrs. deBeauvoir, Mrs. Blackinton, Mrs. Gibson, Mrs. Taylor, Mrs. Grunert and Mrs. Mar-ble.

The Melody Four orchestra supplied the music.

Pleasant View

A dance was held at the home of Mr. and Mrs. F. Simmons on Friday evening last. There was a large crowd present, and a most enjoyable evening was spent by all.

Mr. and Mrs. Pelland and family of Edmonton, were visitors in the district during the past week and were present at Simmons' dance.

Mr. Shaver of Gibe is visiting at the home of Mr. and Mrs. A. Thorne.

Mr. Reischl Thomas returned on Saturday from a visit to Smoky Lake. Mr. and Mrs. Brocken and family of Vegreville have been visiting at the home of Mr. and Mrs. Brockman's.

Mrs. Miriam Bray of Vermilion, who has been visiting under the parental roof, returned to Vermilion on Saturday last.

INDUCTION SERVICE AT PRESBYTERIAN CHURCH

A very interesting and impressive service was held in the Presbyterian church last Friday afternoon, January 19, when the Rev. T. C. Peacock was inducted minister of Fort Saskatchewan and Patricia. Principal Minister of Robertson college, Edmonton, who has been inducted minister during the vacancy, conducted the devotional exercises, and narrated the steps taken to fill the vacancy, with the result that a very hearty and unanimous call had been extended to Mr. Peacock.

Rev. A. D. Reid of Knox Church, Edmonton, and moderator of Edmonton Presbytery, then took charge and duly inducted Mr. Peacock. After the usual questions were answered The Rev. T. C. Peacock, of Robertson college, Edmonton, then presided fittingly and impressively addressed the congregation on his relation to those outside the church, those within the church and those in the future.

During the service Mr. Glover sang a solo with very beautiful expression and effort. The church was well filled with an appreciative audience representing the two congregations, notwithstanding the fact that the meeting was held in the afternoon when it was impossible for many of the business men to be present. At the close, the ladies of the Fort congregation served refreshments and a very enjoyable social hour was spent. The sisters hope is entertained by many that this settlement may be a very happy and successful one. Mr. and Mrs. Peacock and family are gradually getting settled in the manse and are enjoying the the ordeal of moving in cold weather will soon be concluded.

GROWTH IN DAIRY INDUSTRY

The total amount of creamery butter manufactured in the creameries of Alberta during 1924 amounts practically to \$1,000,000 lbs. as compared with \$7,500,000 lbs. last year. There are now 57 creameries operating compared with 75 the previous year. The total amount of butter graded for export is over 1,000,000 lbs. compared with just over 2,000,000 lbs. in 1922. All of this butter is sold outside of Canada, chiefly in Great Britain and the Orient. There has been a steady increase in the quality of both cream and butter as a result of the cream grading system.

BIG PAGEANT FOR CALGARY

A historic pageant of unequalled proportions is being planned by the Calgary Exhibition Board to be held in Calgary this year in commemoration of the 50th anniversary of the establishment of the city by the mounted police in 1873.

MORE CATTLE FOR JAPAN

A shipment of 240 head of Alberta beef cattle will shortly be made from this Province in the name of a large Japanese firm which has interested itself in the importation of beef from Alberta ranges.

ITS YOU

"If you want to live in the land of a farm.
That's the kind of a town you like.
You don't have to slip your clothes in a grip.
And start on a long, long hike.
"You'll only find what you've lost be-
hind.
For there's nothing that's really new.
It's a knock at yourself if you knock your town;
For it's not your town, it's YOU.
"Real towns are not made by men.
Least somebody gets ahead;
If everyone works, and nobody shirks.
You can make a town from the dead."

Josephberg

Miss Mary Luman visited with her sister at Josephberg during the holidays.

The Ladies' Aid of Beaver Hills church are holding a bazaar at the home of Mrs. Dunn on Friday evening, Jan. 25.

Mrs. Black, Lloyd, and Mrs. McEachern are still in Ontario. They state that the snow is much deeper where they are than it is near the Fort.

Mr. and Mrs. Devine are home again after spending a week in Edmonton with friends.

AMERICAN CHURCH SUNDAY SCHOOL CHRISTMAS TREAT

High lights and Christmas were in evidence at the Memorial hall on Tuesday afternoon and evening, the occasion being the Christmas treat for the Sunday school of St. George's church. Many parents of scholars were present and cast off the burden of their year's for the time being and entered into the spirit of the occasion, listening for the merry children of an irrepressible age. Games were played and heartily enjoyed by all. Xmas carols were sung and their contents were as beautiful as the words provided.

Many games followed the treat, then each child received from the treat at the hands of Rev. Goodman, who had been presented by Santa Claus to substitute for him, a bag containing candy, nuts, oranges and a nice handkerchief.

Before dispersing three cheers were given for the ladies and three for the Rev. Goodman.

Paul Dalziel and Rev. Dalziel both studying at Edmonton. They are attending university.

Grand Hope

Everything but the roads promises a fine concert at Grand Hope on Friday, April 3. A splendid program has been arranged which will compensate for any trouble the roads may give. Mr. Gentry will conduct of the band.

The next regular meeting of the U.F.A. will be Monday, April 6. Mr. J. B. Gault will give an address on the benefits of purified stock.

We are sorry to report that Mr. Brown had to be taken to the hospital at Laramie, suffering from an attack of bronchitis. From latest reports he is doing very well.

A pleasant time was had by all at Billy Magoe's housewarming last Friday evening. Dancing was in order.

Stoutford

Mr. and Mrs. Edward Mann, Mannville, were visiting friends here over the week end.

Miss Rogers, teacher of the Catholic school, spent the week end at her home in Edmonton.

Mr. A. Underwood and Mr. Ed Krebs were in Edmonton on business Saturday.

Mr. Fritz Nette is expecting his brother in a few weeks.

Mr. and Mrs. John Krebs are visiting friends in Mannville.

All the small hours of the morning.

Mrs. Davidson of Ross Creek was a visitor in Good Hope last week, staying at the home of her daughter, Mrs. Tom Magee.

TENNIS CLUB PREPARES FOR COMING SEASON

A meeting of the Fort Saskatchewan tennis club was held in the Town hall Monday evening at which the following officers were elected: President—M. A. Henry; Vice-President—C. A. Gogan; Executive—H. Harper, Mrs. Taylor, Mrs. Sutherland, H. Henry; Referee—Committee—Mrs. Walcott, Mrs. A. B. Caracodon, Mrs. Tindley, Miss Fairman, Miss Meta.

The secretary was instructed to ask the Board of Managers, Presbyterian church, and the Vestry of the Anglican church to accept \$10.00 per court for rental for the year. It was decided on membership for the coming season be \$3.00 for ladies and \$5.00 for gentlemen. The senior membership fee will be half the senior fee, those attending school to be considered juniors.

It was voted that on Wednesdays and Fridays no courts may be booked for play after the hour of 8 p.m., the three tennis courts may be claimed by four waiting players upon conclusion of the set being then played on the court.

It was moved and carried that no player wearing heels on shoes be allowed on courts.

The reason for the increase in the membership fee for the new season was that the club had made alterations and improvements to the courts are under consideration and will be provided with if necessary funds for same are available.

FATHER AND SON BANQUET AT FORT

The Church of the Square of Fort Saskatchewan held a successful Father and Son Banquet in the hall on Wednesday, March 28. The "Mothers" provided the sets and the 120 places were taken at the tables which were attractively decorated. The good reputation of the Fort ladies was well maintained in the delicious course provided. The boys and their mother helped at the decorating which was carried out by the boys of the square.

The master, Mr. Poole, was supported at the head of the square by Mayor Sutherland and his dad, Mayor Sutherland, and Scripser G. Walker, while the other members with their date completed the remaining sides of the square. Food of the best was there in abundance, notwithstanding the fact that some of the boys found it hard to keep tabs on the number of pieces of pie eaten. The Proctor acted as toastmaster and performed his duties with much credit, proposing first "The King" when all joined in the National Anthem. Langford Jones proposed the toast, "Our Fathers" and did so with a speech. His father, E. O. Jones, replied in a speech that should have been broadcasted for the boys of the whole province. It was sufficient to make the banquet worth while. Donald E. Wright proposed the toast "Our Mothers" and concluded by congratulating the fathers on the splendid dinner they had made. Mr. Rae suitably replied. The C.E.T. was spoken to by Mr. Poole and Rev. C. E. A. Peacock, who spoke of the nature of the work and emphasized its importance. "The Church" was in capable hands when entrusted to Gordon W. Walker and Rev. M. L. Wright. W. E. Wright, warden of the "Fun" then gave an address, relating some incidents in the early days with the Horvics and pointing out some helpful lessons for the members of the square. Reginald Wright and Harold Ray delighted the audience with a piano and violin solo respectively, displaying talent and training. All then joined in a singing led by Principal Martin, and with a few closing remarks a very enjoyable evening was brought to a close with three cheers for the mothers and dads.—Edmonton Journal

Children

The regular wheel drive given by the Board of Trade held on Tuesday night, March 24, proved a remarkable success. Prizes, which were greatly appreciated, were awarded to the winners. Consolation prizes were also awarded which caused great excitement. Lunch was served, and Miss Johnson favored the audience with familiar tunes on the piano. Receipts were \$12.00.

The Community Hall Board are giving a box social and dance on Easter Monday, April 13. Watch for later announcements.

Spring is just around the corner and the snails that appear on the faces of the Gibbons district farmers is a sure sign of appreciation. A snail was seen running up and down the street last Thursday.

Mr. L. Stewart has returned home again, and he seems to be better satisfied with Idaho than ever before. We are all glad to see him back again.

Mr. Knott, who was resident in Edmonton, was in Gibbons for a few days last week.

Josephburg

Mrs. Adam Ripple of Josephburg entertained in honor of Miss Martha Thomas, the occasion being a shower. About a hundred guests were present and many useful articles were given.

Mrs. R. J. Henry of Canmore is the guest of Mrs. J. A. Davies at Josephburg for the week. Mrs. Henry has just returned from a three month vacation in Ontario.

THE LADIES' GOWN

Duke Charles Philip D'Orian, nephew of King Albert of Belgium, traveling on the Des Du Mesnures in on route to Lord Rodney's farm at Fort Saskatchewan. He is accompanied by J. Stanley, son of Hon. Mr. Stanley, who is also on his way to visit Lord and Lady Rodney. The Duke is coming to Alberta with the idea of taking up a ranch here. He is desirous of purchasing land near the mouth of the Peace River and joining the royal colony located in that section of the province.

CANADIAN CATTLE

REPORT TO BRITAIN

GAINS 50 PER CENT

An increase of approximately 50 per cent. has taken place in the live cattle exports to the United Kingdom in 1935, as compared with the early months of the preceding year. Up to March 19, the exports of cattle in 1935 were 14,862 head; in 1934, 10,621 head; and in 1933, 9,811 head. At the rate of twenty dollars per head, this shows a revenue to the shipping companies of \$298,360 for the present year.

Social and Personal

Mr and Mrs. Kimball, Jr. spent a few days at the coast road with Mrs. Kimball, Sr.

Mrs. Thorne-Collins and family arrived in the Fort Tuesday. Mr. Thorne-Collins, Sr., last Friday and has rented the Allison house on Oliver ave.

Here and There

A total of 100,072 barrels of wheat were shipped to the Pacific coast market from Halifax since the start of the shipping season up to February 28. London took 334,715 barrels and Liverpool and Manchester came second and third with 287,000 and 272,600 barrels respectively.

Eighty-five thousand automobiles are now being operated by citizens in the Province of Quebec according to an average upkeep of \$300 per year, a total expenditure for maintenance alone of \$5,000,000 every year according to figures supplied by the Montreal Automobile Trade Association.

Around 15,000 horses were shipped from western Canada to eastern Canada in 1934, most of them coming from Saskatchewan. This province is maintaining its lead as the greatest horse-breeding centre of the Dominion, with a total of 1,170,745 head, an increase of 23.44 per cent over 1933.

The steamship "Princess Marjorie" successfully passed her trials on Clydebank when she developed an average speed of 22.5 knots and a best run of 23.5 knots per hour. Together with the "Princess Kathleen" she will be used on the Seattle-Vancouver-Victoria route this coming season.

Honourable Maylan, Bishop of Nanaimo, British Columbia, and permanent president of the Episcopalian Congress, arrived at St. John, N.B., last week on the "Montrose." His Lordship was on his way to Chicago where he will make preparations for the Congress, to be held there in June.

Ivan Skogvel, Canadian Pacific Railway representative in Japan, interviewed here recently, stated that his countrymen were 85 per cent. agriculturists and that he felt certain that in the mutual interests of both countries the future will be in the field of immigration, lead to closer and closer relations between Canada and the Kingdom of the Serbs, Croats and Slovenes.

A romance of the prairie and the storage was permeated by P. E. Bailey, grandson of the late Lord Glasgow, who arrived at St. John, N.B., last week among the thriffling passengers on the "Montrose." Bailey, who is just 17 years of age, was so struck with Canada that he ran away from Bray Court College at Maidenhead and after a number of adventures realised his ambition by sailing on the "Montrose."

The largest batch of Clydesdale horses that has ever sailed from the Clyde, valued at \$16,000, was embarked recently on the "Marlow." It consisted of 14 stallions and 8 fillies, and there were also ten Percherons from Antwerp on the "Marlow," while ten more Percherons and Belgians will be shipped at a later date. The horses were purchased by W. J. McLean, of Brampton, Ontario, and Brandon, Manitoba.

George E. Buchanan, of Detroit, believes in romance. He believes in it so much that last year he took 48 Detroit boys for a trip to Alaska. This year he is going to take a good many more and he will include Canadian youngsters. He has been visiting in Toronto and his object is to find some boys willing to take a holiday in the Far North next July. Mr. Buchanan, who was born near Chatham in Ontario, has developed this unique hobby owing to having himself been taken on a trip to Alaska forty years ago when he was a boy.

Easter Message

"The Lord is risen indeed, Alleluia. And hath appeared unto Simon, Alabala."

Such was the old Easter salutation of the early Christians for many generations. Easter is a season of tremendous joy and happiness, such a big contrast to the gloom and sadness of Good Friday. Good Friday shows us the extent of God's Love while Easter Day shows us the extent of God's Power. Joy is the keynote of Easter and it is joy in Religion that we want today. But nobody understands what joy is unless they have been sad, and unless they have sinned and suffered have been forgiven of God.

What attracted the pagan world of the days of early Christianity? Was it not the fact that those early Christians showed them the joy of Religion? The joy of serving Christ? The joy of dying for Christ? Let us be practical and show to the world that we too find joy in our Religion! Let us laugh and be merry in the knowledge of God's love!

It that all? Oh dear no! Easter is the great festival of the Resurrection. The Resurrection. Can our poor, thin, frail minds grasp the enormous significance of the day? Was Jesus told his beloved disciple St. John in the Book of John (Chapter 11) "I am he that liveth and was dead, and behold, I am alive for evermore, Amen; and have the keys of hell and death." Rev. 1:18.

But now is Christ risen from the dead, and become the firstfruits of them that sleep. Ah, that is the secret! His is immortal and Jesus is the pledge of our own Resurrection. So with the joy of Easter comes the comforting thought that life is Eternal and that our bodies shall rise again as did our Lord's body, also that we shall meet those "we have loved and lost again." We must however love Christ here, we must serve Him here if we are to have the fullness of Easter Joy. May God bless everybody and grant them a glorious, Happy Easter.

MUNICIPAL DISTRICT OF CLOVER BAR, NO. 517

The regular monthly meeting of the Council of the Municipal District of Clover Bar was held on Saturday, April 4. All members were in attendance.

The committee appointed to deal with the proposed roadway line as drawn from the East reported that arrangements had been made with the Municipal District of Strathcona for that district to bear two-thirds of the cost of constructing the roadway in question, with this district absorbing the remaining one-third. Power and authority was given the committee to make the necessary arrangements for the purchase of the required land.

The Reeve, Deputy Reeve and Councilors Peters were appointed to inspect a private driveway through the S.E. 21 and the S.W. 22-23-24 with a view to the District acquiring same for public use.

The granting of privileges of selling refreshments at the booth on the Brenner recreation ground was left in abeyance until the next meeting.

A Real National Policy

The welcome announcement comes from Ottawa that the long talked-for bill to be made by the Federal Government for the Canadian National Railway is an endeavor to overcome the geographical obstacles which so hamper Western Canada from the central provinces and the central provinces from the Maritimes, and is an doing assist to make Canada independent of the United States in as far as one article of food is concerned, namely, coal.

Ever since Confederation began as accomplished fact it has been one aim of all Governments to develop the Dominion along east and west lines and make it, as far as possible, a self-contained, self-supporting national unit. Hundreds of millions of dollars have been expended in the effort to give the Dominion of Canada a real national policy.

Nevertheless, rich as the Dominion undoubtedly is, in nature, resources of all kinds, and, in particular, with billions of tons of coal the central provinces of Canada have remained dependent on the United States and have been importing fuel supplies to the extent of approximately one hundred millions of dollars annually, with the result that the importation of coal has constituted the chief item in our adverse balance of trade with the United States.

The difficulty has been, of course, that Canada's coal deposits are so located in the extreme eastern and extreme western Provinces while the bulk of Canada's consuming population and manufacturing industries are to be found in the central provinces, and the cost of transportation of coal has been too great to enable it to be laid down in Ontario and Quebec in competition with United States coal.

That Canadian railways have paid the wages of thousands of miners in the United States, have provided tonnage and revenue to the United States railways, and paid dividends to United States mine owners, while Canadian miners and railways have looked on helplessly and their financial resources, which should have been adding to the wealth of Canada, have remained undeveloped, and the people and industries of the central provinces have lived in the dependent position of possibly having their fuel supplies shut off at any time that labor conditions forced a fuel shortage across the line.

In an effort to correct this situation the Government has announced a real fuel plan. First arrangements have been made with the Canadian National Railway to transport 100,000 tons of Alberta coal during the spring and early summer months to Ontario at the low rate of \$7.00 per ton, or only a little more than one-half the present rate. This movement will take place at the seasons when railway traffic is at low ebb. The experiment in haulage of these solid blocks of coal will be closely watched, and from the experience gained it is hoped that, while no great profit is expected to result to the Canadian National Railway directly, there will not be any great operating loss, and that employment will be provided during an otherwise slack period.

To meet the Maritime problem the Government proposes to lay a boom or really to construct what will develop plants for the turning of Nova Scotia coal into coke to be sold to the central provinces in competition with United States anthracite. This Nova Scotia coal can be brought by water transportation to Montreal—the cheapest form of transportation—and, in addition to coke, several other by-products of commercial value can be obtained.

The success of this two-fold experiment in providing Canadian coal for Ontario and Quebec, and thereby keeping Canadian money at home, providing employment in the extreme east and west, and keeping our own transportation companies busy, rests very largely, if indeed not wholly, with the people and manufacturers of the two central provinces. They are strong advocates of national policy in the matter of tariffs, experts active on raw materials, etc. It now remains to be seen whether they will prove equally strong supporters of a national policy, or whether they will continue doing as they have done in the past, looking to the United States for their coal, and on buying United States coal will be, comparatively speaking, at their doors, to which they have so long been accustomed to taking, and for the use of which their plants have been designed.

For the sake of Canada it is to be hoped the central provinces will take a big national view of this matter and join forces with the Government, the National Railway and the coal dealers in making this experiment a success. To be successful it must be protected, but if protected, it Canada can undoubtedly become independent so far as its fuel supply is concerned.

Wreath On Overseas Graves

Canadians Who Wish to Have Graves of Soldiers Who Fell in Great War Cared For Can Do So Through St. Bernards House

And years are there and so are miles. At this time of the year the relatives of fallen heroes of the war are looking for a opportunity to visit the graves in France, particularly to see that they are appropriately cared for at St. Bernards House. It is so important to know that there is an agency through which they can have wreaths put on the graves and which can be given them in the day of the fallen. This act of faith.

St. Bernards House, 7 Hobart Place, London, W.C.T., is such an institution. Its arrangements with three wreaths of various sizes and qualities can be placed on the grave of a fallen soldier and can be done by letter, providing the location of the grave can be given them in the day of the fallen. Wreaths can be placed on graves at Christmas, Easter and Armistice day, and on other occasions by special arrangement. If it is desired that each occasion the wreaths provide the relatives with a small photograph to show that the request has been carried out.

People can also become annual subscribers to the house, in which case they are entered in the register and wreaths will be placed on approved graves every Easter without further notice. A part of the contribution of the house is made and sent to each subscriber every year.

Coming highly recommended by the Imperial War Graves Commission, St. Bernards House is one of the institutions engaged in this work that can be relied upon to the utmost. One of the reasons that long notice is required is that this work and the photographic work very often entail long journeys by car over bad roads.

The same institution has organized a number of pilgrimages of old country people to France. St. Bernards House has been written of these pilgrimages and the large gatherings of thousands of men; Canadian, in which case the service that can be performed for them in the work of placing flowers on the graves and providing the relatives with the knowledge that it is done.

GOVERNMENT TO PROCEED WITH NEW GRAIN ACT

Ottawa.—Many representations coming to the government from the west have suggested the decision to go on with the grain act after all.

The government, from the start, favored that course, but a group of members mainly from the west have persistently asking that it should be deferred until another year, having regard to the importance of the act. No answer was given. It was stated that the act would be laid over until the same members demanded that it be proceeded with. However, it is not their fluctuating conduct that has retarded so much as representations from many agricultural bodies as well as the grain trade, urging that the present law, not obsolete, should be replaced by one up to date, and particularly, that the reforms suggested in the Tarjore report should be embodied in the act. This is held done in all the essential lines including the grading, weighing and mixing of grain, and the operation of grain elevators.

The bill will be brought down as soon as the budget is over and referred to the agricultural committee with the idea that it be put through before the session ends. If, however, the committee, after full consideration of it and giving public hearings, should recommend delay, its report would carry great weight.

Says West's Wheat Supply Not Excessive

Will Be Needed Before Next Harvest

Ottawa.—The Manitoba Free Press publishes the following from a staff correspondent in New York:

The whole world year level has been cheered by successive and apparently unvaried declines in the wheat market until, now, business confidence is lacking. But a long range view of conditions now indicates serious adjustment of supplies, stated Julius H. Barner, internationally known wheat broker, regarding world wheat conditions. After discussing the situation in the various wheat growing nations, Mr. Barner forecast increased reliance on North America for weekly supplies, and expressed himself as a firm believer in the relatively small supply of wheat in the world and the fact that it will be all needed to feed another crop can be harvested.

ANXIETY CAUSED BY ACTIVITIES IN JAP SHIPYARDS

London.—While French German relations fill the public eye in European diplomacy, it is understood that British statesmen are far more concerned over the developments in the Pacific than in Europe. The latter is considered, can be controlled by the former to prevent beyond control, and the British leaders are now, in calling an early struggle in the Pacific.

The committee of imperial conference have been devoting consideration to Pacific problems and reports from secret agents as well as diplomatic sources for greater stability. The reports indicate a great secret activity in Japanese shipyards with the building of submarines and destroyers.

It is understood that Lord Chamberlain, the British foreign secretary, told Frank B. Kellogg the new United States secretary of state before the latter left England that the British was not convinced that the Japanese are now shaping themselves dangerously in the Pacific and he urged a more active conference in the hope of creating the Japanese preparation.

JOSEPHINE YARMER

TERIBLY INJURED

While working with an engine and circular saw this (Wednesday) morning, David Thomas, of Josephburg, was the victim of a peculiar accident. The saw burst, shattering the whole of the machinery in connection with it and hurling pieces of wood and fifty yards away. Thomas was thrown against a nearby fence and rendered unconscious for a few minutes and on reviving discovered he was unable to rise, his leg being broken and horribly cut. His injuries were attended to as well as was possible at his home and he was then removed to the Royal Alexandra hospital, Edmonton, where it was found necessary to amputate below the knee. Three others, namely Jack Temple, George Mohr, son of Nicholas Mohr, and Frank Mohr, were working with him, but of those three only George Mohr was slightly injured, but all were more or less dazed for a short

ST. GEORGE'S CHURCH

BAZZAR AND CONCERT

St. George's W. A. held their annual bazaar, concert and dance on Easter Monday and maintained their reputation for providing first class entertainment. The bazaar opened in the afternoon and was attended by a large number of people. Prettily decorated stalls with the ladies of the W. A. in attendance purveyed fancy work, home cooking, candy and sweetmeats, plants and flowers, etc. and a laundry, where it was possible to get anything but laundry for 5c or 10c. The bazaar did a thriving business during the afternoon and the hosts of conversation blended well with the musical numbers rendered at intervals. Afternoon tea was served and was well patronized.

The evening concert, which was given under the direction of Miss Althea Orr, was a distinct success. Hardly has entertainment been given in the Fort been so well received and had so much financial success as this one it afterwards. The artists have had congratulations showered upon them from all quarters and the populace has not yet tired of talking of it. It has proved to be as near a nine days' wonder as anything which has occurred in the Fort for a long time. The children were a great source of pleasure and amusement to the audience with their individual prettiness, talent, quaintness or natural funniness, all of which were brought out in the characters they portrayed. Miss Orr is to be congratulated upon her success in this novel form of entertainment and the children each deserve a bouquet. Mrs. Francis was the accompanist for the various songs and dances of the children and also for the song by Mrs. Bowden, "The Girl of Childlike Dreams," which exceeded the performance and served as a splendid introduction.

The performance of the adults was no less enjoyable than the juveniles. One was intrigued from the beginning with the "Carrie-lags" of Tony, particularly as he is known so well. It is usually the case his people involved others besides himself and each artist played up to their parts in a real, life is earnest style with no apparent stiffness or inhibition. Indeed, we might say that some of the love passages, for instance, indicated there was no make-believe about it whatever.

LOCAL BOY SCOUTS

WELL ENTERTAINED

After the regular Boy Scout meeting Tuesday evening adjournment was made to the home of Mr. and Mrs. J. E. Adamson, where they were entertained to a big blow-out. All kinds of refreshments dear to the heart of a small boy were provided. Twenty local boys were present, also two visitors from Edmonton Boy Scouts, Colin Clark and W. Reichart, and two local Chinook boys. Scoutmaster Lamont completed one unit of the table, and Rev. W. E. Goodman Scout Chaplain, the other. A few short speeches were made by the host, the Scoutmaster, Chaplain, and others, and Ann Rogers contributed a recitation.

CARD OF THANKS

For years my skin would break me every once in a while—and sometimes did very little to help me.

Read a doctor's article explaining that simply wash usually comes from the stomach—and beware not getting rid of the poison.

I tried **Capsle's Liver Pills** for the first time—and then found out this is much and cheap. Now I tell my friends the right way of getting rid of skin trouble is to get the stomach clear of upset stomach and indigestion. **Capsle's** are all you desire for them.

With the cream left in!

A vintage advertisement for Borden's St. Charles condensed milk. The top half features a large, stylized illustration of a woman in a long, flowing dress and a tall, ornate hat, holding a large bowl. Below her, the text reads "With the cream left in!" and shows a can of "Borden's ST. CHARLES" condensed milk. The bottom half of the ad contains a testimonial from "Mrs. J. H. Smith" of "New York City," who writes that she has used the product for years and finds it to be the best for her family. The ad is signed "J. Borden & Co., New York City" and includes a small logo of a woman in a hat.

Canada's Tied-Up Resources

Pathetic, the railway, the Canadian Manufacturers' Association, Labor Union and public bodies generally, are still struggling with the problem of finding a way to live for the short production, recurring periods of high unemployment and unemployment in Canada. That is to say, the unemployment is everywhere, but no one group is agreed as to the nature of the remedy to be developed.

The railway says the need for high unemployment is aimed to overcome the lack of production within which it is the natural resources of the Dominion cannot be developed. It is also true that in the matter of rail construction, industrial, and natural resources of all kinds, Canada is well equipped for its present position, and that, until there is a large, increasing population, the railway cannot operate to full capacity, so it can continue to be fully maintained and expanded the year. This we have to consider as a very important policy in the future.

Labor Union counts this argument and declares that no one as long as we are not employed or must be employed by the government, we must get work. Unemployment should be further relieved rather than increased. They claim that instead of bringing more people to labor, conditions should be so improved that it is possible to provide adequate employment and that the results of Canada's industry be the result of the world.

The manufacturers have their own position, the more men are in Canada's economy, the more labor is needed. In other words, the evolution of a nation will definitely have to keep the manufacturing sector of the British Isles and the United States. They argue that if this was done, they would be employed for all Canadian activities and workers, but they maintain, they cannot compete with the United States and British manufacturers. Despite their statements and arguments, the fact remains that Canada's present population is too small to be the subject of its industries, and our manufacturing resources are not commensurate with the United States and British manufacturing in world markets.

There is, however, a third reason for Canada's economic difficulties and lack of development commensurate with the wealth and variety of its natural resources. In addition, nobody has the courage to really stand up to the fact that the country is not properly equipped to handle the results of its natural resources. In other words, nobody has the courage to really stand up to the fact that the country is not properly equipped to handle the results of its natural resources.

On more than one occasion in the past the statement has been made in the columns that the chief ground of complaint against the Canadian manufacturing on the score of the tariff has been the use made by him of the tariff protection. It has been said that the tariff has been the cause of the country's economic difficulties. It is true that the tariff has been the cause of the country's economic difficulties. It is true that the tariff has been the cause of the country's economic difficulties. It is true that the tariff has been the cause of the country's economic difficulties.

**FORT SASKATCHEWAN
TOWN COUNCIL MEETING**

(Continued from page 1)
submitted a report forwarding down the chain of said site to the river that adjacent to the J. Chabot project, the old electric light plant site, the agricultural ground, and the north end of Government street.

Final selection was left in the hands of said committee with instructions to report to next regular meeting as to the estimated cost of cleaning up same and making necessary arrangements.

The Assessment roll as amended by the findings of the Court of Revision was adopted as the Last Revised Assessment Roll of the town for the year 1925.

Council advocated the offering of a floral contribution on the occasion of the unveiling of the Monument on June 21st, to the men, who, existing in this district, fell in the Great War. The matter was left in the hands of the Mayor for attention.

His Worship, upon application, was granted three months leave from office from his duties as mayor, and deputy mayors, councillors Graham and Dubois were empowered by resolution to act, periodically, in the absence of the mayor.

Council adjourned to meet again on Thursday, July 2, at 8 p.m.

Canada spent \$40,066,179 last year for pensions and re-establishment of Veterans of the Great War, according to a report recently received from Ottawa by the department in charge of this work.

Without a dissentient voice over 4,000 mail orders in 300 districts have been made. Prices Edward Island a disease-free area under the Department of Agriculture arrangements which call for a two-thirds vote of all cattle owners.

Two thousand young buffaloes from the St. Lawrence valley will make a 700-mile trek northwest this summer to the buffalo reserve on the St. Lawrence where they will be turned loose to mingle with the wood bison which roam that area.

"In all parts of Canada and the United States," according to Robt. H. Hedges, editor of the Fort Trade Journal of Canada, "market farms are being established, mostly on a large scale and they are rapidly turning what was once wasteland of little value into the most productive part of the farm," Mr. Hedges adds.

The record established recently at the annual horse show at the one field at one time seeing the crop of Mrs. C. W. King, has been broken at Gledif, Alberta. When the neighbors of J. B. Hall who recently suffered a broken arm, put in his 100-acre crop, 250 barrels were won on one day and 175 horses. The crop was put in in a single day.

R. E. Morrow, whose horse Mamma made a run away victory in the English Drive, will visit Canada in the fall en route to China from which country he built. He will sail on the Canadian Pacific S.S. Minnowdale from Southampton on October 5, stay a short time in the Dominion, and sail from Vancouver for China on the S.S. Empress of Australia, October 20.

Rebuilt in nine months after the fire that destroyed it last October, the Chateau Lake Louise hotel opened for the current season on Sunday, May 22 as the Trans-Canada train arrived from the coast. Confined to the hotel—was re-built under exceptionally difficult conditions in less than six months. The hotel was below zero when a wooden wall heated by stoves had to be erected about the wintering works.

Following the opening visit by Duke of Gloucester, King George and Queen Mary to the Wesleyan Exhibition, the Duke and Duchess of York also went over the grounds. Their majesties were especially delighted with Transue Island, the Paradise of children, and travelled over the miniature Canadian Pacific trains that roam around the island, passing on route the peaks of Mount St. Helens and the rugged peaks of the Canadian Pacific Rockies.

Canada will be well represented at the New Zealand and New South Wales International Exhibition to be held at Dunedin between November, 1925 and April, 1926. Both the Dominion Government and the Canadian Pacific Railway have assigned their well-appointed exhibits to the Exposition. It is probable that the provincial governments and many Canadian municipalities will follow suit.

Annual Partridge H.H. U.F.W. Picnic will be held on July 1. Sports programme as follows:
